[Welcome to National Retirement Planning Week!](#)

04/13/2015 08:57 AM EDT

Here at PBGC, it's our hope that you're using every week to plan for your retirement. But if not, this week, April 13 - 17, is a good time to start. That's because this week is National Retirement Planning Week (NRPW)!

Recognized in April, during financial literacy month, NRPW represents a national effort to help consumers focus on their financial needs during retirement. This effort is led by the National Retirement Planning Coalition - a group of prominent education, consumer advocacy and financial services organizations charged with educating Americans on the importance of retirement planning.

For 40 years, [PBGC has protected the retirement incomes of more than 40 million Americans workers](#) in more than 26,000 private-sector defined benefit pension plans. We work hard to ensure those counting on a monthly benefit receive timely and uninterrupted payments.

The National Retirement Planning Coalition has provided a number of resources to demonstrate that it is possible to "Retire on Your Terms," with proper retirement planning. Visit the [National Retirement Planning Coalition's](#) webpage for more information.

And be sure to follow us on [Twitter](#) and like us on [Facebook](#) for daily updates during NRPW.
