SUPPLEMENTARY INFORMATION:

Variable-Rate Premiums

Section 4006(a)(3)(E)(iii)(II) of the Employee Retirement Income Security Act of 1974 (ERISA) and § 4006.4(b)(1) of the PBGC's regulation on Premium Rates (29 CFR part 4006) prescribe use of an assumed interest rate in determining a single-employer plan's variable-rate premium. The rate is the "applicable percentage" (currently 85 percent) of the annual yield on 30-year Treasury securities for the month preceding the beginning of the plan year for which premiums are being paid (the "premium payment year"). The yield figure is reported in Federal Reserve Statistical Releases G.13 and H.15.

The assumed interest rate to be used in determining variable-rate premiums for premium payment years beginning in October 1999 is 5.16 percent (*i.e.*, 85 percent of the 6.07 percent yield figure for September 1999).

The following table lists the assumed interest rates to be used in determining variable-rate premiums for premium payment years beginning between November 1998 and October 1999.

For premium payment years beginning in	The assumed interest rate is
November 1998	4.26

Section 4007(b) of ERISA and § 4007.7(a) of the PBGC's regulation on Payment of Premiums (29 CFR part 4007) require the payment of interest on late premium payments at the rate established under section 6601 of the Internal Revenue Code. Similarly, § 4062.7 of the PBGC's regulation on

Liability for Termination of Single-employer Plans (29 CFR part 4062) requires that interest be charged or credited at the section 6601 rate on underpayments and overpayments of employer liability under section 4062 of ERISA. The section 6601 rate is established periodically (currently quarterly) by the Internal Revenue Service. The rate applicable to the fourth quarter (October through December) of 1999, as announced by the IRS, is 8 percent.

The following table lists the late payment interest rates for premiums and employer liability for the specified time periods:

For interest accruing during any calendar quarter, the specified rate is the average quoted prime rate on short-term commercial loans for the fifteenth day (or the next business day if the fifteenth day is not a business day) of the month preceding the beginning of the quarter, as reported by the Board of Governors of the Federal Reserve System in Statistical Release H.15 ("Selected Interest Rates"). The rate for the fourth quarter (October through December) of 1999 (*i.e.*, the rate reported for September 15, 1999) is 8.25 percent.

The interest assumptions applicable to valuation dates in November 1999 under part 4044 are contained in an amendment to part 4044 published elsewhere in today's **Federal Register**. Tables showing the assumptions applicable to prior periods are codified in appendix B to 29 CFR part 4044.

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549

Extension:

Rule 10b-17 SEC File No. 270-427 OMB Control No. 3235-0476

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Rule 10b-17, Untimely announcements of record dates (17 CFR 240.10b-17).

Rule 10b-17 requires any issuer of a class of securities publicly traded by the use of any means or instrumentality or interstate commerce or of the mails or of any facility of any national securities exchange to give notice of the following

actions relating to such class of securities: (1) a dividend; (2) a stock split; or (3) a rights or other subscription offering. Notice shall be (1) given to the National Association of Securities Dealers, Inc.; (2) in accordance with the procedures of the national securities exchange upon which the securities are registered; or (3) may be waived by the Commission.

The information required by Rule 10b-17 is necessary for the execution of the Commission's mandate under the Exchange Act to prevent fraudulent, manipulative, and deceptive acts and practices by broker-dealers. The consequence of not requiring the information collection pursuant to Rule 10b-17 is that sellers who have received distributions as recordholders may dispose of the cash or stock dividends or other rights received as recordholders without knowledge of possible claims of purchasers.

Annually, there are approximately 29,430 respondents (based on information received from the NASD that it received 15,586 responses in 1998 and the NYSE that it received 13,847 responses in 1998). It is estimated that each response takes about 10 minutes (or 0.1666 hours) to complete, thus imposing approximately 4,905 burden hours annually (29,430 × 0.1666). We believe that the average hourly cost to produce and file a response under the rule is about \$50. Therefore, the annual reporting cost burden for complying with this rule is about \$245,250 (4,905 × \$50).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number. Written comments regarding the above information should be directed to the following persons: (i) Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10102, New Executive Office Building, Washington, D.C. 20503; and (ii) Michael E. Bartell, Associate Executive Director, Office of Information Technology, Securities and Exchange Commission, 450 Fifth Street, NW., Washington DC 20549. Comments must be submitted to OMB within 30 days of this notice.

Dated: October 7, 1999.

Margaret H. McFarland,

Deputy Secretary.
