Reinvention of Regulations; Final Rule

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Chs. XXVI and XL

RIN 1212-AA75

Reorganization, Renumbering, and Reinvention of Regulations

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: In accordance with the President's Regulatory Reinvention Initiative, the Pension Benefit Guaranty Corporation is reorganizing, renumbering, and reinventing its regulations. The amendments will clarify and simplify the PBGC's regulations and make them easier to use.

EFFECTIVE DATE: July 1, 1996.

FOR FURTHER INFORMATION CONTACT: Harold J. Ashner, Assistant General Counsel, or Marc L. Jordan, Attorney, Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005-4026, 202-326-4024 (202-326-4179 for TTY and TDD).

SUPPLEMENTARY INFORMATION: The PBGC is renumbering and reorganizing its regulations to make it easier for practitioners and the public to research and use the rules under Title IV of the Employee Retirement Income Security Act of 1974. Under the new approach, the regulations will be numbered to track the statutory sections they implement.

On July 8, 1994 (at 59 FR 35067), the PBGC published a notice in the Federal Register inviting public comment on a proposal to reorganize and renumber its regulations to track Title IV. No comments were received.

On March 4, 1995, the President issued his Regulatory Reinvention Initiative, directing Federal agencies to eliminate or revise those regulations that are outdated or otherwise in need of reform. The PBGC is reorganizing, renumbering, and reinventing its regulations. The reinvention is limited to nonsubstantive corrections and clarifications and deletion of material that is unnecessary or that has been substantially superseded (or is no longer applicable).

For example, the reinvented regulations omit existing provisions dealing with the allocation of residual assets (part 2618, subpart C) because these provisions were largely superseded by changes in section 4044(d) of ERISA made by the Pension Protection Act of 1987. Similarly, the provision regarding interest rate

assumptions for paying lump sums (existing § 2619.26(b)(2)) has been eliminated because of changes in section 417(e)(3) of the Internal Revenue Code and section 205(g)(3) of ERISA made by the Retirement Equity Act of 1984, the Tax Reform Act of 1986, and the Retirement Protection Act of 1994.

To clarify the rules on missing participants in terminating plans, nonsubstantive language changes have been made in the missing participants regulation (existing part 2629, new part 4050), related sections in the termination regulations (existing parts 2616 and 2617, new part 4041), and in the definition of "distribution date" in new § 4001.2.

The new regulation on premium rates (part 4006, which contains portions of existing part 2610) omits the variable-rate premium cap reduction rules (which have expired) and the cap rules themselves (repealed by the Retirement Protection Act of 1994). The rule reflects new provisions in the Retirement Protection Act of 1994 dealing with regulated public utility plans.

In some cases, provisions that may have been partially superseded by statutory changes have been retained pending revision—for example, the regulation on allocation of assets in terminating single-employer plans (renumbered part 4044). A note at the beginning of part 4044 and reminders within the part alert readers that some regulatory material republished in part 4044 must be read in the light of these other changes in the law.

The PBGC welcomes public comment on this rule to correct any editorial errors—*e.g.*, in cross-references—that may have been overlooked due to the magnitude of the revision project.

Under this final rule, the PBGC's regulations will be moved from chapter XXVI to chapter XL of title 29 of the CFR. Sections will be numbered in the 4000's. Part 4000 consists of finding aids—tables correlating provisions of old chapter XXVI and new chapter XL. Part 4001 contains definitions of terms used throughout the PBGC's regulations. A table of contents showing the rest of the new structure, along with the full text of the revised regulations, is set forth below.

Rulemaking Requirements and E.O. 12866

The PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

The PBGC has determined that the notice and comment requirements of the Administrative Procedure Act (5 U.S.C. 553(b)) do not apply to this final rule.

The PBGC previously notified the public of the primary changes made by this rule and provided an opportunity for public comment. None of the amendments in this rule (including those that clarify the regulations or remove or replace provisions made obsolete by the passage of time or by subsequent statutory or regulatory changes) affects applicable substantive legal requirements. Therefore, the PBGC has, for good cause, found that further notice and public procedure thereon are unnecessary.

For the same reasons, the PBGC finds pursuant to section 553(d)(3) of the Administrative Procedure Act (5 U.S.C. 553(d)(3)) that there is good cause to make this rule effective less than 30 days from the date of its publication.

The PBGC also certifies that the amendments in this regulation will not have a significant economic impact on a substantial number of small entities. Accordingly, as provided in section 605(b) of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), sections 603 and 604 of the Regulatory Flexibility Act do not apply. None of the amendments in this rule affects applicable substantive legal requirements.

Issued in Washington, DC, on the 24th day of June 1996.

Robert B. Reich,

Chairman, Board of Directors, Pension Benefit Guaranty Corporation.

Issued on the date set forth above pursuant to a resolution of the Board of Directors authorizing its Chairman to issue this final rule.

James J. Keightley,

Secretary, Board of Directors Pension Benefit Guaranty Corporation.

(2) The procedure that the PBGC may utilize in reviewing any determination to which this part does not apply.

§ 4003.2 Definitions.

§ 4003.4 Extension of time.

(a) *General rule.* When a document is required under this part to be filed within a prescribed period of time, an extension of time to file will be granted only upon good cause shown and only

when the request for an extension is made before the expiration of the time prescribed. The request for an extension shall be in writing and state why additional time is needed and the amount of additional time requested. The filing of a request for an extension shall stop the running of the prescribed period of time. When a request for an extension is granted, the PBGC shall notify the person requesting the extension, in writing, of the amount of additional time granted. When a request for an extension is denied, the PBGC shall so notify the requestor in writing, and the prescribed period of time shall resume running from the date of denial.

(b) The request for review is filed within 30 days after the date the aggrieved person, exercising due diligence at all relevant times, first learned of the initial determination where the requested review is reconsideration, or within 45 days after the date the aggrieved person, exercising due diligence at all relevant times, first learned of the initial determination

where the request for review is an appeal.

§ 4003.6 Representation.

A person may file any document or make any appearance that is required or permitted by this part on his or her own behalf or he or she may designate a representative. Except as provided in § 4003.22(b), a person aggrieved by an initial determination of the PBGC covered by this part, other than a determination subject to reconsideration that is issued by a Department Director, has not exhausted his or her administrative remedies until he or she has filed a request for reconsideration under subpart C of this part or an appeal under subpart D of this part, whichever is applicable, and a decision granting or denying the relief requested has been issued.

§ 4003.8 Request for confidential treatment.

The filing of a request for review under subpart C or D of this part shall automatically stay the effectiveness of a determination until a decision on the request for review has been issued by the PBGC.

(b) *Exception.* The PBGC may, in its discretion, order that the initial determination in a case is effective on the date it is issued. The following terms are defined in § 4001.2 of this chapter: Code, contributing sponsor, ERISA, fair market value, insurer, irrevocable commitment, multiemployer plan, notice of intent to terminate, PBGC, plan administrator, plan, plan year, and single-employer plan.

In addition, for purposes of this part:

New plan means a plan that became effective within the premium payment year and includes a plan resulting from a consolidation or spinoff. A plan that meets this definition is considered to be a new plan even if the plan constitutes a successor plan within the meaning of section 4021(a) of ERISA.

Newly-covered plan means a plan that is not a new plan and that was not covered by title IV of ERISA immediately prior to the premium payment year.

Participant means any individual who is included in one of the categories below:

(a) *Active*. (1) Any individual who is currently in employment covered by the plan and who is earning or retaining credited service under the plan. This category includes any individual who is considered covered under the plan for purposes of meeting the minimum coverage requirements, but because of offset or other provisions (including integration with Social Security benefits), the individual does not have any accrued benefits.

(2) Any non-vested individual who is not currently in employment covered by the plan but who is earning or retaining credited service under the plan. This category does not include a non-vested former employee who has incurred a break in service the greater of one year or the break in service period specified in the plan.

(b) *Inactive—(1) Inactive receiving benefits*. Any individual who is retired or separated from employment covered by the plan and who is receiving benefits under the plan. This category does not include an individual to whom an insurer has made an irrevocable commitment to pay all the benefits to which the individual is entitled under the plan.

(2) *Inactive entitled to future benefits*. Any individual who is retired or separated from employment covered by the plan and who is entitled to begin receiving benefits under the plan in the future. This category does not include an individual to whom an insurer has made an irrevocable commitment to pay all the benefits to which the individual is entitled under the plan.

(c) *Deceased*. Any deceased individual who has one or more beneficiaries who are receiving or entitled to receive benefits under the plan. This category does not include an individual if an insurer has made an irrevocable commitment to pay all the benefits to which the beneficiaries of that individual are entitled under the plan.

Premium payment year means the plan year for which the premium is being paid.

Short plan year means a plan year that is less than twelve full months.

§ 4006.3 Premium rate.

Subject to the provisions of § 4006.5 (dealing with exemptions and special rules), the premium paid for basic benefits guaranteed under section 4022(a) of ERISA shall equal the flat-rate premium under paragraph (a) of this section plus, in the case of a single-employer plan, the variable-rate premium under paragraph (b) of this section.

(a) *Flat-rate premium*. The flat-rate premium is equal to the number of participants in the plan on the last day of the plan year preceding the premium payment year, multiplied by—

- (1) \$19 for a single-employer plan, or
- (2) \$2.60 for a multiemployer plan.

(b) *Variable-rate premium*. The variable-rate premium is \$9 for each \$1,000 of a single-employer plan's unfunded vested benefits, as determined under § 4006.4.

§ 4006.4 Determination of unfunded vested benefits.

(a) *General rule*. Except as permitted by paragraph (c) of this section or as provided in the exemptions and special rules under § 4006.5, the amount of a plan's unfunded vested benefits (as defined in paragraph (b) of this section) shall be determined as of the last day of the plan year preceding the premium payment year, based on the plan provisions and the plan's population as of that date. The determination shall be made in accordance with paragraph (a)(1) or (a)(2), and shall be certified to in accordance with paragraph (a)(4).

(1) The unfunded vested benefits shall be determined using the actuarial assumptions and methods described in

paragraph (a)(3) for the plan year preceding the premium payment year (or, in the case of a new or newly-covered plan, for the premium payment year), except to the extent that other actuarial assumptions or methods are specifically prescribed by this section or are necessary to reflect the occurrence of a significant event described in paragraph (d) of this section between the date of the funding valuation and the last day of the plan year preceding the premium payment year. (If the plan does a valuation as of the last day of the plan year preceding the premium payment year, no separate adjustment for significant events is needed.)

(2) Under this rule, the determination of the unfunded vested benefits may be based on a plan valuation done as of the first day of the premium payment year, provided that—

(i) The actuarial assumptions and methods used are those described in paragraph (a)(3) for the premium payment year, except to the extent that other actuarial assumptions or methods are specifically prescribed by this section or are required to make the adjustment described in paragraph (a)(2)(ii) of this section; and

(ii) If an enrolled actuary determines that there is a material difference between the values determined under the valuation and the values that would have been determined as of the last day of the preceding plan year, the valuation results are adjusted to reflect appropriately the values as of the last day of the preceding plan year. (This adjustment need not be made if the unadjusted valuation would result in greater unfunded vested benefits.)

(3) For purposes of paragraphs (a)(1) and (a)(2), the actuarial assumptions and methods for a plan year are those used by the plan for purposes of determining the additional funding requirement under section 302(d) of ERISA and section 412(1) of the Code (or, in the case of a plan that is not required to determine such additional funding requirement, any assumptions and methods that would be permitted for such purpose if the plan were so required).

(4) In the case of any plan that determines the amount of its unfunded vested benefits under the general rule described in this paragraph, an enrolled actuary must certify, in accordance with the PBGC annual Premium Payment Package provided for in § 4007.3 of this part, that the determination was made in a manner consistent with generally accepted actuarial principles and practices.

(b) *Unfunded vested benefits.* The amount of a plan's unfunded vested

benefits under this section shall be the excess of the plan's vested benefits amount (determined under paragraph (b)(1) of this section) over the value of the plan's assets (determined under paragraph (b)(2) of this section).

(1) *Vested benefits amount.* A plan's vested benefits amount under this section shall be the plan's current liability (within the meaning of section 302(d)(7) of ERISA and section 412(1)(7) of the Code) determined by taking into account only vested benefits and by using an interest rate equal to the applicable percentage of the annual yield for 30-year Treasury constant maturities, as reported in Federal Reserve Statistical Release G.13 and H.15, for the calendar month preceding the calendar month in which the premium payment year begins. If the interest rate (or rates) used by the plan to determine current liability was (or were all) not greater than the required interest rate, the vested benefits need not be revalued if an enrolled actuary certifies that the interest rate (or interest rates) used was (or were all) not greater than the required interest rate. For purposes of this paragraph (b)(1) (subject to the provisions of § 4006.5(g), dealing with plans of regulated public utilities), the applicable percentage is—

(i) For a premium payment year that begins before July 1997, 80 percent;

(ii) For a premium payment year that begins after June 1997 and before the first premium payment year to which the first tables prescribed under section 302(d)(7)(C)(ii)(II) of ERISA and section 412(1)(7)(C)(ii)(II) of the Code apply, 85 percent; and

(iii) For the first premium payment year to which the first tables prescribed under section 302(d)(7)(C)(ii)(II) of ERISA and section 412(1)(7)(C)(ii)(II) of the Code apply and any subsequent plan year, 100 percent.

(2) *Value of assets.* (i) *Actuarial value.* For a premium payment year that is described in paragraph (b)(1)(i) or (b)(1)(ii) of this section, the value of the plan's assets shall be their actuarial value determined in accordance with section 302(c)(2) of ERISA and section 412(c)(2) of the Code.

(ii) *Fair market value.* For a premium payment year that is described in paragraph (b)(1)(iii) of this section, the value of the plan's assets shall be their fair market value.

(iii) *Use of credit balance.* The value of the plan's assets shall not be reduced by a credit balance in the funding standard account.

(iv) *Contributions.* Contributions owed for any plan year preceding the premium payment year shall be included for plans with 500 or more

participants and may be included for any other plan. Contributions may be included only to the extent such contributions have been paid into the plan on or before the earlier of the due date for payment of the variable-rate portion of the premium under § 4007.11 or the date that portion is paid. Contributions included that are paid after the last day of the plan year preceding the premium payment year shall be discounted at the plan asset valuation rate (on a simple or compound basis in accordance with the plan's discounting rules) to such last day to reflect the date(s) of payment. Contributions for the premium payment year may not be included for any plan.

(c) *Alternative method for calculating unfunded vested benefits.* In lieu of determining the amount of the plan's unfunded vested benefits pursuant to paragraph (a) of this section, a plan administrator may calculate the amount of a plan's unfunded vested benefits under this paragraph (c) using the plan's Form 5500, Schedule B, for the plan year preceding the premium payment year. Pursuant to this paragraph (c), unfunded vested benefits shall be determined, in accordance with the Premium Payment Package, from values for the plan's vested benefits and assets that are required to be reported on the plan's Schedule B. The value of the vested benefits shall be adjusted in accordance with paragraph (c)(1) of this section to reflect accruals during the plan year preceding the premium payment year and with paragraph (c)(2) of this section to reflect the interest rate prescribed in paragraph (b)(1) of this section, and the value of the assets shall be adjusted in accordance with paragraph (c)(4) of this section. (If the plan administrator certifies that the interest rate (or rates) used to determine the vested benefit values taken from the Schedule B was (or were all) not greater than the interest rate prescribed in paragraph (b)(1) of this section, the interest rate adjustment prescribed in paragraph (c)(2) of this section is not required.) The resulting unfunded vested benefits amount shall be adjusted in accordance with paragraph (c)(5) of this section to reflect the passage of time from the date of the Schedule B data to the last day of the plan year preceding the premium payment year.

(1) *Vested benefits adjustment for accruals.* The total value of the plan's current liability as of the first day of the plan year preceding the premium payment year for vested benefits of active and terminated vested participants not in pay status, computed in accordance with section 302(d)(7) of ERISA and section 412(l)(7) of the Code,

shall be adjusted to reflect the increase in vested benefits attributable to accruals during the plan year preceding the premium payment year by multiplying that value by 1.07.

(2) *Vested benefits interest rate adjustment.* The value of vested benefits as entered on the Schedule B shall be adjusted in accordance with the following formula (except as provided in paragraph (c)(3) of this section) to reflect the interest rate prescribed in paragraph (b)(1) of this section:

$$VB_{adj} = VB_{PAY} \times .94^{(RIR-BIR)} + VB_{NON-PAY} \times .94^{(RIR-BIR)} \times ((100+BIA) / (100+RIR))^{(ARA-50)}$$

where—

(i) VB_{adj} is the adjusted vested benefits amount (as of the first day of the plan year preceding the premium payment year) under the alternative calculation method;

(ii) VB_{PAY} is the plan's current liability as of the first day of the plan year preceding the premium payment year for vested benefits of participants and beneficiaries in pay status, computed in accordance with section 302(d)(7) of ERISA and section 412(l)(7) of the Code;

(iii) $VB_{NON-PAY}$ is the total of the plan's current liability as of the first day of the plan year preceding the premium payment year for vested benefits of active and terminated vested participants not in pay status, computed in accordance with section 302(d)(7) of ERISA and section 412(l)(7) of the Code, multiplied by 1.07 in accordance with paragraph (c)(1) of this section;

(iv) RIR is the required interest rate prescribed in paragraph (b)(1) of this section;

(v) BIR is the post-retirement current liability interest rate used to determine the pay-status current liability figure referred to in paragraph (c)(2)(ii) of this section;

(vi) BIA is the pre-retirement current liability interest rate used to determine the pre-pay-status current liability figures referred to in paragraph (c)(2)(iii) of this section; and

(vii) ARA is the plan's assumed weighted average retirement age.

(3) *Optional use of substitution factors in interest rate adjustment formula.* In lieu of the term, $.94^{(RIR-BIR)}$, in the formula prescribed by paragraph (c)(2) of this section, a plan administrator may use the optional substitution factor provided in the Premium Payment Package.

(4) *Adjusted value of plan assets.* The value of plan assets shall be the actuarial value of plan assets as of the first day of the plan year preceding the premium payment year, determined in

accordance with section 302(c)(2) of ERISA and section 412(c)(2) of the Code without reduction for any credit balance in the plan's funding standard account, unless that amount was determined as of a date other than the first day of the plan year preceding the premium payment year or the premium payment year is described in § 4006.4(b)(1)(iii). In either of those events, the value of plan assets shall be the current value of assets (as reported on Form 5500) as of that first day or (if Form 5500-EZ is filed) as of the last day of the plan year preceding the Schedule B year. The value of assets from the Schedule B shall be adjusted in accordance with paragraph (b)(2) of this section, except that the amount of all contributions that are included in the value of assets and that were made after the first day of the plan year preceding the premium payment year shall be discounted to such first day at the interest rate prescribed in paragraph (b)(1) of this section for the premium payment year, compounded annually except that simple interest may be used for any partial years.

(5) *Adjustment for passage of time.* The amount of the plan's unfunded vested benefits shall be adjusted to reflect the passage of time between the date of the Schedule B data (the first day of the plan year preceding the premium payment year) and the last day of the plan year preceding the premium payment year in accordance with the following formula:

$$UVB_{adj} = (VB_{adj} - A_{adj}) \times (1 + RIR/100)^Y$$

where—

(i) UVB_{adj} is the amount of the plan's adjusted unfunded vested benefits;

(ii) VB_{adj} is the value of the adjusted vested benefits calculated in accordance with paragraphs (c)(1) and (c)(2) of this section;

(iii) A_{adj} is the adjusted asset amount calculated in accordance with paragraph (c)(3) of this section; (iv) RIR is the required interest rate prescribed in paragraph (b)(1) of this section; and

(v) Y is deemed to be equal to 1 (unless the plan year preceding the premium payment year is a short plan year, in which case Y is the number of years between the first day and the last day of the short plan year, expressed as a decimal fraction of 1.0 with two digits to the right of the decimal point).

(d) *Restrictions on alternative calculation method for large plans.*

(1) The alternative calculation method described in paragraph (c) of this section may be used for a plan with 500 or more participants as of the last day of the plan year preceding the premium payment year only if—

(i) No significant event, as described in paragraph (d)(2) of this section, has occurred between the first day and the last day of the plan year preceding the premium payment year, and an enrolled actuary so certifies in accordance with the Premium Payment Package; or

(ii) An enrolled actuary makes an appropriate adjustment to the value of unfunded vested benefits to reflect the occurrence of significant events that have occurred between those dates and certifies to that fact in accordance with the Premium Payment Package.

(2) The significant events described in this paragraph are—

(i) An increase in the plan's actuarial costs (consisting of the plan's normal cost under section 302(b)(2)(A) of ERISA and section 412(b)(2)(A) of the Code, amortization charges under section 302(b)(2)(B) of ERISA and section 412(b)(2)(B) of the Code, and amortization credits under section 302(b)(3)(B) of ERISA and section 412(b)(3)(B) of the Code) attributable to a plan amendment, unless the cost increase attributable to the amendment is less than 5 percent of the actuarial costs determined without regard to the amendment;

(ii) The extension of coverage under the plan to a new group of employees resulting in an increase of 5 percent or more in the plan's liability for accrued benefits;

(iii) A plan merger, consolidation or spinoff that is not *de minimis* pursuant to the regulations under section 414(l) of the Code;

(iv) The shutdown of any facility, plant, store, etc., that creates immediate eligibility for benefits that would not otherwise be immediately payable for participants separating from service;

(v) The offer by the plan for a temporary period to permit participants to retire at benefit levels greater than that to which they would otherwise be entitled;

(vi) A cost-of-living increase for retirees resulting in an increase of 5 percent or more in the plan's liability for accrued benefits; and

(vii) Any other event or trend that results in a material increase in the value of unfunded vested benefits.

§ 4006.5 Exemptions and special rules.

(a) *Variable-rate premium exemptions.* A plan described in any of paragraphs (a)(1)–(a)(5) of this section is not required to determine its unfunded vested benefits under § 4006.4 and does not owe a variable-rate premium under § 4006.3(b).

(1) *Certain fully funded plans.* A plan is described in this paragraph if the plan had fewer than 500 participants on the

last day of the plan year preceding the premium payment year, and an enrolled actuary certifies in accordance with the Premium Payment Package that, as of that date, the plan had no unfunded vested benefits (valued at the interest rate prescribed in § 4006.4(b)(1)).

(2) *Plans without vested benefit liabilities.* A plan is described in this paragraph if it did not have any participants with vested benefits as of the last day of the plan year preceding the premium payment year, and the plan administrator so certifies in accordance with the Premium Payment Package.

(3) *Section 412(i) plans.* A plan is described in this paragraph if the plan was a plan described in section 412(i) of the Code and the regulations thereunder at all times during the plan year preceding the premium payment year and the plan administrator so certifies, in accordance with the Premium Payment Package. If the plan is a new plan or a newly-covered plan, the certification under this paragraph shall be made as of the due date for the premium under § 4007.11(c) and shall certify to the plan's status at all times during the premium payment year through such due date.

(4) *Plans terminating in standard terminations.* The exemption for a plan described in this paragraph is conditioned upon the plan's making a final distribution of assets in a standard termination. If a plan is ultimately unable to do so, the exemption is revoked and all variable-rate amounts not paid pursuant to this exemption are due retroactive to the applicable due date(s). A plan is described in this paragraph if—

(i) The plan administrator has issued notices of intent to terminate the plan in a standard termination in accordance with section 4041(a)(2) of ERISA; and

(ii) The proposed termination date set forth in the notice of intent to terminate is on or before the last day of the plan year preceding the premium payment year.

(5) *Plans at full funding limit.* A plan is described in this paragraph if, on or before the earlier of the due date for payment of the variable-rate portion of the premium under § 4007.11 or the date that portion is paid, the plan's contributing sponsor or contributing sponsors made contributions to the plan for the plan year preceding the premium payment year in an amount not less than the full funding limitation for such preceding plan year under section 302(c)(7) of ERISA and section 412(c)(7) of the Code (determined in accordance with paragraphs (a)(5)(i) and (a)(5)(ii) of this section). In order for a plan to

qualify for this exemption, an enrolled actuary must certify that the plan has met the requirements of this paragraph.

(i) *Determination of full funding limitation.* The determination of whether contributions for the preceding plan year were in an amount not less than the full funding limitation under section 302(c)(7) of ERISA and section 412(c)(7) of the Code for such preceding plan year shall be based on the methods of computing the full funding limitation, including actuarial assumptions and funding methods, used by the plan (provided such assumptions and methods met all requirements, including the requirements for reasonableness, under section 302 of ERISA and section 412 of the Code) with respect to such preceding plan year. Plan assets shall not be reduced by the amount of any credit balance in the plan's funding standard account.

(ii) *Rounding of de minimis amounts.* Any contribution that is rounded down to no less than the next lower multiple of one hundred dollars (in the case of full funding limitations up to one hundred thousand dollars) or to no less than the next lower multiple of one thousand dollars (in the case of full funding limitations above one hundred thousand dollars) shall be deemed for purposes of this paragraph to be in an amount equal to the full funding limitation.

(b) *Special rule for determining vested benefits for certain large plans.* With respect to a plan that had 500 or more participants on the last day of the plan year preceding the premium payment year, if an enrolled actuary determines pursuant to § 4006.4(a) that the actuarial value of plan assets equals or exceeds the value of all benefits accrued under the plan (valued at the interest rate prescribed in § 4006.4(b)(1)), the enrolled actuary need not determine the value of the plan's vested benefits, and may instead report in the Premium Payment Package the value of the accrued benefits.

(c) *Special rule for determining unfunded vested benefits for plans terminating in distress or involuntary terminations.* A plan described in this paragraph may determine its unfunded vested benefits by using the special alternative calculation method set forth in this paragraph. A plan is described in this paragraph if it has issued notices of intent to terminate in a distress termination in accordance with section 4041(a)(2) of ERISA with a proposed termination date on or before the last day of the plan year preceding the premium payment year, or if the PBGC has instituted proceedings to terminate the plan in accordance with section

4042 of ERISA and has sought a termination date on or before the last day of the plan year preceding the premium payment year. Pursuant to this paragraph, a plan shall determine its unfunded vested benefits in accordance with the alternative calculation method in § 4006.4(c), except that—

(1) The calculation shall be based on the Form 5500, Schedule B, for the plan year which includes (in the case of a distress termination) the proposed termination date or (in the case of an involuntary termination) the termination date sought by the PBGC, or, if no Schedule B is filed for that plan year, on the Schedule B for the immediately preceding plan year;

(2) All references in § 4006.4(c) and § 4006.4(d) to the first day of the plan year preceding the premium payment year shall be deemed to refer to the first day of the plan year for which the Schedule B was filed;

(3) The value of the sum of the plan's current liability as of the first day of the plan year preceding the premium payment year for vested benefits of active and terminated vested participants not in pay status, computed in accordance with section 302(d)(7) of ERISA and section 412(l)(7) of the Code, shall be adjusted (in lieu of the adjustment required by § 4006.4(c)(1)) by multiplying that value by the sum of 1 plus the product of .07 and the number of years (rounded to the nearest hundredth of a year) between the date of the Schedule B data and (in the case of a distress termination) the proposed termination date or (in the case of an involuntary termination) the termination date sought by the PBGC; and

(4) The exponent, "Y," in the time adjustment formula of § 4006.4(c)(5) shall be deemed to equal the number of years (rounded to the nearest hundredth of a year) between the date of the Schedule B data and the last day of the plan year preceding the premium payment year.

(d) *Special determination date rule for new and newly-covered plans.* In the case of a new plan or a newly-covered plan, all references in §§ 4006.3, 4006.4, and paragraphs (a) and (b) of this section to the last day of the plan year preceding the premium payment year shall be deemed to refer to the first day of the premium payment year or, if later, the date on which the plan became effective for benefit accruals for future service, and for purposes of determining the plan's premium, the number of plan participants, and (for a single-employer plan) the amount of the plan's unfunded vested benefits and the applicability of any exemption or special rule under

paragraph (a) or (b) of this section, shall be determined as of such first day or later date.

(e) *Special determination date rule for certain mergers and spinoffs.* (1) With respect to a plan described in paragraph (e)(2) of this section, all references in §§ 4006.3, 4006.4, and this section, as applicable, to the last day of the plan year preceding the premium payment year shall be deemed to refer to the first day of the premium payment year.

(2) A plan is described in this paragraph (e)(2) if—

(i) The plan engages in a merger or spinoff that is not *de minimis* pursuant to the regulations under section 414(l) of the Code (in the case of single-employer plans) or pursuant to part 4231 of this chapter (in the case of multiemployer plans), as applicable;

(ii) The merger or spinoff is effective on the first day of the plan's premium payment year; and

(iii) The plan is the transferee plan in the case of a merger or the transferor plan in the case of a spinoff.

(f) *Special refund rule for certain short plan years.* A plan described in this paragraph (f) is entitled to a refund for a short plan year. The amount of the refund will be determined by prorating the premium for the short plan year by the number of months (treating a part of a month as a month) in the short plan year. A plan is described in this paragraph if—

(1) The plan is a new or newly-covered plan that becomes effective for premium purposes on a date other than the first day of its first plan year;

(2) The plan adopts an amendment changing its plan year, resulting in a short plan year;

(3) The plan's assets are distributed pursuant to the plan's termination, in which case the short plan year for purposes of computing the amount of the refund under this paragraph shall be deemed to end on the asset distribution date or, if later (in the case of a single-employer plan), the date 30 days prior to the date the PBGC receives the plan's post-distribution certification; or

(4) The plan is a single-employer plan and a trustee of the plan is appointed pursuant to section 4042 of ERISA, in which case the short plan year for purposes of computing the amount of the refund under this paragraph shall be deemed to end on the date of appointment.

(g) *Special rules for plans of regulated public utilities.* (1) This paragraph (g) applies to a premium payment year beginning before 1998 of a plan maintained by one or more contributing sponsors at least one of which is a regulated public utility. For this

purpose, a regulated public utility is one that, as of the beginning of the premium payment year, is described in section 7701(a)(33)(A)(i) of the Code and has not begun to collect from utility customers rates that reflect the costs incurred or projected to be incurred for additional premiums under section 4006(a)(3)(E) of ERISA pursuant to final and nonappealable determinations by all public utility commissions (or other authorities having jurisdiction over the rates and terms of service by the regulated public utility) that the costs are just and reasonable and recoverable from customers of the regulated public utility.

(2) *Limitation on variable-rate premium and required interest rate.* If every contributing sponsor of a plan described in paragraph (a) of this section is a regulated public utility, then, notwithstanding the provisions of §§ 4006.3(b) and 4006.4(b)(1),—

(i) The variable-rate premium shall not be greater than \$53 multiplied by the number of participants in the plan on the last day of the plan year preceding the premium payment year; and

(ii) If the premium payment year begins after June 1997, § 4006.4(b)(1) shall be applied as if the applicable percentage referred to therein were 80 percent.

(3) *Proportional application of limitation rules.* If a plan is described in paragraph (g)(1) of this section but also has a contributing sponsor that is not a regulated public utility and participants who are not regulated public utility participants (determined under any reasonable method consistently applied among participants and from year to year), the limitations in paragraph (g)(2) of this section shall be applied in proportion to the number of regulated public utility participants in accordance with the Premium Payment Package.

(4) *Special variable-rate premium rule for certain small regulated public utility plans paying maximum variable-rate premium.* A plan whose variable-rate premium is subject to the limitation described in paragraph (g)(2)(i) of this section is not required to determine its unfunded vested benefits under § 4006.4 if—

(i) The number of participants required to be taken into account in computing the plan's premium for the premium payment year is fewer than 500; and

(ii) The plan pays a variable-rate premium equal to \$53 multiplied by the number of participants in the plan on the last day of the plan year preceding the premium payment year.

(5) *Effect of omitted or inadequate information.* The variable-rate premium of a plan described in paragraph (g)(2) of this section may be deemed to be \$53 multiplied by the number of participants in the plan on the last day of the plan year preceding the premium payment year if—

(i) Any item or items necessary to establish the correct variable-rate premium for the plan are omitted from the plan's premium filing; or

(ii) In connection with an audit, the plan's records fail, in the PBGC's judgment, to establish that the plan's unfunded vested benefits were of the amount reported by the plan for the premium payment year.

file the prescribed form or forms, and any premium payments due, no later than the applicable due date specified in § 4007.11.

§ 4007.4 Filing address.

Plan administrators shall file all forms required to be filed under this part and all payments for premiums, interest, and penalties required to be made under this part at the address specified in the Premium Payment Package.

§ 4007.5 Date of filing.

(a) Any form required to be filed under this part and any payment required to be made under this part shall be deemed to have been filed or made on the date on which it is mailed.

(b) A form or payment shall be presumed to have been mailed on the date on which it is postmarked by the United States Postal Service, or three days prior to the date on which it is received by the PBGC if it does not contain a legible United States Postal Service postmark.

§ 4007.6 Computation of time.

In computing any period of time prescribed by this part, the day of the act, event, or default from which the designated period of time begins to run is not counted. The last day of the period so computed shall be included, unless it is a Saturday, Sunday, or federal holiday, in which event the period runs until the end of the next day that is not a Saturday, Sunday, or federal holiday. For purposes of computing late payment interest charges under § 4007.7 and late payment penalty charges under § 4007.8, a Saturday, Sunday or federal holiday referred to in the previous sentence shall be included.

§ 4007.7 Late payment interest charges.

(a) If any premium payment due under this part is not paid by the due date prescribed for such payment by § 4007.11, an interest charge will accrue on the unpaid amount at the rate imposed under section 6601(a) of the Code for the period from the date payment is due to the date payment is made. Late payment interest charges are compounded daily.

(b) When PBGC issues a bill for premium payments necessary to reconcile the premiums paid with the actual premium due, interest will be accrued on the unpaid premium until the date of the bill if paid no later than 30 days after the date of such bill. If the bill is not paid within the 30-day period following the date of such bill, interest will continue to accrue throughout such 30-day period and thereafter, until the date paid.

(c) PBGC bills for interest assessed under this section will be deemed paid when due if paid no later than 30 days after the date of such bills. Otherwise, interest will accrue in accordance with paragraph (a) of this section on the amount of the bill from the date of the bill until the date of payment.

§ 4007.8 Late payment penalty charges.

(a) *Penalty charge.* If any premium payment due under this part is not paid by the due date prescribed for such payment by § 4007.11, the PBGC will, unless a waiver is granted pursuant to paragraph (b) of this section, assess a late payment charge (not to exceed 100% of the unpaid premium) equal to the greater of—

(i) 5% per month (or fraction thereof) of the unpaid premiums; or

(ii) \$25.

(b) *Waiver of penalty charge.* The late payment penalty charge will be waived, in whole or in part—

(1) With respect to any premium payment made within 60 days after the due date prescribed for such payment in § 4007.11, if, before such due date, the PBGC grants a waiver upon a showing of substantial hardship arising from the timely payment of the premium and a showing that the premium will be paid within such 60-day period;

(2) If the PBGC grants a waiver based on any other demonstration of good cause;

(3) If the PBGC, on its own motion, waives the application of paragraph (a) of this section;

(4) With respect to any premium payment (excluding any variable-rate premium under § 4006.3(b)), if a plan that is required to make a reconciliation filing described in § 4007.11(b)(2)(iii)—

(i) Paid at least 90 percent of the flat-rate premium due for the premium payment year by the due date specified in § 4007.11(b)(2)(i); or

(ii) Paid by the due date specified in § 4007.11(b)(2)(i) an amount equal to the premium that would be due for the premium payment year, computed using the flat per capita premium rate for the premium payment year and the participant count upon which the prior year's premium was based; and

(iii) Pays 100 percent of the flat-rate premium due for the premium payment year under § 4006.3 on or before the due date for the reconciliation filing under § 4007.11(b)(2)(iii); or

(5) With respect to any PBGC bills for the premium payment necessary to reconcile the premium paid with the actual premium due, if such bills are paid no later than 30 days after the date of such bills.

§ 4007.9 Coverage for guaranteed basic benefits.

(a) The failure by a plan administrator to pay the premiums due under this part will not result in that plan's loss of coverage for basic benefits guaranteed under sections 4022(a) or 4022A(a) of ERISA.

(b) The payment of the premiums imposed by this part will not result in coverage for basic benefits guaranteed under sections 4022(a) or 4022A(a) of ERISA for plans not covered under title IV of ERISA.

§ 4007.10 Recordkeeping requirements; PBGC audits.

(a) *Retention of records to support premium payments.* All plan records, including calculations and other data prepared by an enrolled actuary or, for a plan described in section 412(i) of the Code, by the insurer from which the insurance contracts are purchased, that are necessary to support or to validate premium payments under this part shall be retained by the plan administrator for a period of six years after the premium due date. Records that must be retained pursuant to this paragraph include, but are not limited to, records that establish the number of plan participants and that reconcile the calculation of the plan's unfunded vested benefits with the actuarial valuation upon which the calculation was based. Records retained pursuant to this paragraph shall be made available to the PBGC upon request for inspection and photocopying.

(b) *PBGC audit.* Premium payments under this part are subject to audit by the PBGC. If, upon audit, the PBGC determines that a premium due under this part was underpaid, the late payment interest charges under § 4007.7 and the late payment penalty charges under § 4007.8 shall apply to the unpaid balance from the premium due date to the date of payment. In determining the premium due, if, in the judgment of the PBGC, the plan's records fail to establish the number of plan participants with respect to whom premiums were required for any premium payment year, the PBGC may rely on data it obtains from other sources (including the IRS and the Department of Labor) for presumptively establishing the number of plan participants for premium computation purposes.

§ 4007.11 Due dates.

(a) *In general.* The premium filing due date for small plans is prescribed in paragraph (a)(1) of this section and the premium filing due dates for large plans are prescribed in paragraph (a)(2) of this section.

(1) *Plans with fewer than 500 participants.* If the plan has fewer than 500 participants, as determined under paragraph (b) of this section, the due date is the fifteenth day of the eighth full calendar month following the month in which the plan year began.

(2) *Plans with 500 or more participants.* If the plan has 500 or more participants, as determined under paragraph (b) of this section—

(i) The due date for the flat-rate premium required by § 4006.3(a) is the last day of the second full calendar month following the close of the plan year preceding the premium payment year; and

(ii) The due date for the variable-rate premium required by § 4006.3(b) for single-employer plans is the fifteenth day of the eighth full calendar month following the month in which the premium payment year begins.

(iii) If the number of plan participants on the last day of the plan year preceding the premium payment year is not known by the date specified in paragraph (a)(2)(i) of this section, a reconciliation filing (on the form prescribed by this part) and any required premium payment or request for refund shall be made by the date specified in paragraph (a)(2)(ii) of this section.

(3) *Plans that change plan years.* For any plan that changes its plan year, the premium form or forms and payment or payments for the short plan year shall be filed by the applicable due date or dates specified in paragraphs (a)(1), (a)(2), or (c) of this section. For the plan year that follows a short plan year, the due date or dates for the premium forms and payments shall be, with respect to each such due date, the later of—

(i) The applicable due date or dates specified in paragraph (a)(1) or (a)(2) of this section; or

(ii) 30 days after the date on which the amendment changing the plan year was adopted.

(b) *Participant count rule for purposes of determining filing due dates.* For purposes of determining under paragraph (a) of this section whether a plan has fewer than 500 participants, or 500 or more participants, the plan administrator shall use—

(1) For a single-employer plan, the number of participants for whom premiums were payable for the plan year preceding the premium payment year, or

(2) For a multiemployer plan,—

(i) If the premium payment year is the plan's second plan year, the first day of the first plan year; or

(ii) If the premium payment year is the plan's third or a subsequent plan

year, the last day of the second preceding plan year.

(c) *Due dates for new and newly covered plans.* Notwithstanding paragraph (a) of this section, the premium form and all premium payments due for the first plan year of coverage of any new plan or newly covered plan shall be filed on or before the latest of—

(1) The fifteenth day of the eighth full calendar month following the month in which the plan year began or, if later, in which the plan became effective for benefit accruals for future service;

(2) 90 days after the date of the plan's adoption; or

(3) 90 days after the date on which the plan became covered by title IV of ERISA.

(d) *Continuing obligation to file.* The obligation to file the form or forms prescribed by this part and to pay any premiums due continues through the plan year in which all plan assets are distributed pursuant to a plan's termination or in which a trustee is appointed under section 4042 of ERISA, whichever occurs earlier. The entire premium computed under this part is due, irrespective of whether the plan is entitled to a refund for a short plan year pursuant to § 4006.5(f).

(e) *Improper filings.* Any form not filed in accordance with this part, not filed in accordance with the instructions in the Premium Payment Package, not accompanied by the required premium payment, or otherwise incomplete, may, in the discretion of the PBGC, be returned with any payment accompanying the form to the plan administrator, and such payment shall be treated as not having been made.

§ 4007.12 Liability for single-employer premiums.

(a) The designation under this part of the plan administrator as the person required to file the applicable forms and to submit the premium payment for a single-employer plan is a procedural requirement only and does not alter the liability for premium payments imposed by section 4007 of ERISA. Pursuant to section 4007(e) of ERISA, both the plan administrator and the contributing sponsor of a single-employer plan are liable for premium payments, and, if the contributing sponsor is a member of a controlled group, each member of the controlled group is jointly and severally liable for the required premiums. Any entity that is liable for required premiums is also liable for any interest and penalties assessed with respect to such premiums.

(b) For any plan year in which a plan administrator issues (pursuant to

section 4041(a)(2) of ERISA) notices of intent to terminate in a distress termination under section 4041(c) of ERISA or the PBGC initiates a termination proceeding under section 4042 of ERISA, and for each plan year thereafter, the obligation to pay the premiums (and any interest or penalties thereon) imposed by ERISA and this part for a single-employer plan shall be an obligation solely of the contributing sponsor and the members of its controlled group, if any.

§ 4010.1 Purpose and scope.

This part prescribes the requirements for annual filings with the PBGC under section 4010 of ERISA. This part applies to filers for any information year ending on or after December 31, 1995.

§ 4010.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: benefit liabilities, Code, contributing sponsor, controlled group, ERISA, fair market value, IRS, PBGC, person, plan, and plan year.

In addition, for purposes of this part:

Exempt entity means a person who does not have to file information and about whom information does not have to be filed, as described in § 4010.4(d) of this part.

Exempt plan means a plan about which actuarial information does not have to be filed, as described in § 4010.8(c) of this part.

Fair market value of the plan's assets means the fair market value of the plan's assets at the end of the plan year ending within the filer's information year (determined without regard to any contributions receivable).

Filer means a person who is required to file reports, as described in § 4010.4 of this part.

Fiscal year means, with respect to a person, the person's annual accounting period or, if the person has not adopted a closing date, the calendar year.

Information year means the year determined under § 4010.5 of this part.

§ 4010.3 Filing requirement.

(a) *In general.* Except as provided in § 4010.8(c) (relating to exempt plans) and except where waivers have been granted under § 4010.11 of this part, each filer shall submit to the PBGC annually, on or before the due date specified in § 4010.10, all information specified in § 4010.6(a) with respect to all members of a controlled group and all plans maintained by members of a controlled group.

(b) *Single controlled group submission.* Any filer or other person may submit the information specified in § 4010.6(a) on behalf of one or more members of a filer's controlled group. If a person other than a filer submits the information, the submission must also include a written power of attorney signed by a filer authorizing the person to act on behalf of one or more filers.

§ 4010.4 Filers.

(a) *General.* A contributing sponsor of a plan and each member of the contributing sponsor's controlled group is a filer with respect to an information year (unless exempted under paragraph (d) of this section) if—

(1) the aggregate unfunded vested benefits of all plans (including any exempt plans) maintained by the members of the contributing sponsor's controlled group exceed \$50 million (disregarding those plans with no unfunded vested benefits);

(2) any member of a controlled group fails to make a required installment or other required payment to a plan and, as a result, the conditions for imposition of a lien described in section 302(f)(1) (A) and (B) of ERISA or section 412(n)(1) (A) and (B) of the Code have been met during the information year, and the required installment or other required payment is not made within ten days after its due date; or

(3) any plan maintained by a member of a controlled group has been granted one or more minimum funding waivers under section 303 of ERISA or section 412(d) of the Code totaling in excess of \$1 million that, as of the end of the plan year ending within the information year, are still outstanding (determined in accordance with paragraph (c) of this section).

(b) *Unfunded vested benefits—(1) General.* Except as provided in paragraph (b)(2) of this section, for purposes of the \$50 million test in paragraph (a)(1) of this section, the value of a plan's unfunded vested benefits is determined at the end of the plan year ending within the filer's information year in accordance with section 4006(a)(3)(E)(iii) of ERISA and § 4006.4 of this chapter (without reference to the exemptions and special rules under § 4006.5).

(2) *Optional assumptions.* Prior to the first information year in which the mortality assumptions prescribed under section 302(d)(7)(C)(ii)(II) of ERISA apply to all of the plans maintained by a controlled group, the value of unfunded vested benefits for a plan may be determined by substituting for the respective assumptions used under paragraph (b)(1) of this section (but not using the alternative calculation method under § 4006.4(c) of this chapter) all of the following assumptions:

(i) an interest rate equal to 100% of the annual yield for 30-year Treasury constant maturities (as reported in Federal Reserve Statistical Release G.13 and H.15) for the last full calendar month in the plan year;

(ii) the fair market value of the plan's assets; and

(iii) the mortality tables described in section 302(d)(7)(C)(ii)(I) of ERISA or section 412(l)(7)(C)(ii)(I) of the Code; provided that for any plan year ending on or after the effective date of an amendment changing the mortality assumptions used to value benefits to be paid as annuities in trustee plans under part 4044 of this chapter, those amended mortality assumptions shall be used.

(c) *Outstanding waiver.* Before the end of the statutory amortization period, a minimum funding waiver for a plan is considered outstanding unless—

(1) a credit balance exists in the funding standard account (described in section 302(b) of ERISA and section 412(b) of the Code) that is no less than the outstanding balance of all waivers for the plan;

(2) a waiver condition or contractual obligation requires that a credit balance as described in paragraph (c)(1) continue to be maintained as of the end of each plan year during the remainder of the statutory amortization period for the waiver; and

(3) no portion of any credit balance described in paragraph (c)(1) is used to make any required installment under section 302(e) of ERISA or section 412(m) of the Code for any plan year during the remainder of the statutory amortization period.

(d) *Exempt entities.* A person is an exempt entity if the person—

(1) is not a contributing sponsor of a plan (other than an exempt plan);

(2) has revenue for its fiscal year ending within the controlled group's information year that is five percent or less of the controlled group's revenue for the fiscal year(s) ending within the information year;

(3) has annual operating income for the fiscal year ending within the controlled group's information year that is no more than the greater of—

(i) five percent of the controlled group's annual operating income for the fiscal year(s) ending within the information year, or

(ii) \$5 million; and

(4) has net assets at the end of the fiscal year ending within the controlled group's information year that is no more than the greater of—

(i) five percent of the controlled group's net assets at the end of the fiscal year(s) ending within the information year, or

(ii) \$5 million.

§ 4010.5 Information year.

(a) *Determinations based on information year.* An information year is used under this part to determine which persons are filers (§ 4010.4), what information a filer must submit (§§ 4010.6–4010.9), whether a plan is an exempt plan (§ 4010.8(c)), and the due date for submitting the information (§ 4010.10(a)).

(b) *General.* Except as provided in paragraph (c) of this section, a person's information year shall be the fiscal year of the person. A filer is not required to change its fiscal year or the plan year of a plan, to report financial information for any accounting period other than an existing fiscal year, or to report actuarial information for any plan year other than an existing plan year.

(c) *Controlled group members with different fiscal years—(1) Use of calendar year.* If members of a controlled group (disregarding any exempt entity) report financial information on the basis of different fiscal years, the information year shall be the calendar year.

(2) *Example.* Filers A and B are members of the same controlled group. Filer A has a July 1 fiscal year, and filer B has an October 1 fiscal year. The information year is the calendar year. Filer A's financial information with respect to its fiscal year ending June 30, 1996, and filer B's financial information with respect to its fiscal year ending September 30, 1996, must be submitted to the PBGC following the end of the 1996 calendar year (the calendar year in

which those fiscal years end). If filer B were an exempt entity, the information year would be filer A's July 1 fiscal year.

§ 4010.6 Information to be filed.

(a) *General.* A filer must submit the information specified in § 4010.7 (identifying information), § 4010.8 (plan actuarial information) and § 4010.9 (financial information) of this part with respect to each member of the filer's controlled group and each plan maintained by any member of the controlled group.

(b) *Additional information.* By written notification, the PBGC may require any filer to submit additional actuarial or financial information that is necessary to determine plan assets and liabilities for any period through the end of the filer's information year, or the financial status of a filer for any period through the end of the filer's information year. The information must be submitted within ten days after the date of the written notification or by a different time specified therein.

(c) *Previous submissions.* If any required information has been previously submitted to the PBGC, a filer may incorporate this information into the required submission by referring to the previous submission.

§ 4010.7 Identifying information.

(a) *Filers.* Each filer is required to provide the following identifying information with respect to each member of the controlled group (excluding exempt entities)—

(1) the name, address, and telephone number of each member of the controlled group and the legal relationships of each (for example, parent, subsidiary); and

(2) the nine-digit Employer Identification Number (EIN) assigned by the IRS to each member (or if there is no EIN for a member, an explanation).

(b) *Plans.* Each filer is required to provide the following identifying information with respect to each plan (including exempt plans) maintained by any member of the controlled group (including exempt entities)—

(1) the name of each plan;

(2) the EIN and the three-digit Plan Number (PN) assigned by the contributing sponsor to each plan (or if there is no EIN or PN for a plan, an explanation); and

(3) if the EIN or PN of a plan has changed since the beginning of the filer's information year, the previous EIN or PN and an explanation.

§ 4010.8 Plan actuarial information.

(a) *Required information.* For each plan (other than an exempt plan)

maintained by any member of the filer's controlled group, each filer is required to provide the following actuarial information—

(1) the fair market value of the plan's assets;

(2) the value of the plan's benefit liabilities (determined in accordance with paragraph (d) of this section) at the end of the plan year ending within the filer's information year;

(3) a copy of the actuarial valuation report for the plan year ending within the filer's information year that contains or is supplemented by the following information—

(i) each amortization base and related amortization charge or credit to the funding standard account (as defined in section 302 (b) of ERISA or section 412 (b) of the Code) for that plan year (excluding the amount considered contributed to the plan as described in section 302(b)(3)(A) of ERISA or section 412(b)(3)(A) of the Code),

(ii) the itemized development of the additional funding charge payable for that plan year pursuant to section 412(l) of the Code,

(iii) the minimum funding contribution and the maximum deductible contribution for that plan year,

(iv) the actuarial assumptions and methods used for that plan year for purposes of section 302(b) and (d) of ERISA or section 412(b) and (l) of the Code (and any change in those assumptions and methods since the previous valuation and justifications for any change), and

(v) a summary of the principal eligibility and benefit provisions on which the valuation of the plan was based (and any changes to those provisions since the previous valuation), along with descriptions of any benefits not included in the valuation, any significant events that occurred during that plan year, and the plan's early retirement factors; and

(4) a written certification by an enrolled actuary that, to the best of his or her knowledge and belief, the actuarial information submitted is true, correct, and complete and conforms to all applicable laws and regulations, provided that this certification may be qualified in writing, but only to the extent the qualification(s) are permitted under 26 CFR § 301.6059-1(d).

(b) *Alternative compliance for plan actuarial information.* If any of the information specified in paragraph (a)(3) of this section is not available by the date specified in § 4010.10(a), a filer may satisfy the requirement to provide such information by—

(1) including a statement, with the material that is submitted to the PBGC, that the filer will file the unavailable information by the alternative due date specified in § 4010.10(b) of this part, and

(2) filing such information (along with a certification by an enrolled actuary under paragraph (a)(4) of this section) with the PBGC by that alternative due date.

(c) *Exempt plan.* The actuarial information specified in this section is not required with respect to a plan that, as of the end of the plan year ending within the filer's information year, has fewer than 500 participants or has benefit liabilities (determined in accordance with paragraph (d) of this section) equal to or less than the fair market value of the plan's assets, provided that the plan—

(1) has received, on or within ten days after their due dates, all required installments or other payments required to be made during the information year under section 302 of ERISA or section 412 of the Code; and

(2) has no minimum funding waivers outstanding (as described in § 4010.4(c) of this part) as of the end of the plan year ending within the information year.

(d) *Value of benefit liabilities.* The value of a plan's benefit liabilities at the end of a plan year shall be determined using the plan census data described in paragraph (d)(1) of this section and the actuarial assumptions and methods described in paragraph (d)(2) or, where applicable, (d)(3) of this section.

(1) *Census data.*

(i) *Census data period.* Plan census data shall be determined (for all plans for any information year) either as of the end of the plan year or as of the beginning of the next plan year.

(ii) *Projected census data.* If actual plan census data is not available, a plan may use a projection of plan census data from a date within the plan year. The projection must be consistent with projections used to measure pension obligations of the plan for financial statement purposes and must give a result appropriate for the end of the plan year for these obligations. For example, adjustments to the projection process will be required where there has been a significant event (such as a plan amendment or a plant shutdown) that has not been reflected in the projection data.

(2) *Actuarial assumptions and methods.* The value of benefit liabilities shall be determined using the assumptions and methods applicable to the valuation of benefits to be paid as annuities in trustee plans terminating at the end of the plan year (as prescribed

in §§ 4044.51 through 4044.57 of this chapter).

(3) *Special actuarial assumptions for exempt plan determination.* Solely for purposes of determining whether a plan is an exempt plan, the value of benefit liabilities may be determined by substituting for the retirement age assumptions in paragraph (d)(2) the retirement age assumptions used by the plan for that plan year for purposes of section 302(d) of ERISA or section 412(l) of the Code.

§ 4010.9 Financial information.

(a) *General.* Except as provided in this section, each filer is required to provide the following financial information for each controlled group member (other than an exempt entity)—

(1) audited financial statements for the fiscal year ending within the information year (including balance sheets, income statements, cash flow statements, and notes to the financial statements);

(2) if audited financial statements are not available by the date specified in § 4010.10(a), unaudited financial statements for the fiscal year ending within the information year; or

(3) if neither audited nor unaudited financial statements are available by the date specified in § 4010.10(a), copies of federal tax returns for the tax year ending within the information year.

(b) *Consolidated financial statements.* If the financial information of a controlled group member is combined with the information of other group members in consolidated financial statements, a filer may provide the following financial information in lieu of the information required in paragraph (a) of this section—

(1) the audited consolidated financial statements for the filer's information year or, if the audited consolidated financial statements are not available by the date specified in § 4010.10(a), unaudited consolidated financial statements for the fiscal year ending within the information year; and

(2) for each controlled group member included in the consolidated financial statements that is a contributing sponsor of a plan (other than an exempt plan), the contributing sponsor's revenues and operating income for the information year, and net assets at the end of the information year.

(c) *Subsequent submissions.* If unaudited financial statements are submitted as provided in paragraph (a)(2) or (b)(1) of this section, audited financial statements must thereafter be filed within 15 days after they are prepared. If federal tax returns are submitted as provided in paragraph

(a)(3) of this section, audited and unaudited financial statements must thereafter be filed within 15 days after they are prepared.

(d) *Submission of public information.* If any of the financial information required by paragraphs (a) through (c) of this section is publicly available, the filer, in lieu of submitting such information to the PBGC, may include a statement with the other information that is submitted to the PBGC indicating when such financial information was made available to the public and where the PBGC may obtain it. For example, if the controlled group member has filed audited financial statements with the Securities and Exchange Commission, it need not file the financial statements with PBGC but instead can identify the SEC filing as part of its submission under this part.

(e) *Inclusion of information about non-filers and exempt entities.* Consolidated financial statements provided pursuant to paragraph (b)(1) of this section may include financial information of persons who are not controlled group members (e.g., joint ventures) or are exempt entities.

§ 4010.10 Due date and filing with the PBGC.

(a) *Due date.* Except as permitted under paragraph (b) of this section, a filer shall file the information required under this part with the PBGC on or before the 105th day after the close of the filer's information year.

(b) *Alternative due date.* A filer that includes the statement specified in § 4010.8(b)(1) with its submission to the PBGC by the date specified in paragraph (a) of this section must submit the actuarial information specified in § 4010.8(b)(2) within 15 days after the deadline for filing the plan's annual report (Form 5500 series) for the plan year ending within the filer's information year (see § 2520.104a-5(a)(2) of this title).

(c) *How to file.* Requests and information may be delivered by mail, by delivery service, by hand, or by any other method acceptable to the PBGC, to: Corporate Finance and Negotiations Department, Pension Benefit Guaranty Corporation, 1200 K Street, N.W., Washington, DC 20005-4026.

(d) *Date when information filed.* Information filed under this part is considered filed—

(1) on the date of the United States postmark stamped on the cover in which the information is mailed, if—

(i) the postmark was made by the United States Postal Service; and

(ii) the document was mailed postage prepaid, properly addressed to the PBGC; or

(2) if the conditions stated in paragraph (d)(1) of this section are not met, on the date it is received by the PBGC. Information received on a weekend or Federal holiday or after 5:00 p.m. on a weekday is considered filed on the next regular business day.

(e) *Computation of time.* In computing any period of time under this part, the day of the act or event from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included, unless it is a weekend or Federal holiday, in which event the period runs until the end of the next day that is not a weekend or Federal holiday.

§ 4010.11 Waivers and extensions.

The PBGC may waive the requirement to submit information with respect to one or more filers or plans or may extend the applicable due date or dates specified in § 4010.10 of this part. The PBGC will exercise this discretion in appropriate cases where it finds convincing evidence supporting a waiver or extension; any waiver or extension may be subject to conditions. A request for a waiver or extension must be filed in writing with the PBGC at the address provided in § 4010.10(c) no later than 15 days before the applicable date specified in § 4010.10 of this part, and must state the facts and circumstances on which the request is based.

§ 4010.12 Confidentiality of information submitted.

In accordance with § 4901.21(a)(3) of this chapter and section 4010(c) of ERISA, any information or documentary material that is not publicly available and is submitted to the PBGC pursuant to this part shall not be made public, except as may be relevant to any administrative or judicial action or proceeding or for disclosures to either body of Congress or to any duly authorized committee or subcommittee of the Congress.

§ 4010.13 Penalties.

If all of the information required under this part is not provided within the specified time limit, the PBGC may assess a separate penalty under section 4071 of ERISA against the filer and each member of the filer's controlled group (other than an exempt entity) of up to \$1,000 a day for each day that the failure continues. The PBGC may also pursue other equitable or legal remedies available to it under the law.

§ 4010.14 OMB control number.

The collection of information requirements contained in this part have been approved by the Office of Management and Budget under OMB Control Number 1212-0049.

Appendix A to Part 4011—Model Participant Notice. Appendix B to Part 4011—Table of maximum Guaranteed Benefits.

Authority: 29 U.S.C. 1302(b)(3), 1311.

§ 4011.1 Purpose and scope.

This part prescribes rules and procedures for complying with the requirements of section 4011 of ERISA. This part applies for any plan year beginning on or after January 1, 1995, with respect to any single-employer plan that is covered by section 4021 of ERISA.

§ 4011.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: contributing sponsor, employer, ERISA, normal retirement age, PBGC, person, plan, plan administrator, plan year, and single-employer plan.

In addition, for purposes of this part: *Participant* has the meaning in § 4041.2 of this chapter.

Participant Notice means the notice required pursuant to section 4011 of ERISA and this part.

§ 4011.3 Notice requirement.

(a) *General.* Except as otherwise provided in this part, the plan administrator of a plan must provide a Participant Notice for a plan year if a variable rate premium is payable for the plan under section 4006(a)(3)(E) of ERISA and part 4006 of this chapter for that plan year, unless, for that plan year or for the prior plan year, the plan meets the Deficit Reduction Contribution ("DRC") Exception Test in paragraph (b) of this section. The DRC Exception Test may be applied using the Small Plan DRC Exception Test rules in § 4011.4(b), where applicable.

(b) *DRC Exception Test*—(1) *Basic rule.* A plan meets the DRC Exception

Test for a plan year if it is exempt from the requirements of section 302(d) of ERISA for that plan year by reason of section 302(d)(9), without regard to the small plan exemption in section 302(d)(6)(A).

(2) *1994 plan year.* A plan satisfies the DRC Exception Test for the 1994 plan year if, for any two of the plan years beginning in 1992, 1993, and 1994 (whether or not consecutive), the plan satisfies any requirement of section 302(d)(9)(D)(i) of ERISA.

(c) *Penalties for non-compliance.* If a plan administrator fails to provide a Participant Notice within the specified time limit or omits material information from a Participant Notice, the PBGC may assess a penalty under section 4071 of ERISA of up to \$1,000 a day for each day that the failure continues.

§ 4011.4 Small plan rules.

(a) *1995 plan year exemption.* A plan that is exempt from the requirements of section 302(d) of ERISA for the 1994 or 1995 plan year by reason of section 302(d)(6)(A) is exempt from the Participant Notice requirement for the 1995 plan year.

(b) *Small Plan DRC Exception Test.* In determining whether the Participant Notice requirement applies for a plan year beginning after 1995, the plan administrator of a plan that is exempt from the requirements of section 302(d) of ERISA by reason of section 302(d)(6)(A) for the plan year being tested may use any one or more of the following rules in determining whether the plan meets the DRC Exception Test for that plan year:

(1) *Use of Schedule B data.* For any plan year for which the plan is exempt from the requirements of section 302(d) of ERISA by reason of section 302(d)(6)(A), provided both of the following adjustments are made—

(i) The market value of the plan's assets as of the beginning of the plan year (as required to be reported on Form 5500, Schedule B) may be substituted for the actuarial value of the plan's assets as of the valuation date; and

(ii) The plan's current liability for all participants' total benefits as of the beginning of the plan year (as required to be reported on Form 5500, Schedule B) may be substituted for the plan's current liability as of the valuation date.

(2) *Pre-1995 plan year 90 percent test.* A plan that is exempt from the requirements of section 302(d) of ERISA for a pre-1995 plan year by reason of section 302(d)(6)(A) satisfies the requirements of section 302(d)(9)(D)(i) for that pre-1995 plan year if the ratio of its assets to its current liability for that plan year is at least 90 percent. For

this purpose, the plan's assets are valued without subtracting any credit balance under section 302(b) of ERISA, and its current liability is determined using the highest interest rate allowable for the plan year under section 302(d)(7)(C).

(3) *Interest rate adjustment.* If the interest rate used to calculate current liability for a plan year is less than the highest rate allowable for the plan year under section 302(d)(7)(C) of ERISA, the current liability may be reduced by one percent for each tenth of a percentage point by which the highest rate exceeds the rate so used.

§ 4011.5 Exemption for new and newly-covered plans.

A plan (other than a plan resulting from a consolidation or spinoff) is exempt from the Participant Notice requirement for the first plan year for which the plan must pay premiums under parts 4006 and 4007 of this chapter.

§ 4011.6 Mergers, consolidations, and spinoffs.

In the case of a plan involved in a merger, consolidation, or spinoff transaction that becomes effective during a plan year, the plan administrator shall apply the requirements of section 4011 of ERISA and of this part for that plan year in a reasonable manner to ensure that the Participant Notice serves its statutory purpose.

§ 4011.7 Persons entitled to receive notice.

The plan administrator must provide the Participant Notice to each person who is a participant, a beneficiary of a deceased participant, an alternate payee under an applicable qualified domestic relations order (as defined in section 206(d)(3) of ERISA), or an employee organization that represents any group of participants for purposes of collective bargaining. To determine who is a person that must receive the Participant Notice for a plan year, the plan administrator may select any date during the period beginning with the last day of the previous plan year and ending with the day on which the Participant Notice for the plan year is due, provided that a change in the date from one plan year to the next does not exclude a substantial number of participants and beneficiaries.

§ 4011.8 Time of notice.

The plan administrator must issue the Participant Notice for a plan year no later than two months after the deadline (including extensions) for filing the annual report for the previous plan year (see § 2520.104a-5(a)(2) of this title).

The plan administrator may change the date of issuance from one plan year to the next, provided that the effect of any change is not to avoid disclosing a minimum funding waiver under § 4011.10(b)(5) or a missed contribution under § 4011.10(b)(6). When the President of the United States declares that, under the Disaster Relief Act of 1974, as amended (42 U.S.C. 5121, 5122(2), 5141(b)), a major disaster exists, the PBGC may extend the due date for providing the Participant Notice by up to 180 days.

§ 4011.9 Manner of issuance of notice.

The Participant Notice shall be issued by using measures reasonably calculated to ensure actual receipt by the persons entitled to receive it. It may be issued together with another document, such as the summary annual report required under section 104(b)(3) of ERISA for the prior plan year, but must be in a separate document.

§ 4011.10 Form of notice.

(a) *General.* The Participant Notice (and any additional information under paragraph (d) of this section) shall be readable and written in a manner calculated to be understood by the average plan participant and not to mislead recipients. The Model Participant Notice in Appendix A to this part (when properly completed) is an example of a Participant Notice meeting the requirements of this section.

(b) *Content.* The Participant Notice for a plan year shall include—

(1) Identifying information (the name of the plan and the contributing sponsor, the employer identification number of the contributing sponsor, the plan number, the date (at least the month and year) on which the Participant Notice is issued, and the name, title, address and telephone number of the person(s) who can provide information about the plan's funding);

(2) A statement to the effect that the Participant Notice is required by law;

(3) The Notice Funding Percentage for the plan year, determined in accordance with paragraph (c) of this section, and the date as of which the Notice Funding Percentage is determined;

(4) A statement to the effect that—

(i) To pay pension benefits, the employer is required to contribute money to the plan over a period of years;

(ii) A plan's funding percentage does not take into consideration the financial strength of the employer; and

(iii) The employer, by law, must pay for all pension benefits, but benefits may be at risk if the employer faces a

severe financial crisis or is in bankruptcy;

(5) If, for any of the five plan years immediately preceding the plan year, the plan has been granted a minimum funding waiver under section 303 of ERISA that has not (as of the end of the prior plan year) been fully repaid, a statement identifying each such plan year and an explanation of a minimum funding waiver;

(6) For any payment subject to the requirements of this paragraph, a statement identifying the due date for the payment and noting that the payment has or has not been made and (if made) the date of the payment. Once participants have been notified (under this part or Title I of ERISA) of a missed contribution that is subject to the requirements of this paragraph, the delinquency need not be reported in a Participant Notice for a subsequent plan year if the missed contribution has been paid in full by the time the subsequent Participant Notice is issued. The payments subject to the requirements of this paragraph are—

(i) Any minimum funding payment necessary to satisfy the minimum funding standard under section 302(a) of ERISA for any plan year beginning on or after January 1, 1994, if not paid by the earlier of the due date for that payment (the latest date allowed under section 302(c)(10)) or the date of issuance of the Participant Notice; and

(ii) An installment or other payment required by section 302 of ERISA for a plan year beginning on or after January 1, 1995, that was not paid by the 60th day after the due date for that payment;

(7) A statement to the effect that if a plan terminates before all pension benefits are fully funded, the PBGC pays most persons all pension benefits, but some persons may lose certain benefits that are not guaranteed;

(8) A summary of plan benefits guaranteed by the PBGC, with an explanation of the limitations on such guarantee; and

(9) A statement that further information about the PBGC's guarantee may be obtained by requesting a free copy of the booklet "Your Guaranteed Pension" from Consumer Information Center, Dept. YGP, Pueblo, Colorado 81009. The Participant Notice may include a statement that the booklet may be obtained through electronic access via the World Wide Web from the PBGC Homepage at <http://www.pbgc.gov/ygp.htm>.

(c) *Notice Funding Percentage—*

(1) *General Rule.* The Notice Funding Percentage that must be included in the Participant Notice for a plan year is the "funded current liability percentage" (as

that term is defined in section 302(d)(9)(C) of ERISA) for that plan year or the prior plan year.

(2) *Small plans.* A plan that is exempt from the requirements of section 302(d) of ERISA for a plan year by reason of section 302(d)(6)(A) may determine its funded current liability percentage for that plan year using the Small Plan DRC Exception Test rules in § 4011.4(b).

(d) *Additional information.* The plan administrator may include with the Participant Notice any information not described in paragraph (b) of this section only if it is in a separate document.

(e) *Foreign languages.* In the case of a plan that (as of the date selected under § 4011.7) covers the numbers or percentages specified in § 2520.104b-10(e) of this title of participants literate only in the same non-English language, the plan administrator shall provide those participants either—

(1) An English-language Participant Notice that prominently displays a legend, in their common non-English language, offering them assistance in that language, and clearly setting forth any procedures participants must follow to obtain such assistance, or

(2) A Participant Notice in that language.

Appendix A to Part 4011—Model Participant Notice

The following is an example of a Participant Notice that satisfies the requirements of § 4011.10 when the required information is filled in (subject to §§ 4011.10(d)–(e), where applicable).

Notice to Participants of [Plan Name]

The law requires that you receive information on the funding level of your defined benefit pension plan and the benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC), a federal insurance agency. YOUR PLAN'S FUNDING

As of [DATE], your plan had [INSERT NOTICE FUNDING PERCENTAGE (DETERMINED IN ACCORDANCE WITH § 4011.10(c))] percent of the money needed to pay benefits promised to employees and retirees.

To pay pension benefits, your employer is required to contribute money to the pension plan over a period of years. A plan's funding percentage does not take into consideration the financial strength of the employer. Your employer, by law, must pay for all pension benefits, but your benefits may be at risk if your employer faces a severe financial crisis or is in bankruptcy.

[INCLUDE THE FOLLOWING PARAGRAPH ONLY IF, FOR ANY OF THE PREVIOUS FIVE PLAN YEARS, THE PLAN HAS BEEN GRANTED AND HAS NOT FULLY REPAID A FUNDING WAIVER.]

Your plan received a funding waiver for [LIST ANY OF THE FIVE PREVIOUS PLAN YEARS FOR WHICH A FUNDING WAIVER WAS GRANTED AND HAS NOT BEEN FULLY REPAID]. If a company is experiencing temporary financial hardship, the Internal Revenue Service may grant a funding waiver that permits the company to delay contributions that fund the pension plan.

[INCLUDE THE FOLLOWING WITH RESPECT TO ANY UNPAID OR LATE PAYMENT THAT MUST BE DISCLOSED UNDER § 4011.10(b)(6):]

Your plan was required to receive a payment from the employer on [LIST APPLICABLE DUE DATE(S)]. That payment [has not been made] [was made on [LIST APPLICABLE PAYMENT DATE(S)]].

PBGC GUARANTEES

When a pension plan ends without enough money to pay all benefits, the PBGC steps in to pay pension benefits. The PBGC pays most people all pension benefits, but some people may lose certain benefits that are not guaranteed.

The PBGC pays pension benefits up to certain maximum limits.

- The maximum guaranteed benefit is [INSERT FROM TABLE IN APPENDIX B] per month or [INSERT FROM TABLE IN APPENDIX B] per year for a 65-year-old person in a plan that terminates in [INSERT APPLICABLE YEAR].

- The maximum benefit may be reduced for an individual who is younger than age 65. For example, it is [INSERT FROM TABLE IN APPENDIX B] per month or [INSERT FROM TABLE IN APPENDIX B] per year for an individual who starts receiving benefits at age 55. [IN LIEU OF AGE 55, YOU MAY ADD OR SUBSTITUTE ANY AGE(S) RELEVANT UNDER THE PLAN. FOR EXAMPLE, YOU MAY ADD OR SUBSTITUTE THE MAXIMUM BENEFIT FOR AGES 62 OR 60 FROM THE TABLE IN APPENDIX B. IF THE PLAN PROVIDES FOR NORMAL RETIREMENT BEFORE AGE 65, YOU MUST INCLUDE THE NORMAL RETIREMENT AGE.]

[IF THE PLAN DOES NOT PROVIDE FOR COMMENCEMENT OF BENEFITS BEFORE AGE 65, YOU MAY OMIT THIS PARAGRAPH.]

- The maximum benefit will also be reduced when a benefit is provided for a survivor.

The PBGC does not guarantee certain types of benefits.

[INCLUDE THE FOLLOWING GUARANTEE LIMITS THAT APPLY TO THE BENEFITS AVAILABLE UNDER YOUR PLAN.]

- The PBGC does not guarantee benefits for which you do not have a vested right when a plan ends, usually because you have not worked enough years for the company.
- The PBGC does not guarantee benefits for which you have not met all age, service, or other requirements at the time the plan ends.
- Benefit increases and new benefits that have been in place for less than a year are

not guaranteed. Those that have been in place for less than 5 years are only partly guaranteed.

- Early retirement payments that are greater than payments at normal retirement age may not be guaranteed. For example, a supplemental benefit that stops when you become eligible for Social Security may not be guaranteed.

- Benefits other than pension benefits, such as health insurance, life insurance, death benefits, vacation pay, or severance pay, are not guaranteed.

- The PBGC does not pay lump sums exceeding \$3,500.

Authority: 29 U.S.C. 1302, 1322, 1322b, 1341(c)(3)(D), and 1344.

Subpart A—General Provisions; Guaranteed Benefits

§ 4022.1 Purpose and scope.

The purpose of this part is to prescribe rules governing the calculation and payment of benefits payable in terminated single-employer plans under section 4022 of ERISA. Subpart A, which applies to each plan

providing benefits guaranteed under title IV of ERISA, contains definitions applicable to all subparts, and describes basic-type benefits that are guaranteed by the PBGC subject to the limitations set forth in Subpart B. Subpart C is reserved for rules relating to the calculation and payment of unfunded nonguaranteed benefits under section 4022(c) of ERISA. Subpart D prescribes procedures that minimize the overpayment of benefits by plan administrators after initiating distress terminations of single-employer plans that are not expected to be sufficient for guaranteed benefits. Subpart E sets forth the method of recoupment of benefit payments in excess of the amounts permitted under sections 4022, 4022B, and 4044 of ERISA from participants and beneficiaries in PBGC-trusted plans, and provides for reimbursement of benefit underpayments. (The provisions of this part have not been amended to take account of changes made in section 4022 of ERISA by sections 766 and 777 of the Retirement Protection Act of 1994.)

§ 4022.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: annuity, Code, employer, ERISA, guaranteed benefit, mandatory employee contributions, nonforfeitable benefit, normal retirement age, notice of intent to terminate, PBGC, person, plan, plan administrator, plan year, proposed termination date, substantial owner, and title IV benefit.

In addition, for purposes of this part (unless otherwise required by the context):

Accumulated mandatory employee contributions means mandatory employee contributions plus interest credited on those contributions under the plan, or, if greater, interest required by section 204(c) of ERISA.

Benefit in pay status means that one or more benefit payments have been made or would have been made except for administrative delay.

Benefit increase means any benefit arising from the adoption of a new plan or an increase in the value of benefits payable arising from an amendment to an existing plan. Such increases include, but are not limited to, a scheduled increase in benefits under a plan or plan amendment, such as a cost-of-living increase, and any change in plan provisions which advances a participant's or beneficiary's entitlement to a benefit, such as liberalized participation requirements or vesting schedules, reductions in the normal or early retirement age under a plan, and changes in the form of benefit payments.

In the case of a plan under which the amount of benefits depends on the participant's salary and the participant receives a salary increase the resulting increase in benefits to which the participant becomes entitled will not, for the purpose of this part, be treated as a benefit increase. Similarly, in the case of a plan under which the amount of benefits depends on the participant's age or service, and the participant becomes entitled to increased benefits solely because of advancement in age or service, the increased benefits to which the participant becomes entitled will not, for the purpose of this part, be treated as a benefit increase.

Covered employment means employment with respect to which benefits accrue under a plan.

Pension benefit means a benefit payable as an annuity, or one or more payments related thereto, to a participant who permanently leaves or has permanently left covered employment, or to a surviving beneficiary, which payments by themselves or in combination with Social Security, Railroad Retirement, or workmen's compensation benefits provide a substantially level income to the recipient.

Straight life annuity means a series of level periodic payments payable for the life of the recipient, but does not include any combined annuity form, including an annuity payable for a term certain and life.

§ 4022.3 Guaranteed benefits.

Except as otherwise provided in this part, the PBGC will guarantee the amount, as of the termination date, of a benefit provided under a plan to the extent that the benefit does not exceed the limitations in ERISA and in subpart B, if—

- (a) The benefit is a nonforfeitable benefit;
- (b) The benefit qualifies as a pension benefit as defined in § 4022.2; and
- (c) The participant is entitled to the benefit under § 4022.4.

§ 4022.4 Entitlement to a benefit.

(a) A participant or his surviving beneficiary is entitled to a benefit if under the provisions of a plan:

- (1) The benefit was in pay status on the date of the termination of the plan.
- (2) A benefit payable at normal retirement age is an optional form of payment to the benefit otherwise payable at such age and the participant elected the benefit before the termination date of the plan.
- (3) Except for a benefit described in paragraph (a)(2) of this section, before the termination date the participant had

satisfied the conditions of the plan necessary to establish the right to receive the benefit prior to such date other than application for the benefit, satisfaction of a waiting period described in the plan, or retirement; or

(4) Absent an election by the participant, the benefit would be payable upon retirement.

(5) In the case of a benefit that returns all or a portion of a participant's accumulated mandatory employee contributions upon death, the participant (or beneficiary) had satisfied the conditions of the plan necessary to establish the right to the benefit other than death or designation of a beneficiary.

(b) If none of the conditions set forth in paragraph (a) of this section is met, the PBGC will determine whether the participant is entitled to a benefit on the basis of the provisions of the plan and the circumstances of the case.

§ 4022.5 Determination of nonforfeitable benefits.

(a) A guaranteed benefit payable to a surviving beneficiary is not considered to be forfeitable solely because the plan provides that the benefit will cease upon the remarriage of such beneficiary or his attaining a specified age. However, the PBGC will observe the provisions of the plan relating to the effect of such remarriage or attainment of such specified age on the surviving beneficiary's eligibility to continue to receive benefit payments.

(b) Any other provision in a plan that the right to a benefit in pay status will cease or be suspended upon the occurrence of any specified condition does not automatically make that benefit forfeitable. In each such case the PBGC will determine whether the benefit is forfeitable.

(c) A benefit guaranteed under § 4022.6 shall not be considered forfeitable solely because the plan provides that upon recovery of the participant the benefit will cease.

§ 4022.6 Annuity payable for total disability.

(a) Except as provided in paragraph (b) of this section, an annuity which is payable (or would be payable after a waiting period described in the plan, whether or not the participant is in receipt of other benefits during such waiting period), under the terms of a plan on account of the total and permanent disability of a participant which is expected to last for the life of the participant and which began before the termination date is considered to be a pension benefit.

(b) In any case in which the PBGC determines that the standards for

determining such total and permanent disability under a plan were unreasonable, or were modified in anticipation of termination of the plan, the disability benefits payable to a participant under such standard shall not be guaranteed unless the participant meets the standards of the Social Security Act and the regulations promulgated thereunder for determining total disability.

(c) For the purpose of this section, a participant may be required, upon the request of the PBGC, to submit to an examination or to submit proof of continued total and permanent disability. If the PBGC finds that a participant is no longer so disabled, it may suspend, modify, or discontinue the payment of the disability benefit.

§ 4022.7 Benefits payable in a single installment.

(a) *Alternative benefit.* If a benefit that is guaranteed under this part is payable in a single installment or substantially so under the terms of the plan, or an option elected under the plan by the participant, the benefit will not be guaranteed or paid as such, but the PBGC will guarantee the alternative benefit, if any, in the plan which provides for the payment of equal periodic installments for the life of the recipient. If the plan provides more than one such annuity, the recipient may within 30 days after notification of the proposed termination of the plan elect to receive one of those annuities. If the plan does not provide such an annuity, the PBGC will guarantee an actuarially equivalent life annuity.

(b)(1) *Payment in single installments.* Notwithstanding paragraph (a) of this section, in any case in which the value of a guaranteed benefit payable by the PBGC is \$3,500 or less, the total value of the guaranteed benefit may be paid in a single payment. For purposes of determining the value of the guaranteed benefit, subtract from the value of the guaranteed benefit, any amounts that are returned under paragraph (b)(2) of this section, but only to the extent such amounts do not exceed the value of the portion of an individual's benefit derived from mandatory employee contributions that is guaranteed.

(2) *Return of employee contributions—*

(i) *General.* Notwithstanding any other provision of this part, the PBGC may pay in a single installment (or a series of installments) instead of as an annuity, the value of the portion of an individual's basic-type benefit derived from mandatory employee contributions, if:

(A) The individual elects payment in a single installment (or a series of installments) before the sixty-first (61st) day after the date he or she receives notice that such an election is available; and

(B) Payment in a single installment (or a series of installments) is consistent with the plan's provisions. For purposes of this part, the portion of an individual's basic-type benefit derived from mandatory employee contributions is determined under § 4044.12 (priority category 2 benefits) of this chapter, and the value of that portion is computed under the applicable rules contained in part 4044, subpart B, of this chapter.

(ii) *Set-off for distributions after termination.* The amount to be returned under paragraph (b)(2)(i) of this section is reduced by the set-off amount. The set-off amount is the amount by which distributions made to the individual after the termination date exceed the amount that would have been distributed, exclusive of mandatory employee contributions, if the individual had withdrawn the mandatory employee contributions on the termination date.

Example: Participant A is receiving a benefit of \$600 per month when the plan terminates, \$200 of which is derived from mandatory employee contributions. If the participant had withdrawn his contributions on the termination date, his benefit would have been reduced to \$400 per month. The participant receives two monthly payments after the termination date. The set-off amount is \$400. (The \$600 actual payment minus the \$400 the participant would have received if he had withdrawn his contributions multiplied by the two months for which he received the extra payment.)

(c) *Death benefits—*

(1) *General.* Notwithstanding paragraph (a) of this section, a benefit that would otherwise be guaranteed under the provisions of this subpart, except for the fact that it is payable solely in a single installment (or substantially so) upon the death of a participant, shall be paid by the PBGC as an annuity that has the same value as the single installment. The PBGC will in each case determine the amount and duration of the annuity based on all the facts and circumstances.

(2) *Exception.* Upon the death of a participant the PBGC may pay in a single installment (or a series of installments) that portion of the participant's accumulated mandatory employee contributions that is payable under the plan in a single installment (or a series of installments) upon the participant's death.

Subpart B—Limitations on Guaranteed Benefits

§ 4022.21 Limitations; in general.

(a)(1) Subject to paragraphs (b), (c) and (d) of this section, the PBGC will not guarantee that part of an installment payment that exceeds the dollar amount payable as a straight life annuity commencing at normal retirement age, or thereafter, to which a participant would have been entitled under the provisions of the plan in effect on the termination date, on the basis of his credited service to such date. If the plan does not provide a straight life annuity either as its normal form of retirement benefit or as an option to the normal form, the PBGC will for purposes of this paragraph convert the plan's normal form benefit to a straight life annuity of equal actuarial value as determined by the PBGC.

(2) The limitation of paragraph (a)(1) of this section shall not apply to:

(i) A survivor's benefit payable as an annuity on account of the death of a participant that occurred before the plan terminates and before the participant retired;

(ii) A disability pension described in section 4022.6 of this part; or

(iii) A benefit payable in non-level installments that in combination with Social Security, Railroad Retirement, or workman's compensation benefits yields a substantially level income if the projected income from the plan benefit over the expected life of the recipient does not exceed the value of the straight life annuity described in paragraph (a)(1) of this section.

(b) The PBGC will not guarantee the payment of that part of any benefit that exceeds the limitations in section 4022(b) of ERISA and this subpart B.

(c)(1) Except as provided in paragraph (c)(2) of this section, the PBGC does not guarantee a benefit payable in a single installment (or substantially so) upon the death of a participant or his surviving beneficiary unless that benefit is substantially derived from a reduction in the pension benefit payable to the participant or surviving beneficiary.

(2) Paragraphs (a) and (c)(1) of this section do not apply to that portion of accumulated mandatory employee contributions payable under a plan upon the death of a participant, and such a benefit is a pension benefit for purposes of this part.

(d) The PBGC will not guarantee a benefit payable to other than natural persons, or a trust or estate for the benefit of one or more natural persons.

§ 4022.22 Maximum guaranteeable benefit.

Subject to section 4022B of ERISA and part 4022B of this chapter, benefits payable with respect to a participant under a plan shall be guaranteed only to the extent that such benefits do not exceed the actuarial value of a benefit in the form of a life annuity payable in monthly installments, commencing at age 65 equal to the lesser of the amounts computed in paragraphs (a) and (b) of this section.

(a) One-twelfth of the participant's average annual gross income from his employer during either his highest-paid five consecutive calendar years in which he was an active participant under the plan, or if he was not an active participant throughout the entire such period, the lesser number of calendar years within that period in which he was an active participant under the plan.

(1) As used in this paragraph, "gross income" means "earned income" as defined in section 911(b) of the Code, determined without regard to any community property laws.

(2) For the purposes of this paragraph, if the plan is one to which more than one employer contributes, and during any calendar year the participant received gross income from more than one such contributing employer, then the amounts so received shall be aggregated in determining the participant's gross income for the calendar year.

(b) \$750 multiplied by the fraction $x/13,200$ where "x" is the Social Security contribution and benefit base determined under section 230 of the Social Security Act in effect at the termination date of the plan.

§ 4022.23 Computation of maximum guaranteeable benefits.

(a) *General.* Where a benefit is payable in any manner other than as a monthly benefit payable for life commencing at age 65, the maximum guaranteeable monthly amount of such benefit shall be computed by applying the applicable factor or factors set forth in paragraphs (c)–(e) of this section to the monthly amount computed under § 4022.22. In the case of a step-down life annuity, the maximum guaranteeable monthly amount of such benefit shall be computed in accordance with paragraph (f) of this section.

(b) *Application of adjustment factors to monthly amount computed under § 4022.22.* (1) Each percentage increase or decrease computed under paragraphs (c), (d), and (e) of this section shall be added to or subtracted from a base of 1.00, and the resulting amounts shall be multiplied.

(2) The monthly amount computed under § 4022.22 shall be multiplied by the product computed pursuant to paragraph (b)(1) of this section in order to determine the participant's and/or beneficiary's maximum benefit guaranteeable.

(c) *Annuitant's age factor.* If a participant or the beneficiary of a deceased participant is entitled to and chooses to receive his benefit at an age younger than 65, the monthly amount computed under § 4022.22 shall be reduced by the following amounts for each month up to the number of whole months below age 65 that corresponds to the later of the participant's age at the termination date or his age at the time he begins to receive the benefit: For each of the 60 months immediately preceding the 65th birthday, the reduction shall be $\frac{7}{12}$ of 1%; For each of the 60 months immediately preceding the 60th birthday, the reduction shall be $\frac{4}{12}$ of 1%; For each of the 120 months immediately preceding the 55th birthday, the reduction shall be $\frac{2}{12}$ of 1%; and For each succeeding 120 months period, the monthly percentage reduction shall be $\frac{1}{2}$ of that used for the preceding 120 month period.

(d) *Factor for benefit payable in a form other than as a life annuity.* When a benefit is in a form other than a life annuity payable in monthly installments, the monthly amount computed under § 4022.22 shall be adjusted by the appropriate factors on a case-by-case basis by PBGC. This paragraph sets forth the adjustment factors to be used for several common benefit forms payable in monthly installments.

(1) *Period certain and continuous annuity.* A period certain and continuous annuity means an annuity which is payable in periodic installments for the participant's life, but for not less than a specified period of time whether or not the participant dies during that period. The monthly amount of a period certain and continuous annuity computed under § 4022.22 shall be reduced by the following amounts for each month of the period certain subsequent to the termination date:

For each month up to 60 months deduct $\frac{1}{24}$ of 1%;

For each month beyond 60 months deduct $\frac{1}{12}$ of 1%.

(i) A cash refund annuity means an annuity under which if the participant dies prior to the time when he has received pension payments equal to a fixed sum specified in the plan, then the balance is paid as a lump-sum death benefit. A cash refund annuity shall be treated as a benefit payable for a period

certain and continuous. The period of certainty shall be computed by dividing the amount of the lump-sum refund by the monthly amount to which the participant is entitled under the terms of the plan.

(ii) An installment refund annuity means an annuity under which if the participant dies prior to the time he has received pension payments equal to a fixed sum specified in the plan, then the balance is paid as a death benefit in periodic installments equal in amount to the participant's periodic benefit. An installment refund annuity shall be treated as a benefit payable for a period certain and continuous. The period of certainty shall be computed by dividing the amount of the remaining refund by the monthly amount to which the participant is entitled under the terms of the plan.

(2) *Joint and survivor annuity (contingent basis).* A joint and survivor annuity (contingent basis) means an annuity which is payable in periodic installments to a participant for his life and upon his death is payable to his beneficiary for the beneficiary's life in the same or in a reduced amount. The monthly amount of a joint and survivor annuity (contingent basis) computed under § 4022.22 shall be reduced by an amount equal to 10% plus $\frac{2}{10}$ of 1% for each percentage point in excess of 50% of the participant's benefit that will continue to be paid to the beneficiary. If the benefit payable to the beneficiary is less than 50 percent of the participant's benefit, PBGC shall provide the adjustment factors to be used.

(3) *Joint and survivor annuity (joint basis).* A joint and survivor annuity (joint basis) means an annuity which is payable in periodic installments to a participant and upon his death or the death of his beneficiary is payable to the survivor for the survivor's life in the same or in a reduced amount. The monthly amount of a joint and survivor annuity (joint basis) computed under § 4022.22 shall be reduced by an amount equal to $\frac{4}{10}$ of 1% for each percentage point in excess of 50% of the participant's original benefit that will continue to be paid to the survivor. If the benefit payable to the survivor is less than 50 percent of the participant's original benefit, PBGC shall provide the adjustment factors to be used.

(e) When a benefit is payable in a form described in paragraph (d) (2) or (3) of this section, and the beneficiary's age is different from the participant's age, by 15 years or less, the monthly amount computed under § 4022.22 shall be adjusted by the following amounts: If the beneficiary is younger than the

participant, deduct 1% for each year of the age difference; If the beneficiary is older than the participant, add 1/2 of 1% for each year of the age difference. In computing the difference in ages, years over 65 years of age shall not be counted. If the difference in age between the beneficiary and the participant is greater than 15 years, PBGC shall provide the adjustment factors to be used.

(f) *Step-down life annuity.* A step-down life annuity means an annuity payable in a certain amount for the life of the participant plus a temporary additional amount payable until the participant attains an age specified in the plan.

(1) The temporary additional amount payable under a step-down life annuity shall be converted to a life annuity payable in monthly installments by multiplying the appropriate factor based

on the participant's age and the number of remaining years of the temporary additional benefit by the amount of the temporary additional benefit. The factors to be used are set forth in the table below. The amount of the monthly benefit so calculated shall be added to the level amount of the monthly benefit payable for life to determine the level-life annuity that is equivalent to the step-down life annuity.

¹ Age of participant is his age at his last birthday.

² If the benefit is payable for less than 1 yr, the appropriate factor is obtained by multiplying the factor for 1 yr by a fraction, the numerator of which is the number of months the benefit is payable, and the denominator of which is 12. If the benefit is payable for 1 or more whole years, plus an additional number of months less than 12, the appropriate factor is obtained by linear interpolation between the factor for the number of whole years the benefit is payable and the factor for the next year.

(2) If a participant is entitled to and chooses to receive a step-down life annuity at an age younger than 65, the monthly amount computed under § 4022.22 shall be adjusted by applying the factors set forth in paragraph (c) of this section in the manner described in paragraph (b) of this section.

(3) If the level-life monthly benefit calculated pursuant to paragraph (f)(1) of this section exceeds the monthly amount calculated pursuant to paragraph (f)(2) of this section, then the monthly maximum benefit guaranteeable shall be a step-down life annuity under which the monthly amount of the temporary additional benefit and the amount of the monthly benefit payable for life, respectively, shall bear the same ratio to the monthly amount of the temporary additional benefit and the monthly benefit payable for life provided under the plan, respectively, as the monthly benefit calculated pursuant to paragraph (f)(2)

of this section bears to the monthly benefit calculated pursuant to paragraph (f)(1) of this section.

§ 4022.24 Benefit increases.

(a) *Scope.* This section applies:

(1) To all benefit increases, as defined in § 4022.2, payable with respect to a participant other than a substantial owner, which have been in effect for less than five years preceding the termination date; and

(2) To all benefit increases payable with respect to a substantial owner, which have been in effect for less than 30 years preceding the termination date.

(b) *General rule.* Benefit increases described in paragraph (a) of this section shall be guaranteed only to the extent provided in § 4022.25 with respect to a participant other than a substantial owner and in § 4022.26 with respect to a participant who is a substantial owner.

(c) *Computation of guaranteeable benefit increases.* Except as provided in paragraph (d) of this section pertaining to multiple benefit increases, the amount of a guaranteeable benefit increase shall be the amount, if any, by which the monthly benefit calculated pursuant to paragraph (c)(1) of this section (the monthly benefit provided under the terms of the plan as of the termination date, as limited by § 4022.22) exceeds the monthly benefit calculated pursuant to paragraph (c)(4) of this section (the monthly benefit which would have been payable on the termination date if the benefit provided subsequent to the increase were equivalent, as of the date of the increase, to the benefit provided prior to the increase).

(1) Determine the amount of the monthly benefit payable on the termination date (or, in the case of a deferred benefit, the monthly benefit which will become payable thereafter)

under the terms of the plan subsequent to the increase, using service credited to the participant as of the termination date, that is guaranteeable pursuant to § 4022.22;

(2) Determine, as of the date of the benefit increase, in accordance with the provisions of § 4022.23, the factors which would be used to calculate the monthly maximum benefit guaranteeable (i) under the terms of the plan prior to the increase and (ii) under the terms of the plan subsequent to the increase. However, when the benefit referred to in paragraph (c)(2)(ii) of this section is a joint and survivor benefit deferred as of the termination date and there is no beneficiary on that date, the factors computed in paragraph (c)(2)(ii) of this section shall be determined as if the benefit were payable only to the participant. Each set of factors determined under this paragraph shall be stated in the manner set forth in § 4022.23(b)(1);

(3) Multiply the monthly benefit which would have been payable (or, in the case of a deferred benefit, would have become payable) under the terms of the plan prior to the increase based on service credited to the participant as of the termination date by a fraction, the numerator of which is the product of the factors computed pursuant to paragraph (c)(2)(ii) of this section and the denominator of which is the product of the factors computed pursuant to paragraph (c)(2)(i) of this section.

(4) Calculate the amount of the monthly benefit which would be payable on the termination date if the monthly benefit computed in paragraph (c)(3) of this section had been payable commencing on the date of the benefit increase (or, in the case of a deferred benefit, would have become payable thereafter.) In the case of a benefit which does not become payable until subsequent to the termination date, the amount of the monthly benefit determined pursuant to this paragraph is the same as the amount of the monthly benefit calculated pursuant to paragraph (c)(3) of this section.

(d) *Multiple benefit increases.* (1) Where there has been more than one benefit increase described in paragraph (a) of this section, the amounts of guaranteeable benefit increases shall be calculated beginning with the earliest increase, and each such amount (except for the amount resulting from the final benefit increase) shall be multiplied by a fraction, the numerator of which is the product of the factors, stated in the manner set forth in § 4022.23(b)(1), used to calculate the monthly maximum guaranteeable benefit under § 4022.22 and the denominator of which is the

product of the factors used in the calculation under paragraph (c)(2)(i) of this section.

(2) Each benefit increase shall be treated separately for the purposes of § 4022.25, except as otherwise provided in paragraph (d) of that section, and for the purposes of § 4022.26, as appropriate.

(e) For the purposes of this subpart, a benefit increase is deemed to be in effect commencing on the later of its adoption date or its effective date.

§ 4022.25 Five-year phase-in of benefit guarantee for participants other than substantial owners.

(a) *Scope.* This section applies to the guarantee of benefit increases which have been in effect for less than five years with respect to participants other than substantial owners.

(b) *Phase-in formula.* The amount of a benefit increase computed pursuant to § 4022.24 shall be guaranteed to the extent provided in the following formula: the number of years the benefit increase has been in effect, not to exceed five, multiplied by the greater of (1) 20 percent of the amount computed pursuant to § 4022.24; or (2) \$20 per month.

(c) *Computation of years.* In computing the number of years a benefit increase has been in effect, each complete 12-month period prior to the termination date during which such benefit increase was in effect shall constitute one year.

(d) *Multiple benefit increases.* In applying the formula contained in paragraph (b) of this section, multiple benefit increases within any 12-month period prior to the termination date and calculated from that date shall be aggregated and treated as one benefit increase.

(e) Notwithstanding the provisions of paragraph (b) of this section, a benefit increase described in paragraph (a) of this section shall be guaranteed only if PBGC determines that the plan was terminated for a reasonable business purpose and not for the purpose of obtaining the payment of benefits by PBGC.

§ 4022.26 Phase-in of benefit guarantee for participants who are substantial owners.

(a) *Scope.* This section shall apply to the guarantee of all benefits described in subpart A with respect to participants who are substantial owners at the termination date or who were substantial owners at any time within the 5-year period preceding that date.

(b) *Phase-in formula when there have been no benefit increases.* Benefits provided by a plan under which there

has been no benefit increase, other than the adoption of the plan, shall be guaranteed to the extent provided in the following formula: The monthly amount computed under § 4022.22 multiplied by a fraction not to exceed 1, the numerator of which is the number of full years prior to the termination date that the substantial owner was an active participant under the plan, and the denominator of which is 30. Active participation under a plan commences at the later of the date on which the plan is adopted or becomes effective.

(c) *Phase-in formula when there have been benefit increases.* If there has been a benefit increase under the plan, other than the adoption of the plan, benefits provided by each such increase shall be guaranteed to the extent provided in the following formula: The amount of the guaranteeable benefit increase computed under § 4022.24 multiplied by a fraction not to exceed 1, the numerator of which is the number of full years prior to the termination date that the benefit increase was in effect and during which the substantial owner was an active participant under the plan, and the denominator of which is 30. However, in no event shall the total benefits guaranteed under all such benefit increases exceed the benefits which are guaranteed under paragraph (b) of this section with respect to a plan described therein.

(d) For the purpose of computing the benefits guaranteed under this section, in the case of a substantial owner who becomes an active participant under a plan after a benefit increase (other than the adoption of the plan) has been put into effect, the plan as it exists at the time he commences his participation shall be deemed to be the original plan with respect to him.

§ 4022.27 Effect of tax disqualification.

(a) *General rule.* Except as provided in paragraph (b) of this section, benefits accrued under a plan after the date on which the Secretary of the Treasury or his delegate issues a notice that any trust which is part of the plan no longer meets the requirements of section 401(a) of the Code or that the plan no longer meets the requirements of section 404(a) of the Code or after the date of adoption of a plan amendment that causes the issuance of such a notice shall not be guaranteed under this part.

(b) *Exceptions.* The restriction on the guarantee of benefits set forth in paragraph (a) of this section shall not apply if:

(1) The Secretary of the Treasury or his delegate issues a notice stating that the original notice referred to in

paragraph (a) of this section was erroneous;

(2) The Secretary of the Treasury or his delegate finds that, subsequent to the issuance of the notice referred to in paragraph (a) of this section, appropriate action has been taken with respect to the trust or plan to cause it to meet the requirements of sections 401(a) or 404(a)(2) of the Code, respectively, and issues a subsequent notice stating that the trust or plan meets such requirements; or

(3) The plan amendment is revoked retroactively to its original effective date.

Subpart C—Calculation and Payment of Unfunded Nonguaranteed Benefits [Reserved]

Subpart D—Benefit Reductions in Terminating Plans

§ 4022.61 Limitations on benefit payments by plan administrator.

(a) *General.* When section 4041.4 of this chapter requires a plan administrator to reduce benefits, the plan administrator shall limit benefit payments in accordance with this section.

(b) *Accrued benefit at normal retirement.* Except to the extent permitted by paragraph (d) of this section, a plan administrator may not pay that portion of a monthly benefit payable with respect to any participant that exceeds the participant's accrued benefit payable at normal retirement age under the plan. For the purpose of applying this limitation, post-retirement benefit increases, such as cost-of-living adjustments, are not considered to increase a participant's benefit beyond his or her accrued benefit payable at normal retirement age.

(c) *Maximum guaranteeable benefit.* Except to the extent permitted by paragraph (d) of this section, a plan administrator may not pay that portion of a monthly benefit payable with respect to any participant, as limited by paragraph (b) of this section, that exceeds the maximum guaranteeable benefit under section 4022(b)(3)(B) of ERISA and § 4022.22(b) of this part, adjusted for age and benefit form, for the year of the proposed termination date.

(d) *Estimated benefit payments.* A plan administrator shall pay the monthly benefit payable with respect to each participant as determined under § 4022.62 or § 4022.63, whichever produces the higher benefit.

(e) *PBGC authority to modify procedures.* In order to avoid abuse of the plan termination insurance system, inequitable treatment of participants

and beneficiaries, or the imposition of unreasonable burdens on terminating plans, the PBGC may authorize or direct the use of alternative procedures for determining benefit reductions.

(f) *Examples.* This section is illustrated by the following examples:

Example 1—Facts. On October 10, 1992, a plan administrator files with the PBGC a notice of intent to terminate in a distress termination that includes December 31, 1992, as the proposed termination date. A participant who is in pay status on December 31, 1992, has been receiving his accrued benefit of \$2,500 per month under the plan. The benefit is in the form of a joint and survivor annuity (contingent basis) that will pay 50 percent of the participant's benefit amount (i.e., \$1,250 per month) to his surviving spouse following the death of the participant. On December 31, 1992, the participant is age 66, and his wife is age 56.

Benefit reductions. Paragraph (b) of this section requires the plan administrator to cease paying benefits in excess of the accrued benefit payable at normal retirement age. Because the participant is receiving only his accrued benefit, no reduction is required under paragraph (b).

Paragraph (c) of this section requires the plan administrator to cease paying benefits in excess of the maximum guaranteeable benefit, adjusted for age and benefit form in accordance with the provisions of subpart B. The maximum guaranteeable benefit for plans terminating in 1992, the year of the proposed termination date, is \$2,352.27 per month, payable in the form of a single life annuity at age 65. Because the participant is older than age 65, no adjustment is required under § 4022.23(c) based on the annuitant's age factor. The benefit form is a joint and survivor annuity (contingent basis), as defined in § 4022.23(d)(2). The required benefit reduction for this benefit form under § 4022.23(d) is 10 percent. The corresponding adjustment factor is 0.90 (1.00–0.10). The benefit reduction factor to adjust for the age difference between the participant and the beneficiary is computed under § 4022.23(e). In computing the difference in ages, years over 65 years of age are not taken into account. Therefore, the age difference is 9 years (65–56). The required percentage reduction when the beneficiary is 9 years younger than the participant is 9 percent. The corresponding adjustment factor is 0.91 (1.00–0.09).

The maximum guaranteeable benefit adjusted for age and benefit form is \$1,926.51 ($\$2,352.27 \times 0.90 \times 0.91$) per month. Therefore, the plan administrator must reduce the participant's benefit payment from \$2,500 to \$1,926.51. If the participant dies after December 31, 1992, the plan administrator will pay his spouse \$963.26 ($0.50 \times \$1,926.51$) per month.

Example 2—Facts. The benefit of a participant who retired under a plan at age 60 is a reduced single life annuity of \$400 per month plus a temporary supplement of \$400 per month payable until age 62 (i.e., a step-down benefit). The participant's accrued benefit under the plan is \$450 per month, payable from the plan's normal retirement

age. On the proposed termination date, June 30, 1992, the participant is 61 years old.

The maximum guaranteeable benefit adjusted for age under § 4022.23(c) of this chapter is \$1,693.63 ($\$2,352.27 \times 0.72$) per month. Since the benefit is payable as a single life annuity, no adjustment is required under § 4022.23(d) for benefit form.

Benefit reductions. The plan benefit of \$800 per month payable until age 62 exceeds the participant's accrued benefit at normal requirement age of \$450 per month. Paragraph (b) of this section requires that, except to the extent permitted by paragraph (d), the plan benefit must be reduced to \$450 per month. Since the levelized benefit of \$404.10 ($(0.082 \times 50) + \400) per month, determined under § 4022.23(f), is less than the adjusted maximum guaranteeable benefit of \$1,693.63 per month, no further reduction in the \$450 per month benefit payment is required under paragraph (c) of this section. The plan administrator next would determine the amount of the participant's estimated benefit under paragraph (d).

Example 3—Facts. A retired participant is receiving a reduced early retirement benefit of \$1,100 per month plus a temporary supplement of \$700 per month payable until age 62. The benefit is in the form of a single life annuity. On the proposed termination date, November 30, 1992, the participant is 56 years old.

The participant's accrued benefit at normal retirement age under the plan is \$1,200 per month. The maximum guaranteeable benefit adjusted for age is \$1,152.61 ($\$2,352.27 \times 0.49$) per month. A form adjustment is not required.

Benefit reductions. The plan benefit of \$1,800 per month payable from age 56 to age 62 exceeds the participant's accrued benefit at normal retirement age of \$1,200 per month. Therefore, under paragraph (b) of this section, the plan administrator must reduce the temporary supplement to \$100 per month.

For the purpose of determining whether the reduced benefit, i.e., a level-life annuity of \$1,100 per month and a temporary annuity supplement of \$100 per month to age 62, exceeds the maximum guaranteeable benefit adjusted for age, the temporary annuity supplement of \$100 per month is converted to a level-life annuity equivalent in accordance with § 4022.23(f) of this chapter. The level-life annuity equivalent is \$38.70 ($\100×0.387). This, added to the life annuity of \$1,100 per month, equals \$1,138.70. Since the maximum guaranteeable benefit of \$1,152.61 per month exceeds \$1,138.70 per month, no further reduction is required under paragraph (c) of this section.

The plan administrator next would determine the participant's estimated benefit under paragraph (d). Assume that the estimated benefit under paragraph (d) is \$780 per month until age 62 and \$715 per month thereafter. The plan administrator would pay the participant \$780 per month, reduced to \$715 per month at age 62, subject to the final benefit determination made under title IV.

Example 4—Facts. A retired participant is receiving a reduced early retirement benefit of \$2,650 per month plus a temporary supplement of \$800 per month payable until

age 62. The benefit is in the form of a joint and survivor annuity (contingent basis) that will pay 50 percent of the participant's benefit amount to his surviving spouse following the death of the participant. On the proposed termination date, December 20, 1992, the participant and his spouse are each 56 years old.

The participant's accrued benefit at normal retirement age under the plan is \$3,000 per month. The maximum guaranteeable benefit adjusted for age and the joint and survivor annuity (contingent basis) annuity form is \$1,037.35 per month. An adjustment for age difference is not required because the participant and his spouse are the same age.

Benefit reductions. The plan benefit of \$3,450 per month payable from age 56 to age 62 exceeds the participant's accrued benefit at normal retirement age, which is \$3,000 per month. Therefore, under paragraph (b) of this section, the plan administrator must reduce the participant's benefit so that it does not exceed \$3,000 per month.

The level-life equivalent of the participant's reduced benefit, determined using the § 4022.23(f) adjustment factor, is \$2,785.45 ($(\$350 \times 0.387) + \$2,650$) per month. Since this benefit exceeds the participant's maximum guaranteeable benefit of \$1,037.35 per month, the plan administrator must reduce the participant's benefit payment so that it does not exceed the maximum guaranteeable benefit.

The ratio of (i) the participant's maximum guaranteeable benefit to (ii) the level-life equivalent of the participant's reduced benefit (computed under the "accrued for normal retirement age" limitation) is used in converting the level-life maximum guaranteeable benefit to the step-down benefit form. The level-life equivalent of the reduced benefit computed under the "accrued for normal retirement age" limitation is 37.24 percent ($\$1,037.35 / \$2,785.45$). Thus, the plan administrator must reduce the participant's level-life benefit of \$2,650 per month to \$986.86 ($\$2,650 \times 0.3724$) and must further reduce the reduced temporary benefit of \$350 per month to \$130.34 ($\$350 \times 0.3724$). Under paragraph (c) of this section, therefore, the participant's maximum guaranteeable benefit is \$1,117.20 ($\$986.86 + \130.34) per month to age 62 and \$986.86 per month thereafter, subject to any adjustment under paragraph (d) of this section.

Assume that the estimated benefit under paragraph (d) is \$1,005.48 per month to age 62 and \$888.17 per month thereafter. The plan administrator would reduce the participant's benefit from \$3,450 per month to \$1,005.48 per month and pay this amount until age 62, at which time the benefit payment would be reduced to \$888.17 per month, subject to the final benefit determination made under title IV.

§ 4022.62 Estimated guaranteed benefit.

(a) **General.** The estimated guaranteed benefit payable with respect to each participant who is not a substantial owner is computed under paragraph (c) of this section. The estimated guaranteed benefit payable with respect to each participant who is a substantial

owner is computed under paragraph (d) of this section.

(b) **Rules for determining benefits.** For the purposes of determining entitlement to a benefit and the amount of the estimated benefit under this section, the following rules apply:

(1) **Participants in pay status on the proposed termination date.** For benefits payable with respect to a participant who is in pay status on or before the proposed termination date, the plan administrator shall use the participant's age and benefit payable under the plan as of the proposed termination date.

(2) **Participants who enter pay status after the proposed termination date.** For benefits payable with respect to a participant who enters pay status after the proposed termination date, the plan administrator shall use the participant's age as of the benefit commencement date and his or her service and compensation as of the proposed termination date.

(3) **Participants with new benefits or benefit improvements.** For the purpose of determining the estimated guaranteed benefit under paragraph (c) of this section, only new benefits and benefit improvements that affect the benefit of the participant or beneficiary for whom the determination is made are taken into account.

(4) **Limitations on estimated guaranteed benefits.** For the purpose of determining the estimated guaranteed benefit under paragraph (c) or (d) of this section, the benefit determined under paragraph (b)(1) or (b)(2) of this section is subject to the limitations set forth in § 4022.61 (b) and (c).

(c) **Estimated guaranteed benefit payable with respect to a participant who is not a substantial owner.** For benefits payable with respect to a participant who is not a substantial owner, the estimated guaranteed benefit is determined under paragraph (c)(1) of this section, if no portion of the benefit is subject to the phase-in of plan termination insurance guarantees set forth in section 4022(b)(1) of ERISA. In any other case, the estimated guaranteed benefit is determined under paragraph (c)(2). "Benefit subject to phase-in" means a benefit that is subject to the phase-in of plan termination insurance guarantees set forth in section 4022(b)(1) of ERISA, determined without regard to section 4022(b)(7) of ERISA.

(1) **Participants with no benefits subject to phase-in.** In the case of a participant or beneficiary with no benefit improvement (as defined in paragraph (c)(2)(ii)) or new benefit (as defined in paragraph (c)(2)(i)) in the five years preceding the proposed termination date, the estimated

guaranteed benefit is the benefit to which he or she is entitled under the rules in paragraph (b) of this section.

(2) **Participants with benefits subject to phase-in.** In the case of a participant or beneficiary with a benefit improvement or new benefit in the five years preceding the proposed termination date, the estimated guaranteed benefit is the benefit to which he or she is entitled under the rules in paragraph (b) of this section, multiplied by the multiplier determined according to paragraphs (i), (ii), and (iii), but not less than the benefit to which he or she would have been entitled if the benefit improvement or new benefit had not been adopted.

(i) From column (a) of Table I, select the line that applies according to the number of full years before the proposed termination date since the plan was last amended to provide for a new benefit (or the number of full years since the plan was established, if it has never been amended to provide for a new benefit). "New benefit" means a change in the terms of the plan that results in (a) a participant's or a beneficiary's eligibility for a benefit that was not previously available or to which he or she was not entitled (excluding a benefit that is actuarially equivalent to the normal retirement benefit to which the participant was previously entitled) or (b) an increase of more than twenty percent in the benefit to which a participant is entitled upon entering pay status before his or her normal retirement age under the plan. "New benefits" result from liberalized participation or vesting requirements, reductions in the age or service requirements for receiving unreduced benefits, additions of actuarially subsidized benefits, and increases in actuarial subsidies. The establishment of a plan creates a new benefit as of the effective date of the plan. A change in the amount of a benefit is not deemed to be a "new benefit" if it results solely from a benefit improvement. "New benefit" and "benefit improvement" are mutually exclusive terms.

(ii) If there was no benefit improvement under the plan during the one-year period ending on the proposed termination date, use the multiplier set forth in column (b) of Table I on the line selected from column (a). "Benefit improvement" means a change in the terms of the plan that results in (a) an increase in the benefit to which a participant is entitled at his or her normal retirement age under the plan or (b) an increase in the benefit to which a participant or beneficiary in pay status is entitled.

(iii) If there was any benefit improvement during the one-year period ending on the proposed termination date, use the multiplier set forth in column (c) of Table I on the line selected from column (a).

TABLE I.—APPLICABLE MULTIPLIER

Two50	.45
Fewer than two	.35	.30

Note: The foregoing method of estimating guaranteed benefits is based upon the PBGC's experience with a wide range of plans and may not provide accurate estimates in certain circumstances. In accordance with § 4022.61(e), a plan administrator may use a different method of estimation if he or she demonstrates to the PBGC that his proposed method will be more equitable to participants and beneficiaries. The PBGC may require the use of a different method in certain cases.

(d) *Estimated guaranteed benefit payable with respect to a substantial owner.* For benefits payable with respect to each participant who is a substantial owner and who commenced participation under the plan fewer than five full years before the proposed termination date, the estimated guaranteed benefit is determined under paragraph (d)(1). With respect to any other substantial owner, the estimated guaranteed benefit is determined under paragraph (d)(2).

(1) *Fewer than five years of participation.* The estimated guaranteed benefit under this paragraph is the benefit to which the substantial owner is entitled, as determined under paragraph (b) of this section, multiplied by a fraction, not to exceed one, the numerator of which is the number of full years prior to the proposed termination date that the substantial owner was an active participant under the plan and the denominator of which is thirty.

(2) *Five or more years of participation.* The estimated guaranteed benefit under this paragraph is the lesser of—

(i) the estimated guaranteed benefit calculated under paragraph (d)(1) of this section; or

(ii) the benefit to which the substantial owner would have been entitled as of the proposed termination date (or benefit commencement date in the case of a substantial owner whose benefit commences after the proposed

termination date) under the terms of the plan in effect when he or she first began participation, as limited by § 4022.61 (b) and (c), multiplied by a fraction, not to exceed one, the numerator of which is two times the number of full years of his or her active participation under the plan prior to the proposed termination date and the denominator of which is thirty.

(e) *Examples.* This section is illustrated by the following examples:

Example 1—*Facts.* A participant who is not a substantial owner retired on December 31, 1991, at age 60 and began receiving a benefit of \$600 per month. On January 1, 1989, the plan had been amended to allow participants to retire with unreduced benefits at age 60. Previously, a participant who retired before age 65 was subject to a reduction of $\frac{1}{15}$ for each year by which his or her actual retirement age preceded age 65. On January 1, 1992, the plan's benefit formula was amended to increase benefits for participants who retired before January 1, 1992. As a result, the participant's benefit was increased to \$750 per month. There have been no other pertinent amendments. The proposed termination date is December 15, 1992.

Estimated guaranteed benefit. No reduction is required under § 4022.61 (b) or (c) because the participant's benefit does not exceed either the participant's accrued benefit at normal retirement age or the maximum guaranteeable benefit. (Post-retirement benefit increases are not considered as increasing accrued benefits payable at normal retirement age.)

The amendment as of January 1, 1989, resulted in a "new benefit" because the reduction in the age at which the participant could receive unreduced benefits increased the participant's benefit entitlement at actual retirement age by $\frac{5}{15}$, which is more than a 20 percent increase. The amendment of January 1, 1992, which increased the participant's benefit to \$750 per month, is a "benefit improvement" because it is an increase in the amount of benefit for persons in pay status. (No percentage test applies in determining whether such an increase is a benefit improvement.)

The multiplier for computing the amount of the estimated guaranteed benefit is taken from the third row of Table I (because the last new benefit had been in effect for 3 full years as of the proposed termination date) and column (c) (because there was a benefit improvement within the 1-year period preceding the proposed termination date). This multiplier is 0.55. Therefore, the amount of the participant's estimated guaranteed benefit is \$412.50 ($0.55 \times \750) per month.

Example 2—*Facts.* A participant who is not a substantial owner terminated employment on December 31, 1990. On January 1, 1992, she reached age 65 and began receiving a benefit of \$250 per month. She had completed 3 years of service at her termination of employment and was fully vested in her accrued benefit. The plan's vesting schedule had been amended on July

1, 1988. Under the schedule in effect before the amendment, a participant with 5 years of service was 100 percent vested. There have been no other pertinent amendments. The proposed termination date is December 31, 1992.

Estimated guaranteed benefit. No reduction is required under § 4022.61 (b) or (c) because the participant's benefit does not exceed either her accrued benefit at normal retirement age or the maximum guaranteeable benefit. The plan's change of vesting schedule created a new benefit for the participant. Because the amendment was in effect for 4 full years before the proposed termination date, the second row of Table I is used to determine the applicable multiplier for estimating the amount of the participant's guaranteed benefit. Because the participant did not receive any benefit improvement during the 12-month period ending on the proposed termination date, column (b) of the table is used. Therefore, the multiplier is 0.80, and the amount of the participant's estimated guaranteed benefit is \$200 ($0.80 \times \250) per month.

Example 3—*Facts.* A participant who is a substantial owner retired prior to the proposed termination date after $5\frac{1}{2}$ years of active participation in the plan. The benefit under the terms of the plan when he first began active participation was \$800 per month. On the proposed termination date of April 30, 1992, he was entitled to receive a benefit of \$2000 per month. No reduction of this benefit is required under § 4022.61 (b) or (c).

Estimated guaranteed benefit. Paragraph (d)(2) of this section is used to compute the amount of the estimated guaranteed benefit of substantial owners with 5 or more years of active participation prior to the proposed termination date. Consequently, the amount of this participant's estimated guaranteed benefit is the lesser of—

(i) the amount calculated as if he had been an active participant in the plan for fewer than 5 full years on the proposed termination date, or \$333.33 ($\$2000 \times \frac{5}{30}$) per month, or

(ii) the amount to which he would have been entitled as of the proposed termination date under the terms of the plan when he first began participation, as limited by § 4022.61 (b) and (c), multiplied by 2 times the number of years of active participation and divided by 30, or \$266.67 ($\$800 \times 2 \times \frac{5}{30}$) per month. Therefore, the amount of the participant's estimated guaranteed benefit is \$266.67 per month.

§ 4022.63 Estimated title IV benefit.

(a) *General.* If the conditions specified in paragraph (b) exist, the plan administrator shall determine each participant's estimated title IV benefit. The estimated title IV benefit payable with respect to each participant who is not a substantial owner is computed under paragraph (c) of this section. The estimated title IV benefit payable with respect to each participant who is a substantial owner is computed under paragraph (d) of this section.

(b) *Conditions for use of this section.* The conditions set forth in this

paragraph must be satisfied in order to make use of the procedures set forth in this section. If the specified conditions exist, estimated title IV benefits must be determined in accordance with these procedures (or in accordance with alternative procedures authorized by the PBGC under § 4022.61(f)) for each participant and beneficiary whose benefit under the plan exceeds the limitations contained in § 4022.61(b) or (c) or who is a substantial owner or the beneficiary of a substantial owner. If the specified conditions do not exist, title IV benefits may be estimated by the plan administrator in accordance with procedures authorized by the PBGC, but no such estimate is required. The conditions are as follows:

(1) An actuarial valuation of the plan has been performed for a plan year beginning not more than eighteen months before the proposed termination date. If the interest rate used to value plan liabilities in this valuation exceeded the applicable valuation interest rates and factors under appendix B to part 4044 of this chapter in effect on the proposed termination date, the value of benefits in pay status and the value of vested benefits not in pay status on the valuation date must be converted to the PBGC's valuation rates and factors.

(2) The plan has been in effect for at least five full years before the proposed termination date, and the most recent actuarial valuation demonstrates that the value of plan assets, reduced by employee contributions remaining in the plan and interest credited thereon under the terms of the plan, exceeds the present value, adjusted as required under paragraph (b)(1), of all plan benefits in pay status on the valuation date.

(c) *Estimated title IV benefit payable with respect to a participant who is not a substantial owner.* For benefits payable with respect to a participant who is not a substantial owner, the estimated title IV benefit is the estimated priority category 3 benefit computed under this paragraph. Priority category 3 benefits are payable with respect to participants who were, or could have been, in pay status three full years prior to the proposed termination date. The estimated priority category 3 benefit is computed by multiplying the benefit payable with respect to the participant under § 4022.62 (b)(1) and (b)(2) by a fraction, not to exceed one—

(1) The numerator of which is the benefit that would be payable with respect to the participant at normal retirement age under the provisions of the plan in effect on the date five full years before the proposed termination

date, based on the participant's age, service, and compensation as of the earlier of the participant's benefit commencement date or the proposed termination date, and

(2) The denominator of which is the benefit that would be payable with respect to the participant at normal retirement age under the provisions of the plan in effect on the proposed termination date, based on the participant's age, service, and compensation as of the earlier of the participant's benefit commencement date or the proposed termination date.

(d) *Estimated title IV benefit payable with respect to a substantial owner.* For benefits payable with respect to a participant who is a substantial owner, the estimated title IV benefit is the higher of the benefit computed under paragraph (c) of this section or the benefit computed under this paragraph.

(1) The plan administrator shall first calculate the estimated guaranteed benefit payable with respect to the substantial owner as if he or she were not a substantial owner, using the method set forth in § 4022.62(c).

(2) The benefit computed under paragraph (d)(1) shall be multiplied by the priority category 4 funding ratio. The category 4 funding ratio is the ratio of x to y, not to exceed one, where—

(i) in a plan with priority category 3 benefits, x equals plan assets minus employee contributions remaining in the plan on the valuation date, with interest credited thereon under the terms of the plan, and the present value of benefits in pay status, and y equals the present value of all vested benefits not in pay status minus such employee contributions and interest; or

(ii) in a plan with no priority category 3 benefits, x equals plan assets minus employee contributions remaining in the plan on the valuation date, with interest credited thereon under the terms of the plan, and y equals the present value of all vested benefits minus such employee contributions and interest.

(e) *Examples.* This section is illustrated by the following examples:

Example 1—Facts. A participant who is not a substantial owner was eligible to retire 3½ years before the proposed termination date. The participant retired 2 years before the proposed termination date with 20 years of service. Her final 5 years' average salary was \$45,000, and she was entitled to an unreduced early retirement benefit of \$1,500 per month payable as a single life annuity. This retirement benefit does not exceed the limitation in § 4022.61 (b) or (c).

On the participant's benefit commencement date, the plan provided for a normal retirement benefit of 2 percent of the final 5 years' salary times the number of

years of service. Five years before the proposed termination date, the percentage was 1½ percent. The amendments improving benefits were put into effect 3½ years prior to the proposed termination date. There were no other amendments during the 5-year period.

The participant's estimated guaranteed benefit computed under § 4022.62(c) is \$1,500 per month times 0.90 (the factor from column (b) of Table I in § 4022.62(c)(2)), or \$1,350 per month. It is assumed that the plan meets the conditions set forth in paragraph (b) of this section, and the plan administrator is therefore required to estimate the title IV benefit.

Estimated title IV benefit. For a participant who is not a substantial owner, the amount of the estimated title IV benefit is the estimated priority category 3 benefit computed under paragraph (c) of this section. This amount is computed by multiplying the participant's benefit under the plan as of the later of the proposed termination date or the benefit commencement date by the ratio of (i) the normal retirement benefit under the provisions of the plan in effect 5 years before the proposed termination date and (ii) the normal retirement benefit under the plan provisions in effect on the proposed termination date.

Thus, the numerator of the ratio is the benefit that would be payable to the participant under the normal retirement provisions of the plan 5 years before the proposed termination date, based on her age, service, and compensation on her benefit commencement date. The denominator of the ratio is the benefit that would be payable to the participant under the normal retirement provisions of the plan in effect on the proposed termination date, based on her age, service, and compensation as of the earlier of her benefit commencement date or the proposed termination date. Since the only different factor in the numerator and denominator is the salary percentage, the amount of the estimated title IV benefit is \$1,125 (0.015/0.020 × \$1,500) per month. This amount is less than the estimated guaranteed benefit of \$1,350 per month. Therefore, in accordance with § 4022.61(d), the benefit payable to the participant is \$1,350 per month.

Example 2—Facts. A participant who is a substantial owner retires at the plan's normal retirement age, having completed 5 years of active participation in the plan, on October 31, 1992, which is the proposed termination date. Under provisions of the plan in effect 5 years prior to the proposed termination date, the participant is entitled to a single life annuity of \$500 per month. Under the most recent plan amendments, which were put into effect 1½ years prior to the proposed termination date, the participant is entitled to a single life annuity of \$1,000 per month. The participant's estimated guaranteed benefit computed under § 4022.62(d)(2) is \$166.67 per month.

It is assumed that all of the conditions in paragraph (b) of this section have been met. Plan assets equal \$2 million. The present value of all benefits in pay status is \$1.5 million based on applicable PBGC interest rates. There are no employee contributions

and the present value of all vested benefits that are not in pay status is \$0.75 million based on applicable PBGC interest rates.

Estimated title IV benefit. Paragraph (d) of this section provides that the amount of the estimated title IV benefit payable with respect to a participant who is a substantial owner is the higher of the estimated priority category 3 benefit computed under paragraph (c) of this section or the estimated priority category 4 benefit computed under paragraph (d) of this section.

Under paragraph (c), the participant's estimated priority category 3 benefit is \$500 ($\$1,000 \times \$500/\1000) per month.

Under paragraph (d), the participant's estimated priority category 4 benefit is the estimated guaranteed benefit computed under § 4022.62(c) (i.e., as if the participant were not a substantial owner) multiplied by the priority category 4 funding ratio. Since the plan has priority category 3 benefits, the ratio is determined under paragraph (d)(2)(i). The numerator of the ratio is plan assets minus the present value of benefits in pay status. The denominator of the ratio is the present value of all vested benefits that are not in pay status. The participant's estimated guaranteed benefit under § 4022.62(c) is \$1,000 per month times 0.90 (the factor from column (b) of Table I in § 4022.62(c)(2)), or \$900 per month. Multiplying \$900 by the category 4 funding ratio of $\frac{2}{3}$ ($\$2 \text{ million} - \$1.5 \text{ million}/\$0.75 \text{ million}$) produces an estimated category 4 benefit of \$600 per month.

Because the estimated category 4 benefit so computed is greater than the estimated category 3 benefit so computed, the estimated category 4 benefit is the estimated title IV benefit. Because the estimated category 4 benefit so computed is greater than the estimated guaranteed benefit of \$166.67 per month, in accordance with § 4022.61(d), the benefit payable to the participant is the estimated category 4 benefit of \$600 per month.

Subpart E—PBGC Recoupment and Reimbursement of Benefit Overpayments and Underpayments

§ 4022.81 General rules.

(a) *Recoupment of benefit overpayments.* If at any time the PBGC determines that net benefits paid with respect to any participant in a PBGC-trusted plan exceed the total amount to which the participant or his or her beneficiary is entitled up to that time under title IV of ERISA, and the participant or beneficiary is entitled to receive future benefit payments, the PBGC shall recoup the overpayment in accordance with paragraph (c) of this section and § 4022.82. Notwithstanding the previous sentence, the PBGC may, in its discretion, recover overpayments by methods other than recouping in accordance with the rules in this subpart. The PBGC will not normally exercise this right unless net benefits paid after the termination date exceed those to which a participant or

beneficiary is entitled under the terms of the plan before any reductions under subpart D.

(b) *Reimbursement of benefit underpayments.* If at any time the PBGC determines that net benefits paid with respect to a participant in a PBGC-trusted plan are less than the amount to which the participant or his or her beneficiary is entitled up to that time under title IV of ERISA, the PBGC shall reimburse the participant or beneficiary for the net underpayment in accordance with paragraphs (c) and (d) of this section and § 4022.83.

(c) *Payments subject to recoupment or reimbursement.* The PBGC shall recoup net overpayments and reimburse net underpayments made on or after the latest of the proposed termination date, the termination date, or, if no notice of intent to terminate was issued, the date on which proceedings to terminate the plan are instituted pursuant to section 4042 of ERISA.

(d) *Interest.* The PBGC will compute interest on overpayments and underpayments using the interest rate established for valuing immediate annuities as set forth in part 4044, appendix B, of this chapter according to the following rules:

(1) *Overpayments before recoupment begins.* Except as provided in paragraph (d)(2), no interest is charged on overpayments from the date of the payment to the date on which recoupment begins.

(2) *Receipt of both overpayments and underpayments.* If both benefit overpayments and benefit underpayments are made with respect to a participant, the PBGC will determine the amount of the net overpayment or underpayment by charging or crediting interest on each payment from the first day of the month after the date of payment to the first day of the month in which recoupment begins. If the net overpayment thus computed is greater than the sum of the actual overpayments (unadjusted for interest to the date on which recoupment begins), computations under § 4022.82 will be based upon the sum of the actual overpayments.

§ 4022.82 Method of recoupment.

(a) *Future benefit reductions.* Unless a participant or beneficiary elects otherwise under paragraph (b) of this section, the PBGC shall recoup overpayments of benefits in accordance with this paragraph. The benefit reduction under this paragraph shall be an amount equal to the fraction determined under paragraphs (a)(1) and (a)(2) of this section, multiplied by each

future benefit payment to which the participant or beneficiary is entitled.

(1) *Computation.* The PBGC shall determine the fractional multiplier by dividing the amount of the benefit overpayment by the present value of the benefit payable with respect to the participant under title IV of ERISA. The PBGC shall determine the present value of the benefit to which a participant or beneficiary is entitled under title IV of ERISA as of the termination date, using the PBGC interest rates and factors in effect on that date. The PBGC may, however, utilize a different date of determination if warranted by the facts and circumstances of a particular case.

(2) *Limitation on benefit reduction.* Except as provided in paragraph (a)(1) of this section, the PBGC shall reduce benefits with respect to a participant or beneficiary by no more than the greater of (i) ten percent per month or (ii) the amount of benefit per month in excess of the maximum guaranteeable benefit payable under section 4022(b)(3)(B) of ERISA, determined without adjustment for age and benefit form.

(3) *PBGC notice to participant or beneficiary.* Before effecting a benefit reduction pursuant to this paragraph, the PBGC shall notify the participant or beneficiary in writing of the amount of the benefit overpayment and of the amount of the reduced benefit computed under this section. The notice will advise the participant or beneficiary of the repayment option set forth in paragraph (b) of this section and inform him or her that the PBGC will proceed to recover the benefit overpayment in accordance with this paragraph unless an election to repay in a lump sum is made in accordance with paragraph (b).

(b) *Lump sum repayment.* A participant or beneficiary who has received a net benefit overpayment may elect to repay the excess in a single payment on or before a date agreed to by the participant or beneficiary and the PBGC. If the full payment is not made by the agreed upon date or a date is not agreed upon, the PBGC may proceed to recover the overpayment in accordance with paragraph (a) of this section.

§ 4022.83 PBGC reimbursement of benefit underpayments.

When the PBGC determines that there has been a net benefit underpayment made with respect to a participant, it shall pay the participant or beneficiary the amount of the net underpayment, determined in accordance with § 4022.81(d), in a single payment.

Appendix to Part 4022—Maximum Guaranteeable Monthly Benefit

The following table lists by year the maximum guaranteeable monthly benefit payable in the form of a life annuity commencing at age 65 as described by § 4022.22(b) to a participant in a plan that terminated in that year:

Year	Maximum guaranteeable monthly benefit

PART 4022B—AGGREGATE LIMITS ON GUARANTEED BENEFITS

§ 4022B.1 Aggregate payments limitation.

If a person is entitled to benefits under two or more plans or with respect to two or more participants, or if more than one person is entitled to benefits payable with respect to one participant, the aggregate benefits payable by PBGC from its funds shall be limited to the extent set forth in § 4022.22 computed without regard to the provisions of § 4022.22(a). Subpart A—General Provisions

§ 4041.1 Purpose and scope.

This part sets forth the rules and procedures for terminating a single-employer pension plan in a standard termination or in a distress termination under ERISA. Subpart A contains various general rules that apply to both standard terminations and distress terminations. Subpart B sets forth the specific steps that a plan administrator must follow in order to terminate a plan in a standard termination. Subpart C sets forth the specific steps that a plan administrator must follow in order to terminate a plan in a distress termination. This part applies to the termination of any single-employer plan covered under section 4021(a) of ERISA and not excluded by section 4021(b). This part does not reflect the amendments to sections 4041(b)(2)(C)(i) (relating to the PBGC's authority not to nullify a termination if nullification would be inconsistent with the interests of participants and beneficiaries) or 4041(c)(2)(B)(i)(I) (relating to the liquidation criteria for a distress termination) that were contained in the Retirement Protection Act of 1994 (Pub. L. 103-465, section 778 (a) and (b)).

§ 4041.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: affected party, annuity, benefit liabilities, Code, contributing sponsor, controlled group, distress termination, distribution date, employer, ERISA, guaranteed benefit, insurer, irrevocable commitment, IRS, mandatory employee contributions, normal retirement age, notice of intent to terminate, PBGC, person, plan, plan administrator, plan year, single-employer plan, standard termination, termination date, and title IV benefit.

In addition, for purposes of this part:

Distress termination notice means the notice filed with the PBGC pursuant to section 4041(c)(2)(A) of ERISA and § 4041.43. PBGC Form 601 (including Schedule EA-D) is the distress termination notice.

Distribution notice means the notice issued to the plan administrator by the PBGC pursuant to § 4041.45(c) of this part upon the PBGC's determination that the plan has sufficient assets to pay at least guaranteed benefits.

Existing collective bargaining agreement means a collective bargaining agreement that—

(1) By its terms, either has not expired or is extended beyond its stated expiration date because neither of the collective bargaining parties took the required action to terminate it, and

(2) Has not been made inoperative by a judicial ruling. When a collective bargaining agreement no longer meets these conditions, it ceases to be an "existing collective bargaining agreement," whether or not any or all of its terms may continue to apply by operation of law.

Majority owner means, with respect to a contributing sponsor of a single-employer plan, an individual who owns, directly or indirectly, 50 percent or more of—

(1) An unincorporated trade or business,

(2) The capital interest or the profits interest in a partnership, or

(3) Either the voting stock of a corporation or the value of all of the stock of a corporation. For this purpose, the constructive ownership rules of section 414 (b) and (c) of the Code shall apply.

Notice of benefit distribution means the notice to each participant and beneficiary required by § 4041.46 of this part describing the benefit to be distributed to him or her.

Notice of noncompliance means a notice issued to a plan administrator by the PBGC pursuant to section 4041(b)(2)(C) of ERISA and § 4041.26 of this part advising the plan administrator that the requirements for a standard

termination have not been satisfied and that the plan is an ongoing plan.

Notice of plan benefits means the notice to each participant and beneficiary required by section 4041(b)(2)(B) of ERISA and §§ 4041.22 and 4041.23 of this part describing his or her plan benefits.

Participant means—

(1) Any individual who is currently in employment covered by the plan and who is earning or retaining credited service under the plan, including any individual who is considered covered under the plan for purposes of meeting the minimum participation requirements but who, because of offset or similar provisions, does not have any accrued benefits;

(2) Any nonvested individual who is not currently in employment covered by the plan but who is earning or retaining credited service under the plan; and

(3) Any individual who is retired or separated from employment covered by the plan and who is receiving benefits under the plan or is entitled to begin receiving benefits under the plan in the future, excluding any such individual to whom an insurer has made an irrevocable commitment to pay all the benefits to which the individual is entitled under the plan.

Plan benefits means the benefits to which a participant is, or may become, entitled under the plan's provisions in effect as of the termination date, based on the participant's accrued benefit under the plan as of that date. Each participant's "plan benefits" equals that participant's "benefit liabilities," and the sum of all "plan benefits" equals the plan's "benefit liabilities."

Proposed distribution date means the date chosen by the plan administrator as the tentative date for the distribution of plan assets pursuant to a standard termination. A proposed distribution date may not be earlier than the 61st day, nor later than the 240th day, following the day on which the plan administrator files a standard termination notice with the PBGC.

Proposed termination date means the date specified as such by the plan administrator in the notice of intent to terminate or, if later, in the standard termination notice or the distress termination notice. A proposed termination date specified in the notice of intent to terminate may not be earlier than the 60th day, nor later than the 90th day, after the issuance of the notice of intent to terminate. A proposed termination date becomes the 'termination date' if a plan terminates in a standard termination. A proposed termination date specified in the distress termination notice may not be

earlier than the proposed termination date specified in the notice of intent to terminate, or (except with PBGC approval) later than the 90th day after the issuance of the notice of intent to terminate.

Residual assets means the plan assets remaining after all benefit liabilities and other liabilities of the plan have been satisfied.

Standard termination notice means the notice filed with the PBGC pursuant to section 4041(b)(2)(A) of ERISA and § 4041.24 of this part advising the PBGC of a proposed standard termination. PBGC Form 500 (including Schedule EA-S) is the standard termination notice.

§ 4041.3 Requirements for a standard termination or a distress termination.

(a) *Exclusive means of voluntary plan termination.* A plan may be voluntarily terminated by the plan administrator only if all of the requirements for a standard termination set forth in paragraph (b) of this section are satisfied or all of the requirements for a distress termination set forth in paragraph (c) of this section are satisfied.

(b) *Requirements for a standard termination.* A plan may be terminated in a standard termination only if—

(1) The plan administrator issues a notice of intent to terminate to each affected party in accordance with § 4041.21 at least 60 days and not more than 90 days before the proposed termination date;

(2) The plan administrator files a standard termination notice with the PBGC in accordance with § 4041.24 no later than 120 days after the proposed termination date or, if applicable, no later than the due date established in an extension notice issued under § 4041.8;

(3) The plan administrator issues notices of plan benefits to plan participants and beneficiaries in accordance with §§ 4041.22 and 4041.23 no later than the date that the standard termination notice is filed with the PBGC;

(4) The PBGC does not issue a notice of noncompliance to the plan administrator pursuant to § 4041.26; and

(5) The plan administrator distributes plan assets in accordance with § 4041.27(c) within the 180-day (or extended) distribution period under § 4041.27(a), (e), and (f) (or, where applicable, within the time prescribed in part 4050 of this chapter), in satisfaction of all benefit liabilities under the plan.

(c) *Requirements for a distress termination.* A plan may be terminated in a distress termination only if—

(1) The plan administrator issues a notice of intent to terminate to each affected party in accordance with § 4041.41 at least 60 days and not more than 90 days before the proposed termination date;

(2) The plan administrator files a distress termination notice with the PBGC in accordance with § 4041.43 no later than 120 days after the proposed termination date or, if applicable, no later than the due date established in an extension notice issued under § 4041.8; and

(3) The PBGC determines that each contributing sponsor and each member of its controlled group satisfy one of the distress criteria set forth in paragraph (e) of this section.

(d) *Effect of failure to satisfy requirements.* (1) If the plan administrator does not satisfy all of the requirements of paragraph (b) of this section for a standard termination or, except as provided in paragraph (d)(2)(i) of this section, all of the requirements of paragraph (c) of this section for a distress termination, any action taken to effect the plan termination shall be null and void, and the plan shall be an ongoing plan. A plan administrator who still desires to terminate the plan shall initiate the termination process again, starting with the issuance of a new notice of intent to terminate.

(2)(i) The PBGC may, upon its own motion, waive any requirement with respect to notices to be filed with the PBGC under paragraph (c)(1) or (c)(2) of this section if the PBGC believes that it will be less costly or administratively burdensome to the PBGC to do so. The PBGC will not entertain requests for waivers under this paragraph.

(ii) Notwithstanding any other provision of this part, the PBGC retains the authority in any case to initiate a plan termination in accordance with the provisions of section 4042 of ERISA.

(e) *Distress criteria.* In a distress termination, each contributing sponsor and each member of its controlled group shall satisfy at least one (but not necessarily the same one) of the following criteria in order for a distress termination to occur:

(1) *Liquidation.* This criterion is met if, as of the proposed termination date—

(i) A person has filed or had filed against it a petition seeking liquidation in a case under title 11, United States Code, or under a similar federal law or law of a State or political subdivision of a State, or a case described in paragraph (e)(2) of this section has been converted to such a case; and

(ii) The case has not been dismissed.

(2) *Reorganization.* This criterion is met if—

(i) As of the proposed termination date, a person has filed or had filed against it a petition seeking reorganization in a case under title 11, United States Code, or under a similar law of a state or a political subdivision of a state, or a case described in paragraph (e)(1) of this section has been converted to such a case;

(ii) As of the proposed termination date, the case has not been dismissed;

(iii) The person notifies the PBGC of any request to the bankruptcy court (or other appropriate court in a case under such similar law of a state or a political subdivision of a state) for approval of the plan termination by concurrently filing with the PBGC a copy of the motion requesting court approval, including any documents submitted in support of the request; and

(iv) The bankruptcy court or other appropriate court determines that, unless the plan is terminated, such person will be unable to pay all its debts pursuant to a plan of reorganization and will be unable to continue in business outside the reorganization process and approves the plan termination.

(3) *Inability to continue in business.* This criterion is met if a person demonstrates to the satisfaction of the PBGC that, unless a distress termination occurs, the person will be unable to pay its debts when due and to continue in business.

(4) *Unreasonably burdensome pension costs.* This criterion is met if a person demonstrates to the satisfaction of the PBGC that the person's costs of providing pension coverage have become unreasonably burdensome solely as a result of declining covered employment under all single-employer plans for which that person is a contributing sponsor.

(f) *Non-duplicative efforts.* (1) If a person requests approval of the plan termination by a court, as described in paragraph (e)(2) of this section, the PBGC—

(i) Will normally enter an appearance to request that the court make specific findings as to whether the contributing sponsor or controlled group member meets the distress test in paragraph (e)(3) of this section, or state that it is unable to make such findings;

(ii) Will provide the court with any information it has that may be germane to the court's ruling;

(iii) Will, if the person has requested, or later requests, a determination by the PBGC under paragraph (e)(3) of this section, defer action on the request until the court makes its determination; and

(iv) Will be bound by a final and non-appealable order of the court.

(2) If a person requests a determination by the PBGC under paragraph (e)(3) of this section, the PBGC determines that the distress criterion is not met, and the person thereafter requests approval of the plan termination by a court, as described in paragraph (e)(2) of this section, the PBGC will advise the court of its determination and make its administrative record available to the court.

(g) *Non-recognition of certain actions.* If the PBGC finds that a person undertook any action or failed to act for the principal purpose of satisfying any of the distress criteria contained in paragraph (e) of this section, rather than for a reasonable business purpose, the PBGC shall disregard such act or failure to act in determining whether the person has satisfied any of those criteria.

§ 4041.4 Administration of plan during pendency of termination proceedings.

(a) *General rule.* Except to the extent specifically prohibited by this section, during the pendency of termination proceedings the plan administrator shall continue to carry out the normal operations of the plan, such as putting participants into pay status, collecting contributions due the plan, investing plan assets, and, during the pendency of a standard termination, making loans to participants, in accordance with plan provisions and applicable law and regulations.

(b) *Prohibitions after issuance of notice of intent to terminate in a standard termination.* Except as provided in paragraph (d) of this section, during the period beginning on the first day the plan administrator issues a notice of intent to terminate and ending on the last day of the PBGC's 60-day (or extended) review period, as described in § 4041.25(a), the plan administrator shall not—

(1) Distribute plan assets pursuant to or in furtherance of the termination of the plan;

(2) Pay benefits attributable to employer contributions, other than death benefits, in any form other than as an annuity; or

(3) Purchase irrevocable commitments to provide benefits from an insurer.

(c) *Prohibitions after issuing notice of intent to terminate in a distress termination.* The plan administrator shall not make loans to plan participants beginning on the first day he or she issues a notice of intent to terminate, and from that date until a distribution is permitted pursuant to § 4041.48, the plan administrator shall not—

(1) Distribute plan assets pursuant to, or (except as required by this part) take any other actions to implement, the termination of the plan;

(2) Pay benefits attributable to employer contributions, other than death benefits, in any form other than as an annuity; or

(3) Purchase irrevocable commitments to provide benefits from an insurer.

(d) *Exceptions in a standard termination.* During the period set forth in paragraph (b) of this section, the plan administrator may pay benefits attributable to employer contributions either through the purchase of irrevocable commitments from an insurer or in a form other than an annuity if—

(1) The participant has separated from active employment;

(2) The distribution is consistent with prior plan practice; and

(3) The distribution is not reasonably expected to jeopardize the plan's sufficiency for benefit liabilities.

(e) *Effect of notice of noncompliance in a standard termination.* If the PBGC issues a notice of noncompliance pursuant to § 4041.26, the prohibitions described in paragraphs (b)(2) and (b)(3) of this section shall cease to apply—

(1) Upon expiration of the period during which reconsideration may be requested under § 4041.26(c) or, if earlier, at the time the plan administrator decides not to request reconsideration; or

(2) If reconsideration is requested, upon PBGC issuance of its decision on reconsideration.

(f) *Limitation on benefit payments on or after proposed termination date in a distress termination.* Beginning on the proposed termination date, the plan administrator shall reduce benefits to the level determined under part 4022, subpart D, of this chapter.

(g) *Failure to qualify for distress termination.* In any case where the PBGC determines, pursuant to § 4041.42(c) or § 4041.44(c)(1), that the requirements for a distress termination are not satisfied—

(1) The prohibitions in paragraph (c) of this section, other than those in paragraph (c)(1), shall cease to apply—

(i) Upon expiration of the period during which reconsideration may be requested under §§ 4041.42(e) and 4041.44(d) or, if earlier, at the time the plan administrator decides not to request reconsideration; or

(ii) If reconsideration is requested, upon PBGC issuance of its decision on reconsideration.

(2) Any benefits that were not paid pursuant to paragraph (f) of this section shall be due and payable as of the

effective date of the PBGC's determination, together with interest from the date (or dates) on which the unpaid amounts were originally due until the date on which they are paid in full at the rate or rates prescribed under § 4022.81(d) of this chapter.

(h) *Effect of subsequent insufficiency.* If the plan administrator makes a finding of subsequent insufficiency for guaranteed benefits pursuant to § 4041.47(b), or the PBGC notifies the plan administrator that it has made a finding of subsequent insufficiency for guaranteed benefits pursuant to § 4041.47(d), the prohibitions in paragraph (c) of this section shall apply in accordance with § 4041.47(e).

§ 4041.5 Challenges to plan termination under collective bargaining agreement.

(a) *Suspension upon formal challenge to termination.* (1)(i) If the PBGC is advised, before the 60-day (or extended) period specified in § 4041.25 ends (in a standard termination) or before issuance of a notice of inability to determine sufficiency or a distribution notice pursuant to § 4041.45(b) or (c) (in a distress termination), that a formal challenge to the termination (as described in paragraph (b) of this section) has been initiated, the PBGC shall suspend the termination proceeding and shall so advise the plan administrator in writing.

(ii) If the PBGC is advised of a challenge described in paragraph (a)(1)(i) of this section after the 60-day (or extended) period specified in § 4041.25 ends (in a standard termination) or after issuance of a notice of inability to determine sufficiency or a distribution notice pursuant to § 4041.45(b) or (c) (in a distress termination) but before the termination procedure is concluded pursuant to this part, the PBGC may suspend the termination proceeding and, if it does, shall so advise the plan administrator in writing.

(2) The rules in paragraphs (a)(3) or (a)(4) (as appropriate) shall apply during a period of suspension beginning on the date of the PBGC's written notification to the plan administrator and ending with the final resolution of the challenge to the termination:

(3) In a standard termination—

(i) The running of all time periods specified in ERISA or this part relevant to the termination shall be suspended; and

(ii) The plan administrator shall comply with the prohibitions in § 4041.4.

(4) In a distress termination—

(i) The suspension shall stay the issuance by the PBGC of any notice of

inability to determine sufficiency or distribution notice or, if any such notice was previously issued, shall stay its effectiveness;

(ii) The plan administrator shall comply with the prohibitions in § 4041.4; and

(iii) The plan administrator shall file a distress termination notice with the PBGC in the manner and within the time specified in § 4041.43.

(b) *Formal challenge to termination.* For purposes of this section, a formal challenge to a plan termination is initiated when any of the following actions is taken, asserting that the termination would violate the terms and conditions of an existing collective bargaining agreement:

(1) The commencement of any procedure specified in the collective bargaining agreement for resolving disputes under the agreement; or

(2) The commencement of any action before an arbitrator, administrative agency or board, or court under applicable labor-management relations law.

(c) *Resolution of challenge.*

Immediately upon the final resolution (as described in paragraph (d) of this section) of the formal challenge to the termination, the plan administrator shall notify the PBGC in writing of the outcome of the challenge, and shall provide the PBGC with a copy of the award or order, if any. If the validity of the proposed termination has been upheld, the plan administrator also shall advise the PBGC whether the plan administrator wishes to continue the proposed termination.

(1) *Challenge sustained.* If the arbitrator, agency, board, or court has determined (or the parties have agreed) that the proposed termination violates an existing collective bargaining agreement, the PBGC shall dismiss the termination proceeding, all actions taken to effect the plan termination shall be null and void, and the plan shall be an ongoing plan. In this event, in a distress termination, § 4041.4(g) shall apply as of the date of the dismissal by the PBGC.

(2) *Termination sustained.* If the arbitrator, agency, board, or court has determined (or the parties have agreed) that the proposed termination does not violate an existing collective bargaining agreement and the plan administrator wishes to proceed with the termination, the PBGC shall reactivate the termination proceeding by sending a written notice thereof to the plan administrator, and the following rules shall apply:

(i) The termination proceeding shall continue from the point where it was suspended;

(ii) All actions taken to effect the termination before the suspension shall be effective;

(iii) Any time periods that were suspended shall resume running from the date of the PBGC's notice of the reactivation of the proceeding;

(iv) Any time periods that had fewer than 15 days remaining shall be extended to the 15th day after the date of the PBGC's notice, or such later date as the PBGC may specify, and

(v) In a distress termination, the PBGC shall proceed to issue a notice of inability to determine sufficiency or a distribution notice (or reactivate any such notice stayed under paragraph (a)(3) of this section), either with or without first requesting updated information from the plan administrator pursuant to § 4041.43(c).

(d) *Final resolution of challenge.* For purposes of this section, a formal challenge to a proposed termination is finally resolved when—

(1) The parties involved in the challenge enter into a settlement that resolves the challenge;

(2) A final award, administrative decision, or court order is issued that is not subject to review or appeal; or

(3) A final award, administrative decision, or court order is issued that is not appealed, or review or enforcement of which is not sought, within the time for filing an appeal or requesting review or enforcement.

(e) *Involuntary termination by the PBGC.* Notwithstanding any other provision of this section, the PBGC retains the authority in any case to initiate a plan termination in accordance with the provisions of section 4042 of ERISA.

§ 4041.6 Annuity requirements.

(a) *General rule.* Except as provided in paragraphs (b) and (d) of this section (or, where applicable, in part 4050 of this chapter), when a plan is closed out under § 4041.27 (in a standard termination) or § 4041.48 (in a distress termination), any benefit that is payable as an annuity under the provisions of the plan must be provided in annuity form through the purchase from an insurer of a single premium, nonparticipating, nonsurrenderable annuity contract that constitutes an irrevocable commitment by the insurer to provide the benefits purchased.

(b) *Exceptions to annuity requirement.* A benefit that is payable as an annuity under the provisions of a plan need not be provided in annuity form if the plan provides for an alternative form of

distribution and either paragraph (b)(1) or (b)(2) of this section applies:

(1) The participant is not in pay status as of the distribution date, and the present value of the participant's total benefit under the plan, including amounts previously distributed to the participant, is \$3,500 or less, determined in accordance with sections 411(a)(11) and 417(e)(3) of the Code and the regulations thereunder. The present value of such benefits shall be determined using the interest rate or rates as of—

(i) The date set forth in the plan for such purpose, provided that the plan provision is in accord with section 417(e)(3) of the Code and the regulations thereunder (substituting "distribution date" for "annuity starting date" wherever used in the plan); or

(ii) If the plan does not provide for such a date, the distribution date.

(2) The participant elected the alternative form of distribution in writing, with the written consent of his or her spouse, in accordance with the requirements of sections 401(a)(11), 411(a)(11), and 417 of the Code and the regulations thereunder.

(c) *Optional benefit forms.* Except as permitted by sections 401(a)(11), 411(d)(6), and 417 of the Code and the regulations thereunder, an annuity contract purchased to satisfy the annuity requirement shall preserve all applicable benefit options provided under the plan as of the termination date.

(d) *Participating annuities.* (1) *General rule.* Notwithstanding the requirement of paragraph (a) of this section that an annuity contract be nonparticipating, a participating annuity contract may be purchased to satisfy the annuity requirement if the plan can provide for all benefit liabilities and—

(i) All benefit liabilities will be guaranteed under the annuity contract as the unconditional, irrevocable, and noncancellable obligation of the insurer;

(ii) In no event, including unfavorable investment or actuarial experience, can the amounts payable to participants under the annuity contract decrease except to correct mistakes; and

(iii) As provided in paragraph (d)(2) of this section, no amount of residual assets to which participants are entitled will be used to pay for the participation feature.

(2) *Plans with residual assets.* If all or a portion of the residual assets of a plan will be distributed to participants—

(i) The additional premium for the participation feature must be paid from the contributing sponsor's share, if any,

of the residual assets or from assets of the contributing sponsor; and

(ii) If the plan provided for mandatory employee contributions, the amount of residual assets must be determined using the price of the annuities for all benefit liabilities without the participation feature.

§ 4041.7 Facilitating plan sufficiency in a standard termination.

(a) *Commitment to make plan sufficient—(1) General rule.* At any time before a standard termination notice is filed with the PBGC, in order to enable the plan to terminate in that standard termination, a contributing sponsor or a member of a controlled group of a contributing sponsor may make a commitment to contribute any additional sums necessary to make the plan sufficient for all benefit liabilities. Any such commitment shall be treated as a plan asset for all purposes under this part. A sample commitment is included in the appendix to this part.

(2) *Requirements for valid commitment.* A commitment to make a plan sufficient for all benefit liabilities shall be valid for purposes of this part only if the commitment—

(i) Is made to the plan;

(ii) Is in writing, signed by the contributing sponsor and/or controlled group member(s); and

(iii) If the contributing sponsor or controlled group member is the subject of a bankruptcy liquidation or reorganization proceeding, as described in § 4041.3(e)(1) or (e)(2) of this part, is approved by the court before which the liquidation or reorganization proceeding is pending or is unconditionally guaranteed, by a person not in bankruptcy, to be met at or before the time distribution of assets is required in the standard termination.

(b) *Alternative treatment of majority owner's benefit—(1) General rule.* In order to facilitate the termination of the plan and distribution of assets in a standard termination, a majority owner may agree to forego receipt of all or part of his or her benefit until the benefit liabilities of all other plan participants have been satisfied.

(2) *Requirements for valid agreement.* Any agreement by a majority owner to an alternative treatment of his or her benefit is valid only if—

(i) The agreement is in writing;

(ii) In any case in which the total value of the benefit (determined in accordance with § 4041.6(b) of this part) is greater than \$3,500, the spouse, if any, of the majority owner consents, in writing, to the alternative treatment of the benefit; and

(iii) The agreement is not inconsistent with a qualified domestic relations order (as defined in section 206(d)(3) of ERISA).

§ 4041.8 Disaster relief.

(a) Notwithstanding any other provision in this part, when the President of the United States declares that, under the Disaster Relief Act of 1974, as amended (42 U.S.C. 5121, 5122(2), 5141(b)), a major disaster exists, the Executive Director of the PBGC (or his or her designee) may, by issuing one or more notices of disaster relief, extend by up to 180 days the due date for—

(1) Filing the standard termination notice under § 4041.24;

(2) Completing the distribution of plan assets in a standard termination under § 4041.27;

(3) Filing the distress termination notice pursuant to § 4041.43;

(4) Issuing the notices of benefit distribution in a distress termination pursuant to § 4041.46(a)(1); or

(5) Completing the distribution of plan assets in a distress termination pursuant to § 4041.48.

(b) The due date extension or extensions described in paragraph (a) of this section shall apply only to plan terminations with respect to which the principal place of business of the contributing sponsor or the plan administrator, or the office of the service provider, bank, insurance company, or other person maintaining the information necessary to file the standard or distress termination notice, issue notices of plan benefits or benefit distribution, or complete the distribution of plan assets (as applicable), is within a designated disaster area.

(c) The standard or distress termination notice or the post-distribution certification shall identify the termination as being qualified for the due date extension.

§ 4041.9 Filing with the PBGC.

(a) *Date of filing.* Any document required or permitted to be filed with the PBGC under this part shall be deemed filed on the date that it is received at the PBGC, providing it is received no later than 4:00 p.m. on a day other than Saturday, Sunday, or a Federal holiday. Documents received after 4:00 p.m. or on Saturday, Sunday, or a Federal holiday shall be deemed filed on the next regular business day.

(b) *How to file.* Except as may otherwise be provided in applicable forms and instructions, any document to be filed under this part may be delivered by mail or by hand to: Reports

Processing, Insurance Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026

§ 4041.10 Computation of time.

In computing any period of time prescribed or allowed by this part, the day of the act or event from which the designated period of time begins to run is not counted. The last day of the period so computed shall be included, unless it is a Saturday, Sunday, or Federal holiday, in which event the period runs until the end of the next day that is not a Saturday, Sunday, or Federal holiday. Notwithstanding the preceding sentence, a proposed termination date may be any day, including a Saturday, Sunday, or Federal holiday.

§ 4041.11 Maintenance of plan records.

Either the contributing sponsor or the plan administrator of a plan terminating in a standard termination or a plan terminating in a distress termination that closes out in accordance with § 4041.48 pursuant to a distribution notice issued under § 4041.45(c) shall maintain and preserve all records used to compute benefits with respect to each individual who is a plan participant or a beneficiary of a deceased participant as of the termination date in accordance with the following rules:

(a) The records to be maintained and preserved are those used to compute the benefit for purposes of distribution to each individual in accordance with § 4041.27(c) (in a standard termination) or § 4041.48 (in a distress termination) and include, but are not limited to, the plan documents and all underlying data, including worksheets prepared by or at the direction of the enrolled actuary, used in determining the amount, form, and value of benefits.

(b) All records subject to this section shall be preserved for six years after the date the post-distribution certification required under § 4041.27(h) (in a standard termination) or § 4041.48(b) (in a distress termination) is filed with the PBGC.

(c) The contributing sponsor or plan administrator, as appropriate, shall make records subject to this section available to the PBGC upon request for inspection and photocopying, and shall submit such records to the PBGC within 30 days after receipt of the PBGC's written request therefor (or such other period as may be specified in such written request).

§ 4041.12 Information collection.

The information collection requirements contained in this part have

been approved by the Office of Management and Budget under control number 1212-0036.

Subpart B—Standard Termination Process

§ 4041.21 Notice of intent to terminate.

(a) *General rule.* At least 60 days and no more than 90 days before the proposed termination date, the plan administrator shall issue to each person who is (as of the proposed termination date) an affected party (other than the PBGC) a written notice of intent to terminate containing all of the information specified in paragraph (d) of this section. Failure to comply with the requirements of this section shall nullify the proposed termination.

(b) *Discovery of other affected parties.* Notwithstanding the provisions of paragraph (a) of this section, if the plan administrator discovers additional affected parties after the expiration of the time period specified in paragraph (a) of this section, the failure to issue the notice of intent to terminate to such parties within the specified time period will not cause the notice to be untimely under paragraph (a) of this section if the plan administrator could not reasonably have been expected to know of the additional affected parties and if he or she promptly issues the notice to each additional affected party.

(c) *Issuance—(1) Method.* The plan administrator shall issue the notice of intent to terminate to each affected party (other than the PBGC) individually either by hand delivery or by first-class mail or courier service directed to the affected party's last known address.

(2) *When issued.* The notice of intent to terminate is deemed issued to each affected party on the date on which it is handed to the affected party or deposited with a mail or courier service (as evidenced by a postmark or written receipt).

(d) *Contents of notice.* The plan administrator shall include in the notice of intent to terminate all of the following information:

(1) The name of the plan and of the contributing sponsor;

(2) The employer identification number ("EIN") of the contributing sponsor and the plan number ("PN"); if there is no EIN or PN, the notice shall so state;

(3) The name, address, and telephone number of the person who may be contacted by an affected party with questions concerning the plan's termination;

(4) A statement that the plan administrator expects to terminate the plan in a standard termination on a

proposed termination date that is either—

(i) A specific date set forth in the notice, or

(ii) A date to be determined that is dependent on the occurrence of some future event;

(5) If the proposed termination date is dependent on the occurrence of a future event, the nature of the event (such as the merger of the contributing sponsor with another entity), generally when the event is expected to occur, and when the termination will occur in relation to the other event;

(6) A statement that benefit and service accruals will continue until the termination date or, if applicable, that benefit accruals were or will be frozen as of a specific date in accordance with section 204(h) of ERISA;

(7) A statement that, in order to terminate in a standard termination, plan assets must be sufficient to provide all benefit liabilities under the plan with respect to each participant and each beneficiary of a deceased participant;

(8) A statement that, after plan assets have been distributed to provide all benefit liabilities with respect to a participant or a beneficiary of a deceased participant, either by the purchase of an irrevocable commitment or commitments from an insurer to provide benefits or by an alternative form of distribution provided for under the plan, the PBGC's guarantee with respect to that participant's or beneficiary's benefit ends;

(9) If distribution of benefits under the plan may be wholly or partially by the purchase of irrevocable commitments from an insurer—

(i) The name and address of the insurer or insurers from whom, or (if not then known) the insurers from among whom, the plan administrator intends to purchase the irrevocable commitments; or

(ii) If the plan administrator has not identified an insurer or insurers at the time the notice of intent to terminate is issued, a statement that—

(A) Irrevocable commitments may be purchased from an insurer to provide some or all of the benefits under the plan,

(B) The insurer or insurers have not yet been identified, and

(C) Affected parties (other than the PBGC) will be notified at a later date (but no later than 45 days before the distribution date) of the name and address of the insurer or insurers from whom, or (if not then known) the insurers from among whom, the plan administrator intends to purchase the irrevocable commitments;

(10) A statement that if the termination does not occur, the plan administrator will notify the affected parties (other than the PBGC) in writing of that fact;

(11) A statement that each affected party, other than the PBGC or any employee organization, will receive a written notification of the benefits that the person will receive; and

(12) For retirees only, a statement that their monthly (or other periodic) benefit amounts will not be affected by the plan's termination.

(e) *Supplemental notice requirements.*

(1) The plan administrator shall issue a supplemental notice (or notices) of intent to terminate to each affected party (other than the PBGC) in accordance with the rules in paragraph (e)(2) of this section if—

(i) The plan administrator has not yet identified an insurer or insurers at the time the notice of intent to terminate is issued; or

(ii) The plan administrator notifies affected parties (other than the PBGC) of the insurer or insurers from whom (or from among whom) he or she intends to purchase the irrevocable commitments, either in the notice of intent to terminate or in a later notice, but subsequently decides to select a different insurer.

(2) The plan administrator shall issue each supplemental notice in the manner provided in paragraph (c) of this section no later than 45 days before the distribution date and shall include the name and address of the insurer or insurers from whom, or (if not then known) the insurers from among whom, the plan administrator intends to purchase the irrevocable commitments.

(3) Any supplemental notice or notices meeting the requirements of paragraph (e)(2) of this section shall be deemed a part of the notice of intent to terminate.

(f) *Spin-off/termination transactions.* In the case of a spin-off/termination transaction, the plan administrator shall provide all participants in the original plan who are covered by the ongoing plan (as of the proposed termination date) with a notice describing the transaction no later than the date on which the plan administrator completes the issuance of notices of intent to terminate under this section. A spin-off/termination is a transaction in which a single defined benefit plan is split into two or more plans, in conjunction with the termination of one or more of the plans, resulting in a reversion of residual assets to the employer.

§ 4041.22 Issuance of notices of plan benefits.

(a) *General rule.* No later than the date on which the plan administrator files the standard termination notice with the PBGC, as required by § 4041.24, the plan administrator shall issue to each person described in paragraph (b) of this section a notice of that individual's plan benefits. The notice shall be in the form and contain the information specified in § 4041.23. Failure to comply with the requirements of this section shall nullify the proposed termination.

(b) *Persons entitled to notice.* The plan administrator shall issue a notice of plan benefits to each person (other than the PBGC or any employee organization) who is an affected party as of the proposed termination date (and, in the case of a spin-off/termination transaction as described in § 4043.21(f), each person who is, as of the proposed termination date, a participant in the original plan who is covered by the ongoing plan).

(c) *Discovery of other affected parties.* Notwithstanding the provisions of paragraph (a) of this section, if the plan administrator discovers additional persons entitled to a notice of plan benefits after the expiration of the time period specified in paragraph (a) of this section, the failure to issue a notice of plan benefits to such persons within the specified time period will not cause such notices to be untimely under paragraph (a) of this section if the plan administrator could not reasonably have been expected to know of the additional persons and if he or she promptly issues, to each such additional person, a notice of plan benefits in the form and containing the information specified in § 4041.23.

(d) *Issuance—(1) Method.* The plan administrator shall issue a notice of plan benefits individually to each person described in paragraph (b) of this section, either by hand-delivery or by first-class mail or courier service directed to the person's last known address.

(2) *When issued.* A notice of plan benefits is deemed issued to each person on the date it is handed to the person or deposited with a mail or courier service (as evidenced by a postmark or written receipt).

§ 4041.23 Form and contents of notices of plan benefits.

(a) *Form of notices.* The plan administrator shall provide notices of plan benefits written in plain, non-technical English that is likely to be understood by the average participant or beneficiary. If technical terms must be

used, their meaning shall be explained in non-technical language.

(b) *Foreign languages.* The plan administrator of a plan described in this paragraph shall comply with paragraph (a) of this section and also shall include in the notices a statement, prominently displayed, in the foreign language (or languages) common to the non-English speaking plan participants advising them of how they may obtain assistance in understanding the notice. The assistance need not involve written materials, but shall be adequate to reasonably ensure that the participants and beneficiaries understand the information contained in their notices and shall be provided through media and at times and places that are reasonably accessible to the participants and beneficiaries. A plan is described in this paragraph if, as of the proposed termination date, the plan either—

(1) Covers fewer than 100 participants and at least 25 percent of those participants speak only the same non-English language or

(2) Covers 100 or more participants and at least the lesser of 500 or 10 percent of those participants speak the same non-English language.

(c) *Contents of notice.* In addition to the information described in paragraph (d), (e), or (f) of this section, as applicable, the plan administrator shall include in each notice of plan benefits the following information:

(1) The name of the plan, the employer identification number ("EIN") of the contributing sponsor, and the plan number ("PN"); if there is no EIN or PN, the notice shall so state;

(2) The name, address, and telephone number of the person who may be contacted to answer questions concerning a participant's or beneficiary's benefit;

(3) The proposed termination date and, if applicable, a statement that this date is later than the proposed termination date given in the notice of intent to terminate; and

(4) If the amount of the plan benefits set forth in a notice is an estimate, a statement that the amount is an estimate and that benefits paid may be greater than or less than the estimate.

(d) *Benefits of persons in pay status.* The plan administrator shall include in the notice of plan benefits for a participant or beneficiary in pay status as of the proposed termination date the following information:

(1) The amount and form of the participant's plan benefits payable as of the proposed termination date;

(2) The amount and form of benefit, if any, payable to a beneficiary upon the

participant's death and the name of the beneficiary;

(3) The amount and date of any increase or decrease in the benefit scheduled to occur after the proposed termination date (or that has already occurred) and an explanation of the increase or decrease, including, where applicable, a reference to the pertinent plan provision; and

(4) For benefits of participants or beneficiaries in pay status for one year or less as of the proposed termination date, the specific personal data used to calculate the plan benefits described in paragraphs (d)(1) and (d)(2) of this section, *e.g.*, participant's age at retirement, spouse's age, participant's length of service, and including, for Social Security offset benefits, the participant's actual or, if unknown, estimated Social Security benefit and, for an estimated benefit, the assumptions used for the participant's earnings history.

(e) *Benefits of participants not in pay status but form and starting date known.* The plan administrator shall include in the notice of plan benefits for a participant who is not in pay status as of the proposed termination date, but who has, as of that date, elected to retire and has elected a form and starting date, or with respect to whom the plan administrator has determined a lump sum distribution will be made, the following information:

(1) The amount and form of the participant's plan benefits payable as of the projected benefit starting date, and what that date is;

(2) The amount and form of benefit, if any, payable to a beneficiary upon the participant's death and the name of the beneficiary;

(3) The amount and date of any increase or decrease in the benefit scheduled to occur after the proposed termination date (or that has already occurred) and an explanation of the increase or decrease, including, where applicable, a reference to the pertinent plan provision; and

(4) If the age at which, or form in which, the plan benefits will be paid differs from the age or form in which the participant's accrued benefit at normal retirement age is stated in the plan, the age or form stated in the plan and the age or form adjustment factors, including, in the case of a lump sum benefit, the interest rate used to convert to the lump sum benefit described in paragraph (e)(1) of this section and a reference to the pertinent plan provision;

(5) The specific personal data, as described in paragraph (d)(4) of this section, used to calculate the plan

benefits (other than a lump sum benefit) described in paragraphs (e)(1) and (e)(2) of this section and, with respect to a benefit payable as a lump sum, the personal data used to calculate the underlying annuity; and

(6) If the plan benefits will be paid in a lump sum, an explanation of how the interest rate is used to calculate the lump sum; a statement that the higher the interest rate used, the smaller the lump sum amount; and, if applicable, a statement that the lump sum amount given is an estimate because the applicable interest rate may change before the distribution date.

(f) *Benefits of all other participants not in pay status.* The plan administrator shall include in the notice of plan benefits for any participant not described in paragraph (d) or (e) of this section, the following information:

(1) The amount and form of the participant's plan benefits payable at normal retirement age in any form permitted under the plan;

(2) The availability of any alternative benefit forms, including those payable to a beneficiary upon the participant's death either before or after retirement, and, for any benefits to which the participant is or may become entitled that would be payable before normal retirement age, the earliest benefit commencement date, the amount payable on and after such date, and whether the benefit would be subject to future reduction;

(3) The specific personal data, as described in paragraph (d)(4) of this section, used to calculate the plan benefits described in paragraph (f)(1) of this section and, with respect to a benefit that may be paid in a lump sum, the personal data used to calculate the underlying annuity; and

(4) If the plan benefits may be paid in a lump sum, an explanation of when a lump sum may be paid without a participant's consent; an explanation of how the interest rate is used to calculate the lump sum; and a statement that the higher the interest rate used, the smaller the lump sum amount.

§ 4041.24 Standard termination notice.

(a) *Form.* The plan administrator shall file with the PBGC a PBGC Form 500, Standard Termination Notice, Single-Employer Plan Termination, with Schedule EA-S, Standard Termination Certification of Sufficiency, that has been completed in accordance with the instructions thereto. Except as provided in § 4041.8, the plan administrator shall file the standard termination notice on or before the 120th day after the proposed termination date.

(b) *Supplemental notice requirement.* If any of the benefits of the terminating plan may be provided in annuity form through the purchase of irrevocable commitments from an insurer and either of the conditions in paragraph (b)(1) of this section is met, the plan administrator shall file a supplemental notice (or notices) with the PBGC in accordance with the provisions in paragraph (b)(2) of this section.

(1) The plan administrator shall file with the PBGC a supplemental notice (or notices) if—

(i) The insurer or insurers from whom the plan administrator intends to purchase irrevocable commitments is not identified in the standard termination notice filed with the PBGC, or

(ii) The plan administrator has notified the PBGC of the insurer or insurers from whom he or she intends to purchase irrevocable commitments, either in the standard termination notice or in a later notice pursuant to paragraph (b)(2) of this section, and subsequently decides to select a different insurer.

(2) The supplemental notice (or notices) may be filed at any time after the filing of the standard termination notice, but no later than 45 days before the distribution date, and shall—

(i) Be in writing addressed to: Reports Processing, Insurance Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026.

(ii) Give information identifying the contributing sponsor and the plan by name, address, employer identification and plan numbers ("EIN/PN"), and PBGC case number (if applicable); and

(iii) Give the name and address of the insurer or insurers from whom, or (if not then known) the insurers from among whom, the plan administrator intends to purchase the irrevocable commitments.

§ 4041.25 PBGC action upon filing of standard termination notice.

(a) *Review period upon filing of standard termination notice—(1)*

General rule. After a complete standard termination notice has been filed in accordance with § 4041.9, the PBGC has 60 days to review the notice, determine whether to issue a notice of noncompliance pursuant to § 4041.26, and issue any such notice. The 60-day review period begins on the day following the filing of a complete standard termination notice and includes the 60th day. If the PBGC does not issue a notice of noncompliance by the last day of this 60-day period, the plan administrator shall proceed to

close out the plan in accordance with § 4041.27.

(2) *Extension of review period.* The 60-day review period may be extended according to the following rules:

(i) The PBGC and the plan administrator may agree in writing, before the expiration of the 60-day review period, to extend the period for up to an additional 60 days;

(ii) More than one such extension may be made; and

(iii) Any extension may be made upon whatever terms and conditions are agreed to by the PBGC and the plan administrator.

(3) *Suspension of review period.* The 60-day review period shall be suspended in accordance with paragraph (d) of this section if the PBGC requests supplemental information.

(b) *Acknowledgment of complete standard termination notice.* The PBGC shall notify the plan administrator in writing of the date on which a complete standard termination notice was filed, so that the plan administrator may determine when the 60-day review period will expire.

(c) *Return of incomplete standard termination notice.* The PBGC shall return an incomplete standard termination notice and advise the plan administrator in writing of the missing item(s) of information and that the complete standard termination notice must be filed no later than the 120th day after the proposed termination date or the 20th day after the date of the PBGC notice, whichever is later.

(d) *Authority to request supplemental information.* Whenever the PBGC has reason to believe that any of the requirements of §§ 4041.21 through 4041.24 of this part were not complied with, or in any proposed termination that will result in a reversion of residual assets to the contributing sponsor, the PBGC may require the submission of information supplementing that furnished pursuant to § 4041.24. A request for additional information under this paragraph shall be in writing and shall suspend the running of the 60-day (or extended) review period described in paragraph (a) of this section. That period shall begin running again on the day following the filing of the required information. If a plan administrator or contributing sponsor fails to submit information required under this paragraph within the period specified in the PBGC's request, the PBGC may issue a notice of noncompliance in accordance with § 4041.26 or take other appropriate action to enforce the requirements of Title IV of ERISA.

(e) *Authority to suspend or nullify proposed termination.* Notwithstanding

any other provision of this part, the PBGC may, by written notice to the plan administrator, suspend or nullify a proposed termination after expiration of the 60-day (or extended) review period in any case in which it determines that such action is necessary to carry out the purposes of Title IV of ERISA.

§ 4041.26 Notice of noncompliance.

(a) *General.* (1) The PBGC shall issue to the plan administrator a written notice of noncompliance, within the period prescribed by § 4041.25, whenever it makes one of the following determinations:

(i) A determination that the plan administrator failed to issue the notice of intent to terminate in accordance with § 4041.21.

(ii) A determination that the plan administrator failed to issue notices of plan benefits in accordance with §§ 4041.22 and 4041.23.

(iii) A determination that the standard termination notice, or any supplemental notice, was not filed in accordance with § 4041.24.

(iv) A determination that, as of the proposed distribution date, plan assets will not be sufficient to satisfy all benefit liabilities under the plan.

(2) The PBGC shall base any determination described in paragraph (a)(1) of this section on the information contained in the standard termination notice, including any supplemental submission under § 4041.25(d) and any supplemental notice under § 4041.24(b), or on information provided by any affected party or otherwise obtained by the PBGC.

(b) *Effect of notice of noncompliance.* A notice of noncompliance ends the standard termination proceeding, nullifies all actions taken to terminate the plan, and renders the plan an ongoing plan. The notice of noncompliance is effective upon the expiration of the period within which the plan administrator may request reconsideration pursuant to paragraph (c) of this section but, once a notice is issued, the plan administrator shall take no further action to terminate the plan (except by initiation of a new termination) unless and until the notice is revoked pursuant to a decision by the PBGC on reconsideration.

(c) *Reconsideration of notice of noncompliance.* A plan administrator may request reconsideration of a notice of noncompliance in accordance with the rules prescribed in part 4003, subpart C, of this chapter. Any request for reconsideration automatically stays the effectiveness of the notice of noncompliance until the PBGC issues its decision on reconsideration.

(d) *Notice to affected parties—(1) General rule.* Upon a decision by the PBGC on reconsideration affirming the issuance of a notice of noncompliance (or, if earlier, upon the plan administrator's decision not to request reconsideration), the plan administrator shall notify the affected parties (other than the PBGC), and any persons who were provided notice under § 4041.21(f), in writing that the plan is not going to terminate or, if applicable, that the termination was invalid but that a new notice of intent to terminate is being issued.

(2) *Method of issuance.* The notices shall be delivered by first-class mail or by hand to each person described in paragraph (d)(1) who is an employee organization or a participant or beneficiary who is then in pay status. The notices to other participants and beneficiaries shall be provided in any manner reasonably calculated to reach those participants and beneficiaries. Reasonable methods of notification include, but are not limited to, posting the notice at participants' worksites or publishing the notice in an employee organization newsletter or newspaper of general circulation in the area or areas where participants and beneficiaries reside.

§ 4041.27 Closeout of plan.

(a) *General rules—(1) Distribution.* Except as provided in paragraphs (b), (e), and (f) of this section and § 4041.8 of this part, if the PBGC does not issue a notice of noncompliance within the period specified in § 4041.25 or, if a notice of noncompliance is issued and later revoked after reconsideration under § 4041.26(c), the plan administrator shall complete the distribution of plan assets in accordance with paragraph (c) of this section within 180 days after the expiration of the review period specified in § 4041.25 (or, if applicable, the date on which the PBGC revokes the notice of noncompliance) or, if applicable, within the time prescribed in part 4050 of this chapter.

(2) *Post-distribution requirements.* The plan administrator shall file with the PBGC a post-distribution certification in accordance with paragraph (h) of this section and, if any of the plan's benefit liabilities payable to a participant or beneficiary have been distributed through the purchase of irrevocable commitments, the plan administrator also shall provide such participant or beneficiary with a notice, contract, or certificate in accordance with paragraph (g) of this section.

(b) *Assets insufficient to satisfy benefit liabilities.* Before distributing

plan assets to close out the plan, the plan administrator shall determine that plan assets are, in fact, sufficient to satisfy all benefit liabilities. In determining if plan assets are sufficient, the plan administrator shall subtract all liabilities (other than the future benefit liabilities that will be provided when assets are distributed), e.g., benefit payments due before the distribution date; PBGC premiums for all plan years through and including the plan year in which assets are distributed; expenses, fees, and other administrative costs. If plan assets are not sufficient to satisfy all benefit liabilities, the plan administrator shall not make any distribution of assets to effect the plan's termination. In the event of an insufficiency, the plan administrator shall promptly notify the PBGC.

(c) *Method of distribution.* The plan administrator shall distribute plan assets in accordance with § 4041.6 by purchasing irrevocable commitments from an insurer in satisfaction of all benefit liabilities that must be provided in annuity form, and by otherwise providing all benefit liabilities that need not be provided in annuity form. The plan administrator shall comply with part 4050 of this chapter (dealing with missing participants), if applicable.

(d) *Failure to distribute within 180-day period.* Except as provided in paragraphs (e) and (f) of this section, failure to distribute assets in accordance with paragraph (c) of this section within the 180-day distribution period set forth in paragraph (a)(1) of this section, because of an insufficiency of plan assets as described in paragraph (b) of this section or for any other reason, shall nullify the termination. All actions taken to effect the plan's termination shall be null and void, and the plan shall be an ongoing plan. In this event, the plan administrator shall notify affected parties (other than the PBGC) in writing, in accordance with § 4041.26(d), that the plan is not going to terminate or, if applicable, that the termination was invalid but that a new notice of intent to terminate is being issued.

(e) *Automatic extension of time for distribution.* (1) *Requirements for automatic extension.* The plan administrator shall be entitled to an automatic extension of the 180-day period in which to complete the distribution of plan assets if the plan administrator—

(i) Submits to the IRS a complete request for a determination with respect to the plan's tax-qualification status upon termination ("determination letter") on or before the date that the

plan administrator files the standard termination notice with the PBGC;

(ii) Does not receive a determination letter at least 60 days before the expiration of the 180-day period; and

(iii) On or before the expiration of the 180-day period, notifies the PBGC in writing that an extension of the distribution deadline is required and certifies that the conditions in this paragraph have been met.

(2) *Extension period.* If the requirements in paragraph (e)(1) of this section are met, the time within which the plan administrator shall complete the distribution of plan assets is automatically extended until the 60th day after receipt of a favorable determination letter from the IRS.

(f) *Discretionary extension of time for distribution.* If the plan administrator will be unable to complete the distribution of plan assets within the 180-day (or extended) period for any reason other than an insufficiency described in paragraph (b) of this section, the plan administrator may request, and the PBGC shall grant or deny, in its discretion, an extension of time within which to complete the distribution according to the following rules:

(1) The plan administrator shall file a written request for a discretionary extension with the PBGC at least 30 days before the expiration of the 180-day (or extended) distribution period, explain the reason(s) for the request, and provide a date certain by which the distribution will be made if the extension is granted.

(2) The PBGC will not grant a discretionary extension based on failure to meet the requirements for an automatic extension under paragraph (e) of this section or failure to locate all participants or beneficiaries.

(3) The PBGC will grant a discretionary extension, in whole or in part, only if it is satisfied that the delay in making the distribution is not due to the action or inaction of the plan administrator or the contributing sponsor and that the distribution can in fact be completed by the date requested.

(g) *Notice of annuity contract.* In the case of the distribution of benefit liabilities through the purchase of irrevocable commitments—

(1) Either the plan administrator or the insurer shall, as soon as practicable, provide each participant and beneficiary with a copy of the annuity contract or certificate showing the insurer's name and address and clearly reflecting the insurer's obligation to provide the participant's or beneficiary's benefit; (2) If such a contract or certificate is not available on or before the date on which

the post-distribution certificate is required to be filed pursuant to paragraph (h) of this section, the plan administrator shall, no later than such date, provide each participant and beneficiary with a written notice stating—

(i) That the obligation for providing the participant's or beneficiary's plan benefits has transferred to the insurer;

(ii) The name and address of the insurer;

(iii) The name, address, and telephone number of the person designated by the insurer to answer questions concerning the annuity; and

(iv) That the participant or beneficiary will receive from the plan administrator or insurer a copy of the annuity contract or a certificate showing the insurer's name and address and clearly reflecting the insurer's obligation to provide the participant's or beneficiary's benefit; and

(3) The plan administrator shall certify to the PBGC, as part of the post-distribution certification required under paragraph (h) of this section, that the requirements in paragraph (g)(1) or (g)(2) of this section have been satisfied.

(h) *Post-distribution certification.* Within 30 days after the last distribution date, the plan administrator shall file with the PBGC a PBGC Form 501, Post-Distribution Certification for Standard Termination, that has been completed in accordance with the instructions thereto. This requirement shall be considered satisfied if, in accordance with § 4050.6(a)(2) and (a)(3) of this chapter, the plan administrator files a preliminary post-distribution certification within 30 days after the last distribution date and, in addition, timely files an amended post-distribution certification that otherwise satisfies all applicable requirements.

Subpart C—Distress Termination Process

§ 4041.41 Notice of intent to terminate.

(a) *General rules.* (1) At least 60 days and no more than 90 days before the proposed termination date, the plan administrator shall issue to each person who is (as of the proposed termination date) an affected party a written notice of intent to terminate.

(2) The plan administrator shall issue the notice of intent to terminate to all affected parties other than the PBGC at or before the time he or she files the notice with the PBGC.

(3) The notice to affected parties other than the PBGC shall contain all of the information specified in paragraph (d) of this section.

(4) The notice to the PBGC shall be filed on PBGC Form 600, Distress Termination, Notice of Intent to Terminate, completed in accordance with the instructions thereto.

(b) *Discovery of other affected parties.* Notwithstanding the provisions of paragraphs (a)(1) and (a)(2) of this section, if the plan administrator discovers additional affected parties after the expiration of the time period specified in paragraphs (a)(1) or (a)(2) of this section, the failure to issue the notice of intent to terminate to such parties within the specified time periods will not cause the notice to be untimely under paragraph (a) of this section if the plan administrator could not reasonably have been expected to know of the additional affected parties and if he or she promptly issues the notice to each additional affected party.

(c) *Issuance—(1) Method.* The plan administrator shall issue the notice of intent to terminate individually to each affected party. The notice to the PBGC shall be filed in accordance with § 4041.9. The notice to each of the other affected parties shall be either hand delivered or delivered by first-class mail or courier service directed to the affected party's last known address.

(2) *When issued.* The notice of intent to terminate is deemed issued to the PBGC on the date on which it is filed and to any other affected party on the date on which it is handed to the affected party or deposited with a mail or courier service (as evidenced by a postmark or written receipt).

(d) *Contents of notice to affected parties other than the PBGC.* The plan administrator shall include in the notice of intent to terminate to each affected party other than the PBGC all of the following information:

(1) The name of the plan and of the contributing sponsor;

(2) The employer identification number ("EIN") of the contributing sponsor and the plan number ("PN"); if there is no EIN or PN, the notice shall so state;

(3) The name, address, and telephone number of the person who may be contacted by an affected party with questions concerning the plan's termination;

(4) A statement that the plan administrator expects to terminate the plan in a distress termination on a specified proposed termination date.

(5) A statement that benefit and service accruals will continue until the termination date or, if applicable, that benefit accruals were or will be frozen as of a specific date in accordance with section 204(h) of ERISA;

(6) A statement of whether plan assets are sufficient to pay all guaranteed benefits or all benefit liabilities;

(7) A brief description of what benefits are guaranteed by the PBGC (e.g., if only a portion of the benefits are guaranteed because of the phase-in rule, this should be explained), and a statement that participants and beneficiaries also may receive a portion of the benefits to which each is entitled under the terms of the plan in excess of guaranteed benefits; and

(8) A statement, if applicable, that benefits may be subject to reduction because of the limitations on the amounts guaranteed by the PBGC or because plan assets are insufficient to pay for full benefits (pursuant to part 4022, subparts B and D, of this chapter) and that payments in excess of the amount guaranteed by the PBGC may be recouped by the PBGC (pursuant to part 4022, subpart E, of this chapter).

(e) *Spin-off/termination transactions.* In the case of a spin-off/termination transaction (as described in § 4041.21(f)), the plan administrator shall provide all participants and beneficiaries in the original plan who are also participants or beneficiaries in the ongoing plan (as of the proposed termination date) with a notice describing the transaction no later than the date on which the plan administrator completes the issuance of notices of intent to terminate under this section.

§ 4041.42 PBGC review of notice of intent to terminate.

(a) *General.* When a notice of intent to terminate is filed with it, the PBGC—

(1) Shall determine whether the notice was issued in compliance with § 4041.41; and

(2) Shall advise the plan administrator of its determination, in accordance with paragraph (b) or (c) of this section, no later than the proposed termination date specified in the notice.

(b) *Tentative finding of compliance.* If the PBGC determines that the issuance of the notice of intent to terminate appears to be in compliance with § 4041.41, it shall notify the plan administrator in writing that—

(1) The PBGC has made a tentative determination of compliance;

(2) The distress termination proceeding may continue; and

(3) After reviewing the distress termination notice filed pursuant to § 4041.43, the PBGC will make final, or reverse, this tentative determination.

(c) *Finding of noncompliance.* If the PBGC determines that the issuance of the notice of intent to terminate was not in compliance with § 4041.41 (except

for requirements that the PBGC elects to waive under § 4041.3(d)(2)(i) with respect to the notice filed with the PBGC), the PBGC shall notify the plan administrator in writing—

(1) That the PBGC has determined that the notice of intent to terminate was not properly issued; and

(2) That the proposed distress termination is null and void and the plan is an ongoing plan.

(d) *Information on need to institute section 4042 proceedings.* The PBGC may require the plan administrator to submit, within 20 days after the plan administrator's receipt of the PBGC's written request (or such other period as may be specified in such written request), any information that the PBGC determines it needs in order to decide whether to institute termination or trusteeship proceedings pursuant to section 4042 of ERISA, whenever—

(1) A notice of intent to terminate indicates that benefits currently in pay status (or that should be in pay status) are not being paid or that this is likely to occur within the 180-day period following the issuance of the notice of intent to terminate;

(2) The PBGC issues a determination under paragraph (c) of this section; or

(3) The PBGC has any reason to believe that it may be necessary or appropriate to institute proceedings under section 4042 of ERISA.

(e) *Reconsideration of finding of noncompliance.* A plan administrator may request reconsideration of the PBGC's determination of

noncompliance under paragraph (c) of this section in accordance with the rules prescribed in part 4003, subpart C, of this chapter. Any request for reconsideration automatically stays the effectiveness of the determination until the PBGC issues its decision on reconsideration, but does not stay the time period within which information must be submitted to the PBGC in response to a request under paragraph (d) of this section.

(f) *Notice to affected parties.* Upon a decision by the PBGC affirming a finding of noncompliance or upon the expiration of the period within which the plan administrator may request reconsideration of a finding of noncompliance (or, if earlier, upon the plan administrator's decision not to request reconsideration), the plan administrator shall notify the affected parties (and any persons who were provided notice under § 4041.41(e)) in writing that the plan is not going to terminate or, if applicable, that the termination is invalid but that a new notice of intent to terminate is being issued. The notice required by this

paragraph shall be provided in the manner described in § 4041.26(d)(2).

§ 4041.43 Distress termination notice.

(a) *General rule.* The plan administrator shall file with the PBGC a PBGC Form 601, Distress Termination Notice, Single-Employer Plan Termination, with Schedule EA–D, Distress Termination Enrolled Actuary Certification, that has been completed in accordance with the instructions thereto, on or before the 120th day after the proposed termination date or, if applicable, no later than the due date established in an extension notice issued under § 4041.8.

(b) *Participant and benefit information.* (1) *Plan insufficient for guaranteed benefits.* Unless the enrolled actuary certifies, in the Schedule EA–D filed in accordance with paragraph (a) of this section, that the plan is sufficient either for guaranteed benefits or for benefit liabilities, the plan administrator shall file with the PBGC the participant and benefit information described in PBGC Form 601 and the instructions thereto by the later of—

(i) 120 days after the proposed termination date, or

(ii) 30 days after receipt of the PBGC's determination, pursuant to § 4041.44(b), that the requirements for a distress termination have been satisfied.

(2) *Plan sufficient for guaranteed benefits or benefit liabilities.* If the enrolled actuary certifies that the plan is sufficient either for guaranteed benefits or for benefit liabilities, the plan administrator need not submit the participant and benefit information described in PBGC Form 601 and the instructions thereto unless requested to do so pursuant to paragraph (c) of this section.

(3) *Effect of failure to provide information.* The PBGC may void the distress termination if the plan administrator fails to provide complete participant and benefit information in accordance with this section.

(c) *Additional information.* The PBGC may in any case require the submission of any additional information that it needs to make the determinations that it is required to make under this part or to pay benefits pursuant to section 4061 or 4022(c) of ERISA. The plan administrator shall submit any information requested under this paragraph within 30 days after receiving the PBGC's written request (or such other period as may be specified in such written request).

(d) *Due date extension.* Notwithstanding the provisions of paragraphs (a), (b), and (c) of this section, the due date for filing PBGC

Form 601 or other information required under this section may be extended by a notice issued under § 4041.8.

§ 4041.44 PBGC determination of compliance with requirements for distress termination.

(a) *General.* Based on the information contained in and submitted with the PBGC Form 600 and the PBGC Form 601, with Schedule EA–D, and on any information submitted by an affected party or otherwise obtained by the PBGC, the PBGC shall determine whether the requirements for a distress termination set forth in § 4041.3(c) have been met and shall notify the plan administrator in writing of its determination, in accordance with paragraph (b) or (c) of this section.

(b) *Qualifying termination.* If the PBGC determines that all of the requirements of § 4041.3(c) have been satisfied, it shall so advise the plan administrator and shall also advise the plan administrator of whether participant and benefit information must be submitted in accordance with § 4041.43(b).

(c) *Non-qualifying termination.* (1) Except as provided in paragraph (c)(2) of this section, if the PBGC determines that any of the requirements of § 4041.3(c) has not been met, it shall notify the plan administrator of its determination, the basis therefor, and the effect thereof (as provided in § 4041.3(d)).

(2) If the only basis for the PBGC's determination described in paragraph (c)(1) of this section is that the distress termination notice is incomplete, the PBGC shall advise the plan administrator of the missing item(s) of information and that the information must be filed with the PBGC no later than the 120th day after the proposed termination date or the 30th day after the date of the PBGC's notice of its determination, whichever is later, or, if applicable, no later than the due date established in an extension notice issued under § 4041.8.

(d) *Reconsideration of determination of non-qualification.* A plan administrator may request reconsideration of the PBGC's determination under paragraph (c)(1) of this section in accordance with the rules prescribed in part 4003, subpart C, of this chapter. The filing of a request for reconsideration automatically stays the effectiveness of the determination until the PBGC issues its decision on reconsideration.

(e) *Notice to affected parties.* Upon a decision by the PBGC affirming a determination of non-qualification or upon the expiration of the period within

which the plan administrator may request reconsideration of a determination of non-qualification (or, if earlier, upon the plan administrator's decision not to request reconsideration), the plan administrator shall notify the affected parties (and any persons who were provided notice under § 4041.41(e)) in writing that the plan is not going to terminate or, if applicable, that the termination is invalid but that a new notice of intent to terminate is being issued. The notice required by this paragraph shall be provided in the manner described in § 4041.26(d)(2).

§ 4041.45 PBGC determination of plan sufficiency/insufficiency.

(a) *General.* Upon receipt of participant and benefit information filed pursuant to § 4041.43 (b)(1) or (c), the PBGC shall determine the degree to which the plan is sufficient and notify the plan administrator in writing of its determination in accordance with paragraph (b) or (c) of this section.

(b) *Insufficiency for guaranteed benefits.* If the PBGC finds that it is unable to determine that a plan is sufficient for guaranteed benefits, it shall issue a "notice of inability to determine sufficiency" notifying the plan administrator of this finding and advising the plan administrator that—

(1) The plan administrator shall continue to administer the plan under the restrictions imposed by § 4041.4; and

(2) The termination shall be completed under section 4042 of ERISA.

(c) *Sufficiency for guaranteed benefits or benefit liabilities.* If the PBGC determines that a plan is sufficient for guaranteed benefits but not for benefit liabilities or is sufficient for benefit liabilities, the PBGC shall issue to the plan administrator a distribution notice advising the plan administrator—

(1) To issue notices of benefit distribution in accordance with § 4041.46;

(2) To close out the plan in accordance with § 4041.48;

(3) To file a timely post-distribution certification with the PBGC in accordance with § 4041.48(b); and

(4) That either the plan administrator or the contributing sponsor must preserve and maintain plan records in accordance with § 4041.11.

§ 4041.46 Notices of benefit distribution.

(a) *General rules.* When a distribution notice is issued by the PBGC pursuant to § 4041.45(c), the plan administrator shall—

(1) No later than 60 days after receiving the distribution notice or, if applicable, no later than the due date

established in an extension notice issued under § 4041.8, issue a notice of benefit distribution in accordance with the rules described in paragraphs (c) and (d) of this section to each person (other than any employee organization or the PBGC) who is an affected party as of the termination date (and, in the case of a spin-off/termination transaction as described in § 4041.21(f), each person who is, as of the termination date, a participant in the original plan and covered by the ongoing plan); and

(2) No later than 15 days after the date on which the plan administrator completes the issuance of the notices of benefit distribution, file with the PBGC a certification that the notices were so issued in accordance with the requirements of this section.

(b) *Discovery of other affected parties.* Notwithstanding the provisions of paragraph (a) of this section, if the plan administrator discovers additional persons entitled to a notice of benefit distribution after the expiration of the time period specified in paragraph (a)(1) of this section, the failure to issue the notices of benefit distribution to such persons within the specified time period will not cause such notices to be untimely under paragraph (a) of this section if the plan administrator could not reasonably have been expected to know of the additional persons and if he or she promptly issues, to each such additional person, a notice of benefit distribution in the form and containing the information specified in paragraph (d) of this section.

(c) *Issuance*—(1) *Method.* The plan administrator shall issue a notice of benefit distribution individually to each person, either by hand-delivery or by first-class mail or courier service directed to the person's last known address.

(2) *When issued.* A notice of benefit distribution is deemed issued to each person on the date it is handed to the person or deposited with a mail or courier service (as evidenced by a postmark or written receipt).

(d) *Form and content of notices.* The plan administrator shall provide notices of benefit distribution in the form described in § 4041.23 (a) and (b) of this part and shall include in each—

(1) The information described in § 4041.23(c) of this part;

(2) The information described in § 4041.23 (d), (e), or (f) of this part, as applicable (replacing the term "plan benefits" with "Title IV benefits" and "proposed termination date" with "termination date").

(3) A statement that, after plan assets have been distributed to provide all of

the Title IV benefits payable with respect to a participant or a beneficiary of a deceased participant, either by the purchase of an irrevocable commitment or commitments from an insurer to provide benefits or by an alternative form of distribution provided for under the plan, the PBGC's guarantee with respect to that participant's or beneficiary's benefit ends; and

(4) If distribution of benefits under the plan may be wholly or partially by the purchase of irrevocable commitments from an insurer—

(i) The name and address of the insurer or insurers from whom, or (if not then known) the insurers from among whom, the plan administrator intends to purchase the irrevocable commitments; or

(ii) If the plan administrator has not identified an insurer or insurers at the time the notice of distribution is issued, a statement that the affected party to whom the notice is directed will be notified at a later date (but no later than 45 days before the distribution date) of the name and address of the insurer or insurers from whom, or (if not then known) the insurers from among whom, irrevocable commitments may be purchased.

(e) *Supplemental notice requirements.*

(1) The plan administrator shall issue a supplemental notice (or notices) of distribution to each person in accordance with the rules in paragraph (e)(2) of this section if—

(i) The plan administrator has not yet identified an insurer or insurers at the time the notice of distribution is issued; or

(ii) The plan administrator included in the notice of distribution the name or names of the insurer or insurers from whom (or from among whom) he or she intends to purchase the irrevocable commitments, but subsequently decides to select a different insurer.

(2) The plan administrator shall issue each supplemental notice in the manner provided in paragraph (c) of this section no later than 45 days before the distribution date and shall include the name and address of the insurer or insurers from whom, or (if not then known) the insurers from among whom, the plan administrator intends to purchase the irrevocable commitments.

§ 4041.47 Verification of plan sufficiency prior to closeout.

(a) *General rule.* Before distributing plan assets pursuant to a closeout under § 4041.48, the plan administrator shall verify whether the plan's assets are still sufficient to provide for benefits at the level determined by the PBGC, *i.e.*, guaranteed benefits or benefit liabilities.

If the plan administrator finds that the plan is no longer able to provide for benefits at the level determined by the PBGC, then paragraph (b) or (c) of this section, as appropriate, shall apply.

(b) *Subsequent insufficiency for guaranteed benefits.* When a plan administrator finds that a plan is no longer sufficient for guaranteed benefits, the plan administrator shall promptly notify the PBGC in writing of that fact and shall take no further action to implement the plan termination, pending the PBGC's determination and notice pursuant to paragraph (b)(1) or (b)(2) of this section.

(1) *PBGC concurrence with finding.* If the PBGC concurs with the plan administrator's finding, the distribution notice shall be void, and the PBGC shall—

(i) Issue the plan administrator a notice of inability to determine sufficiency in accordance with § 4041.45(b); and

(ii) Require the plan administrator to submit a new valuation, certified to by an enrolled actuary, of the benefit liabilities and guaranteed benefits under the plan, valued in accordance with §§ 4044.41 through 4044.57 of this chapter as of the date of the plan administrator's notice to the PBGC.

(2) *PBGC non-concurrence with finding.* If the PBGC does not concur with the plan administrator's finding, it shall so notify the plan administrator in writing, and the distribution notice shall remain in effect.

(c) *Subsequent insufficiency for benefit liabilities.* When a plan administrator finds that a plan is sufficient for guaranteed benefits but is no longer sufficient for benefit liabilities, the plan administrator shall immediately notify the PBGC in writing of this fact, but shall continue with the distribution of assets in accordance with § 4041.48.

(d) *Finding by PBGC of subsequent insufficiency.* In any case in which the PBGC finds on its own initiative that a subsequent insufficiency for guaranteed benefits has occurred, paragraph (b)(1) of this section shall apply, except that the guaranteed benefits shall be revalued as of the date of the PBGC's finding.

(e) *Restrictions upon finding of subsequent insufficiency.* When the plan administrator makes the finding described in paragraph (b) of this section or receives notice that the PBGC has made the finding described in paragraph (d) of this section, the plan administrator shall (except to the extent the PBGC otherwise directs) be subject to the prohibitions in § 4041.4(c).

§ 4041.48 Closeout of plan.

(a) *General rules*—(1) *Distribution*. If a plan administrator receives a distribution notice from the PBGC pursuant to § 4041.45(c) and neither the plan administrator nor the PBGC makes the finding described in § 4041.47 (b) or (d), the plan administrator shall distribute plan assets in accordance with §§ 4041.6 and 4041.27(c) of this part no earlier than the 61st day and (except as provided in § 4041.8 or 4041.27 (e) or (f)) no later than the 180th day following the day on which the plan administrator completes the issuance of the notices of benefit distribution pursuant to § 4041.46(a), or, where applicable, within the time prescribed in part 4050 of this chapter. For purposes of applying § 4041.27(e)(1)(i), the phrase “the date that the plan administrator files the standard termination notice with the PBGC” shall be replaced by “the date that the plan administrator completes issuance of the notices of benefit distribution.”

(2) *Notice of annuity contract*. If any of the plan's benefit liabilities payable to a participant or beneficiary have been distributed through the purchase of irrevocable commitments, the plan administrator shall provide such participant or beneficiary with a notice, contract, or certificate in accordance with § 4041.27(g).

(b) *Post-distribution certification*. Within 30 days after the last distribution date, the plan administrator shall file with the PBGC a PBGC Form 602, Post-Distribution Certification for Distress Termination, that has been completed in accordance with the instructions thereto. This requirement shall be considered satisfied if, in accordance with § 4050.6 (a)(2) and (a)(3) of this chapter, the plan administrator files a preliminary post-distribution certification within 30 days after the last distribution date and, in addition, timely files an amended post-distribution certification that otherwise satisfies all applicable requirements.

Appendix to Part 4041—Agreement for Commitment To Make Plan Sufficient for Benefit Liabilities

This agreement, by and between [name of company] XXXXXXXXXXXX (the “Company”) and [name of plan] XXXXXXXXXXXX (the “Plan”) shall be effective as of the last date executed.

Whereas, the Company is not a debtor in a bankruptcy or other insolvency proceeding. [Alternative Paragraph]

Whereas, the Company is a debtor in a bankruptcy or other insolvency proceeding and the court before which the proceeding is pending approves this commitment.

Subpart A—General Provisions

§ 4041A.1 Purpose and scope.

The purpose of this part is to establish rules for notifying the PBGC of the termination of a multiemployer plan and rules for the administration of multiemployer plans that have terminated by mass withdrawal. Subpart B prescribes the contents of and procedures for filing a Notice of Termination for a multiemployer plan. Subpart C prescribes basic duties of plan sponsors of mass-withdrawal-terminated plans. (Other duties are prescribed in part 4281 of this chapter.) Subpart D contains procedures for closing out sufficient plans. This part applies to terminated multiemployer plans covered by title IV of ERISA but, in the case of subparts C and D, only to plans terminated by mass withdrawal under section 4041A(a)(2) of ERISA (including plans created by partition pursuant to section 4233 of ERISA).

Nonguaranteed benefits means those benefits that are eligible for the PBGC's guarantee under section 4022A(b) of ERISA, but exceed the guarantee limits under section 4022A(c).

Subpart C—Plan Sponsor Duties

§ 4041A.21 General rule.

The plan sponsor of a multiemployer plan that terminates by mass withdrawal shall continue to administer the plan in accordance with applicable statutory provisions, regulations, and plan provisions until a trustee is appointed under section 4042 of ERISA or until plan assets are distributed in accordance with subpart D of this part. In addition, the plan sponsor shall be responsible for the specific duties described in this subpart.

§ 4041A.22 Payment of benefits.

(a) Except as provided in paragraph (b), the plan sponsor shall pay any benefit attributable to employer contributions, other than a death benefit, only in the form of an annuity.

(b) The plan sponsor may pay a benefit in a form other than an annuity if—

(1) The plan distributes plan assets in accordance with subpart D of this part;

(2) The PBGC approves the payment of the benefit in an alternative form pursuant to § 4041A.27; or

(3) The value of the entire nonforfeitable benefit does not exceed \$1,750.

(c) Except to the extent provided in the next sentence, the plan sponsor

shall not pay benefits in excess of the amount that is nonforfeitable under the plan as of the date of termination, unless authorized to do so by the PBGC pursuant to § 4041A.27. Subject to the restriction stated in paragraph (d) of this section, however, the plan sponsor may pay a qualified preretirement survivor annuity with respect to a participant who died after the date of termination.

(d) The payment of benefits subject to reduction shall be discontinued to the extent provided in § 4281.31 if the plan sponsor determines, in accordance with § 4041A.24, that the plan's assets are insufficient to provide all nonforfeitable benefits.

(e) The plan sponsor shall, to the extent provided in § 4281.41, suspend the payment of nonguaranteed benefits if the plan sponsor determines, in accordance with § 4041A.25, that the plan is insolvent.

(f) The plan sponsor shall, to the extent required by § 4281.42, make retroactive payments of suspended benefits if it determines under that section that the level of the plan's available resources requires such payments.

§ 4041A.23 Imposition and collection of withdrawal liability.

Until plan assets are distributed in accordance with subpart D of this part, or until the end of the plan year as of which the PBGC determines that plan assets (exclusive of claims for withdrawal liability) are sufficient to satisfy all nonforfeitable benefits under the plan, the plan sponsor shall be responsible for determining, imposing and collecting withdrawal liability (including the liability arising as a result of the mass withdrawal), in accordance with part 4219, subpart C, of this chapter and sections 4201 through 4225 of ERISA.

§ 4041A.24 Annual plan valuations and monitoring.

(a) *Annual valuation.* Not later than 150 days after the end of the plan year, the plan sponsor shall determine or cause to be determined in writing the value of nonforfeitable benefits under the plan and the value of the plan's assets, in accordance with part 4281, subpart B. This valuation shall be done as of the end of the plan year in which the plan terminates and each plan year thereafter (exclusive of a plan year for which the plan receives financial assistance from the PBGC under section 4261 of ERISA) up to but not including the plan year in which the plan is closed out in accordance with subpart D of this part.

(b) *Plan monitoring.* Upon receipt of the annual valuation described in paragraph (a) of this section, the plan sponsor shall determine whether the value of nonforfeitable benefits exceeds the value of the plan's assets, including claims for withdrawal liability owed to the plan. When benefits do exceed assets, the plan sponsor shall—

(1) If the plan provides benefits subject to reduction, amend the plan to reduce those benefits in accordance with the procedures in part 4281, subpart C, of this chapter to the extent necessary to ensure that the plan's assets are sufficient to discharge when due all of the plan's obligations with respect to nonforfeitable benefits; or

(2) If the plan provides no benefits subject to reduction, make periodic determinations of plan solvency in accordance with § 4041A.25.

(c) *Notices of benefit reductions.* The plan sponsor of a plan that has been amended to reduce benefits shall provide participants and beneficiaries and the PBGC notice of the benefit reduction in accordance with § 4281.32.

§ 4041A.25 Periodic determinations of plan solvency.

(a) *Annual insolvency determination.* The plan sponsor of a plan that has been amended to eliminate all benefits that are subject to reduction under section 4281(c) of ERISA shall determine in writing whether the plan is expected to be insolvent for the first plan year beginning after the effective date of the amendment and for each plan year thereafter. In the event that a plan adopts more than one amendment reducing benefits under section 4281(c) of ERISA, the initial determination shall be made for the first plan year beginning after the effective date of the amendment that effects the elimination of all such benefits, and a determination shall be made for each plan year thereafter. The plan sponsor of a plan under which no benefits are subject to reduction under section 4281(c) of ERISA as of the date the plan terminated shall determine in writing whether the plan is expected to be insolvent. The initial determination shall be made for the second plan year beginning after the first plan year for which it is determined under section 4281(b) of ERISA that the value of nonforfeitable benefits under the plan exceeds the value of the plan's assets. The plan sponsor shall also make a solvency determination for each plan year thereafter. A determination required under this paragraph shall be made no later than six months before the beginning of the plan year to which it applies.

(b) *Other determination of insolvency.* Whether or not a prior determination of plan solvency has been made under paragraph (a) of this section (or under section 4245 of ERISA), a plan sponsor that has reason to believe, taking into account the plan's recent and anticipated financial experience, that the plan is or may be insolvent for the current or next plan year shall determine in writing whether the plan is expected to be insolvent for that plan year.

(c) *Benefit suspensions.* If the plan sponsor determines that the plan is, or is expected to be, insolvent for a plan year, it shall suspend benefits in accordance with § 4281.41.

(d) *Insolvency notices.* If the plan sponsor determines that the plan is, or is expected to be, insolvent for a plan year, it shall issue notices of insolvency or annual updates and notices of insolvency benefit level of the PBGC and to plan participants and beneficiaries in accordance with part 4281, subpart D.

§ 4041A.26 Financial assistance.

A plan sponsor that determines a resource benefit level under section 4245(b)(2) of ERISA that is below the level of guaranteed benefits or that determines that the plan will be unable to pay guaranteed benefits for any month during an insolvency year shall apply for financial assistance from the PBGC in accordance with § 4281.47.

§ 4041A.27 PBGC approval to pay benefits not otherwise permitted.

Upon written application by the plan sponsor, the PBGC may authorize the plan to pay benefits other than nonforfeitable benefits or to pay benefits valued at more than \$1,750 in a form other than an annuity. The PBGC will approve such payments if it determines that the plan sponsor has demonstrated that the payments are not adverse to the interests of the plan's participants and beneficiaries generally and do not unreasonably increase the PBGC's risk of loss with respect to the plan.

Subpart D—Closeout of Sufficient Plans

§ 4041A.41 General rule.

If a plan's assets, excluding any claim of the plan for unpaid withdrawal liability, are sufficient to satisfy all obligations for nonforfeitable benefits provided under the plan, the plan sponsor may close out the plan in accordance with this subpart by distributing plan assets in full satisfaction of all nonforfeitable benefits under the plan.

§ 4041A.42 Method of distribution.

The plan sponsor shall distribute plan assets by purchasing from an insurer contracts to provide all benefits required by § 4041A.43 to be provided in annuity form and by paying in a lump sum (or other alternative elected by the participant) all other benefits.

§ 4041A.43 Benefit forms.

(a) *General rule.* Except as provided in paragraph (b) of this section, the sponsor of a plan that is closed out shall provide for the payment of any benefit attributable to employer contributions only in the form of an annuity.

(b) *Exceptions.* The plan sponsor may pay a benefit attributable to employer contributions in a form other than an annuity if:

(1) The present value of the participant's entire nonforfeitable benefit, determined using the interest assumption under §§ 4044.41 through 4044.57, does not exceed \$3,500.

(2) The payment is for death benefits provided under the plan.

(3) The participant elects an alternative form of distribution under paragraph (c) of this section.

(c) *Alternative forms of distribution.* The plan sponsor may allow participants to elect alternative forms of distribution in accordance with this paragraph. When a form of distribution is offered as an alternative to the normal form, the plan sponsor shall notify each participant, in writing, of the form and estimated amount of the participant's normal form of distribution. The notification shall also describe any risks attendant to the alternative form. Participants' elections of alternative forms shall be in writing.

§ 4041A.44 Cessation of withdrawal liability.

The obligation of an employer to make payments of initial withdrawal liability and mass withdrawal liability shall cease on the date on which the plan's assets are distributed in full satisfaction of all nonforfeitable benefits provided by the plan.

Subpart A—Reportable Events; In General**§ 4043.1 Purpose and scope.**

(a) Subpart A of this part contains definitions applicable to this part and prescribes specific requirements for notification of the reportable events in section 4043 of ERISA, including the reportable events specified in section 4043 (c)(1) through (c)(8) and other events that the PBGC has determined, under section 4043(c)(13) (formerly section 4043(b)(9)), may be indicative of a need to terminate the plan. It also implements the PBGC's authority to waive the requirement that plan administrators notify the PBGC with respect to certain reportable events and with respect to certain plans. (The PBGC has waived the requirements of section 4043 with respect to multiemployer plans.) However, it does not include rules based on the amendments made to section 4043 by the Retirement Protection Act of 1994 (Pub. L. 103-465, section 771). Subpart B contains rules for notifying the PBGC of a failure to make certain required contributions under section 302(f)(4) of ERISA or section 412(n)(4) of the Code.

(b) This subpart applies with respect to any single-employer plan which is covered by section 4021 of ERISA and for which either no notice of intent to terminate has been issued or, if such a notice has been issued, until the proposed termination date specified under section 4041 (b) or (c) of ERISA and part 4041 of this chapter; provided, that, if a termination proceeding is suspended pursuant to § 4041.5 of this chapter, this subpart continues to apply

unless and until the PBGC reactivates the termination proceeding. The collection of information requirements contained in this subpart have been approved by the Office of Management and Budget under control number 1212-0013.

§ 4043.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: Code, contributing sponsor, controlled group, ERISA, fair market value, insurer, irrevocable commitment, IRS, multiemployer plan, nonforfeitable benefit, notice of intent to terminate, PBGC, person, plan, plan administrator, plan year, proposed termination date, and single-employer plan.

In addition, for purposes of this part, the following definitions apply:

Distribution means a direct or indirect benefit payment made in any form by a plan to a participant, including but not limited to, a monthly annuity payment, a lump-sum payment or a direct transfer of a plan asset other than cash. A cash payment made by an insurer pursuant to an irrevocable commitment shall not be considered a distribution.

Nonforfeitable benefits which are not funded means nonforfeitable benefits, as provided in § 4022.5 of this chapter, in excess of plan assets.

Parent means the parent of a parent-subsidary controlled group of corporations or group of trades or businesses under common control (within the meaning of subsection (b) or (c) of section 414 of the Code and the regulations thereunder). Where there is more than one parent in a parent-subsidary group, the term parent (for purposes of subpart B) refers to the parent at the highest level in the chain of corporations and/or other organizations comprising the group.

Participant has the same meaning as in § 4007.2 of this chapter.

Retirement benefit means a benefit payable upon late, normal, early, or disability retirement, other than a welfare benefit described in section 3(1) of ERISA, to a participant who leaves or has left covered employment.

§ 4043.3 Requirement of notice.

(a) *Obligation to file.* Except where the requirement is expressly waived by this subpart, the plan administrator, or a duly authorized representative, shall file with the PBGC a notice of all reportable events described in this subpart no later than 30 days after the plan administrator knows or has reason to know a reportable event has occurred. When a notice is submitted by a plan administrator's duly authorized representative, other than an attorney at

law, it shall be accompanied by a notarized power of attorney, signed by the plan administrator, which authorizes the representative to sign and submit a notice and, if desired, also authorizes the representative to act on behalf of the plan administrator in connection with the notice.

(b) *Contents of notice.* The plan administrator shall include the information listed in this paragraph, and when applicable, the information specified in paragraph (c) of this section, in a notice required to be submitted under this section. The plan administrator shall submit the most recent information available. The plan administrator shall identify the response to each numbered item in this paragraph by item number. If any requested information is included in an IRS form or submission attached to the notice, instead, the information may be incorporated by reference to the number, date, and page(s) of the IRS form or submission where it appears. Any required documentation previously filed with the PBGC need not be refiled, but may be incorporated by reference to the previous submission. The plan administrator shall include the following information in a notice:

(For those plans determining the number of active participants as of the end of a plan year, instead of at the beginning of a plan year, in accordance with § 4043.14(c), the information required by this paragraph as of the beginning of a plan year shall be provided as of the end of the previous plan year.)

§ 4043.4 Reporting of reportable events on annual report.

(a) *Reportable event.* A reportable event occurs when there is a distribution or distributions under the plan to a participant who is a substantial owner if—

(1) The total of all distributions to the substantial owner within a 24-month period has a value of \$10,000 or more;

(2) The distribution or distributions were not made by reason of the death of the participant; and

(3) Immediately after the distribution or the last distribution in a series, the plan has nonforfeitable benefits which are not funded.

(b) *Waiver.* The 30-day notice requirement contained in § 4043.3 is waived for the event described in this section, unless—

(1) A plan makes a distribution or distributions within a 12-month period to a substantial owner having a total value of \$10,000 or more; and

(2) The amount of the distribution or distributions exceeds the amount of the maximum guaranteeable benefit for the substantial owner, determined under § 4022.27 of this chapter, for the year in which the distribution or the last distribution in a series was made.

(c) *Valuation of distribution.* The value of a distribution described in paragraph (a) or (b) of this section is determined in accordance with the provisions of this paragraph.

(1) The value of a distribution, other than an irrevocable commitment, equals the sum of the cash amounts actually received by the participant and the fair market value of any assets distributed in a form other than cash, determined as of the distribution date.

(2) The value of an irrevocable commitment is the purchase price of the irrevocable commitment, or the value, determined in accordance with reasonable actuarial assumptions, of the benefits payable pursuant to that irrevocable commitment. For this purpose, reasonable actuarial assumptions are the actuarial assumptions used by the PBGC under subpart B of part 4044 of this chapter, or the actuarial assumptions used by the plan for purposes of section 302 of ERISA and section 412 of the Code.

(d) *Date of substantial owner distribution.* The date of distribution to a substantial owner of an irrevocable commitment is the date on which the obligation to provide benefits passes from the plan to the insurer. The date of distribution to a substantial owner of a cash distribution shall be the date it is received by the participant. The date of all other distributions to a substantial owner shall be the date when the plan relinquishes control over the assets transferred directly or indirectly to the participant.

(e) *Determination date.* The determination of whether a participant is a substantial owner, or has been in the preceding 60 months, is made on the date when there has been a distribution or distributions with a total value of \$10,000 or more.

(f) *Valuation of assets and benefits.* For purposes of paragraph (a)(3) of this section, in determining whether a plan has nonforfeitable benefits which are not funded—

(1) Assets are valued at fair market value; and

(2) Benefits are valued in accordance with reasonable actuarial assumptions. For this purpose, reasonable actuarial assumptions are the actuarial assumptions used by the PBGC under subpart B of part 4044 of this chapter, or the actuarial assumptions used by the plan for purposes of section 302 of ERISA and section 412 of the Code.

§ 4043.19 Plan merger, consolidation or transfer.

(a) *Reportable event.* A reportable event occurs when a plan merges, consolidates, or transfers its assets or liabilities under section 208 of ERISA or section 414(1) of the Code.

(b) *Waiver.* The 30-day notice requirement contained in § 4043.3(a) is

waived for the events described in this section.

§ 4043.20 Alternative compliance with reporting and disclosure requirements of Title I.

(a) *Reportable event.* A reportable event occurs when an alternative method of compliance (not of general applicability) is prescribed for a plan by the Secretary of Labor under section 110 of ERISA.

(b) *Waiver.* The 30-day notice requirement contained in § 4043.3(a) is waived for the event described in this section.

§ 4043.21 Bankruptcy, insolvency, or similar settlements.

(a) *Reportable event.* A reportable event occurs with respect to a plan maintained by one contributing sponsor or by two or more contributing sponsors that are members of the same controlled group when a contributing sponsor—

(1) Commences a bankruptcy case (under Title 11, U.S.C.), or has a bankruptcy case commenced against it;

(2) Commences or has commenced against it, any other type of insolvency proceeding (including, but not limited to the appointment of a receiver);

(3) Commences, or has commenced against it, a proceeding to effect a composition, extension or settlement with creditors;

(4) Executes a general assignment for the benefit of creditors; or

(5) Undertakes to effect any other non-judicial composition, extension or settlement with substantially all its creditors.

(b) *Waiver.* The 30-day notice requirement contained in § 4043.3(a) is not waived for the event described in this section.

§ 4043.22 Liquidation or dissolution.

(a) *Reportable event.* Except as provided in paragraph (c) of this section, a reportable event occurs with respect to a plan maintained by one contributing sponsor or by two or more contributing sponsors that are members of the same controlled group when a contributing sponsor—

(1) Is involved in any transaction to implement its complete liquidation; or

(2) Institutes or has instituted against it a proceeding to be dissolved, or is dissolved, whichever occurs first.

(b) *Waiver.* The 30-day notice requirement contained in § 4043.3(a) is not waived for the event described in this section.

(c) *Reorganizations described in section 4069(b).* This section does not cover any of the reorganizations described in section 4069(b) of ERISA.

§ 4043.23 Transaction involving a change in contributing sponsor or controlled group.

(a) *Reportable event.* Except as provided in paragraph (c) of this section, a reportable event occurs with respect to a plan maintained by one contributing sponsor or by two or more contributing sponsors that are members of the same controlled group with nonforfeitable benefits which are not funded of \$1 million or more when—

(1) As a result of a transaction involving a transfer of assets of or an ownership interest in a contributing sponsor—

(i) There is or will be a new contributing sponsor that is not a member of the controlled group of the previous contributing sponsor;

(ii) The contributing sponsor leaves or will leave the controlled group; or

(iii) The contributing sponsor becomes or will become a member of a different controlled group, except where the new controlled group is or will be the same, but for the addition of another person, as the contributing sponsor's controlled group before the transaction; or

(2) As a result of a transaction involving a transfer by a contributing sponsor of assets of or an ownership interest in another person, the contributing sponsor and that person are or will be no longer part of the same controlled group.

(b) *Waiver.* The 30-day notice requirement contained in § 4043.3(a) is not waived for the event described in this section.

(c) *Certain reorganizations.* This section does not apply to—

(1) A reorganization involving a mere change in identity, form or place of organization, however effected;

(2) A reorganization involving a liquidation into a parent corporation; and

(3) A reorganization involving a merger, consolidation, or division solely between (or among) members of the same controlled group as the contributing sponsor.

(d) *Definition of transaction.* For purposes of this section, the term transaction includes, but is not limited to, a legally binding agreement, whether or not written, to transfer, and a change in ownership that occurs as a matter of law or through the exercise or lapse of pre-existing rights.

(e) *Valuation of assets and benefits.* For purposes of paragraph (a) of this section, in determining whether a plan has nonforfeitable benefits which are not funded of \$1 million or more—

(1) Assets are valued at fair market value; and

(2) Benefits are valued in accordance with reasonable actuarial assumptions. For this purpose, reasonable actuarial assumptions are the actuarial assumptions used by the PBGC under subpart B of part 4044 of this chapter, or the actuarial assumptions used by the plan for purposes of section 302 of ERISA and section 412 of the Code.

Subpart B—Section 302(f); Notice of Failure To Make Required Contributions**§ 4043.31 PBGC Form 200, notice of failure to make required contributions; supplementary information.**

(a) *General rules.* To comply with the notification requirement in section 302(f)(4) of ERISA and section 412(n)(4) of the Code, a contributing sponsor of a single-employer plan that is covered under section 4021 of ERISA and, if that contributing sponsor is a member of a parent-subsidiary controlled group, the parent must complete and submit a properly certified Form 200 that includes all required documentation and other information, as described in the related filing instructions, in accordance with this section. Notice of failure to make required contributions is required whenever the unpaid balance of a required installment or any other payment required under section 302 of ERISA and section 412 of the Code (including interest), when added to the aggregate unpaid balance of all preceding such installments or other payments for which payment was not made when due (including interest), exceeds \$1 million.

(1) Form 200 must be filed with the PBGC no later than 10 days after the due date for any required payment for which payment was not made when due.

(i) The 10-day period for filing Form 200 is computed in accordance with § 4043.7 of this chapter.

(ii) The filing date for Form 200 is the date on which it is received by the PBGC office specified in the instructions if it is received no later than 4 p.m. on a weekday other than a Federal holiday. If it is received after 4 p.m. or on a weekend or Federal holiday, the Form 200 is deemed to be filed on the next regular business day.

(2) If a contributing sponsor or the parent completes and submits Form 200 in accordance with this section, the PBGC will deem the other person to have so filed and it will consider the notification requirement in section 302(f)(4) of ERISA and section 412(n)(4) of the Code to be satisfied by all members of a controlled group of which the person who has filed Form 200 is a member.

(b) *Supplementary information.* If, upon review of a Form 200, the PBGC concludes that it needs additional information in order to make decisions regarding enforcement of a lien imposed by section 302(f) of ERISA and section 412(n) of the Code, the PBGC, by written notification, may require any contributing sponsor or member of a controlled group of which a contributing sponsor is a member to supplement the Form 200. Such additional information must be filed with the PBGC office specified within 7 days after the date of the written notification, as determined in accordance with §§ 4043.6 and 4043.7 of this chapter, or by a different time specified therein.

Note: Certain provisions of part 4044 have been superseded by legislative changes. For example, there are references to provisions formerly codified in 29 CFR part 2617, subpart C (and to the Notice of Sufficiency provided for thereunder) that no longer exist because of changes in the PBGC's plan termination regulations in response to the Single-Employer Pension Plan Amendments Act of 1986 and the Pension Protection Act of 1987. The PBGC intends to amend part 4044 at a later date to conform it to current statutory provisions.

Subpart A—Allocation of Assets

General Provisions

§ 4044.1 Purpose and scope.

This part implements section 4044 of ERISA, which contains rules for allocating a plan's assets when the plan terminates. These rules have been in effect since September 2, 1974, the date of enactment of ERISA. This part applies to any single-employer plan covered by title IV of ERISA that submits a notice of intent to terminate, or for which PBGC commences an action to terminate the plan under section 4042 of ERISA.

(a) *Subpart A.* Sections 4044.1 through 4044.4 set forth general rules for applying §§ 4044.10 through 4044.17. Sections 4044.10 through 4044.17 interpret the rules and describe procedures for allocating plan assets to priority categories 1 through 6.

(b) *Subpart B.* The purpose of subpart B is to establish the method of determining the value of benefits and assets under terminating single-employer pension plans covered by title IV of ERISA. This valuation is needed for both plans trustee under title IV and plans which are not trustee. For the former, the valuation is needed to allocate plan assets in accordance with subpart A of this part and to determine the amount of any plan asset insufficiency. For the latter, the valuation is needed to allocate assets in accordance with subpart A and to distribute the assets in accordance with subpart B of part 4041 of this chapter.

(1) Section 4044.41 sets forth the general provisions of subpart B and applies to all terminating single-

employer plans. Sections 4044.51 through 4044.57 prescribe the benefit valuation rules for plans that receive or that expect to receive a Notice of Inability to Determine Sufficiency from PBGC and are placed into trusteeship by PBGC, including (in §§ 4044.55 through 4044.57) the rules and procedures a plan administrator shall follow to determine the expected retirement age (XRA) for a plan participant entitled to early retirement benefits for whom the annuity starting date is not known as of the valuation date. This applies to all trustee plans which have such early retirement benefits. The plan administrator shall determine an XRA under § 4044.55, § 4044.56 or § 4044.57, as appropriate, for each active participant or participant with a deferred vested benefit who is entitled to an early retirement benefit and who as of the valuation date has not selected an annuity starting date. [See Note at beginning of part 4044.]

(2) Sections 4044.71 through 4044.75 prescribe the benefit valuation rules for calculating the value of a benefit to be paid a participant or beneficiary under a terminating pension plan that is distributing assets where the plan has received a Notice of Sufficiency issued by PBGC pursuant to part 2617 of this chapter and has not been placed into trusteeship by PBGC. [See Note at beginning of part 4044.]

§ 4044.2 Definitions.

(a) The following terms are defined in § 4001.2 of this chapter: annuity, basic-type benefit, Code, distribution date, ERISA, fair market value, guaranteed benefit, insurer, IRS, irrevocable commitment, mandatory employee contributions, nonbasic-type benefit, nonforfeitable benefit, normal retirement age, notice of intent to terminate, PBGC, person, plan, plan administrator, single-employer plan, substantial owner, termination date, and voluntary employee contributions.

(b) For purposes of this part:
Deferred annuity means an annuity under which the specified date or age at which payments are to begin occurs after the valuation date.

Earliest retirement age at valuation date means the later of (a) a participant's age on his or her birthday nearest to the valuation date, or (b) the earliest age at which the participant can retire under the terms of the plan.

Early retirement benefit means an annuity benefit payable under the terms of the plan, under which the participant is entitled to begin receiving payments before his or her normal retirement age and which is not payable on account of the disability of the participant. It may

be reduced according to the terms of the plan.

Expected retirement age (XRA) means the age, determined in accordance with §§ 4044.55 through 4044.57, at which a participant is expected to begin receiving benefits when the participant has not elected, before the allocation date, an annuity starting date. This is the age to which a participant's benefit payment is assumed to be deferred for valuation purposes. An XRA is equal to or greater than the participant's earliest retirement age at valuation date but less than his or her normal retirement age.

Non-trusteed plan means a single-employer plan which receives a Notice of Sufficiency from PBGC and is able to close out by purchasing annuities in the private sector in accordance with part 2617 of this chapter. [See Note at beginning of part 4044.]

Notice of Sufficiency means a notice issued by the PBGC that it has determined that plan assets are sufficient to discharge when due all obligations of the plan with respect to benefits in priority categories 1 through 4 after plan assets have been allocated to benefits in accordance with section 4044 of ERISA and this subpart. [See Note at beginning of part 4044.]

Priority category means one of the categories contained in sections 4044 (a)(1) through (a)(6) of ERISA that establish the order in which plan assets are to be allocated.

Trusteed plan means a single-employer plan which has been placed into trusteeship by PBGC.

Unreduced retirement age (URA) means the earlier of the normal retirement age specified in the plan or the age at which an unreduced benefit is first payable.

Valuation date means (1) for non-trusteed plans, the date of distribution and (2) for trustee plans, the date of termination.

(c) For purposes of subpart B of this part (unless otherwise required by the context):

Age means the participant's age at his or her nearest birthday and is determined by rounding the individual's exact age to the nearest whole year. Half years are rounded to the next highest year. This is also known as the "insurance age."

(d) For purposes of §§ 4044.55 through 4044.57:

Monthly benefit means the guaranteed benefit payable by PBGC.

(e) For purposes of §§ 4044.71 through 4044.75:

Lump sum payable in lieu of an annuity means a benefit that is payable in a single installment and is derived from an annuity payable under the plan.

Other lump sum benefit means a benefit in priority category 5 or 6, determined under subpart A of this part, that is payable in a single installment (or substantially so) under the terms of the plan, and that is not derived from an annuity payable under the plan. The benefit may be a severance pay benefit, a death benefit or other single installment benefit.

Qualifying bid means a bid obtained from an insurer in accordance with § 2617.14(b) of this chapter. [See Note at beginning of part 4044.]

§ 4044.3 General rule.

(a) *Asset allocation.* Upon the termination of a single-employer plan, the plan administrator shall allocate the plan assets available to pay for benefits under the plan in the manner prescribed by this subpart. Plan assets available to pay for benefits include all plan assets (valued according to § 4044.41(b)) remaining after the subtraction of all liabilities, other than liabilities for future benefit payments, paid or payable from plan assets under the provisions of the plan. Liabilities include expenses, fees and other administrative costs, and benefit payments due before the allocation date. Except as provided in § 4044.4(b), an irrevocable commitment by an insurer to pay a benefit, which commitment is in effect on the date of the asset allocation, is not considered a plan asset, and a benefit payable under such a commitment is excluded from the allocation process.

(b) *Allocation date.* For plans that close out pursuant to a Notice of Sufficiency under the provisions of subpart C of part 2617 of this chapter, assets shall be allocated as of the date plan assets are to be distributed. For other plans, assets shall be allocated as of the termination date. [See Note at beginning of part 4044.]

§ 4044.4 Violations.

(a) *General.* A plan administrator violates ERISA if plan assets are allocated or distributed upon plan termination in a manner other than that prescribed in section 4044 of ERISA and this subpart, except as may be required to prevent disqualification of the plan under the Code and regulations thereunder.

(b) *Distributions in anticipation of termination.* A distribution, transfer, or allocation of assets to a participant or to an insurance company for the benefit of a participant, made in anticipation of plan termination, is considered to be an allocation of plan assets upon termination, and is covered by paragraph (a) of this section. In determining whether a distribution,

transfer, or allocation of assets has been made in anticipation of plan termination PBGC will consider all of the facts and circumstances including—

- (1) Any change in funding or operation procedures;
- (2) Past practice with regard to employee requests for forms of distribution;
- (3) Whether the distribution is consistent with plan provisions; and
- (4) Whether an annuity contract that provides for a cutback based on the guarantee limits in subpart B of part 4022 of this chapter could have been purchased from an insurance company.

Allocation of Assets to Benefit Categories

§ 4044.10 Manner of allocation.

(a) *General.* The plan administrator shall allocate plan assets available to pay for benefits under the plan using the rules and procedures set forth in paragraphs (b) through (f) of this section, or any other procedure that results in each participant (or beneficiary) receiving the same benefits he or she would receive if the procedures in paragraphs (b) through (f) were followed.

(b) *Assigning benefits.* The basic-type and nonbasic-type benefits payable with respect to each participant in a terminated plan shall be assigned to one or more priority categories in accordance with §§ 4044.11 through 4044.16. Benefits derived from voluntary employee contributions, which are assigned only to priority category 1, are treated, under section 204(c)(4) of ERISA and section 411(d)(5) of the Code, as benefits under a separate plan. The amount of a benefit payable with respect to each participant shall be determined as of the termination date.

(c) *Valuing benefits.* The value of a participant's benefit or benefits assigned to each priority category shall be determined, as of the allocation date, in accordance with the provisions of subpart B of this part. The value of each participant's basic-type benefit or benefits in a priority category shall be reduced by the value of the participant's benefit of the same type that is assigned to a higher priority category. Except as provided in the next two sentences, the same procedure shall be followed for nonbasic-type benefits. The value of a participant's nonbasic-type benefits in priority categories 3, 5, and 6 shall not be reduced by the value of the participant's nonbasic-type benefit assigned to priority category 2. Benefits in priority category 1 shall neither be included in nor subtracted from lower priority categories. In no event shall a

benefit assigned to a priority category be valued at less than zero.

(d) *Allocating assets to priority categories.* Plan assets available to pay for benefits under the plan shall be allocated to each priority category in succession, beginning with priority category 1. If the plan has sufficient assets to pay for all benefits in a priority category, the remaining assets shall then be allocated to the next lower priority category. This process shall be repeated until all benefits in priority categories 1 through 6 have been provided or until all available plan assets have been allocated.

(e) *Allocating assets within priority categories.* Except for priority category 5, if the plan assets available for allocation to any priority category are insufficient to pay for all benefits in that priority category, those assets shall be distributed among the participants according to the ratio that the value of each participant's benefit or benefits in that priority category bears to the total value of all benefits in that priority category. If the plan assets available for allocation to priority category 5 are insufficient to pay for all benefits in that category, the assets shall be allocated, first, to the value of each participant's nonforfeitable benefits that would be assigned to priority category 5 under § 4044.15 after reduction for the value of benefits assigned to higher priority categories, based only on the provisions of the plan in effect at the beginning of the 5-year period immediately preceding the termination date. If assets available for allocation to priority category 5 are sufficient to fully satisfy the value of those benefits, assets shall then be allocated to the value of the benefit increase under the oldest amendment during the 5-year period immediately preceding the termination date, reduced by the value of benefits assigned to higher priority categories (including higher subcategories in priority category 5). This allocation procedure shall be repeated for each succeeding plan amendment within the 5-year period until all plan assets available for allocation have been exhausted. If an amendment decreased benefits, amounts previously allocated with respect to each participant in excess of the value of the reduced benefit shall be reduced accordingly. In the subcategory in which assets are exhausted, the assets shall be distributed among the participants according to the ratio that the value of each participant's benefit or benefits in that subcategory bears to the total value of all benefits in that subcategory.

(f) *Applying assets to basic-type or nonbasic-type benefits within priority*

categories. The assets allocated to a participant's benefit or benefits within each priority category shall first be applied to pay for the participant's basic-type benefit or benefits assigned to that priority category. Any assets allocated on behalf of that participant remaining after satisfying the participant's basic-type benefit or benefits in that priority category shall then be applied to pay for the participant's nonbasic-type benefit or benefits assigned to that priority category. If the assets allocable to a participant's basic-type benefit or benefits in all priority categories are insufficient to pay for all of the participant's guaranteed benefits, the assets allocated to that participant's benefit in priority category 4 shall be applied, first, to the guaranteed portion of the participant's benefit in priority category 4. The remaining assets allocated to that participant's benefit in priority category 4, if any, shall be applied to the nonguaranteed portion of the participant's benefit.

(g) *Allocation to established subclasses.* Notwithstanding paragraphs (e) and (f) of this section, the assets of a plan that has established subclasses within any priority category may be allocated to the plan's subclasses in accordance with the rules set forth in § 4044.17.

§ 4044.11 Priority category 1 benefits.

(a) *Definition.* The benefits in priority category 1 are participants' accrued benefits derived from voluntary employee contributions.

(b) *Assigning benefits.* Absent an election described in the next sentence, the benefit assigned to priority category 1 with respect to each participant is the balance of the separate account maintained for the participant's voluntary contributions. If a participant has elected to receive an annuity in lieu of his or her account balance, the benefit assigned to priority category 1 with respect to that participant is the present value of that annuity.

§ 4044.12 Priority category 2 benefits.

(a) *Definition.* The benefits in priority category 2 are participants' accrued benefits derived from mandatory employee contributions, whether to be paid as an annuity benefit with a pre-retirement death benefit that returns mandatory employee contributions or, if a participant so elects under the terms of the plan and subpart A of part 4022 of this chapter, as a lump sum benefit. Benefits are primarily basic-type benefits although nonbasic-type benefits may also be included as follows:

(1) *Basic-type benefits.* The basic-type benefit in priority category 2 with respect to each participant is the sum of the values of the annuity benefit and the pre-retirement death benefit determined under the provisions of paragraph (c)(1) of this section.

(2) *Nonbasic-type benefits.* If a participant elects to receive a lump sum benefit and if the value of the lump sum benefit exceeds the value of the basic-type benefit in priority category 2 determined with respect to the participant, the excess is a nonbasic-type benefit. There is no nonbasic-type benefit in priority category 2 for a participant who does not elect to receive a lump sum benefit.

(b) *Conversion of mandatory employee contributions to an annuity benefit.* Subject to the limitation set forth in paragraph (b)(3) of this section, a participant's accumulated mandatory employee contributions shall be converted to an annuity form of benefit payable at the normal retirement age or, if the plan provides for early retirement, at the expected retirement age. The conversion shall be made using the interest rates and factors specified in paragraph (b)(2) of this section. The form of the annuity benefit (e.g., straight life annuity, joint and survivor annuity, cash refund annuity, etc.) is the form that the participant or beneficiary is entitled to on the termination date. If the participant does not have a nonforfeitable right to a benefit, other than the return of his or her mandatory contributions in a lump sum, the annuity form of benefit is the form the participant would be entitled to if the participant had a nonforfeitable right to an annuity benefit under the plan on the termination date.

(1) *Accumulated mandatory employee contributions.* Subject to any addition for the cost of ancillary benefits plus interest, as provided in the following sentence, the amount of the accumulated mandatory employee contributions for each participant is the participant's total nonforfeitable mandatory employee contributions remaining in the plan on the termination date plus interest, if any, under the plan provisions. Mandatory employee contributions, if any, used after the effective date of the minimum vesting standards in section 203 of ERISA and section 411 of the Code for costs or to provide ancillary benefits such as life insurance or health insurance, plus interest under the plan provisions, shall be added to the contributions that remain in the plan to determine the accumulated mandatory employee contributions.

(2) *Interest rates and conversion factors.* The interest rates and conversion factors used in the administration of the plan shall be used to convert a participant's accumulated mandatory contributions to the annuity form of benefit. In the absence of plan rules and factors, the interest rates and conversion factors established by the IRS for allocation of accrued benefits between employer and employee contributions under the provisions of section 204(c) of ERISA and section 411(c) of the Code shall be used.

(3) *Minimum accrued benefit.* The annuity benefit derived from mandatory employee contributions may not be less than the minimum accrued benefit under the provisions of section 204(c) of ERISA and section 411(c) of the Code.

(c) *Assigning benefits.* If a participant or beneficiary elects to receive a lump sum benefit, his or her benefit shall be determined under paragraph (c)(2) of this section. Otherwise, the benefits with respect to a participant shall be determined under paragraph (c)(1) of this section.

(1) *Annuity benefit and pre-retirement death benefit.* The annuity benefit and the pre-retirement death benefit assigned to priority category 2 with respect to a participant are determined as follows:

(i) The annuity benefit is the benefit computed under paragraph (b) of this section.

(ii) Except for adjustments necessary to meet the minimum lump sum requirements as hereafter provided, the pre-retirement death benefit is the benefit under the plan that returns all or a portion of the participant's mandatory employee contributions upon the death of the participant before retirement. A benefit that became payable in a single installment (or substantially so) because the participant died before the termination date is a liability of the plan within the meaning of § 4044.3(a) and should not be assigned to priority category 2. A benefit payable upon a participant's death that is included in the annuity form of the benefit derived from mandatory employee contributions (e.g., the survivor's portion of a joint and survivor annuity or the cash refund portion of a cash refund annuity) is assigned to priority category 2 as part of the annuity benefit under paragraph (c)(1)(i) of this section and is not assigned as a death benefit. The pre-retirement death benefit may not be less than the minimum lump sum required upon withdrawal of mandatory employee contributions by the IRS under section 204(c) of ERISA and section 411(c) of the Code.

(2) *Lump sum benefit.* Except for adjustments necessary to meet the minimum lump sum requirements as hereafter provided, if a participant elects to receive a lump sum benefit under the provisions of the plan, the amount of the benefit that is assigned to priority category 2 with respect to the participant is—

(i) The combined value of the annuity benefit and the pre-retirement death benefit determined according to paragraph (c)(1) (which constitutes the basic-type benefit) plus

(ii) The amount, if any, of the participant's accumulated mandatory employee contributions that exceeds the combined value of the annuity benefit and the pre-retirement death benefit (which constitutes the nonbasic-type benefit), but not more than

(iii) The amount of the participant's accumulated mandatory contributions.

(3) For purposes of paragraph (c)(2) of this section, accumulated mandatory contributions means the contributions with interest, if any, payable under plan provisions to the participant or beneficiary on termination of the plan or, in the absence of such provisions, the amount that is payable if the participant withdrew his or her contributions on the termination date. The lump sum benefit may not be less than the minimum lump required by the IRS under section 204(c) of ERISA and section 411(c) of the Code upon withdrawal of mandatory employee contributions.

§ 4044.13 Priority category 3 benefits.

(a) *Definition.* The benefits in priority category 3 are those annuity benefits that were in pay status before the beginning of the 3-year period ending on the termination date, and those annuity benefits that could have been in pay status for participants who were eligible to receive annuity benefits before the beginning of the 3-year period ending on the termination date. Benefit increases that became effective before the beginning of the 5-year period ending on the termination date, including automatic benefit increases after that date to the extent provided in paragraph (b)(5) of this section, shall be included in determining the priority category 3 benefit. Benefits are primarily basic-type benefits, although nonbasic-type benefits will be included if any portion of a participant's priority category 3 benefit is not guaranteeable under the provisions of subpart A of part 4022 of this chapter.

(b) *Assigning benefits.* The annuity benefit that is assigned to priority category 3 with respect to each participant is the lowest annuity that

was paid or payable under the rules in paragraphs (b)(2) through (b)(6) of this section.

(1) *Eligibility of participants and beneficiaries.* A participant or beneficiary is eligible for a priority category 3 benefit if either of the following applies:

(i) The participant's (or beneficiary's) benefit was in pay status before the beginning of the 3-year period ending on the termination date.

(ii) The participant was eligible for an annuity and his or her benefit could have been in pay status before the beginning of the 3-year period ending on the termination date. Whether a participant was eligible to receive an annuity before the beginning of the 3-year period shall be determined using the plan provisions in effect on the day before the beginning of the 3-year period.

(iii) If a participant described in either of the preceding two paragraphs died during the 3-year period ending on the date of the plan termination and his or her beneficiary is entitled to an annuity, the beneficiary is eligible for a priority category 3 benefit.

(2) *Plan provisions governing determination of benefit.* In determining the amount of the priority category 3 annuity with respect to a participant, the plan administrator shall use the participant's age, service, actual or expected retirement age, and other relevant facts as of the following dates:

(i) Except as provided in the next sentence, for a participant or beneficiary whose benefit was in pay status before the beginning of the 3-year period ending on the termination date, the priority category 3 benefit shall be determined according to plan provisions in effect on the date the benefit commenced. Benefit increases that became effective before the beginning of the 5-year period ending on the date of plan termination, including automatic benefit increases after that date to the extent provided in paragraph (b)(5) of this section, shall be included in determining the priority category 3 benefit. The form of annuity elected by a retiree is considered the normal form of annuity for that participant.

(ii) For a participant who was eligible to receive an annuity before the beginning of the 3-year period ending on the termination date but whose benefit was not in pay status, the priority category 3 benefit and the normal form of annuity shall be determined according to plan provisions in effect on the day before the beginning of the 3-year period ending on the termination date as if the benefit had commenced at that time.

(3) *General benefit limitations.* The general benefit limitation is determined as follows:

(i) If a participant's benefit was in pay status before the beginning of the 3-year period, the benefit assigned to priority category 3 with respect to that participant is limited to the lesser of the lowest annuity benefit in pay status during the 3-year period ending on the termination date and the lowest annuity benefit payable under the plan provisions at any time during the 5-year period ending on the termination date.

(ii) Unless a benefit was in pay status before the beginning of the 3-year period ending on the termination date, the benefit assigned to priority category 3 with respect to a participant is limited to the lowest annuity benefit payable under the plan provisions, including any reduction for early retirement, at any time during the 5-year period ending on the termination date. If the annuity form of benefit under a formula that appears to produce the lowest benefit differs from the normal annuity form for the participant under paragraph (b)(2)(ii) of this section, the benefits shall be compared after the differing form is converted to the normal annuity form, using plan factors. In the absence of plan factors, the factors in subpart B of part 4022 of this chapter shall be used.

(iii) For purposes of this paragraph, if a terminating plan has been in effect less than five years on the termination date, computed in accordance with paragraph (b)(6) of this section, the lowest annuity benefit under the plan during the 5-year period ending on the termination date is zero. If the plan is a successor to a previously established defined benefit plan within the meaning of section 4021(a) of ERISA, the time it has been in effect will include the time the predecessor plan was in effect.

(4) *Determination of beneficiary's benefit.* If a beneficiary is eligible for a priority category 3 benefit because of the death of a participant during the 3-year period ending on the termination date, the benefit assigned to priority category 3 for the beneficiary shall be determined as if the participant had died the day before the 3-year period began.

(5) *Automatic benefit increases.* If plan provisions adopted and effective before the beginning of the 5-year period ending on the termination date provided for automatic increases in the benefit formula for both active participants and those in pay status or for participants in pay status only, the lowest annuity benefit payable during the 5-year period ending on the termination date determined under paragraph (b)(3) of this section includes the automatic

increases scheduled during the fourth and fifth years preceding termination, subject to the restriction that benefit increases for active participants in excess of the increases for retirees shall not be taken into account.

(6) *Computation of time periods.* For purposes of this section, a plan or amendment is "in effect" on the later of the date on which it is adopted or the date it becomes effective.

§ 4044.14 Priority category 4 benefits.

The benefits assigned to priority category 4 with respect to each participant are the participant's basic-type benefits that do not exceed the guarantee limits set forth in subpart B of part 4022 of this chapter, except as provided in the next sentence. The benefit assigned to priority category 4 with respect to a participant is not limited by the aggregate benefits limitations set forth in § 4022B.1 of this chapter for individuals who are participants in more than one plan or by the phase-in limitation applicable to substantial owners set forth in § 4022.26.

§ 4044.15 Priority category 5 benefits.

The benefits assigned to priority category 5 with respect to each participant are all of the participant's nonforfeitable benefits under the plan.

§ 4044.16 Priority category 6 benefits.

The benefits assigned to priority category 6 with respect to each participant are all of the participant's benefits under the plan, whether forfeitable or nonforfeitable.

§ 4044.17 Subclasses.

(a) *General rule.* A plan may establish one or more subclasses within any priority category, other than priority categories 1 and 2, which subclasses will govern the allocation of assets within that priority category. The subclasses may be based only on a participant's longer service, older age, or disability, or any combination thereof.

(b) *Limitation.* Except as provided in paragraph (c) of this section, whenever the allocation within a priority category on the basis of the subclasses established by the plan increases or decreases the cumulative amount of assets that otherwise would be allocated to guaranteed benefits, the assets so shifted shall be reallocated to other participants' benefits within the priority category in accordance with the subclasses.

(c) *Exception for subclasses in effect on September 2, 1974.* A plan administrator may allocate assets to subclasses within any priority category,

other than priority categories 1 and 2, without regard to the limitation in paragraph (b) of this section if, on September 2, 1974, the plan provided for allocation of plan assets upon termination of the plan based on a participant's longer service, older age, or disability, or any combination thereof, and—

(1) Such provisions are still in effect; or

(2) The plan, if subsequently amended to modify or remove those subclasses, is re-amended to re-establish the same subclasses on or before July 28, 1981.

(d) *Discrimination under Code.* Notwithstanding the provisions of paragraphs (a) through (c) of this section, allocation of assets to subclasses established under this section is permitted only to the extent that the allocation does not result in discrimination prohibited under the Code and regulations thereunder.

Allocation of Residual Assets

§ 4044.30 [Reserved.]

Subpart B—Valuation of Benefits and Assets

General Provisions

§ 4044.41 General valuation rules.

(a) *Valuation of benefits—(1) Trusteed plans.* The plan administrator of a plan that has been or will be placed into trusteeship by the PBGC shall value plan benefits in accordance with §§ 4044.51 through 4044.57.

(2) *Non-trusteed plans.* The plan administrator of a non-trusteed plan shall value plan benefits in accordance with § 4044.71 through 4044.75. If a plan with respect to which PBGC has issued a Notice of Sufficiency is unable to satisfy all benefits assigned to priority categories 1 through 4 on the distribution date, the PBGC will place it into trusteeship and the plan administrator shall re-value the benefits in accordance with §§ 4044.51 through 4044.57. [See Note at beginning of part 4044.]

(b) *Valuation of assets.* Plan assets shall be valued at their fair market value, based on the method of valuation that most accurately reflects such fair market value.

Trusteed Plans

§ 4044.51 Benefits to be valued.

(a) *Form of benefit.* The plan administrator shall determine the form of each benefit to be valued in accordance with the following rules:

(1) If a benefit is in pay status as of the valuation date, the plan

administrator shall value the form of the benefit being paid.

(2) If a benefit is not in pay status as of the valuation date but a valid election with respect to the form of benefit has been made on or before the valuation date, the plan administrator shall value the form of benefit so elected.

(3) If a benefit is not in pay status as of the valuation date and no valid election with respect to the form of benefit has been made on or before the valuation date, the plan administrator shall value the form of benefit that, under the terms of the plan, is payable in the absence of a valid election.

(b) *Timing of benefit.* The plan administrator shall value benefits whose starting date is subject to election using the assumption specified in paragraph (b)(1) or (b)(2) of this section.

(1) *Where election made.* If a valid election of the starting date of a benefit has been made on or before the valuation date, the plan administrator shall assume that the starting date of the benefit is the starting date so elected.

(2) *Where no election made.* If no valid election of the starting date of a benefit has been made on or before the valuation date, the plan administrator shall assume that the starting date of the benefit is the later of—

(i) The expected retirement age, as determined under §§ 4044.55 through 4044.57, of the participant with respect to whom the benefit is payable, or

(ii) The valuation date.

§ 4044.52 Valuation of benefits.

(a) *General rule.* Except as otherwise provided in paragraph (b) of this section (regarding the valuation of benefits payable as lump sums), the plan administrator shall value annuity benefits as of the valuation date by—

(1) Using the mortality assumptions prescribed by § 4044.53 and the interest assumptions prescribed by Table I of appendix B to this part;

(2) Using interpolation methods, where necessary, at least as accurate as linear interpolation;

(3) Using valuation formulas that accord with generally accepted actuarial principles and practices;

(4) Taking mortality into account during the deferral period of a deferred joint and survivor benefit only with respect to the participant (or other principal annuitant), if upon the death of the beneficiary the participant may elect an actuarially increased single life annuity or if a new beneficiary may succeed to the survivor portion of the benefit; and

(5) Adjusting the values to reflect the loading for expenses in accordance with appendix C to this part.

(b) *Benefits payable as lump sums.* For valuing benefits payable as lump sums (including the return of accumulated employee contributions upon death), and for determining whether the lump sum value of a benefit exceeds \$3,500, the plan administrator shall value benefits in the same manner as benefits to be paid as annuities except that—

(1) The mortality assumptions prescribed in § 4044.54 and the interest assumptions set forth in Table II of appendix B to this part shall apply,

(2) There shall be no adjustment to reflect the loading for expenses, and

(3) Beneficiary mortality during the deferral period shall be disregarded as provided in paragraph (a)(4) of this section without regard to whether the participant may elect an actuarially increased single life annuity upon the death of the beneficiary or whether a new beneficiary may succeed to the survivor portion of the benefit.

§ 4044.53 Mortality assumptions—in general.

(a) *General rule.* Subject to paragraph (b) of this section (regarding certain death benefits), the plan administrator shall use the mortality factors prescribed in paragraphs (c), (d), and (e) of this section to value benefits under § 4044.52(a).

(b) *Certain death benefits.* If an annuity for one person is in pay status on the valuation date, and if the payment of a death benefit after the valuation date to another person, who need not be identifiable on the valuation date, depends in whole or in part on the death of the pay status annuitant, then the plan administrator shall value the death benefit using—

(1) the mortality rates that are applicable to the annuity in pay status under this section to represent the mortality of the pay status annuitant; and

(2) the mortality rates applicable to annuities not in pay status and to deferred benefits other than annuities, under paragraph (c) of this section, to represent the mortality of the death beneficiary.

(c) *Mortality rates for healthy lives.* The mortality rates applicable to annuities in pay status on the valuation date that are not being received as disability benefits, to annuities not in pay status on the valuation date, and to deferred benefits other than annuities, are—

(1) For male participants, the rates in Table 1 of appendix A to this part, and

(2) For female participants, the rates in Table 1 of appendix A to this part, set back 6 years.

(d) *Mortality rates for disabled lives (other than Social Security disability).* The mortality rates applicable to annuities in pay status on the valuation date that are being received as disability benefits and for which neither eligibility for, nor receipt of, Social Security disability benefits is a prerequisite, are—

(1) For male participants, the rates in Table 1 of appendix A to this part, set forward 3 years, and

(2) For female participants, the rates in Table 1 of appendix A to this part, set back 3 years.

(e) *Mortality rates for disabled lives (Social Security disability).* The mortality rates applicable to annuities in pay status on the valuation date that are being received as disability benefits and for which either eligibility for, or receipt of, Social Security disability benefits is a prerequisite, are the rates in Tables 2–M and 2–F of appendix A to this part.

§ 4044.54 Mortality assumptions—lump sums.

For determining whether the value of a benefit is \$3,500 or less under § 4022.7(b)(1) of this chapter and for calculating the amount of a lump sum benefit, the PBGC will use the mortality rates in Table 3 of appendix A to this part.

Expected Retirement Age

§ 4044.55 XRA when a participant must retire to receive a benefit.

(a) *Applicability.* Except as provided in § 4044.57, the plan administrator shall determine the XRA under this section when plan provisions or established plan practice require a participant to retire from his or her job to begin receiving an early retirement benefit.

(b) *Data needed.* The plan administrator shall determine for each participant who is entitled to an early retirement benefit—

(1) The amount of the participant's monthly benefit payable at unreduced retirement age in the normal form payable under the terms of the plan or in the form validly elected by the participant before the termination date;

(2) The calendar year in which the participant reaches unreduced retirement age ("URA");

(3) The participant's URA; and

(4) The participant's earliest retirement age at the valuation date.

(c) *Procedure.* (1) The plan administrator shall determine whether a participant is in the high, medium or low retirement rate category using the applicable Selection of Retirement Rate Category Table in appendix D, based on the participant's benefit determined

under paragraph (b)(1) of this section and the year in which the participant reaches URA.

(2) Based on the retirement rate category determined under paragraph (c)(1), the plan administrator shall determine the XRA from Table II–A, II–B or II–C, as appropriate, by using the participant's URA and earliest retirement age at valuation date.

§ 4044.56 XRA when a participant need not retire to receive a benefit.

(a) *Applicability.* Except as provided in § 4044.57, the plan administrator shall determine the XRA under this section when plan provisions or established plan practice do not require a participant to retire from his or her job to begin receiving his or her early retirement benefit.

(b) *Data needed.* The plan administrator shall determine for each participant—

(1) The participant's URA; and

(2) The participant's earliest retirement age at valuation date.

(c) *Procedure.* Participants in this case are always assigned to the high retirement rate category and therefore the plan administrator shall use Table II–C of appendix D to determine the XRA. The plan administrator shall determine the XRA from Table II–C by using the participant's URA and earliest retirement age at termination date.

§ 4044.57 Special rule for facility closing.

(a) *Applicability.* The plan administrator shall determine the XRA under this section, rather than § 4044.55 or § 4044.56, when both the conditions set forth in paragraphs (a)(1) and (a)(2) of this section exist.

(1) The facility at which the participant is or was employed permanently closed within one year before the valuation date, or is in the process of being permanently closed on the valuation date.

(2) The participant left employment at the facility less than one year before the valuation date or was still employed at the facility on the valuation date.

(b) *XRA.* The XRA is equal to the earliest retirement age at valuation date.

Non-Trusteed Plans

§ 4044.71 Valuation of annuity benefits.

The value of a benefit which is to be paid as an annuity is the cost of purchasing the annuity on the date of distribution from an insurer under the qualifying bid.

§ 4044.72 Form of annuity to be valued.

(a) When both the participant and beneficiary are alive on the date of distribution, the form of annuity to be valued is—

(1) For a participant or beneficiary already receiving a monthly benefit, that form which is being received, or

(2) For a participant or beneficiary not receiving a monthly benefit, the normal annuity form payable under the plan or the optional form for which the participant has made a valid election pursuant to § 2617.4(c) of this chapter. [See Note at beginning of part 4044.]

(b) When the participant dies after the date of plan termination but before the date of distribution, the form of annuity to be valued is determined under paragraph (b)(1) or (b)(2) of this section:

(1) For a participant who was entitled to a deferred annuity—

(i) If the form was a single or joint life annuity, no benefit shall be valued; or

(ii) If the participant had made a valid election of a lump sum benefit before he or she died, the form to be valued is the lump sum.

(2) For a participant who was eligible for immediate retirement, and for a participant who was in pay status at the date of termination—

(i) If the form was a single life annuity, no benefit shall be valued;

(ii) If the form was an annuity for a period certain and life thereafter, the form to be valued is an annuity for the certain period;

(iii) If the form was a joint and survivor annuity, the form to be valued is a single life annuity payable to the beneficiary, unless the beneficiary has also died, in which case no benefit shall be valued;

(iv) If the form was an annuity for a period certain and joint and survivor thereafter, the form to be valued is an annuity for the certain period and the life of the beneficiary thereafter, unless the beneficiary has also died, in which case the form to be valued is an annuity for the certain period;

(v) If the form was a cash refund annuity, the form to be valued is the remaining lump sum death benefit; or

(vi) If the participant had elected a lump sum benefit before he or she died, the form to be valued is the lump sum.

(c) When the participant is still living and the named beneficiary or spouse dies after the date of termination but before the date of distribution, the form of annuity to be valued is determined under paragraph (c)(1) or (c)(2) of this section:

(1) For a participant entitled to a deferred annuity—

(i) If the form was a joint and survivor annuity, the form to be valued is a single life annuity payable to the participant; or

(ii) If the form was an annuity for a period certain and joint and survivor thereafter, the form to be valued is an

annuity for the certain period and the life of the participant thereafter.

(2) For a participant eligible for immediate retirement and for a participant in pay status at the date of termination—

(i) If the form was a joint and survivor annuity, the form to be valued is a single life annuity payable to the participant; or

(ii) If the form was an annuity for a period certain and joint survivor thereafter annuity, the form to be valued is an annuity for the certain period and for the life of the participant thereafter.

§ 4044.73 Lump sums and other alternative forms of distribution in lieu of annuities.

(a) *Valuation.* (1) The value of the lump sum or other alternative form of distribution is the present value of the normal form of benefit provided by the plan payable at normal retirement age, determined as of the date of distribution using reasonable actuarial assumptions as to interest and mortality.

(2) If the participant dies before the date of distribution, but had elected a lump sum benefit, the present value shall be determined as if the participant were alive on the date of distribution.

(b) *Actuarial assumptions.* The plan administrator shall specify the actuarial assumptions used to determine the value calculated under paragraph (a) of this section when the plan administrator submits the benefit valuation data to the PBGC pursuant to § 2617.12 of part 2617 of this chapter. The same actuarial assumptions shall be used for all such calculations. The PBGC reserves the right to review the actuarial assumptions used and to re-value the benefits determined by the plan administrator if the actuarial assumptions are found to be unreasonable.

[See Note at beginning of part 4044.]

§ 4044.74 Withdrawal of employee contributions.

(a) If a participant has not started to receive monthly benefit payments on the date of distribution, the value of the lump sum which returns mandatory employee contributions is equal to the total amount of contributions made by the participant, plus interest that is payable to the participant under the terms of the plan, plus interest on that total amount from the date of termination to the date of distribution.

The rate of interest credited on employee contributions up to the date of termination shall be the greater of the interest rate provided under the terms of the plan or the interest rate required under section 204(c) of ERISA or section 411(c) of the IRC.

(b) If a participant has started to receive monthly benefit payments on the date of distribution, part of which are attributable to his or her contributions, the value of the lump sum which returns employee contributions is equal to the excess of the amount described in paragraph (b)(1) of this section over the amount computed in paragraph (b)(2) of this section.

(1) The amount of accumulated mandatory employee contributions remaining in the plan as of the date of termination plus interest from the date of termination to the date of distribution.

(2) The excess of benefit payments made from the plan between date of plan termination and the date of distribution, over the amount of payments that would have been made if the employee contributions had been paid as a lump sum on the date of plan termination, with interest accumulated on the excess from the date of payment to the date of distribution.

(c) *Interest assumptions.* The interest rate used under this section to credit interest between the date of termination to the date of distribution shall be a reasonable rate and shall be the same for both paragraphs (a) and (b).

§ 4044.75 Other lump sum benefits.

The value of a lump sum benefit which is not covered under § 4044.73 or § 4044.74 is equal to—

(a) The value under the qualifying bid, if an insurer provides the benefit; or

(b) The present value of the benefit as of the date of distribution, determined using reasonable actuarial assumptions, if the benefit is to be distributed other than by the purchase of the benefit from an insurer. The PBGC reserves the right to review the actuarial assumptions as to reasonableness and re-value the benefit if the actuarial assumptions are unreasonable.

Authority: 29 U.S.C. 1302(b)(3), 1347.

§ 4047.1 Purpose and scope.

Section 4047 of ERISA gives the PBGC broad authority to take any necessary actions in furtherance of a plan restoration order issued pursuant to section 4047. This part (along with Treasury regulation 26 CFR 1.412(c)(1)–3) describes certain legal obligations that arise incidental to a plan restoration under section 4047. This part also establishes procedures with respect to these obligations that are intended to facilitate the orderly transition of a restored plan from terminated (or terminating) status to ongoing status, and to help ensure that the restored plan will continue to be ongoing consistent with the best interests of the plan's participants and beneficiaries and the single-employer insurance program. This part applies to terminated and terminating single-employer plans (except for plans terminated and terminating under ERISA section 4041(b)) with respect to which the PBGC has issued or is issuing a plan restoration order pursuant to ERISA section 4047.

§ 4047.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: controlled group, ERISA, IRS, PBGC, plan, plan administrator, plan year, and single-employer plan.

§ 4047.3 Funding of restored plan.

(a) *General.* Whenever the PBGC issues or has issued a plan restoration order under ERISA section 4047, it shall issue to the plan sponsor a restoration payment schedule order in accordance with the rules of this section. PBGC, through its Executive Director, shall also issue a certification to its Board of Directors and the IRS, as described in paragraph (c) of this section. If more than one plan is or has been restored, the PBGC shall issue a separate restoration payment schedule order and separate certification with respect to each restored plan.

(b) *Restoration payment schedule order.* A restoration payment schedule order shall set forth a schedule of payments sufficient to amortize the initial restoration amortization base

described in paragraph (b) of 26 CFR 1.412(c)(1)–3 over a period extending no more than 30 years after the initial post-restoration valuation date, as defined in paragraph (a)(1) of 26 CFR 1.412(c)(1)–3. The restoration payment schedule shall be consistent with the requirements of 26 CFR 1.412(c)(1)–3 and may require payments at intervals of less than one year, as determined by the PBGC. The PBGC may, in its discretion, amend the restoration payment schedule at any time, consistent with the requirements of 26 CFR 1.412(c)(1)–3.

(c) *Certification.* The Executive Director's certification to the Board of Directors and the IRS pursuant to paragraph (a) of this section shall state that the PBGC has reviewed the funding of the plan, the financial condition of the plan sponsor and its controlled group members, the payments required under the restoration payment schedule (taking into account the availability of deferrals as permitted under paragraph (c)(4) of 26 CFR 1.412(c)(1)–3) and any other factor that the PBGC deems relevant, and, based on that review, determines that it is in the best interests of the plan's participants and beneficiaries and the single-employer insurance program that the restored plan not be reterminated.

(d) *Periodic PBGC review.* As long as a restoration payment schedule order issued under this section is in effect, the PBGC shall review annually the funding status of the plan with respect to which the order applies. As part of this review, the PBGC, through its Executive Director, shall issue a certification in the form described in paragraph (c) of this section. As a result of its funding review, PBGC may amend the restoration payment schedule, consistent with the requirements of paragraph (c)(2) of 26 CFR 1.412(c)(1)–3.

§ 4047.4 Payment of premiums.

(a) *General.* Upon restoration of a plan pursuant to ERISA section 4047, the obligation to pay PBGC premiums pursuant to ERISA section 4007 is reinstated as of the date on which the plan was trustee under section 4042 of ERISA. Except as otherwise specifically provided in paragraphs (b) and (c) of this section, the amount of the outstanding premiums owed shall be computed and paid by the plan administrator in accordance with part 4006 of this chapter (Premium Rates) and the forms and instructions issued pursuant thereto, as in effect for the plan years for which premiums are owed.

(b) *Notification of premiums owed.* Whenever the PBGC issues or has issued a plan restoration order, it shall send a written notice to the plan administrator of the restored plan advising the plan administrator of the plan year(s) for which premiums are owed. PBGC will include with the notice the necessary premium payment forms and instructions. The notice shall prescribe the payment due dates for the outstanding premiums.

(c) *Methods for determining variable rate portion of the premium.* In general, the variable rate portion of the outstanding premiums shall be determined in accordance with the premium regulation and forms, as provided in paragraph (a) of this section, except that for any plan year following a plan year for which Form 5500, Schedule B was not filed because the plan was terminated, the alternative calculation method in § 4006.4(c) of this chapter may not be used.

§ 4047.5 Repayment of PBGC payments of guaranteed benefits.

(a) *General.* Upon restoration of a plan pursuant to ERISA section 4047, amounts paid by the PBGC from its single-employer insurance fund (the fund established pursuant to ERISA section 4005(a)) to pay guaranteed benefits and related expenses under the plan while it was terminated are a debt of the restored plan. The terms and conditions for payment of this debt shall be determined by the PBGC.

(b) *Repayment terms.* The PBGC shall prescribe reasonable terms and conditions for payment of the debt described in paragraph (a) of this section, including the number, amount and commencement date of the payments. In establishing the terms, PBGC will consider the cash needs of the plan, the timing and amount of contributions owed to the plan, the liquidity of plan assets, the interests of the single-employer insurance program, and any other factors PBGC deems relevant. PBGC may, in its discretion, revise any of the payment terms and conditions, upon written notice to the plan administrator in accordance with paragraph (c) of this section.

(c) *Notification to plan administrator.* Whenever the PBGC issues or has issued a plan restoration order, it shall send a written notice to the plan administrator of the restored plan advising the plan administrator of the amount owed the PBGC pursuant to paragraph (a) of this section. The notice shall also include the terms and conditions for payment of this debt, as established under paragraph (b) of this section.

§ 4050.1 Purpose and scope.

This part prescribes rules for distributing benefits under a terminating single-employer plan for any individual whom the plan administrator has not located when distributing benefits under § 4041.27(c) of this chapter. This part applies to a plan if the plan's deemed distribution date (or the date of a payment made in accordance with § 4050.12) is in a plan year beginning on or after January 1, 1996.

§ 4050.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: annuity, benefit liabilities, Code, ERISA, insurer, irrevocable commitment, mandatory employee contributions, normal retirement age, PBGC, person, plan, plan administrator, plan year and title IV benefit.

In addition, for purposes of this part: *Deemed distribution date* means the last day of the period in which distribution may be made (determined without regard to the provisions of this part) under § 4041.27(a) or § 4041.48(a) of this chapter (whichever applies) or such earlier date as may be selected by the plan administrator of a terminating plan that is on or after the date when all benefit distributions have been made under the plan except for distributions to—

- (1) Late-discovered participants,
- (2) Missing participants (including recently-missing participants) whose designated benefits are paid to the PBGC, and
- (3) Recently-missing participants whose benefits are distributed by

purchasing an irrevocable commitment from an insurer.

Designated benefit means the amount payable to the PBGC for a missing participant pursuant to § 4050.5.

Designated benefit interest rate means the rate of interest applicable to underpayments of guaranteed benefits by the PBGC under § 4022.81(d) of this chapter.

Guaranteed benefit form means, with respect to a benefit, the form in which the PBGC would pay a guaranteed benefit to a participant or beneficiary in the PBGC's program for trustee plans under subparts A and B of part 4022 of this chapter (treating the deemed distribution date as the termination date for this purpose).

Late-discovered participant means a participant or beneficiary entitled to a distribution under a terminating plan whom the plan administrator locates before the plan administrator pays the individual's designated benefit to the PBGC (or distributes the individual's benefit by purchasing an irrevocable commitment from an insurer) and not more than 90 days before the deemed distribution date.

Missing participant means a participant or beneficiary entitled to a distribution under a terminating plan whom the plan administrator has not located as of the date when the plan administrator pays the individual's designated benefit to the PBGC (or distributes the individual's benefit by purchasing an irrevocable commitment from an insurer). In the absence of proof of death, individuals not located are presumed living.

Missing participant annuity assumptions means the interest rate assumptions and actuarial methods (using the interest rates for annuity valuations in Table I of appendix B to part 4044 of this chapter) for valuing a benefit to be paid by the PBGC as an annuity under subpart B of part 4044, applied—

- (1) As if the deemed distribution date were the termination date;
- (2) Using unisex mortality rates that are a fixed blend of 50 percent of the male mortality rates and 50 percent of the female mortality rates from the 1983 Group Annuity Mortality Table as prescribed in Rev. Rul. 95-6, 1995-1 C.B. 80 (Cumulative Bulletins are available from the Superintendent of Documents, Government Printing Office, Washington, DC 20402);
- (3) Without using the expected retirement age assumptions in §§ 4044.55 through 4044.57 of this chapter;

(4) Without making the adjustment for expenses provided for in § 4044.52(a)(5) of this chapter; and

(5) By adding \$300, as an adjustment (loading) for expenses, for each missing participant whose designated benefit without such adjustment would be greater than \$3,500.

Missing participant forms and instructions means PBGC Forms 501 and 602, Schedule MP thereto, and related forms, and their instructions.

Missing participant lump sum assumptions means the interest rate assumptions and actuarial methods (using the interest rates for lump sum valuations in Table II of appendix B to part 4044 of this chapter) for valuing a benefit to be paid by the PBGC as a lump sum under subpart B of part 4044 of this chapter, applied—

- (1) As if the deemed distribution date were the termination date;
- (2) Using mortality assumptions from Table 3 of appendix A to part 4044 of this chapter; and
- (3) Without using the expected retirement age assumptions in §§ 4044.55 through 4044.57 of this chapter.

Pay status means, with respect to a benefit under a plan, that the plan administrator has made or (except for administrative delay or a waiting period) would have made one or more benefit payments.

Post-distribution certification means the post-distribution certification required by § 4041.27(h) or § 4041.48(b) of this chapter.

Recently-missing participant means a participant or beneficiary whom the plan administrator discovers to be a missing participant on or after the 90th day before the deemed distribution date.

Unloaded designated benefit means the designated benefit reduced by \$300; except that the reduction shall not apply in the case of a designated benefit determined using the missing participant annuity assumptions without adding the \$300 load described in paragraph (5) of the definition of "missing participant annuity assumptions."

§ 4050.3 Method of distribution for missing participants.

The plan administrator of a terminating plan shall distribute benefits for each missing participant by—

- (a) purchasing from an insurer an irrevocable commitment that satisfies the requirements of § 4041.27(c) or § 4041.48(a)(1) of this chapter (whichever is applicable); or
- (b) paying the PBGC a designated benefit in accordance with §§ 4050.4

through 4050.6 (subject to the special rules in § 4050.12).

§ 4050.4 Diligent search.

(a) *Search required.* A diligent search shall be made for each missing participant whose designated benefit (or voluntary employee contributions under § 4050.12(d)(2)) is paid to the PBGC. The search shall be made before the payment is made.

(b) *Diligence.* A search is a diligent search only if the search—

(1) Begins not more than 6 months before notices of intent to terminate are issued and is carried on in such a manner that if the individual is found, distribution to the individual can reasonably be expected to be made on or before the deemed distribution date (or, in the case of a recently-missing participant, on or before the 90th day after the deemed distribution date);

(2) Includes inquiry of any plan beneficiaries (including alternate payees) of the missing participant whose names and addresses are known to the plan administrator; and

(3) Includes use of a commercial locator service to search for the missing participant (without charge to the missing participant or reduction of the missing participant's plan benefit).

§ 4050.5 Designated benefit.

(a) *Amount of designated benefit.* The amount of the designated benefit shall be the amount determined under paragraph (a)(1), (a)(2), (a)(3), or (a)(4) of this section (whichever is applicable) or, if less, the maximum amount that could be provided under the plan to the missing participant in the form of a single sum in accordance with section 415 of the Code.

(1) *Mandatory lump sum.* The designated benefit of a missing participant required under a plan to receive a mandatory lump sum as of the deemed distribution date shall be the lump sum payment that the plan administrator would have distributed to the missing participant as of the deemed distribution date.

(2) *De minimis lump sum.* The designated benefit of a missing participant not described in paragraph (a)(1) of this section whose benefit is not in pay status as of the deemed distribution date and whose benefit has a *de minimis* actuarial present value (\$3,500 or less) as of the deemed distribution date under the missing participant lump sum assumptions shall be such value.

(3) *No lump sum.* The designated benefit of a missing participant not described in paragraph (a)(1) or (a)(2) of this section who, as of the deemed

distribution date, cannot elect an immediate lump sum under the plan shall be the actuarial present value of the missing participant's benefit as of the deemed distribution date under the missing participant annuity assumptions.

(4) *Elective lump sum.* The designated benefit of a missing participant not described in paragraph (a)(1), (a)(2), or (a)(3) of this section shall be the greater of the amounts determined under the methodologies of paragraph (a)(1) or (a)(3) of this section.

(b) *Assumptions.* When the plan administrator uses the missing participant annuity assumptions or the missing participant lump sum assumptions for purposes of determining the designated benefit under paragraph (a) of this section, the plan administrator shall value the most valuable benefit, as determined under paragraph (b)(1) of this section, using the assumptions described in paragraph (b)(2) or (b)(3) of this section (whichever is applicable).

(1) *Most valuable benefit.* For a missing participant whose benefit is in pay status as of the deemed distribution date, the most valuable benefit is the pay status benefit. For a missing participant whose benefit is not in pay status as of the deemed distribution date, the most valuable benefit is the benefit payable at the age on or after the deemed distribution date (beginning with the participant's earliest early retirement age and ending with the participant's normal retirement age) for which the present value as of the deemed distribution date is the greatest. The present value as of the deemed distribution date with respect to any age is determined by multiplying:

(i) the monthly (or other periodic) benefit payable under the plan; by

(ii) the present value (determined as of the deemed distribution date using the missing participant annuity assumptions) of a \$1 monthly (or other periodic) annuity beginning at the applicable age.

(2) *Participant.* A missing participant who is a participant, and whose benefit is not in pay status as of the deemed distribution date, is assumed to be married to a spouse the same age, and the form of benefit that must be valued is the qualified joint and survivor annuity benefit that would be payable under the plan. If the participant's benefit is in pay status as of the deemed distribution date, the form and beneficiary of the participant's benefit are the form of benefit and beneficiary of the pay status benefit.

(3) *Beneficiary.* A missing participant who is a beneficiary, and whose benefit

is not in pay status as of the deemed distribution date, is assumed not to be married, and the form of benefit that must be valued is the survivor benefit that would be payable under the plan. If the beneficiary's benefit is in pay status as of the deemed distribution date, the form and beneficiary of the beneficiary's benefit are the form of benefit and beneficiary of the pay status benefit.

(4) *Examples.* See Appendix A to this part for examples illustrating the provisions of this section.

(c) *Missed payments.* In determining the designated benefit, the plan administrator shall include the value of any payments that were due before the deemed distribution date but that were not made.

(d) *Payment of designated benefits.* Payment of designated benefits shall be made in accordance with § 4050.6 and shall be deemed made on the deemed distribution date.

§ 4050.6 Payment and required documentation.

(a) *Time of payment and filing—(1) General rule.* The plan administrator shall pay designated benefits, and file the information and certifications (of the plan administrator and the plan's enrolled actuary) specified in the missing participant forms and instructions, by the time the post-distribution certification is due (determined in accordance with § 4041.9 of this chapter). Except as otherwise provided in the missing participant forms and instructions, the plan administrator shall submit the designated benefits, information, and certifications with the post-distribution certification.

(2) *Recently-missing participants.* For a recently-missing participant, the plan administrator shall either purchase an irrevocable commitment from an insurer not later than 90 days after the deemed distribution date or pay a designated benefit to the PBGC by the time the amended post-distribution certification is due under paragraph (a)(2)(ii) of this section. Except as otherwise provided in the missing participant forms and instructions—

(i) *Payment.* The plan administrator shall submit the designated benefit with the amended post-distribution certification described in paragraph (a)(2)(ii) of this section; and

(ii) *Filing.* If (in the case of a recently-missing participant for whom a designated benefit is to be paid to the PBGC) a diligent search has not been completed or (in the case of any other recently-missing participant) an irrevocable commitment has not been

purchased when the plan administrator submits the filing described in paragraph (a)(1) of this section, the plan administrator shall so indicate in that filing and submit an amended filing (including an amended post-distribution certification) within 120 days after the deemed distribution date (subject to extension under § 4050.12(h)) in accordance with the missing participant forms and instructions.

(3) *Late-discovered participants.* When it is impracticable for the plan administrator to include complete and accurate final information on a late-discovered participant in a timely post-distribution certification, the plan administrator shall submit an amended post-distribution certification within 120 days after the deemed distribution date (subject to extension under § 4050.12(h)) in accordance with the missing participant forms and instructions.

(b) *Interest on late payments.* If the plan administrator does not pay a designated benefit by the time specified in paragraph (a) of this section, the plan administrator shall pay interest as assessed by the PBGC for the period beginning on the deemed distribution date and ending on the date when the payment is received by the PBGC. Interest will be assessed at the rate provided for late premium payments in § 4007.7 of this chapter. Interest assessed under this paragraph shall be deemed paid in full if payment of the amount assessed is received by the PBGC within 30 days after the date of a PBGC bill for such amount.

(c) *Supplemental information.* Within 30 days after the date of a written request from the PBGC, a plan administrator required to provide the information and certifications described in paragraph (a) of this section shall file supplemental information, as requested, for the purpose of verifying designated benefits, determining benefits to be paid by the PBGC under this part, and substantiating diligent searches.

(1) *Information mailed.* Supplemental information filed under this paragraph (c) is considered filed on the date of the United States postmark stamped on the cover in which the information is mailed, if—

(i) The postmark was made by the United States Postal Service; and
(ii) The information was mailed postage prepaid, properly addressed to the PBGC.

(2) *Information delivered.* When the plan administrator sends or transmits the information to the PBGC by means other than the United States Postal Service, the information is considered filed on the date it is received by the

PBGC. Information received on a weekend or Federal holiday or after 5:00 p.m. on a weekday is considered filed on the next regular business day.

§ 4050.7 Benefits of missing participants—in general.

(a) *If annuity purchased.* If a plan administrator distributes a missing participant's benefit by purchasing an irrevocable commitment from an insurer, and the missing participant (or his or her beneficiary or estate) later contacts the PBGC, the PBGC will inform the person of the identity of the insurer and the relevant policy number.

(b) *If designated benefit paid.* If the PBGC locates or is contacted by a missing participant (or his or her beneficiary or estate) for whom a plan administrator paid a designated benefit to the PBGC, the PBGC will pay benefits in accordance with §§ 4050.8 through 4050.10 (subject to the limitations and special rules in §§ 4050.11 and 4050.12).

(c) *Examples.* See Appendix B to this part for examples illustrating the provisions of §§ 4050.8 through 4050.10.

§ 4050.8 Automatic lump sum.

This section applies to a missing participant whose designated benefit was determined under § 4050.5(a)(1) (mandatory lump sum) or § 4050.5(a)(2) (*de minimis* lump sum).

(a) *General rule—(1) Benefit paid.* The PBGC will pay a single sum benefit equal to the designated benefit plus interest at the designated benefit interest rate from the deemed distribution date to the date on which the PBGC pays the benefit.

(2) *Payee.* Payment shall be made—

(i) To the missing participant, if located;
(ii) If the missing participant died before the deemed distribution date, and if the plan so provides, to the missing participant's beneficiary or estate; or
(iii) If the missing participant dies on or after the deemed distribution date, to the missing participant's estate.

(b) *De minimis annuity alternative.* If the guaranteed benefit form for a missing participant whose designated benefit was determined under § 4050.5(a)(2) (*de minimis* lump sum) (or the guaranteed benefit form for a beneficiary of such a missing participant) would provide for the election of an annuity, the missing participant (or the beneficiary) may elect to receive an annuity. If such an election is made—

(1) The PBGC will pay the benefit in the elected guaranteed benefit form, beginning on the annuity starting date elected by the missing participant (or the beneficiary), which shall not be

before the later of the date of the election or the earliest date on which the missing participant (or the beneficiary) could have begun receiving benefits under the plan; and

(2) The benefit paid will be actuarially equivalent to the designated benefit, *i.e.*, each monthly (or other periodic) benefit payment will equal the designated benefit divided by the present value (determined as of the deemed distribution date under the missing participant lump sum assumptions) of a \$1 monthly (or other periodic) annuity beginning on the annuity starting date.

§ 4050.9 Annuity or elective lump sum—living missing participant.

This section applies to a missing participant whose designated benefit was determined under § 4050.5(a)(3) (no lump sum) or § 4050.5(a)(4) (elective lump sum) and who is living on the date as of which the PBGC begins paying benefits.

(a) *Missing participant whose benefit was not in pay status as of the deemed distribution date.* The PBGC will pay the benefit of a missing participant whose benefit was not in pay status as of the deemed distribution date as follows.

(1) *Time and form of benefit.* The PBGC will pay the missing participant's benefit in the guaranteed benefit form, beginning on the annuity starting date elected by the missing participant (which shall not be before the later of the date of the election or the earliest date on which the missing participant could have begun receiving benefits under the plan).

(2) *Amount of benefit.* The PBGC will pay a benefit that is actuarially equivalent to the unloaded designated benefit, *i.e.*, each monthly (or other periodic) benefit payment will equal the unloaded designated benefit divided by the present value (determined as of the deemed distribution date under the missing participant annuity assumptions) of a \$1 monthly (or other periodic) annuity beginning on the annuity starting date.

(b) *Missing participant whose benefit was in pay status as of the deemed distribution date.* The PBGC will pay the benefit of a missing participant whose benefit was in pay status as of the deemed distribution date as follows.

(1) *Time and form of benefit.* The PBGC will pay the benefit in the form that was in pay status, beginning when the missing participant is located.

(2) *Amount of benefit.* The PBGC will pay the monthly (or other periodic) amount of the pay status benefit, plus a lump sum equal to the payments the missing participant would have

received under the plan, plus interest on the missed payments (at the plan rate up to the deemed distribution date and thereafter at the designated benefit interest rate) to the date as of which the PBGC pays the lump sum.

(c) *Payment of lump sum.* If a missing participant whose designated benefit was determined under § 4050.5(a)(4) (elective lump sum) so elects, the PBGC will pay his or her benefit in the form of a single sum. This election is not effective unless the missing participant's spouse consents (if such consent would be required under section 205 of ERISA). The single sum equals the designated benefit plus interest (at the designated benefit interest rate) from the deemed distribution date to the date as of which the PBGC pays the benefit.

§ 4050.10 Annuity or elective lump sum—beneficiary of deceased missing participant.

This section applies to a beneficiary of a deceased missing participant whose designated benefit was determined under § 4050.5(a)(3) (no lump sum) or § 4050.5(a)(4) (elective lump sum) and whose benefit is not payable under § 4050.9.

(a) *If deceased missing participant's benefit was not in pay status as of the deemed distribution date.* The PBGC will pay a benefit with respect to a deceased missing participant whose benefit was not in pay status as of the deemed distribution date as follows.

(1) *General rule.*—(i) *Beneficiary.* The PBGC will pay a benefit to the surviving spouse of a missing participant who was a participant (unless the surviving spouse has properly waived a benefit in accordance with section 205 of ERISA).

(ii) *Form and amount of benefit.* The PBGC will pay the survivor benefit in the form of a single life annuity. Each monthly (or other periodic) benefit payment will equal 50% of the quotient that results when the unloaded designated benefit is divided by the present value (determined as of the deemed distribution date under the missing participant annuity assumptions, and assuming that the missing participant survived to the deemed distribution date) of a \$1 monthly (or other periodic) joint and 50 percent survivor annuity beginning on the annuity starting date, under which reduced payments (at the 50 percent level) are made only after the death of the missing participant during the life of the spouse (and not after the death of the spouse during the missing participant's life).

(iii) *Time of benefit.* The PBGC will pay the survivor benefit beginning at the

time elected by the surviving spouse (which shall not be before the later of the date of the election or the earliest date on which the surviving spouse could have begun receiving benefits under the plan).

(2) *If missing participant died before deemed distribution date.*

Notwithstanding the provisions of paragraph (a)(1) of this section, if a beneficiary of a missing participant who died before the deemed distribution date establishes to the PBGC's satisfaction that he or she is the proper beneficiary or would have received benefits under the plan in a form, at a time, or in an amount different from the benefit paid under paragraph (a)(1)(ii) or (a)(1)(iii) of this section, the PBGC will make payments in accordance with the facts so established, but only in the guaranteed benefit form.

(3) *Elective lump sum.*

Notwithstanding the provisions of paragraphs (a)(1) and (a)(2) of this section, if the beneficiary of a missing participant whose designated benefit was determined under § 4050.5(a)(4) (elective lump sum) so elects, the PBGC will pay his or her benefit in the form of a single sum. The single sum will be equal to the actuarial present value (determined as of the deemed distribution date under the missing participant annuity assumptions) of the death benefit payable on the annuity starting date, plus interest (at the designated benefit interest rate) from the deemed distribution date to the date as of which the PBGC pays the benefit.

(b) *If deceased missing participant's benefit was in pay status as of the deemed distribution date.* The PBGC will pay a benefit with respect to a deceased missing participant whose benefit was in pay status as of the deemed distribution date as follows.

(1) *Beneficiary.* The PBGC will pay a benefit to the beneficiary (if any) of the benefit that was in pay status as of the deemed distribution date.

(2) *Form and amount of benefit.* The PBGC will pay a monthly (or other periodic) amount equal to the monthly (or other periodic) amount, if any, that the beneficiary would have received under the form of payment in effect, plus a lump sum payment equal to the payments the beneficiary would have received under the plan subsequent to the missing participant's death and prior to the date as of which the benefit is paid under paragraph (b)(4) of this section, plus interest on the missed payments (at the plan rate up to the deemed distribution date and thereafter at the designated benefit interest rate) to the date as of which the benefit is paid under paragraph (b)(4) of this section.

(3) *Lump sum payment to estate.* The PBGC will make a lump sum payment to the missing participant's estate equal to the payments that the missing participant would have received under the plan for the period prior to the missing participant's death, plus interest on the missed payments (at the plan rate up to the deemed distribution date and thereafter at the designated benefit interest rate) to the date when the lump sum is paid. Notwithstanding the preceding sentence, if a beneficiary of a missing participant other than the estate establishes to the PBGC's satisfaction that the beneficiary is entitled to the lump sum payment, the PBGC will pay the lump sum to such beneficiary.

(4) *Time of benefit.* The PBGC will pay the survivor benefit beginning when the beneficiary is located.

(5) *Spouse deceased.* If the PBGC locates the estate of the deceased missing participant's spouse under circumstances where a benefit would have been paid under this paragraph (b) if the spouse had been located while alive, the PBGC shall pay to the spouse's estate a lump sum payment computed in the same manner as provided for in paragraph (b)(2) of this section based on the period from the missing participant's death to the death of the spouse.

§ 4050.11 Limitations.

(a) *Exclusive benefit.* The benefits provided for under this part shall be the only benefits payable by the PBGC to missing participants or to beneficiaries based on the benefits of deceased missing participants.

(b) *Limitation on benefit value.* The total actuarial present value of all benefits paid with respect to a missing participant under §§ 4050.8 through 4050.10, determined as of the deemed distribution date, shall not exceed the missing participant's designated benefit.

(c) *Guaranteed benefit.* If a missing participant or his or her beneficiary establishes to the PBGC's satisfaction that the benefit under §§ 4050.8 through 4050.10 (based on the designated benefit actually paid to the PBGC) is less than the minimum benefit in this paragraph (c), the PBGC shall instead pay the minimum benefit. The minimum benefit shall be the lesser of:

(1) The benefit as determined under the PBGC's rules for paying guaranteed benefits in trustee plans under subparts A and B of part 4022 of this chapter (treating the deemed distribution date as the termination date for this purpose); or

(2) The benefit based on the designated benefit that should have been paid under § 4050.5.

(d) *Limitation on annuity starting date.* A missing participant (or his or her survivor) may not elect an annuity starting date after the later of—

(1) the required beginning date under section 401(a)(9) of the Code; or

(2) the date when the missing participant (or the survivor) is notified of his or her right to a benefit.

§ 4050.12 Special rules.

(a) *Late-discovered participants.* The plan administrator of a plan that terminates with one or more late-discovered participants shall (after issuing notices to each such participant in accordance with §§ 4041.21 and 4041.41 or 4041.46 of this chapter (whichever apply)), distribute each such late-discovered participant's benefit within the period (determined without regard to the provisions of this part) described in § 4041.27(a) or § 4041.48(a) of this chapter (whichever applies) if practicable or (if not) as soon thereafter as practicable, but not more than 90 days after the deemed distribution date (subject to extension under § 4050.12(h)).

(b) *Missing participants located quickly.* Notwithstanding the provisions of §§ 4050.8 through 4050.10, if the PBGC or the plan administrator locates a missing participant within 30 days after the PBGC receives the missing participant's designated benefit, the PBGC may in its discretion return the missing participant's designated benefit to the plan administrator, and the plan administrator shall treat the missing participant like a late-discovered participant.

(c) *Qualified domestic relations orders.* Plan administrators and the PBGC shall take the provisions of qualified domestic relations orders (QDROs) under section 206(d)(3) of ERISA or section 414(p) of the Code into account in determining designated benefits and benefit payments by the PBGC, including treating an alternate payee under an applicable QDRO as a missing participant or as a beneficiary of a missing participant, as appropriate, in accordance with the terms of the QDRO. For purposes of calculating the amount of the designated benefit of an alternate payee, the plan administrator shall use the assumptions for a missing participant who is a beneficiary under § 4050.5(b).

(d) *Employee contributions—(1) Mandatory employee contributions.* Notwithstanding the provisions of § 4050.5, if a missing participant made mandatory contributions (within the

meaning of section 4044(a)(2) of ERISA), the missing participant's designated benefit shall not be less than the sum of the missing participant's mandatory contributions and interest to the deemed distribution date at the plan's rate or the rate under section 204(c) of ERISA (whichever produces the greater amount).

(2) *Voluntary employee contributions.*

(i) *Applicability.* This paragraph (d)(2) applies to any employee contributions that were not mandatory (within the meaning of section 4044(a)(2) of ERISA) to which a missing participant is entitled in connection with the termination of a defined benefit plan.

(ii) *Payment to PBGC.* A plan administrator, in accordance with the missing participant forms and instructions, shall pay the employee contributions described in paragraph (d)(2)(i) of this section (together with any earnings thereon) to the PBGC, and shall file Schedule MP with the PBGC, by the time the designated benefit is due under § 4050.6. Any such amount shall be in addition to the designated benefit and shall be separately identified.

(iii) *Payment by PBGC.* In addition to any other amounts paid by the PBGC under §§ 4050.8 through 4050.10, the PBGC shall pay any amount paid to it under paragraph (d)(2)(ii) of this section, with interest at the designated benefit interest rate from the date of receipt by the PBGC to the date of payment by the PBGC, in the same manner as described in § 4050.8 (automatic lump sums), except that if the missing participant died before the deemed distribution date and there is no beneficiary, payment shall be made to the missing participant's estate.

(e) *Residual assets.* The PBGC shall determine, in a manner consistent with the purposes of this part and section 4050 of ERISA, how the provisions of this part shall apply to any distribution, to participants and beneficiaries who cannot be located, of residual assets remaining after the satisfaction of benefit liabilities in connection with the termination of a defined benefit plan. Unless the PBGC otherwise determines, the deadline for payment of residual assets for a missing participant and for submission to the PBGC of a Schedule MP (or an amended Schedule MP) is the 30th day after the date on which all residual assets have been distributed to all participants and beneficiaries other than missing participants for whom payment of residual assets is made to the PBGC.

(f) *Sufficient distress terminations.* In the case of a plan undergoing a distress termination (under section 4041(c) of ERISA) that is sufficient for at least all

guaranteed benefits and that distributes its assets in the manner described in section 4041(b)(3) of ERISA, the benefit assumed to be payable by the plan for purposes of determining the amount of the designated benefit under § 4050.5 shall be limited to the Title IV benefit plus any benefit to which funds under section 4022(c) of ERISA have been allocated.

(g) *Similar rules for later payments.* If the PBGC determines that one or more persons should receive benefits (which may be in addition to benefits already provided) in order for a plan termination to be valid (e.g., upon audit of the termination), and one or more of such individuals cannot be located, the PBGC shall determine, in a manner consistent with the purposes of this part and section 4050 of ERISA, how the provisions of this part shall apply to such benefits.

(h) *Discretionary extensions.* The PBGC may in its sole discretion extend the 120-day amended filing periods in § 4050.6(a)(2)(ii) and (3) and the 90-day distribution periods in § 4050.6(a)(2) and in paragraph (a) of this section—

(1) Where a recently-missing participant becomes a late-discovered participant,

(2) Where the PBGC returns the designated benefit of a missing participant who is located quickly to the plan administrator under § 4050.12(b), or

(3) In other unusual circumstances.

(i) *Payments beginning after age 70½.* If the PBGC begins paying an annuity under § 4050.9(a) or 4050.10(a) to a participant or a participant's spouse after the January 1 following the date when the participant attained or would have attained age 70½, the PBGC shall pay to the participant or the spouse (or their respective estates) or both, as appropriate, the lump sum equivalent of the past annuity payments the participant and spouse would have received if the PBGC had begun making payments on such January 1. The PBGC shall also pay lump sum equivalents under this paragraph (i) if the PBGC locates the estate of the participant or spouse after both are deceased. (Nothing in this paragraph (i) shall increase the total value of the benefits payable with respect to a missing participant.)

Appendix A to part 4050—Examples of Designated Benefit Determinations for Missing Participants under § 4050.5

The calculation of the designated benefit under § 4050.5 is illustrated by the following examples.

Example 1. Plan A provides that any participant whose benefit has a value at distribution of \$1,750 or less will be paid a lump sum, and that no other lump sums will be paid. P, Q, and R are missing participants.

(1) As of the deemed distribution date, the value of P's benefit is \$1,700 under plan A's assumptions. Under § 4050.5(a)(1), the plan administrator pays the PBGC \$1,700 as P's designated benefit.

(2) As of the deemed distribution date, the value of Q's benefit is \$3,700 under plan A's assumptions and \$3,200 under the missing participant lump sum assumptions. Under § 4050.5(a)(2), the plan administrator pays the PBGC \$3,200 as Q's designated benefit.

(3) As of the deemed distribution date, the value of R's benefit is \$3,400 under plan A's assumptions, \$3,600 under the missing participant lump sum assumptions, and \$3,450 under the missing participant annuity assumptions. Under § 4050.5(a)(3), the plan administrator pays the PBGC \$3,450 as R's designated benefit.

Example 2. Plan B provides for a normal retirement age of 65 and permits early commencement of benefits at any age between 60 and 65, with benefits reduced by 5 percent for each year before age 65 that the benefit begins. The qualified joint and 50 percent survivor annuity payable under the terms of the plan requires in all cases a 16 percent reduction in the benefit otherwise payable. The plan does not provide for elective lump sums.

(1) M is a missing participant who separated from service under plan B with a deferred vested benefit. M is age 50 at the deemed distribution date, and has a normal retirement benefit of \$1,000 per month payable at age 65 in the form of a single life annuity. M's benefit as of the deemed distribution date has a value greater than \$3,500 using either plan assumptions or the missing participant lump sum assumptions. Accordingly, M's designated benefit is to be determined under § 4050.5(a)(3).

(2) For purposes of determining M's designated benefit, M is assumed to be married to a spouse who is also age 50 on the deemed distribution date. M's monthly benefit in the form of the qualified joint and survivor annuity under the plan varies from \$840 at age 65 (the normal retirement age) ($\$1,000 \times (1 - .16)$) to \$630 at age 60 (the earliest retirement age) ($\$1,000 \times (1 - 5 \times (.05)) \times (1 - .16)$).

(3) Under § 4050.5(a)(3), M's benefit is to be valued using the missing participant annuity assumptions. The select and ultimate interest rates on Plan B's deemed distribution date are 7.50 percent for the first 20 years and 5.75 percent thereafter. Using these rates and the blended mortality table described in paragraph (2) of the definition of "missing participant annuity assumptions" in § 4050.2, the plan administrator determines that the benefit commencing at age 60 is the most valuable benefit (i.e., the benefit at age

60 is more valuable than the benefit at ages 61, 62, 63, 64 or 65). The present value as of the deemed distribution date of each dollar of annual benefit (payable monthly as a joint and 50 percent survivor annuity) is \$5.4307 if the benefit begins at age 60. (Because a new spouse may succeed to the survivor benefit, the mortality of the spouse during the deferral period is ignored.) Thus, without adjustment (loading) for expenses, the value of the benefit beginning at age 60 is \$41,056 ($12 \times \630×5.4307). The designated benefit is equal to this value plus an expense adjustment of \$300, or a total of \$41,356.

Appendix B to Part 4050—Examples of Benefit Payments for Missing Participants Under §§ 4050.8 Through 4050.10

The provisions of §§ 4050.8 through 4050.10 are illustrated by the following examples.

Example 1. Participant M from Plan B (see Example 2 in Appendix A of this part) is located. M's spouse is ten years younger than M. M elects to receive benefits in the form of a joint and 50 percent survivor annuity commencing at age 62.

(1) M's designated benefit was \$41,356. The unloaded designated benefit was \$41,056. As of Plan B's deemed distribution date (and using the missing participant annuity assumptions), the present value per dollar of monthly benefit (payable monthly as a joint and 50 percent survivor annuity commencing at age 62 and reflecting the actual age of M's spouse) is \$4.7405. Thus, the monthly benefit to M at age 62 is \$722 ($\$41,056 / (4.7405 \times 12)$). M's spouse will receive \$361 (50 percent of \$722) per month for life after the death of M.

(2) If M had instead been found to have died on or after the deemed distribution date, and M's spouse wanted benefits to commence when M would have attained age 62, the same calculation would be performed to arrive at a monthly benefit of \$361 to M's spouse.

Example 2. Participant P is a missing participant from Plan C, a plan that allows elective lump sums upon plan termination. Plan C's administrator pays a designated benefit of \$10,000 to the PBGC on behalf of P, who was age 30 on the deemed distribution date.

(1) P's spouse, S, is located and has a death certificate showing that P died on or after the deemed distribution date with S as spouse. S is the same age as P, and would like survivor benefits to commence immediately, at age 55 (as permitted by the plan). S's benefit is the survivor's share of the joint and 50 percent survivor annuity which is actuarially equivalent, as of the deemed distribution date, to \$9,700 (the unloaded designated benefit).

(2) The select and ultimate interest rates on Plan C's deemed distribution date were 7.50 percent for the first 20 years and 5.75 percent thereafter. Using these rates and the blended mortality table described in paragraph (2) of the definition of "missing participant annuity assumptions" in § 4050.2, the present value as of the deemed distribution date of each dollar of annual benefit (payable monthly as a joint and 50 percent survivor annuity) is

\$2.4048 if the benefit begins when S and P would have been age 55. Thus, the monthly benefit to S commencing at age 55 is \$168 (50 percent of $\$9,700 / (2.4048 \times 12)$). Since P could have elected a lump sum upon plan termination, S may elect a lump sum. S's lump sum is the present value as of the deemed distribution date (using the missing participant annuity assumptions) of the monthly benefit of \$168, accumulated with interest at the designated benefit interest rate to the date paid.

Authority: 29 U.S.C. 1302(b)(3), 1362-1364, 1367, 1368.

§ 4062.1 Purpose and scope.

The purpose of this part is to set forth rules for determination and payment of the liability incurred, under section 4062(b) of ERISA, upon termination of any single-employer plan and, to the extent appropriate, determination of the liability incurred with respect to multiple employer plans under sections 4063 and 4064 of ERISA. The provisions of this part regarding the amount of liability to the PBGC that is incurred upon termination of a single-employer plan apply with respect to a plan for which a notice of intent to terminate under section 4041(c) of ERISA is issued or proceedings to terminate under section 4042 of ERISA are instituted after December 17, 1987. Those provisions also apply, to the extent described in paragraph (a) of this section, to the amount of liability for withdrawal from a multiple employer plan after that date.

§ 4062.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: benefit liabilities, Code, contributing sponsor, controlled group, ERISA, fair market value, guaranteed benefit, multiple employer plan, notice of intent to terminate, PBGC, person, plan, plan administrator, proposed termination date, single-employer plan, and termination date.

In addition, for purposes of this part, the term *collective net worth of persons subject to liability in connection with a plan termination* means the sum of the individual net worths of all persons that have individual net worths which are greater than zero and that (as of the termination date) are contributing sponsors of the terminated plan or members of their controlled groups, as determined in accordance with section 4062(d)(1) of ERISA and § 4062.4 of this part.

§ 4062.3 Amount and payment of section 4062(b) liability.

(a) *Amount of liability.*—(1) *General rule.* Except as provided in paragraph (a)(2) of this section, the amount of section 4062(b) liability is the total amount (as of the termination date) of the unfunded benefit liabilities (within the meaning of section 4001(a)(18) of ERISA) to all participants and beneficiaries under the plan, together with interest calculated from the termination date in accordance with § 4062.7.

(2) *Special rule in case of subsequent finding of inability to pay guaranteed benefits.* In any distress termination proceeding under section 4041(c) of ERISA and part 4041 of this chapter in which (as described in section 4041(c)(3)(C)(ii) of ERISA), after a determination that the plan is sufficient for benefit liabilities or for guaranteed benefits, the plan administrator finds that the plan is or will be insufficient for guaranteed benefits and the PBGC concurs with that finding, or the PBGC makes such a finding on its own initiative, actuarial present values shall be determined as of the date of the notice to, or the finding by, the PBGC of insufficiency for guaranteed benefits.

(b) *Payment of liability.* Section 4062(b) liability is due and payable as of the termination date, in cash or securities acceptable to the PBGC, except that, as provided in § 4062.8(c), the PBGC shall prescribe commercially reasonable terms for payment of so much of such liability as exceeds 30 percent of the collective net worth of persons subject to liability in connection with a plan termination. The PBGC may make alternative

arrangements, as provided in § 4062.8(b).

§ 4062.4 Determinations of net worth and collective net worth.

(a) *General rules.* When a contributing sponsor, or member(s) of a contributing sponsor's controlled group, notifies and submits information to the PBGC in accordance with § 4062.6, the PBGC shall determine the net worth, as of the net worth record date, of that contributing sponsor and any members of its controlled group based on the factors set forth in paragraph (c) of this section and shall include the value of any assets that it determines, pursuant to paragraph (d) of this section, have been improperly transferred. In making such determinations, the PBGC will consider information submitted pursuant to § 4062.6. The PBGC shall then determine the collective net worth of persons subject to liability in connection with a plan termination.

(b) *Partnerships and sole proprietorships.* In the case of a person that is a partnership or a sole proprietorship, net worth does not include the personal assets and liabilities of the partners or sole proprietor, except for the assets included pursuant to paragraph (d) of this section. As used in this paragraph, "personal assets" are those assets which do not produce income for the business being valued or are not used in the business.

(c) *Factors for determining net worth.* A person's net worth is equal to its fair market value and fair market value shall be determined on the basis of the factors set forth below, to the extent relevant; different factors may be considered with respect to different portions of the person's operations.

(1) A bona fide sale of, agreement to sell, or offer to purchase or sell the business of the person made on or about the net worth record date.

(2) A bona fide sale of, agreement to sell, or offer to purchase or sell stock or a partnership interest in the person, made on or about the net worth record date.

(3) If stock in the person is publicly traded, the price of such stock on or about the net worth record date.

(4) The price/earnings ratios and prices of stocks of similar trades or businesses on or about the net worth record date.

(5) The person's economic outlook, as reflected by its earnings and dividend projections, current financial condition, and business history.

(6) The economic outlook for the person's industry and the market it serves.

(7) The appraised value, including the liquidating value, of the person's tangible and intangible assets.

(8) The value of the equity assumed in a plan of reorganization of a person in a case under title 11, United States Code, or any similar law of a state or political subdivision thereof.

(9) Any other factor relevant in determining the person's net worth.

(d) *Improper transfers.* A person's net worth shall include the value of any assets transferred by the person which the PBGC determines were improperly transferred for the purpose, as inferred from all the facts and circumstances, and with the effect of avoiding liability under this part. Assets "improperly transferred" include but are not limited to assets sold, leased or otherwise transferred for less than adequate consideration and assets distributed as gifts, capital distributions and stock redemptions inconsistent with past practices of the employer. The word "transfer" includes but is not limited to sales, assignments, pledges, leases, gifts and dividends.

§ 4062.5 Net worth record date.

(a) *General.* Unless the PBGC establishes an earlier net worth record date pursuant to paragraph (b) of this section, the net worth record date, for all purposes under this part, is the plan's termination date.

(b) *Establishment of an earlier net worth record date.* At any time during a termination proceeding, the PBGC, in order to prevent undue loss to or abuse of the plan termination insurance system, may establish as the net worth record date an earlier date during the 120-day period ending with the termination date.

(c) *Notification.* Whenever the PBGC establishes an earlier net worth record date, it shall immediately give liable person(s) written notification of that fact. The written notice may also include a request for additional information, as provided in § 4062.6(a)(3).

§ 4062.6 Net worth notification and information.

(a) *General.* (1) A contributing sponsor or member of the contributing sponsor's controlled group that believes section 4062(b) liability exceeds 30 percent of the collective net worth of persons subject to liability in connection with a plan termination shall—

(i) So notify the PBGC by the 90th day after the notice of intent to terminate is filed with the PBGC or, if no notice of intent to terminate is filed with the PBGC and the PBGC institutes

proceedings under section 4042 of ERISA, within 30 days after the establishment of the plan's termination date in such proceedings; and

(ii) Submit to the PBGC the information specified in paragraph (b) of this section with respect to the contributing sponsor and each member of the contributing sponsor's controlled group (if any)—

(A) By the 120th day after the proposed termination date, or

(B) If no notice of intent to terminate is filed with the PBGC and the PBGC institutes proceedings under section 4042 of ERISA, within 120 days after the establishment of the plan's termination date in such proceedings.

(2) If a contributing sponsor or a member of its controlled group complies with the requirements of paragraph (a)(1) of this section, the PBGC will consider the requirements to be satisfied by all members of that controlled group.

(3) The PBGC may require any person subject to liability—

(i) To submit the information specified in paragraph (b) of this section within a shorter period whenever the PBGC believes that its ability to obtain information or payment of liability is in jeopardy, and

(ii) To submit additional information within 30 days, or a different specified time, after the PBGC's written notification that it needs such information to make net worth determinations.

(4) If a provision of paragraph (b) of this section or a PBGC notice specifies information previously submitted to the PBGC, a person may respond by identifying the previous submission in which the response was provided.

(b) *Net worth information.* The following information specifications apply, individually, with respect to each person subject to liability:

(1) An estimate, made in accordance with § 4062.4, of the person's net worth on the net worth record date and a statement, with supporting evidence, of the basis for the estimate.

(2) A copy of the person's audited (or if not available, unaudited) financial statements for the 5 full fiscal years plus any partial fiscal year preceding the net worth record date. The statements must include balance sheets, income statements, and statements of changes in financial position and must be accompanied by the annual reports, if available.

(3) A statement of all sales and copies of all offers or agreements to buy or sell at least 25 percent of the person's assets or at least 5 percent of the person's stock or partnership interest, made on or about the net worth record date.

(4) A statement of the person's current financial condition and business history.

(5) A statement of the person's business plans, including projected earnings and, if available, dividend projections.

(6) Any appraisal of the person's fixed and intangible assets made on or about the net worth record date.

(7) A copy of any plan of reorganization, whether or not confirmed, with respect to a case under title 11, United States Code, or any similar law of a state or political subdivision thereof, involving the person and occurring within 5 calendar years prior to or any time after the net worth record date.

(c) *Incomplete submission.* If a contributing sponsor and/or members of the contributing sponsor's controlled group do not submit all of the information required pursuant to paragraph (a) of this section (other than the estimate described in paragraph (b)(1) of this section) with respect to each person subject to liability, the PBGC may base determinations of net worth and the collective net worth of persons subject to liability in connection with a plan termination on any such information that such person(s) did submit, as well as any other pertinent information that the PBGC may have. In general, the PBGC will view information as of a date further removed from the net worth record date as having less probative value than information as of a date nearer to the net worth record date.

§ 4062.7 Calculating interest on liability and refunds of overpayments.

(a) *Interest.* Whether or not the PBGC has granted deferred payment terms pursuant to § 4062.8, the amount of liability under this part includes interest, from the termination date, on any unpaid portion of the liability. Such interest accrues at the rate set forth in paragraph (c) of this section until the liability is paid in full and is compounded daily. When liability under this part is paid in more than one payment, the PBGC will apply each payment to the satisfaction of accrued interest and then to the reduction of principal.

(b) *Refunds.* If a contributing sponsor or member(s) of a contributing sponsor's controlled group pays the PBGC an amount that exceeds the full amount of liability under this part, the PBGC shall refund the excess amount, with interest at the rate set forth in paragraph (c) of this section. Interest on an overpayment accrues from the later of the date of the overpayment or 10 days prior to the

termination date until the date of the refund and is compounded daily.

(c) *Interest rate.* The interest rate on liability under this part and refunds thereof is the annual rate prescribed in section 6601(a) of the Code, and will change whenever the interest rate under section 6601(a) of the Code changes.

§ 4062.8 Arrangements for satisfying liability.

(a) *General.* The PBGC will defer payment, or agree to other arrangements for the satisfaction, of any portion of liability to the PBGC only when—

(1) As provided in paragraph (b) of this section, the PBGC determines that such action is necessary to avoid the imposition of a severe hardship and that there is a reasonable possibility that the terms so prescribed will be met and the entire liability paid; or

(2) As provided in paragraph (c) of this section, the PBGC determines that section 4062(b) liability exceeds 30 percent of the collective net worth of persons subject to liability in connection with a plan termination.

(b) *Upon request.* If the PBGC determines that such action is necessary to avoid the imposition of a severe hardship on persons that are or may become liable under section 4062, 4063, or 4064 of ERISA and that there is a reasonable possibility that persons so liable will be able to meet the terms prescribed and pay the entire liability, the PBGC, in its discretion and when so requested in accordance with paragraph (b)(2) of this section, may grant deferred payment or other terms for the satisfaction of such liability.

(1) In determining what, if any, terms to grant, the PBGC shall examine the following factors:

(i) The ratio of the liability to the net worth of the person making the request and (if different) to the collective net worth of persons subject to liability in connection with a plan termination.

(ii) The overall financial condition of persons that are or may become liable, including, with respect to each such person—

(A) The amounts and terms of existing debts;

(B) The amount and availability of liquid assets;

(C) Current and past cash flow; and

(D) Projected cash flow, including a projection of the impact on operations that would be caused by the immediate full payment of the liability.

(iii) The availability of credit from private sector sources to the person making the request and to other liable persons.

(2) A contributing sponsor or member of a contributing sponsor's controlled

group may request deferred payment or other terms for the satisfaction of any portion of the liability under section 4062, 4063, or 4064 of ERISA at any time by filing a written request. The request must include the information specified in § 4062.6(b), except that—

(i) If the request is filed one year or more after the net worth record date, references to “the net worth record date” in § 4062.6(b) shall be replaced by “the most recent annual anniversary of the net worth record date”; and

(ii) Information that already has been submitted to the PBGC need not be submitted again.

(c) *Liability exceeding 30 percent of collective net worth.* If the PBGC determines that section 4062(b) liability exceeds 30 percent of the collective net worth of persons subject to the liability, the PBGC will, after making a reasonable effort to reach agreement with such persons, prescribe commercially reasonable terms for payment of so much of the liability as exceeds 30 percent of the collective net worth of such persons. The terms prescribed by the PBGC for payment of that portion of the liability (including interest) will provide for deferral of 50 percent of any amount otherwise payable for any year if a person subject to such liability demonstrates to the satisfaction of the PBGC that no person subject to such liability has any individual pre-tax profits (within the meaning of section 4062(d)(2) of ERISA) for such person's last full fiscal year ending during that year.

(d) *Interest.* Interest on unpaid liability is calculated in accordance with § 4062.7(a).

(e) *Security during period of deferred payment.* As a condition to the granting of deferred payment terms, PBGC may, in its discretion, require that the liable person(s) provide PBGC with such security for its obligations as the PBGC deems adequate.

§ 4062.9 Filing of documents.

(a) *Date of filing.* Any document (including information) required or permitted to be filed under this part is considered filed on the date of the United States postmark stamped on the cover in which the document is mailed, provided that—

(1) The postmark was made by the United States Postal Service; and

§ 4068.3 Notification of and demand for liability.

(a) *Notification of liability.* Except as provided in paragraph (c) of this section, when the PBGC has determined the amount of the liability under part 4062 and whether or not the liability has already been paid, the PBGC shall notify liable person(s) in writing of the amount of the liability. If the full liability has not yet been paid, the notification will include a request for payment of the full liability and will indicate that, as provided in § 4062.8, the PBGC will prescribe commercially reasonable terms for payment of so much of the liability as it determines exceeds 30 percent of the collective net worth of persons subject to liability in connection with a plan termination. In all cases, the notification will include a statement of the right to appeal the assessment of liability pursuant to part 4003.

(b) *Demand for liability.* Except as provided in paragraph (c) of this section, if person(s) liable to the PBGC fail to pay the full liability and no appeal is filed or an appeal is filed and the decision on appeal finds liability, the PBGC will issue a demand letter for the liability—

Authority: 29 U.S.C. 1302(b)(3).

§ 4203.1 Purpose and scope.

(a) *Purpose.* The purpose of this part is to prescribe procedures whereby a multiemployer plan may, pursuant to sections 4203(f) and 4208(e)(3) of ERISA, request the PBGC to approve a plan amendment which establishes special complete or partial withdrawal liability rules.

(b) *Scope.* This part applies to a multiemployer pension plan covered by Title IV of ERISA.

§ 4203.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: complete withdrawal, employer, ERISA, multiemployer plan, PBGC, person, plan, plan sponsor, and plan year.

§ 4203.3 Plan adoption of special withdrawal rules.

(a) *General rule.* A plan may, subject to the approval of the PBGC, establish by plan amendment special complete or partial withdrawal liability rules. A complete withdrawal liability rule adopted pursuant to this part shall be similar to the rules for the construction and entertainment industries described

in section 4203 (b) and (c) of ERISA. A partial withdrawal liability rule adopted pursuant to this part shall be consistent with the complete withdrawal rule adopted by the plan. A plan amendment adopted under this part may not be put into effect until it is approved by the PBGC.

(b) *Discretionary provisions of the plan amendment.* A plan amendment adopted pursuant to this part may—

(1) Cover an entire industry or industries, or be limited to a segment of an industry; and

(2) Apply to cessations of the obligation to contribute that occurred prior to the adoption of the amendment.

§ 4203.4 Requests for PBGC approval of plan amendments.

(a) *Filing of request.* A plan shall apply to the PBGC for approval of a plan amendment which establishes special complete or partial withdrawal liability rules. The request for approval shall be filed after the amendment is adopted. PBGC approval shall also be required for any subsequent modification of the plan amendment, other than a repeal of the amendment which results in employers being subject to the general statutory rules on withdrawal.

(b) *Who may request.* The plan sponsor, or a duly authorized representative acting on behalf of the plan sponsor, shall sign and submit the request.

(c) *Where to file.* The request shall be delivered by mail or submitted by hand to Reports Processing, Insurance Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005–4026.

(d) *Information.* Each request shall contain the following information:

(1) The name and address of the plan for which the plan amendment is being submitted, and the telephone number of the plan sponsor or its authorized representative.

(2) A copy of the executed amendment, including the proposed effective date.

(3) A statement certifying that notice of the adoption of the amendment and the request for approval filed under this part has been given to all employers who have an obligation to contribute under the plan and to all employee organizations representing employees covered under the plan.

(4) A statement indicating how the withdrawal rules in the plan amendment would operate in the event of a sale of assets by a contributing employer or the cessation of the obligation to contribute or the cessation of covered operations by all employers.

(5) A copy of the plan's most recent actuarial valuation.

(6) For each of the previous five plan years, information on the number of plan participants by category (active, retired and separate vested) and a complete financial statement. This requirement may be satisfied by the submission for each of those years of Form 5500, including schedule B, or similar reports required under prior law.

(7) A detailed description of the industry to which the plan amendment will apply, including information sufficient to demonstrate the effect of withdrawals on the plan's contribution base, and information establishing industry characteristics which would indicate that withdrawals in the industry do not typically have an adverse effect on the plan's contribution base. Such industry characteristics include the mobility of employees, the intermittent nature of employment, the project-by-project nature of the work, extreme fluctuations in the level of an employer's covered work under the plan, the existence of a consistent pattern of entry and withdrawal by employers, and the local nature of the work performed.

(e) *Supplemental information.* In addition to the information described in paragraph (d) of this section, a plan may submit any other information it believes is pertinent to its request. The PBGC may require the plan sponsor to submit any other information the PBGC determines it needs to review a request under this part.

§ 4203.5 PBGC action on requests.

(a) *General.* The PBGC shall approve a plan amendment providing for the application of special complete or partial withdrawal liability rules upon a determination by the PBGC that the plan amendment—

(1) Will apply only to an industry that has characteristics that would make use of the special withdrawal rules appropriate; and

(2) Will not pose a significant risk to the insurance system.

(b) *Notice of pendency of request.* As soon as practicable after receiving a request for approval of a plan amendment containing all the information required under § 4203.4, the PBGC shall publish a notice of the pendency of the request in the Federal Register. The notice shall contain a summary of the request and invite interested persons to submit written comments to the PBGC concerning the request. The notice will normally provide for a comment period of 45 days.

(c) *PBGC decision on request.* After the close of the comment period, PBGC shall issue its decision in writing on the

request for approval of a plan amendment. Notice of the decision shall be published in the Federal Register.

PART 4204—VARIANCES FOR SALE OF ASSETS

Subpart A—General

Sec.

4204.1 Purpose and scope.

4204.2 Definitions.

Subpart B—Variance of the Statutory Requirements

4204.11 Variance of the bond/escrow and sale-contract requirements.

4204.12 *De minimis* transactions.

4204.13 Net income and net tangible assets tests.

Subpart C—Procedures for Individual and Class Variances or Exemptions

4204.21 Requests to PBGC for variances and exemptions.

4204.22 PBGC action on requests.

Authority: 29 U.S.C. 1302(b)(3), 1384(c).

Subpart A—General

§ 4204.1 Purpose and scope.

(a) *Purpose.* Under section 4204 of ERISA, an employer that ceases covered operations under a multiemployer plan, or ceases to have an obligation to contribute for such operations, because of a bona fide, arm's-length sale of assets to an unrelated purchaser does not incur withdrawal liability if certain conditions are met. One condition is that the sale contract provide that the seller will be secondarily liable if the purchaser withdraws from the plan within five years and does not pay its withdrawal liability. Another condition is that the purchaser furnish a bond or place funds in escrow, for a period of five plan years, in a prescribed amount. Section 4204 also authorizes the PBGC to provide for variances or exemptions from these requirements. Subpart B of this part provides variances and exemptions from the requirements for certain sales of assets. Subpart C of this part establishes procedures under which a purchaser or seller may, when the conditions set forth in subpart B are not satisfied or when the parties decline to provide certain financial information to the plan, request the PBGC to grant individual or class variances or exemptions from the requirements.

(b) *Scope.* In general, this part applies to any sale of assets described in section 4204(a)(1) of ERISA. However, this part

does not apply to a sale of assets involving operations for which the seller is obligated to contribute to a plan described in section 404(c) of the Code, or a continuation of such a plan, unless the plan is amended to provide that section 4204 applies.

§ 4204.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: Code, employer, ERISA, IRS, multiemployer plan, PBGC, person, plan, plan administrator, plan sponsor, and plan year.

In addition, for purposes of this part:

Date of determination means the date on which a seller ceases covered operations or ceases to have an obligation to contribute for such operations as a result of a sale of assets within the meaning of section 4204(a) of ERISA.

Net income after taxes means revenue minus expenses after taxes (excluding extraordinary and non-recurring income or expenses), as presented in an audited financial statement or, in the absence of such statement, in an unaudited financial statement, each prepared in conformance with generally accepted accounting principles.

Net tangible assets means tangible assets (assets other than licenses, patents copyrights, trade names, trademarks, goodwill, experimental or organizational expenses, unamortized debt discounts and expenses and all other assets which, under generally accepted accounting principles, are deemed intangible) less liabilities (other than pension liabilities). Encumbered assets shall be excluded from net tangible assets only to the extent of the amount of the encumbrance.

Purchaser means a purchaser described in section 4204(a)(1) of ERISA.

Seller means a seller described in section 4204(a)(1) of ERISA.

Subpart B—Variance of the Statutory Requirements

§ 4204.11 Variance of the bond/escrow and sale-contract requirements.

(a) *General rule.* A purchaser's bond or escrow under section 4204(a)(1)(B) of ERISA and the sale-contract provision under section 4204(a)(1)(C) are not required if the parties to the sale inform the plan in writing of their intention that the sale be covered by section 4204 of ERISA and demonstrate to the satisfaction of the plan that at least one of the criteria contained in § 4204.12 or § 4204.13(a) is satisfied.

(b) *Requests after posting of bond or establishment of escrow.* A request for a

variance may be filed at any time. If, after a purchaser has posted a bond or placed money in escrow pursuant to section 4204(a)(1)(B) of ERISA, the purchaser demonstrates to the satisfaction of the plan that the criterion in either § 4204.13 (a)(1) or (a)(2) is satisfied, then the bond shall be cancelled or the amount in escrow shall be refunded. For purposes of considering a request after the bond or escrow is in place, the words "the year preceding the date of the variance request" shall be substituted for "the date of determination" for the first mention of that term in both § 4204.13 (a)(1) and (a)(2). In addition, in determining the purchaser's average net income after taxes under § 4204.13(a)(1), for any year included in the average for which the net income figure does not reflect the interest expense incurred with respect to the sale, the purchaser's net income shall be reduced by the amount of interest paid with respect to the sale in the fiscal year following the date of determination.

(c) *Information required.* A request for a variance shall contain financial or other information that is sufficient to establish that one of the criteria in § 4204.12 or § 4204.13(a) is satisfied. A request on the basis of either § 4204.13 (a)(1) or (a)(2) shall also include a copy of the purchaser's audited (if available) or (if not) unaudited financial statements for the specified time period.

(d) *Limited exemption during pendency of request.* Provided that all of the information required to be submitted is submitted before the first day of the first plan year beginning after the sale, a plan may not, pending its decision on the variance, require a purchaser to post a bond or place an amount in escrow pursuant to section 4204(a)(1)(B). In the event a bond or escrow is not in place pursuant to the preceding sentence, and the plan determines that the request does not qualify for a variance, the purchaser shall comply with section 4204(a)(1)(B) within 30 days after the date on which it receives notice of the plan's decision.

(Approved by the Office of Management and Budget under control number 1212-0021)

§ 4204.12 De minimis transactions.

The criterion under this section is that the amount of the bond or escrow does not exceed the lesser of \$250,000 or two percent of the average total annual contributions made by all employers to the plan, for the purposes of section 412(b)(3)(A) of the Code, for the three most recent plan years ending before the date of determination. For this purpose, "contributions made" shall have the

same meaning as the term has under § 4211.12(a) of this chapter.

§ 4204.13 Net income and net tangible assets tests.

(a) *General.* The criteria under this section are that either—

(1) *Net income test.* The purchaser's average net income after taxes for its three most recent fiscal years ending before the date of determination (as defined in § 4204.12), reduced by any interest expense incurred with respect to the sale which is payable in the fiscal year following the date of determination, equals or exceeds 150 percent of the amount of the bond or escrow required under ERISA section 4204(a)(1)(B); or

(2) *Net tangible assets test.* The purchaser's net tangible assets at the end of the fiscal year preceding the date of determination (as defined in § 4204.12), equal or exceed—

(i) If the purchaser was not obligated to contribute to the plan before the sale, the amount of unfunded vested benefits allocable to the seller under section 4211 (with respect to the purchased operations), as of the date of determination, or

(ii) If the purchaser was obligated to contribute to the plan before the sale, the sum of the amount of unfunded vested benefits allocable to the purchaser and to the seller under ERISA section 4211 (with respect to the purchased operations), each as of the date of determination.

(b) *Special rule when more than one plan is covered by request.* For the purposes of paragraphs (a)(1) and (a)(2), if the transaction involves the assumption by the purchaser of the seller's obligation to contribute to more than one multiemployer plan, then the total amount of the bond or escrow or of the unfunded vested benefits, as applicable, for all of the plans with respect to which the purchaser has not posted a bond or escrow shall be used to determine whether the applicable test is met.

(c) *Non-applicability of tests in event of purchaser's insolvency.* A purchaser will not qualify for a variance under this subpart pursuant to paragraph (a)(1) or (a)(2) of this section if, as of the earlier of the date of the plan's decision on the variance request or the first day of the first plan year beginning after the date of determination, the purchaser is the subject of a petition under title 11, United States Code, or of a proceeding under similar provisions of state insolvency laws.

Subpart C—Procedures for Individual and Class Variances or Exemptions

§ 4204.21 Requests to PBGC for variances and exemptions.

(a) *General.* If a transaction covered by this part does not satisfy the conditions set forth in subpart B of this part, or if the parties decline to provide to the plan privileged or confidential financial information within the meaning of section 552(b)(4) of the Freedom of Information Act (5 U.S.C. 552), the purchaser or seller may request from the PBGC an exemption or variance from the requirements of section 4204(a)(1) (B) and (C) of ERISA.

(b) *Who may request.* A purchaser or a seller may file a request for a variance or exemption. The request may be submitted by one or more duly authorized representatives acting on behalf of the party or parties. When a contributing employer withdraws from a plan as a result of related sales of assets involving several purchasers, or withdraws from more than one plan as a result of a single sale, the application may request a class variance or exemption for all the transactions.

(c) *Where to file.* The request shall be delivered by mail or submitted by hand to Reports Processing, Insurance Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026.

(d) *Information.* Each request shall contain the following information:

(1) The name and address of the plan or plans for which the variance or exemption is being requested, and the telephone number of the plan administrator of each plan.

(2) For each plan described in paragraph (d)(1) of this section, the nine-digit Employer Identification Number (EIN) assigned by the IRS to the plan sponsor and the three-digit Plan Identification Number (PN) assigned by the plan sponsor to the plan, and, if different, also the EIN and PN last filed with the PBGC. If an EIN or PN has not been assigned, that should be indicated.

(3) The name, address and telephone number of the seller and of its duly authorized representative, if any.

(4) The name, address and telephone number of the purchaser and of its duly authorized representative, if any.

(5) A full description of each transaction for which the request is being made, including effective date.

(6) A statement explaining why the requested variance or exemption would not significantly increase the risk of financial loss to the plan, including evidence, financial or otherwise, that supports that conclusion.

(7) When the request for a variance or exemption is filed by the seller alone, a statement signed by the purchaser indicating its intention that section 4204 of ERISA apply to the sale of assets.

(8) A statement indicating the amount of the purchaser's bond or escrow required under section 4204(a)(1)(B) of ERISA.

(9) The estimated amount of withdrawal liability that the seller would otherwise incur as a result of the sale if section 4204 did not apply to the sale.

(10) A certification that a complete copy of the request has been sent to each plan described in paragraph (d)(1) of this section and each collective bargaining representative of the seller's employees by certified mail, return receipt requested.

(e) *Additional information.* In addition to the information described in paragraph (d) of this section, the PBGC may require the purchaser, the seller, or the plan to submit any other information the PBGC determines it needs to review the request.

(f) *Disclosure of information.* Any party submitting information pursuant to this section may include a statement of whether any of the information is of a nature that its disclosure may not be required under the Freedom of Information Act, 5 U.S.C. 552. The statement should specify the information that may not be subject to disclosure and the grounds therefor.

(Approved by the Office of Management and Budget under control number 1212-0021)

§ 4204.22 PBGC action on requests.

(a) *General.* The PBGC shall approve a request for a variance or exemption if PBGC determines that approval of the request is warranted, in that it—

(1) Would more effectively or equitably carry out the purposes of title IV of ERISA; and

(2) Would not significantly increase the risk of financial loss to the plan.

(b) *Notice of pendency of request.* As soon as practicable after receiving a variance or exemption request containing all the information specified in § 4204.21, the PBGC shall publish a notice of the pendency of the request in the Federal Register. The notice shall provide that any interested person may, within the period of time specified therein, submit written comments to the PBGC concerning the request. The notice will usually provide for a comment period of 45 days.

(c) *PBGC decision on request.* The PBGC shall issue a decision on a variance or exemption request as soon as practicable after the close of the comment period described in paragraph

(b) of this section. PBGC's decision shall be in writing, and if the PBGC disapproves the request, the decision shall state the reasons therefor. Notice of the decision shall be published in the Federal Register.

PART 4206—ADJUSTMENT OF LIABILITY FOR A WITHDRAWAL SUBSEQUENT TO A PARTIAL WITHDRAWAL

Sec.

4206.1 Purpose and scope.

4206.2 Definitions.

4206.3 Credit against liability for a subsequent withdrawal.

4206.4 Amount of credit in plans using the presumptive method.

4206.5 Amount of credit in plans using the modified presumptive method.

4206.6 Amount of credit in plans using the rolling-5 method.

4206.7 Amount of credit in plans using the direct attribution method.

4206.8 Reduction of credit for abatement or other reduction of prior partial withdrawal liability.

4206.9 Amount of credit in plans using alternative allocation methods.

4206.10 Special rule for 70-percent decline partial withdrawals.

Authority: 29 U.S.C. 1302(b)(3) and 1386(b).

§ 4206.1 Purpose and scope.

(a) *Purpose.* The purpose of this part is to prescribe rules, pursuant to section 4206(b) of ERISA, for adjusting the partial or complete withdrawal liability of an employer that previously partially withdrew from the same multiemployer plan. Section 4206(b)(1) provides that when an employer that has partially withdrawn from a plan subsequently incurs liability for another partial or a complete withdrawal from that plan, the employer's liability for the subsequent withdrawal is to be reduced by the amount of its liability for the prior partial withdrawal (less any waiver or reduction of that prior liability). Section 4206(b)(2) requires the PBGC to prescribe regulations adjusting the amount of this credit to ensure that the liability for the subsequent withdrawal properly reflects the employer's share of liability with respect to the plan. The purpose of the credit is to protect a withdrawing employer from being charged twice for the same unfunded vested benefits of the plan. The reduction in the credit protects the other employers in the plan from becoming responsible for unfunded vested benefits properly allocable to the withdrawing employer. In the interests of simplicity, the rules in this part provide for, generally, a one-step calculation of the adjusted credit under section 4206(b)(2) against the

subsequent liability, rather than for separate calculations first of the credit under section 4206(b)(1) and then of the reduction in the credit under paragraph (b)(2) of that section. In cases where the withdrawal liability for the prior partial withdrawal was reduced by an abatement or other reduction of that liability, the adjusted credit is further reduced in accordance with § 4206.8 of this part.

(b) *Scope.* This part applies to multiemployer plans covered under Title IV of ERISA, and to employers that have partially withdrawn from such plans after September 25, 1980 and subsequently completely or partially withdraw from the same plan.

§ 4206.2 Definitions.

The following are defined in § 4001.2 of this chapter: Code, employer, ERISA, multiemployer plan, PBGC, plan, and plan year.

In addition, for purposes of this part:

Complete withdrawal means a complete withdrawal as described in section 4203 of ERISA.

Partial withdrawal means a partial withdrawal as described in section 4205 of ERISA.

§ 4206.3 Credit against liability for a subsequent withdrawal.

Whenever an employer that was assessed withdrawal liability for a partial withdrawal from a plan partially or completely withdraws from that plan in a subsequent plan year, it shall receive a credit against the new withdrawal liability in an amount greater than or equal to zero, determined in accordance with this part. If the credit determined under §§ 4206.4 through 4206.9 is less than zero, the amount of the credit shall equal zero.

§ 4206.4 Amount of credit in plans using the presumptive method.

(a) *General.* In a plan that uses the presumptive allocation method described in section 4211(b) of ERISA, the credit shall equal the sum of the unamortized old liabilities determined under paragraph (b) of this section, multiplied by the fractions described or determined under paragraph (c) of this section. When an employer's prior partial withdrawal liability has been reduced or waived, this credit shall be adjusted in accordance with § 4206.8.

(b) *Unamortized old liabilities.* The amounts determined under this paragraph are the employer's proportional shares, if any, of the unamortized amounts as of the end of the plan year preceding the withdrawal for which the credit is being calculated, of—

(1) The plan's unfunded vested benefits as of the end of the last plan year ending before September 26, 1980;

(2) The annual changes in the plan's unfunded vested benefits for plan years ending after September 25, 1980, and before the year of the prior partial withdrawal; and

(3) The reallocated unfunded vested benefits (if any), as determined under section 4211(b)(4) of ERISA, for plan years ending before the year of the prior partial withdrawal.

(c) *Employer's allocable share of old liabilities.* The sum of the amounts determined under paragraph (b) are multiplied by the two fractions described in this paragraph in order to determine the amount of the old liabilities that was previously assessed against the employer.

(1) The first fraction is the fraction determined under section 4206(a)(2) of ERISA for the prior partial withdrawal.

(2) The second fraction is a fraction, the numerator of which is the amount of the liability assessed against the employer for the prior partial withdrawal, and the denominator of which is the product of—

(i) The amount of unfunded vested benefits allocable to the employer as if it had completely withdrawn as of the date of the prior partial withdrawal (determined without regard to any adjustments), multiplied by—

(ii) The fraction determined under section 4206(a)(2) of ERISA for the prior partial withdrawal.

§ 4206.5 Amount of credit in plans using the modified presumptive method.

(a) *General.* In a plan that uses the modified presumptive method described in section 4211(c)(2) of ERISA, the credit shall equal the sum of the unamortized old liabilities determined under paragraph (b) of this section, multiplied by the fractions described or determined under paragraph (c) of this section. When an employer's prior partial withdrawal liability has been reduced or waived, this credit shall be adjusted in accordance with § 4206.8.

(b) *Unamortized old liabilities.* The amounts described in this paragraph shall be determined as of the end of the plan year preceding the withdrawal for which the credit is being calculated, and are the employer's proportional shares, if any, of—

(1) The plan's unfunded vested benefits as of the end of the last plan year ending before September 26, 1980, reduced as if those obligations were being fully amortized in level annual installments over 15 years beginning

with the first plan year ending on or after such date; and

(2) The aggregate post-1980 change amount determined under section 4211(c)(2)(C) of ERISA as if the employer had completely withdrawn in the year of the prior partial withdrawal, reduced as if those obligations were being fully amortized in level annual installments over the 5-year period beginning with the plan year in which the prior partial withdrawal occurred.

(c) *Employer's allocable share of old liabilities.* The sum of the amounts determined under paragraph (b) are multiplied by the two fractions described in this paragraph in order to determine the amount of old liabilities that was previously assessed against the employer.

(1) The first fraction is the fraction determined under section 4206(a)(2) of ERISA for the prior partial withdrawal.

(2) The second fraction is a fraction, the numerator of which is the amount of the liability assessed against the employer for the prior partial withdrawal, and the denominator of which is the product of—

(i) The amount of unfunded vested benefits allocable to the employer as if it had completely withdrawn as of the date of the prior partial withdrawal (determined without regard to any adjustments), multiplied by—

(ii) The fraction determined under section 4206(a)(2) of ERISA for the prior partial withdrawal.

§ 4206.6 Amount of credit in plans using the rolling-5 method.

In a plan that uses the rolling-5 allocation method described in section 4211(c)(3) of ERISA, the credit shall equal the amount of the liability assessed for the prior partial withdrawal, reduced as if that amount was being fully amortized in level annual installments over the 5-year period beginning with the plan year in which the prior partial withdrawal occurred. When an employer's prior partial withdrawal liability has been reduced or waived, this credit shall be adjusted in accordance with § 4206.8.

§ 4206.7 Amount of credit in plans using the direct attribution method.

In a plan that uses the direct attribution allocation method described in section 4211(c)(4) of ERISA, the credit shall equal the amount of the liability assessed for the prior partial withdrawal, reduced as if that amount was being fully amortized in level annual installments beginning with the plan year in which the prior partial withdrawal occurred, over the greater of 10 years or the amortization period for

the resulting base when the combined charge base and the combined credit base are offset under section 412(b)(4) of the Code. When an employer's prior partial withdrawal liability has been reduced or waived, this credit shall be adjusted in accordance with § 4206.8.

§ 4206.8 Reduction of credit for abatement or other reduction of prior partial withdrawal liability.

(a) *General.* If an employer's withdrawal liability for a prior partial withdrawal has been reduced or waived, the credit determined pursuant to §§ 4206.4 through 4206.7 shall be adjusted in accordance with this section.

(b) *Computation.* The adjusted credit is calculated by multiplying the credit determined under the preceding sections of this part by a fraction—

(1) the numerator of which is the excess of the total partial withdrawal liability of the employer for all partial withdrawals in prior years (excluding those partial withdrawals for which the credit is zero) over the present value of each abatement or other reduction of that prior withdrawal liability calculated as of the date on which that prior partial withdrawal liability was determined; and

(2) the denominator of which is the total partial withdrawal liability of the employer for all partial withdrawals in prior years (excluding those partial withdrawals for which the credit is zero).

§ 4206.9 Amount of credit in plans using alternative allocation methods.

A plan that has adopted an alternative method of allocating unfunded vested benefits pursuant to section 4211(c)(5) of ERISA and part 4211 of this chapter shall adopt, by plan amendment, a method of calculating the credit provided by § 4206.3 that is consistent with the rules in §§ 4206.4 through 4206.8 for plans using the statutory allocation method most similar to the plan's alternative allocation method.

§ 4206.10 Special rule for 70-percent decline partial withdrawals.

For the purposes of applying the rules in §§ 4206.4 through 4206.9 in any case in which either the prior or subsequent partial withdrawal resulted from a 70-percent contribution decline (or a 35-percent decline in the case of certain retail food industry plans), the first year of the 3-year testing period shall be deemed to be the plan year in which the partial withdrawal occurred.

§ 4207.1 Purpose and scope.

(a) *Purpose.* The purpose of this part is to prescribe rules, pursuant to section 4207(a) of ERISA, for reducing or waiving the withdrawal liability of certain employers that have completely withdrawn from a multiemployer plan and subsequently resume covered operations under the plan. This part prescribes rules pursuant to which the plan must waive the employer's obligation to make future liability payments with respect to its complete withdrawal and must calculate the amount of the employer's liability for a partial or complete withdrawal from the plan after its reentry into the plan. This part also provides procedures, pursuant to section 4207(b) of ERISA, for plan sponsors of multiemployer plans to apply to PBGC for approval of plan amendments that provide for the reduction or waiver of complete withdrawal liability under conditions other than those specified in section 4207(a) of ERISA and this part.

(b) *Scope.* This part applies to multiemployer plans covered under title IV of ERISA, and to employers that have completely withdrawn from such plans after September 25, 1980, and that have not, as of the date of their reentry into the plan, fully satisfied their obligation to pay withdrawal liability arising from the complete withdrawal.

§ 4207.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: employer, ERISA, IRS, Multiemployer Act, multiemployer plan, nonforfeitable benefit, PBGC, plan, and plan year.

In addition, for purposes of this part: *Complete withdrawal* means a complete withdrawal as described in section 4203 of ERISA.

Eligible employer means the employer, as defined in section 4001(b) of ERISA, as it existed on the date of its

initial partial or complete withdrawal, as applicable. An eligible employer shall continue to be an eligible employer notwithstanding the occurrence of any of the following events:

(1) A restoration involving a mere change in identity, form or place of organization, however effected;

(2) A reorganization involving a liquidation into a parent corporation;

(3) A merger, consolidation or division solely between (or among) trades or businesses (whether or not incorporated) of the employer; or

(4) An acquisition by or of, or a merger or combination with another trade or business.

Partial withdrawal means a partial withdrawal as described in section 4205 of ERISA.

Period of withdrawal means the plan year in which the employer completely withdrew from the plan, the plan year in which the employer reentered the plan and all intervening plan years.

§ 4207.3 Abatement.

(a) *General.* Whenever an eligible employer that has completely withdrawn from a multiemployer plan reenters the plan, it may apply to the plan for abatement of its complete withdrawal liability. Applications shall be filed by the date of the first scheduled withdrawal liability payment falling due after the employer resumes covered operations or, if later, the fifteenth calendar day after the employer resumes covered operations. Applications shall identify the eligible employer, the withdrawn employer, if different, the date of withdrawal, and the date of resumption of covered operations. Upon receiving an application for abatement, the plan sponsor shall determine, in accordance with paragraph (b) of this section, whether the employer satisfies the requirements for abatement of its complete withdrawal liability under § 4207.5, § 4207.9, or a plan amendment which has been approved by PBGC pursuant to § 4207.10. If the plan sponsor determines that the employer satisfies the requirements for abatement of its complete withdrawal liability, the provisions of paragraph (c) of this section shall apply. If the plan sponsor determines that the employer does not satisfy the requirements for abatement of its complete withdrawal liability, the provisions of paragraphs (d) and (e) of this section shall apply.

(b) *Determination of abatement.* As soon as practicable after an eligible employer that completely withdrew from a multiemployer plan applies for abatement, the plan sponsor shall

determine whether the employer satisfies the requirements for abatement of its complete withdrawal liability under this part and shall notify the employer in writing of its determination and of the consequences of its determination, as described in paragraphs (c) or (d) and (e) of this section, as appropriate. If a bond or escrow has been provided to the plan under § 4207.4, the plan sponsor shall send a copy of the notice to the bonding or escrow agent.

(c) *Effects of abatement.* If the plan sponsor determines that the employer satisfies the requirements for abatement of its complete withdrawal liability under this part, then—

(1) The employer shall have no obligation to make future withdrawal liability payments to the plan with respect to its complete withdrawal;

(2) The employer's liability for a subsequent withdrawal shall be determined in accordance with § 4207.7 or § 4207.8, as applicable;

(3) Any bonds furnished under § 4207.4 shall be cancelled and any amounts held in escrow under § 4207.4 shall be refunded to the employer; and

(4) Any withdrawal liability payments due after the reentry and made by the employer to the plan shall be refunded by the plan without interest.

(d) *Effects of non-abatement.* If the plan sponsor determines that the employer does not satisfy the requirements for abatement of its complete withdrawal liability under this part, then—

(1) The bond or escrow furnished under § 4207.4 shall be paid to the plan within 30 days after the date of the plan sponsor's notice under paragraph (b) of this section;

(2) The employer shall pay to the plan within 30 days after the date of the plan sponsor's notice under paragraph (b) of this section, the amount of its withdrawal liability payment or payments, with respect to which the bond or escrow was furnished, in excess of the bond or escrow;

(3) The employer shall resume making its withdrawal liability payments as they are due to the plan; and

(4) The employer shall be treated as a new employer for purposes of any future application of the withdrawal liability rules in sections 4201–4225 of title IV of ERISA with respect to its participation in the plan after its reentry into the plan, except that in plans using the "direct attribution" method (section 4211(c)(4) of ERISA), the nonforfeitable benefits attributable to service with the employer shall include nonforfeitable benefits attributable to service prior to

reentry that were not nonforfeitable at that time.

(e) *Collection of payments due and review of non-abatement determination.* The rules in part 4219, subpart C, of this chapter (relating to overdue, defaulted, and overpaid withdrawal liability) shall apply with respect to all payments required to be made under paragraphs (d)(2) and (d)(3) of this section. For this purpose, a payment required to be made under paragraph (d)(2) shall be treated as a withdrawal liability payment due on the 30th day after the date of the plan sponsor's notice under paragraph (b) of this section.

(1) *Review of non-abatement determination.* A plan sponsor's determination that the employer does not satisfy the requirements for abatement under this part shall be subject to plan review under section 4219(b)(2) of ERISA and to arbitration under section 4221 of ERISA, within the times prescribed by those sections. For this purpose, the plan sponsor's notice under paragraph (b) of this section shall be treated as a demand under section 4219(b)(1) of ERISA.

(2) *Determination of abatement.* If the plan sponsor or an arbitrator determines that the employer satisfies the requirements for abatement of its complete withdrawal liability under this part, the plan sponsor shall immediately refund the following payments (plus interest, except as indicated below, determined in accordance with § 4219.31(d) of this chapter as if the payments were overpayments of withdrawal liability) to the employer in a lump sum:

(i) The amount of the employer's withdrawal liability payment or payments, without interest, due after its reentry and made by the employer.

(ii) The bond or escrow paid to the plan under paragraph (d)(1) of this section.

(iii) The amount of the employer's withdrawal liability payment or payments in excess of the bond or escrow, paid to the plan under paragraph (d)(2) of this section.

(iv) Any withdrawal liability payment made by the employer to the plan pursuant to paragraph (d)(3) of this section after the plan sponsor's notice under paragraph (b) of this section.

§ 4207.4 Withdrawal liability payments during pendency of abatement determination.

(a) *General rule.* An eligible employer that completely withdraws from a multiemployer plan and subsequently reenters the plan may, in lieu of making withdrawal liability payments due after its reentry, provide a bond to, or

establish an escrow account for, the plan that satisfies the requirements of paragraph (b) of this section or any plan rules adopted under paragraph (d) of this section, pending a determination by the plan sponsor under § 4207.3(b) of whether the employer satisfies the requirements for abatement of its complete withdrawal liability. An employer that applies for abatement and neither provides a bond/escrow nor pays its withdrawal liability payments remains eligible for abatement.

(b) *Bond/escrow.* The bond or escrow allowed by this section shall be in an amount equal to 70 percent of the withdrawal liability payments that would otherwise be due. The bond or escrow relating to each payment shall be furnished before the due date of that payment. A single bond or escrow may be provided for more than one payment due during the pendency of the plan sponsor's determination. The bond or escrow agreement shall provide that if the plan sponsor determines that the employer does not satisfy the requirements for abatement of its complete withdrawal liability under this part, the bond or escrow shall be paid to the plan upon notice from the plan sponsor to the bonding or escrow agent. A bond provided under this paragraph shall be issued by a corporate surety company that is an acceptable surety for purposes of section 412 of ERISA.

(c) *Notice of bond/escrow.* Concurrently with posting a bond or establishing an escrow account under paragraph (b) of this section, the employer shall notify the plan sponsor. The notice shall include a statement of the amount of the bond or escrow, the scheduled payment or payments with respect to which the bond or escrow is being furnished, and the name and address of the bonding or escrow agent.

(d) *Plan amendments concerning bond/escrow.* A plan may, by amendment, adopt rules decreasing the amount specified in paragraph (b) of a bond or escrow allowed under this section. A plan amendment adopted under this paragraph may be applied only to the extent that it is consistent with the purposes of ERISA.

§ 4207.5 Requirements for abatement.

(a) *General rule.* Except as provided in § 4207.9 (d) and (e) (pertaining to acquisitions, mergers and other combinations), an eligible employer that completely withdraws from a multiemployer plan and subsequently reenters the plan shall have its liability for that withdrawal abated in accordance with § 4207.3(c) if the employer resumes covered operations under the plan, and the number of

contribution base units with respect to which the employer has an obligation to contribute under the plan for the measurement period (as defined in paragraph (b) of this section) after it resumes covered operations exceeds 30 percent of the number of contribution base units with respect to which the employer had an obligation to contribute under the plan for the base year (as defined in paragraph (c) of this section).

(b) *Measurement period.* If the employer resumes covered operations under the plan at least six full months prior to the end of a plan year and would satisfy the test in paragraph (a) based on its contribution base units for that plan year, then the measurement period shall be the period from the date it resumes covered operations until the end of that plan year. If the employer would not satisfy this test, or if the employer resumes covered operations under the plan less than six full months prior to the end of the plan year, the measurement period shall be the first twelve months after it resumes covered operations.

(c) *Base year.* For purposes of paragraph (a) of this section, the employer's number of contribution base units for the base year is the average number of contribution base units for the two plan years in which its contribution base units were the highest, within the five plan years immediately preceding the year of its complete withdrawal.

§ 4207.6 Partial withdrawals after reentry.

(a) *General rule.* For purposes of determining whether there is a partial withdrawal of an eligible employer whose liability is abated under this part upon the employer's reentry into the plan or at any time thereafter, the plan sponsor shall apply the rules in section 4205 of ERISA, as modified by the rules in this section, and section 108 of the Multiemployer Act. A partial withdrawal of an employer whose liability is abated under this part may occur under these rules upon the employer's reentry into the plan. However, a plan sponsor may not demand payment of withdrawal liability for a partial withdrawal occurring upon the employer's reentry before the plan sponsor has determined that the employer's liability for its complete withdrawal is abated under this part and has so notified the employer in accordance with § 4207.3(b).

(b) *Partial withdrawal—70-percent contribution decline.* The plan sponsor shall determine whether there is a partial withdrawal described in section 4205(a)(1) of ERISA (relating to a 70-

percent contribution decline) in accordance with the rules in section 4205 of ERISA and section 108 of the Multiemployer Act, as modified by the rules in this paragraph, and shall determine the amount of an employer's liability for that partial withdrawal in accordance with the rules in § 4207.8(b).

(1) *Definition of "3-year testing period."* For purposes of section 4205(b)(1) of ERISA, the term "3-year testing period" means the period consisting of the plan year for which the determination is made and the two immediately preceding plan years, excluding any plan year during the period of withdrawal.

(2) *Contribution base units for high base year.* For purposes of section 4205(b)(1) of ERISA and except as provided in section 108(d)(3) of the Multiemployer Act, in determining the number of contribution base units for the high base year, if the five plan years immediately preceding the beginning of the 3-year testing period include a plan year during the period of withdrawal, the number of contribution base units for each such year of withdrawal shall be deemed to be the greater of—

(i) The employer's contribution base units for that plan year; or

(ii) The average of the employer's contribution base units for the three plan years preceding the plan year in which the employer completely withdrew from the plan.

(c) *Partial withdrawal—partial cessation of contribution obligation.* The plan sponsor shall determine whether there is a partial withdrawal described in section 4205(a)(2) of ERISA (relating to a partial cessation of the employer's contribution obligation) in accordance with the rules in section 4205 of ERISA, as modified by the rules in this paragraph, and section 108 of the Multiemployer Act. In making this determination, the sponsor shall exclude all plan years during the period of withdrawal. A partial withdrawal under this paragraph can occur no earlier than the plan year of reentry. If the sponsor determines that there was a partial withdrawal, it shall determine the amount of an employer's liability for that partial withdrawal in accordance with the rules in § 4207.8(c).

§ 4207.7 Liability for subsequent complete withdrawals and related adjustments for allocating unfunded vested benefits.

(a) *General.* When an eligible employer that has had its liability for a complete withdrawal abated under this part completely withdraws from the plan, the employer's liability for that subsequent withdrawal shall be determined in accordance with the rules

in sections 4201–4225 of title IV, as modified by the rules in this section, and section 108 of the Multiemployer Act. In the case of a combination described in § 4207.9(d), the modifications described in this section shall be applied only with respect to that portion of the eligible employer that had previously withdrawn from the plan. In the case of a combination described in § 4207.9(e), the modifications shall be applied separately with respect to each previously withdrawn employer that comprises the eligible employer. In addition, when a plan has abated the liability of a reentered employer, if the plan uses either the "presumptive" or the "direct attribution" method (section 4211(b) or (c)(4), respectively) for allocating unfunded vested benefits, the plan shall modify those allocation methods as described in this section in allocating unfunded vested benefits to any employer that withdraws from the plan after the reentry.

(b) *Allocation of unfunded vested benefits for subsequent withdrawal in plans using "presumptive" method.* In a plan using the "presumptive" allocation method under section 4211(b) of ERISA, the amount of unfunded vested benefits allocable to a reentered employer for a subsequent withdrawal shall equal the sum of—

(1) The unamortized amount of the employer's allocable shares of the amounts described in section 4211(b)(1), for the plan years preceding the initial withdrawal, determined as if the employer had not previously withdrawn;

(2) The sum of the unamortized annual credits attributable to the year of the initial withdrawal and each succeeding year ending prior to reentry; and

(3) The unamortized amount of the employer's allocable shares of the amounts described in section 4211(b)(1) (A) and (C) for plan years ending after its reentry. For purposes of paragraph (b)(2), the annual credit for a plan year is the amount by which the employer's withdrawal liability payments for the year exceed the greater of the employer's imputed contributions or actual contributions for the year. The employer's imputed contributions for a year shall equal the average annual required contributions of the employer for the three plan years preceding the initial withdrawal. The amount of the credit for a plan year is reduced by 5 percent of the original amount for each succeeding plan year ending prior to the year of the subsequent withdrawal.

(c) *Allocation of unfunded vested benefits for subsequent withdrawal in*

plans using "modified presumptive" or "rolling-5" method. In a plan using either the "modified presumptive" allocation method under section 4211(c)(2) of ERISA or the "rolling-5" method under section 4211(c)(3), the amount of unfunded vested benefits allocable to a reentered employer for a subsequent withdrawal shall equal the sum of—

(1) The amount determined under section 4211(c)(2) or (c)(3) of ERISA, as appropriate, as if the date of reentry were the employer's initial date of participation in the plan; and

(2) The outstanding balance, as of the date of reentry, of the unfunded vested benefits allocated to the employer for its previous withdrawal (as defined in paragraph (c)(2)(i) of this section) reduced as if that amount were being fully amortized in level annual installments, at the plan's funding rate as of the date of reentry, over the period described in paragraph (c)(2)(ii), beginning with the first plan year after reentry.

(i) The outstanding balance of the unfunded vested benefits allocated to an employer for its previous withdrawal is the excess of the amount determined under section 4211(c)(2) or (c)(3) of ERISA as of the end of the plan year in which the employer initially withdrew, accumulated with interest at the plan's funding rate for that year, from that year to the date of reentry, over the withdrawal liability payments made by the employer, accumulated with interest from the date of payment to the date of reentry at the plan's funding rate for the year of entry.

(ii) The period referred to in paragraph (c)(2) for plans using the modified presumptive method is the greater of five years, or the number of full plan years remaining on the amortization schedule under section 4211(c)(2)(B)(i) of ERISA. For plans using the rolling-5 method, the period is five years.

(d) *Adjustments applicable to all employers in plans using "presumptive" method.* In a plan using the "presumptive" allocation method under section 4211(b) of ERISA, when the plan has abated the withdrawal liability of a reentered employer pursuant to this part, the following adjustments to the allocation method shall be made in computing the unfunded vested benefits allocable to any employer that withdraws from the plan in a plan year beginning after the reentry:

(1) The sum of the unamortized amounts of the annual credits of a reentered employer shall be treated as a reallocated amount under section

4211(b)(4) of ERISA in the plan year in which the employer reenters.

(2) In the event that the 5-year period used to compute the denominator of the fraction described in section 4211(b)(2)(E) and (b)(4)(D) of ERISA includes a year during the period of withdrawal of a reentered employer, the contributions for a year during the period of withdrawal shall be adjusted to include any actual or imputed contributions of the employer, as determined under paragraph (b) of this section.

(e) *Adjustments applicable to all employers in plans using "direct attribution" method.* In a plan using the "direct attribution" method under section 4211(c)(4) of ERISA, when the plan has abated the withdrawal liability of a reentered employer pursuant to this part, the following adjustments to the allocation method shall be made in computing the unfunded vested benefits allocable to any employer that withdraws from the plan in a plan year beginning after the reentry:

(1) The nonforfeitable benefits attributable to service with a reentered employer prior to its initial withdrawal shall be treated as benefits that are attributable to service with that employer.

(2) For purposes of section 4211(c)(4)(D) (ii) and (iii) of ERISA, withdrawal liability payments made by a reentered employer shall be treated as contributions made by the reentered employer.

(f) *Plans using alternative allocation methods under section 4211(c)(5).* A plan that has adopted an alternative method of allocating unfunded vested benefits pursuant to section 4211(c)(5) of ERISA and part 4211 of this chapter shall adopt by plan amendment a method of determining a reentered employer's allocable share of the plan's unfunded vested benefits upon its subsequent withdrawal. The method shall treat the reentered employer and other withdrawing employers in a manner consistent with the treatment under the paragraph(s) of this section applicable to plans using the statutory allocation method most similar to the plan's alternative allocation method.

(g) *Adjustments to amount of annual withdrawal liability payments for subsequent withdrawal.* For purposes of section 4219(c)(1)(C) (i)(I) and (ii)(I) of ERISA, in determining the amount of the annual withdrawal liability payments for a subsequent complete withdrawal, if the period of ten consecutive plan years ending before the plan year in which the withdrawal occurs includes a plan year during the period of withdrawal, the employer's

number of contribution base units, used in section 4219(c)(1)(C)(i)(I), or the required employer contributions, used in section 4219(c)(1)(C)(ii)(I), for each such plan year during the period of withdrawal shall be deemed to be the greater of—

(1) The employer's contribution base units or the required employer contributions, as applicable, for that year; or

(2) The average of the employer's contribution base units or of the required employer contributions, as applicable, for those plan years not during the period of withdrawal, within the ten consecutive plan years ending before the plan year in which the employer's subsequent complete withdrawal occurred.

§ 4207.8 Liability for subsequent partial withdrawals.

(a) *General.* When an eligible employer that has had its liability for a complete withdrawal abated under this part partially withdraws from the plan, the employer's liability for that subsequent partial withdrawal shall be determined in accordance with the rules in sections 4201–4225 of ERISA, as modified by the rules in § 4207.7 (b) through (g) of this part and the rules in this section, and section 108 of the Multiemployer Act.

(b) *Liability for a 70-percent contribution decline.* The amount of an employer's liability under section 4206(a) (relating to the calculation of liability for a partial withdrawal), section 4208 (relating to the reduction of liability for a partial withdrawal) and section 4219(c)(1) (relating to the schedule of partial withdrawal liability payments) of ERISA, for a subsequent partial withdrawal described in section 4205(a)(1) of ERISA (relating to a 70-percent contribution decline) shall be modified in accordance with the rules in this paragraph.

(1) *Definition of "3-year testing period."* For purposes of sections 4206(a) and 4219(c)(1) of ERISA, and paragraphs (b)(2)–(b)(4) of this section, the term "3-year testing period" means the period consisting of the plan year for which the determination is made and the two immediately preceding plan years, excluding any plan year during the period of withdrawal.

(2) *Determination date of section 4211 allocable share.* For purposes of section 4206(a)(1)(B) of ERISA, the amount determined under section 4211 shall be determined as if the employer had withdrawn from the plan in a complete withdrawal on the last day of the first plan year in the 3-year testing period or the last day of the plan year in which

the employer reentered the plan, whichever is later.

(3) *Calculation of fractional share of section 4211 amount.* For purposes of sections 4206(a)(2)(B)(ii) and 4219(c)(1)(E)(ii) of ERISA, if the five plan years immediately preceding the beginning of the 3-year testing period include a plan year during the period of withdrawal, then, in determining the denominator of the fraction described in section 4206(a)(2), the employer's contribution base units for each such year of withdrawal shall be deemed to be the greater of—

(i) The employer's contribution base units for that plan year; or

(ii) The average of the employer's contribution base units for the three plan years preceding the plan year in which the employer completely withdrew from the plan.

(4) *Contribution base units for high base year.* If the five plan years immediately preceding the beginning of the 3-year testing period include a plan year during the period of withdrawal, then for purposes of section 4208 (a) and (b)(1) of ERISA, the number of contribution base units for the high base year shall be the number of contribution base units determined under paragraph (b)(3) of this section.

(c) *Liability for partial cessation of contribution obligation.* The amount of an employer's liability under section 4206(a) (relating to the calculation of liability for a partial withdrawal) and section 4219(c)(1) (relating to the amount of the annual partial withdrawal liability payments) of ERISA, for a subsequent partial withdrawal described in section 4205(a)(2) of ERISA (relating to a partial cessation of the contribution obligation) shall be modified in accordance with the rules in this paragraph. For purposes of sections 4206(a)(2)(B)(i) and 4219(c)(1)(E)(ii) of ERISA, if the five plan years immediately preceding the plan year in which the partial withdrawal occurs include a plan year during the period of withdrawal, the denominator of the fraction described in section 4206(a)(2) shall be determined in accordance with the rule set forth in paragraph (b)(3) of this section.

§ 4207.9 Special rules.

(a) *Employer that has withdrawn and reentered the plan before the effective date of this part.* This part shall apply, in accordance with the rules in this paragraph, with respect to an eligible employer that completely withdraws from a multiemployer plan after September 25, 1980, and is performing covered work under the plan on the effective date of this part. Upon the

application of an employer described in the preceding sentence, the plan sponsor of a multiemployer plan shall determine whether the employer satisfies the requirements for abatement of its complete withdrawal liability under this part. Pending the plan sponsor's determination, the employer may provide the plan with a bond or escrow that satisfies the requirements of § 4207.4, in lieu of making its withdrawal liability payments due after its application for an abatement determination. The plan sponsor shall notify the employer in writing of its determination and the consequences of its determination as described in § 4207.3 (c) or (d) and (e), as applicable. If the plan sponsor determines that the employer qualifies for abatement, only withdrawal liability payments made prior to the employer's reentry shall be retained by the plan; payments made by the employer after its reentry shall be refunded to the employer, with interest on those made prior to the application for abatement, in accordance with § 4207.3(e)(2). If a bond or escrow has been provided to the plan in accordance with § 4207.4, the plan sponsor shall send a copy of the notice to the bonding or escrow agent. Sections 4207.6 through 4207.8 shall apply with respect to the employer's subsequent complete withdrawal occurring on or after the effective date of this part, or partial withdrawal occurring either before or after that date. This paragraph shall not negate reasonable actions taken by plans prior to the effective date of this part under plan rules implementing section 4207(a) of ERISA that were validly adopted pursuant to section 405 of the Multiemployer Act.

(b) *Employer with multiple complete withdrawals that has reentered the plan before effective date of this part.* If an employer described in paragraph (a) of this section has completely withdrawn from a multiemployer plan on two or more occasions before the effective date of this part, the rules in paragraph (a) of this section shall be applied as modified by this paragraph.

(1) The plan sponsor shall determine whether the employer satisfies the requirements for abatement under § 4207.5 based on the most recent complete withdrawal.

(2) If the employer satisfies the requirements for abatement, the employer's liability with respect to all previous complete withdrawals shall be abated.

(3) If the liability is abated, §§ 4207.6 and 4207.7 shall be applied as if the employer's earliest complete withdrawal were its initial complete withdrawal.

(c) *Employer with multiple complete withdrawals that has not reentered the plan as of the effective date of this part.* If an eligible employer has completely withdrawn from a multiemployer plan on two or more occasions between September 26, 1980 and the effective date of this part and is not performing covered work under the plan on the effective date of this regulation, the rules in this part shall apply, subject to the modifications specified in paragraphs (b)(1)–(b)(3) of this section, upon the employer's reentry into the plan.

(d) *Combination of withdrawn employer with contributing employer.* If a withdrawn employer merges or otherwise combines with an employer that has an obligation to contribute to the plan from which the first employer withdrew, the combined entity is the eligible employer, and the rules of § 4207.5 shall be applied—

(1) By subtracting from the measurement period contribution base units the contribution base units for which the non-withdrawn portion of the employer was obligated to contribute in the last plan year ending prior to the combination;

(2) By determining the base year contribution base units solely by reference to the contribution base units of the withdrawn portion of the employer; and

(3) By using the date of the combination, rather than the date of resumption of covered operations, to begin the measurement period.

(e) *Combination of two or more withdrawn employers.* If two or more withdrawn employers merge or otherwise combine, the combined entity is the eligible employer, and the rules of § 4207.5 shall be applied by combining the number of contribution base units with respect to which each portion of the employer had an obligation to contribute under the plan for its base year. However, the combined number of contribution base units shall not include contribution base units of a withdrawn portion of the employer that had fully paid its withdrawal liability as of the date of the resumption of covered operations.

§ 4207.10 Plan rules for abatement.

(a) *General rule.* Subject to the approval of the PBGC, a plan may, by amendment, adopt rules for the reduction or waiver of complete withdrawal liability under conditions other than those specified in §§ 4207.5 and 4207.9 (c) and (d), provided that such conditions relate to events occurring or factors existing subsequent to a complete withdrawal year. The

request for PBGC approval shall be filed after the amendment is adopted. A plan amendment under this section may not be put into effect until it is approved by the PBGC. However, an amendment that is approved by the PBGC may apply retroactively to the date of the adoption of the amendment. PBGC approval shall also be required for any subsequent modification of the amendment, other than repeal of the amendment. Sections 4207.6, 4207.7, and 4207.8 shall apply to all subsequent partial withdrawals after a reduction or waiver of complete withdrawal liability under a plan amendment approved by the PBGC pursuant to this section.

(b) *Who may request.* The plan sponsor, or a duly authorized representative acting on behalf of the plan sponsor, shall sign and submit the request.

(c) *Where to file.* The request shall be addressed to Reports Processing, Insurance Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street, N.W., Washington, DC 20005–4026.

(d) *Information.* Each request shall contain the following information:

(1) The name and address of the plan for which the plan amendment is being submitted and the telephone number of the plan sponsor or its duly authorized representative.

(2) The nine-digit Employer Identification Number (EIN) assigned to the plan sponsor by the IRS and the three-digit Plan Identification Number (PN) assigned to the plan by the plan sponsor, and, if different, the EIN and PN last filed with the PBGC. If no EIN or PN has been assigned, that should be indicated.

(3) A copy of the executed amendment, including—

(i) The date on which the amendment was adopted;

(ii) The proposed effective date; and

(iii) The full text of the rules on the reduction or waiver of complete withdrawal liability.

(4) A copy of the most recent actuarial valuation report of the plan.

(5) A statement certifying that notice of the adoption of the amendment and of the request for approval filed under this section has been given to all employers that have an obligation to contribute under the plan and to all employee organizations representing employees covered under the plan.

(e) *Supplemental information.* In addition to the information described in paragraph (d) of this section, a plan may submit any other information that it believes it pertinent to its request. The PBGC may require the plan sponsor to submit any other information that the

PBGC determines it needs to review a request under this section.

(f) *Criteria for PBGC approval.* The PBGC shall approve a plan amendment authorized by paragraph (a) of this section if it determines that the rules therein are consistent with the purposes of ERISA. An abatement rule is not consistent with the purposes of ERISA if—

(1) Implementation of the rule would be adverse to the interest of plan participants and beneficiaries; or

(2) The rule would increase the PBGC's risk of loss with respect to the plan.

Authority: 29 U.S.C. 1302(b)(3), 1388 (c) and (e).

§ 4208.1 Purpose and scope.

(a) *Purpose.* The purpose of this part is to establish rules for reducing or waiving the liability of certain employers that have partially withdrawn from a multiemployer pension plan.

(b) *Scope.* This part applies to multiemployer pension plans covered under title IV of ERISA and to employers that have partially withdrawn from such plans after September 25, 1980, and that have not, as of the date on which they satisfy the conditions for reducing or eliminating their partial withdrawal liability, fully satisfied their obligation to pay that partial withdrawal liability. This rule shall not negate reasonable actions taken by plans prior to the effective date of this part under plan rules implementing section 4208 of ERISA that were validly adopted pursuant to section 405 of the Multiemployer Act.

§ 4208.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: employer, ERISA, IRS, Multiemployer Act,

multiemployer plan, PBGC, plan, and plan year.

In addition, for purposes of this part: *Complete withdrawal* means a complete withdrawal as described in section 4203 of ERISA.

Eligible employer means the employer, as defined in section 4001(b) of ERISA, as it existed on the date of its initial partial or complete withdrawal, as applicable. An eligible employer shall continue to be an eligible employer notwithstanding the occurrence of any of the following events:

(1) A restoration involving a mere change in identity, form or place of organization, however effected;

(2) A reorganization involving a liquidation into a parent corporation;

(3) A merger, consolidation or division solely between (or among) trades or businesses (whether or not incorporated) of the employer; or

(4) An acquisition by or of, or a merger or combination with another trade or business.

Partial withdrawal means a partial withdrawal as described in section 4205 of ERISA.

Partial withdrawal year means the third year of the 3-year testing period in the case of a partial withdrawal caused by a 70-percent contribution decline, or the year of the partial cessation in the case of a partial withdrawal caused by a partial cessation of the employer's contribution obligation.

§ 4208.3 Abatement.

(a) *General.* Whenever an eligible employer that has partially withdrawn from a multiemployer plan satisfies the requirements in § 4208.4 for the reduction or waiver of its partial withdrawal liability, it may apply to the plan for abatement of its partial withdrawal liability. Applications shall identify the eligible employer, the withdrawn employer (if different), the date of withdrawal, and the basis for reduction or waiver of its withdrawal liability. Upon receiving a complete application for abatement, the plan sponsor shall determine, in accordance with paragraph (b) of this section, whether the employer satisfies the requirements for abatement of its partial withdrawal liability under § 4208.4. If the plan sponsor determines that the employer satisfies the requirements for abatement of its partial withdrawal liability, the provisions of paragraph (c) of this section shall apply. If the plan sponsor determines that the employer does not satisfy the requirements for abatement of its partial withdrawal liability, the provisions of paragraphs (d) and (e) of this section shall apply.

(b) Determination of abatement.

Within 60 days after an eligible employer that partially withdrew from a multiemployer plan applies for abatement in accordance with paragraph (a) of this section, the plan sponsor shall determine whether the employer satisfies the requirements for abatement of its partial withdrawal liability under § 4208.4 and shall notify the employer in writing of its determination and of the consequences of its determination, as described in paragraphs (c) or (d) and (e) of this section, as appropriate. If a bond or escrow has been provided to the plan under § 4208.5 of this part, the plan sponsor shall send a copy of the notice to the bonding or escrow agent.

(c) *Effects of abatement.* If the plan sponsor determines that the employer satisfies the requirements for abatement of its partial withdrawal liability under § 4208.4, then—

(1) The employer's partial withdrawal liability shall be eliminated or its annual partial withdrawal liability payments shall be reduced in accordance with § 4208.6, as applicable;

(2) The employer's liability for a subsequent withdrawal shall be determined in accordance with § 4208.7;

(3) Any bonds furnished under § 4208.5 shall be canceled and any amounts held in escrow under § 4208.5 shall be refunded to the employer; and

(4) Any withdrawal liability payments originally due and paid after the end of the plan year in which the conditions for abatement were satisfied, in excess of the amount due under this part after that date shall be credited to the remaining withdrawal liability payments, if any, owed by the employer, beginning with the first payment due after the revised payment schedule is issued pursuant to this paragraph. If the credited amount is greater than the outstanding amount of the employer's partial withdrawal liability, the amount remaining after satisfaction of the liability shall be refunded to the employer. Interest on the credited amount at the rate prescribed in part 4219, subpart C, of this chapter (relating to overdue, defaulted, and overpaid withdrawal liability) shall be added if the plan sponsor does not issue a revised payment schedule reflecting the credit or make the required refund within 60 days after receipt by the plan sponsor of a complete abatement application. Interest shall accrue from the 61st day.

(d) *Effects of non-abatement.* If the plan sponsor determines that the employer does not satisfy the requirements for abatement of its partial withdrawal liability under § 4208.4, then the employer shall take or cause to

be taken the actions set forth in paragraphs (d)(1)–(d)(3) of this section. The rules in part 4219, subpart C, shall apply with respect to all payments required to be made under paragraphs (d)(2) and (d)(3). For this purpose, a payment required under paragraph (d)(2) shall be treated as a withdrawal liability payment due on the 30th day after the date of the plan sponsor's notice under paragraph (b) of this section.

(1) Any bond or escrow furnished under § 4208.5 shall be paid to the plan within 30 days after the date of the plan sponsor's notice under paragraph (b) of this section.

(2) The employer shall pay to the plan within 30 days after the date of the plan sponsor's notice under paragraph (b) of this section, the amount of its withdrawal liability payment or payments, with respect to which the bond or escrow was furnished, in excess of the bond or escrow.

(3) The employer shall resume or continue making its partial withdrawal liability payments as they are due to the plan.

(e) *Review of non-abatement determination.* A plan sponsor's determinations that the employer does not satisfy the requirements for abatement under § 4208.4 and of the amount of reduction determined under § 4208.6 shall be subject to plan review under section 4219(b)(2) of ERISA and to arbitration under section 4221 of ERISA and part 4221 of this chapter, within the times prescribed by those provisions. For this purpose, the plan sponsor's notice under paragraph (b) of this section shall be treated as a demand under section 4219(b)(1) of ERISA. If the plan sponsor upon review or an arbitrator determines that the employer satisfies the requirements for abatement of its partial withdrawal liability under § 4208.4, the plan sponsor shall immediately refund the amounts described in paragraph (e)(1) of this section if the liability is waived, or credit and refund the amounts described in paragraph (e)(2) if the annual payment is reduced.

(1) *Refund for waived liability.* If the employer's partial withdrawal liability is waived, the plan sponsor shall refund to the employer the payments made pursuant to paragraphs (d)(1)–(d)(3) of this section (plus interest determined in accordance with § 4219.31(d) of this chapter as if the payments were overpayments of withdrawal liability).

(2) *Credit for reduced annual payment.* If the employer's annual partial withdrawal liability payment is reduced, the plan sponsor shall credit the payments made pursuant to

paragraphs (d)(1)–(d)(3) of this section (plus interest determined in accordance with § 4219.31(d) of this chapter as if the payments were overpayments of withdrawal liability) to future withdrawal liability payments owed by the employer, beginning with the first payment that is due after the determination, and refund any credit (including interest) remaining after satisfaction of the outstanding amount of the employer's partial withdrawal liability.

§ 4208.4 Conditions for abatement.

(a) *Waiver of liability for a 70-percent contribution decline.* An employer that has incurred a partial withdrawal under section 4205(a)(1) of ERISA shall have no obligation to make payments with respect to that partial withdrawal (other than delinquent payments) for plan years beginning after the second consecutive plan year in which the conditions of either paragraph (a)(1) or (a)(2) are satisfied for each of the two years:

(1) The number of contribution base units with respect to which the employer has an obligation to contribute under the plan for each year is not less than 90 percent of the total number of contribution base units with respect to which the employer had an obligation to contribute to the plan for the high base year (as defined in paragraph (d) of this section).

(2) The conditions of this paragraph are satisfied if—

(i) The number of contribution base units with respect to which the employer has an obligation to contribute for each year exceeds 30 percent of the total number of contribution base units with respect to which the employer had an obligation to contribute to the plan for the high base year (as defined in paragraph (d) of this section); and

(ii) The total number of contribution base units with respect to which all employers under the plan have obligations to contribute in each of the two years is not less than 90 percent of the total number of contribution base units for which all employers had obligations to contribute in the partial withdrawal year.

(b) *Waiver of liability for a partial cessation of the employer's contribution obligation.* Except as provided in § 4208.8, an employer that has incurred partial withdrawal liability under section 4205(a)(2) of ERISA shall have no obligation to make payments with respect to that partial withdrawal (other than delinquent payments) for plan years beginning after the second consecutive plan year in which the employer satisfies the conditions under

either paragraph (b)(1) or (b)(2) of this section.

(1) *Partial restoration of withdrawn work.* The employer satisfies the conditions under this paragraph if, for each of two consecutive plan years—

(i) The employer makes contributions for the same facility or under the same collective bargaining agreement that gave rise to the partial withdrawal;

(ii) The employer's contribution base units for that facility or under that agreement exceed 30 percent of the contribution base units with respect to which the employer had an obligation to contribute for that facility or under that agreement for the high base year (as defined in paragraph (d) of this section); and

(iii) The total number of contribution base units with respect to which the employer has an obligation to contribute to the plan equals at least 90 percent of the total number of contribution base units with respect to which the employer had an obligation to contribute under the plan for the high base year (as defined in paragraph (d) of this section).

(2) *Substantial restoration of withdrawn work.* The employer satisfies the conditions under this paragraph if, for each of two consecutive plan years—

(i) The employer makes contributions for the same facility or under the same collective bargaining agreement that gave rise to the partial withdrawal;

(ii) The employer's contribution base units for that facility or under that agreement are not less than 90 percent of the contribution base units with respect to which the employer had an obligation to contribute for that facility or under that agreement for the high base year (as defined in paragraph (d) of this section); and

(iii) The total number of contribution base units with respect to which the employer has an obligation to contribute to the plan equals or exceeds the sum of—

(A) The number of contribution base units with respect to which the employer had an obligation to contribute in the year prior to the partial withdrawal year, determined without regard to the contribution base units for the facility or under the agreement that gave rise to the partial withdrawal; and

(B) 90 percent of the contribution base units with respect to which the employer had an obligation to contribute for that facility or under that agreement in either the year prior to the partial withdrawal year or the high base year (as defined in paragraph (d) of this section), whichever is less.

(c) *Reduction in annual partial withdrawal liability payment—*

(1) *Partial withdrawals under section 4205(a)(1)*. An employer shall be entitled to a reduction of its annual partial withdrawal liability payment for a plan year if the number of contribution base units with respect to which the employer had an obligation to contribute during the plan year exceeds the greater of—

(i) 110 percent (or such lower number as the plan may, by amendment, adopt) of the number of contribution base units with respect to which the employer had an obligation to contribute in the partial withdrawal year; or

(ii) The total number of contribution base units with respect to which the employer had an obligation to contribute to the plan for the plan year following the partial withdrawal year.

(2) *Partial withdrawals under section 4205(a)(2)*. An employer that resumes the obligation to contribute with respect to a facility or collective bargaining agreement that gave rise to a partial withdrawal, but does not qualify to have that liability waived under paragraph (b) of this section, shall have its annual partial withdrawal liability payment reduced for any plan year in which the total number of contribution base units with respect to which the employer has an obligation to contribute equals or exceeds the sum of—

(i) The number of contribution base units for the reentered facility or agreement during that year; and

(ii) The total number of contribution base units with respect to which the employer had an obligation to contribute to the plan for the year following the partial withdrawal year.

(d) *High base year*. For purposes of paragraphs (a) and (b)(1)(iii) of this section, the high base year contributions are the average of the total contribution base units for the two plan years for which the employer's total contribution base units were highest within the five plan years immediately preceding the beginning of the 3-year testing period defined in section 4205(b)(1)(B)(i) of ERISA, with respect to paragraph (a) of this section, or the partial withdrawal year, with respect to paragraph (b)(1)(iii) of this section. For purposes of paragraphs (b)(1)(ii) and (b)(2) of this section, the high base year contributions are the average number of contribution base units for the facility or under the agreement for the two plan years for which the employer's contribution base units for that facility or under that agreement were highest within the five plan years immediately preceding the partial withdrawal.

§ 4208.5 Withdrawal liability payments during pendency of abatement determination.

(a) *Bond/Escrow*. An employer that has satisfied the requirements of § 4208.4(a)(1) without regard to "90 percent of" or § 4208.4(b) for one year with respect to all partial withdrawals it incurred in a plan year may, in lieu of making scheduled withdrawal liability payments in the second year for those withdrawals, provide a bond to, or establish an escrow account for, the plan that satisfies the requirements of paragraph (b) of this section or any plan rules adopted under paragraph (d) of this section, pending a determination by the plan sponsor of whether the employer satisfies the requirements of § 4208.4 (a)(1) or (b) for the second consecutive plan year. An employer that applies for abatement and neither provides a bond/escrow nor makes its withdrawal liability payments remains eligible for abatement.

(b) *Amount of bond/escrow*. The bond or escrow allowed by this section shall be in an amount equal to 50 percent of the withdrawal liability payments that would otherwise be due. The bond or escrow relating to each payment shall be furnished before the due date of that payment. A single bond or escrow may be provided for more than one payment due during the pendency of the plan sponsor's determination. The bond or escrow agreement shall provide that if the plan sponsor determines that the employer does not satisfy the requirements for abatement of its partial withdrawal liability under § 4208.4 (a)(1) or (b), the bond or escrow shall be paid to the plan upon notice from the plan sponsor to the bonding or escrow agent. A bond provided under this paragraph shall be issued by a corporate surety company that is an acceptable surety for purposes of section 412 of ERISA.

(c) *Notice of bond/escrow*. Concurrently with posting a bond or establishing an escrow account under this section, the employer shall notify the plan sponsor. The notice shall include a statement of the amount of the bond or escrow, the scheduled payment or payments with respect to which the bond or escrow is being furnished, and the name and address of the bonding or escrow agent.

(d) *Plan amendments concerning bond/escrow*. A plan may, by amendment, adopt rules decreasing the amount of the bond or escrow specified in paragraph (b) of this section. A plan amendment adopted under this paragraph may be applied only to the extent that it is consistent with the purposes of ERISA. An amendment

satisfies this requirement only if it does not create an unreasonable risk of loss to the plan.

(e) *Plan sponsor determination*. Within 60 days after the end of the plan year in which the bond/escrow is furnished, the plan sponsor shall determine whether the employer satisfied the requirements of § 4208.4 (a)(1) or (b) for the second consecutive plan year. The plan sponsor shall notify the employer and the bonding or escrow agent in writing of its determination and of the consequences of its determination, as described in § 4208.3 (c) or (d) and (e), as appropriate.

§ 4208.6 Computation of reduced annual partial withdrawal liability payment.

(a) *Amount of reduced payment*. An employer that satisfies the requirements of § 4208.4 (c)(1) or (c)(2) shall have its annual partial withdrawal liability payment for that plan year reduced in accordance with paragraph (a)(1) or (a)(2) of this section, respectively.

(1) The reduced annual payment amount for an employer that satisfies § 4208.4(c)(1) shall be determined by substituting the number of contribution base units in the plan year in which the requirements are satisfied for the number of contribution base units in the year following the partial withdrawal year in the numerator of the fraction described in section 4206(a)(2)(A) of ERISA.

(2) The reduced annual payment for an employer that satisfies § 4208.4(c)(2) shall be determined by adding the contribution base units for which the employer is obligated to contribute with respect to the reentered facility or agreement in the year in which the requirements are satisfied to the numerator of the fraction described in section 4206(a)(2)(A) of ERISA.

(b) *Credit for reduction*. The plan sponsor shall credit the account of an employer that satisfies the requirements of § 4208.4(c)(1) or (c)(2) with the amount of annual withdrawal liability that it paid in excess of the amount described in paragraph (a)(1) or (a)(2) of this section, as appropriate. The credit shall be applied, a revised payment schedule issued, refund made and interest added, all in accordance with § 4208.3(c)(4).

§ 4208.7 Adjustment of withdrawal liability for subsequent withdrawals.

The liability of an employer for a partial or complete withdrawal from a plan subsequent to a partial withdrawal from that plan in a prior plan year shall be reduced in accordance with part 4206 of this chapter.

§ 4208.8 Multiple partial withdrawals in one plan year.

(a) *General rule.* If an employer partially withdraws from the same multiemployer plan on two or more occasions during the same plan year, the rules of § 4208.4 shall be applied as modified by this section.

(b) *Partial withdrawals under section 4205 (a)(1) and (a)(2) in the same plan year.* If an employer partially withdraws from the same multiemployer plan as a result of a 70-percent contribution decline and a partial cessation of the employer's contribution obligation in the same plan year, the employer shall not be eligible for abatement under § 4208.4 (b) or (c)(2) or under paragraph (c) of this section. The employer may qualify for abatement under § 4208.4(a) and (c)(1) and under any rules adopted by the plan pursuant to § 4208.9.

(c) *Multiple partial cessations of the employer's contribution obligation.* If an employer permanently ceases to have an obligation to contribute for more than one facility, under more than one collective bargaining agreement, or for one or more facilities and under one or more collective bargaining agreements, resulting in multiple partial withdrawals under section 4205(b)(2)(A) in the same plan year, the abatement rules in § 4208.4(b) shall be applied as modified by this paragraph. If an employer resumes work at all such facilities and under all such collective bargaining agreements, the determination of whether the employer qualifies for elimination of its liability under § 4208.4(b) shall be made by substituting the test set forth in paragraph (c)(1) of this section for that prescribed by § 4208.4 (b)(1)(ii) or (b)(2)(ii), as applicable. If the employer resumes work at or under fewer than all the facilities or collective bargaining agreements described in this paragraph, the employer cannot qualify for elimination of its liability under § 4208.4(b). However, the employer may qualify for a reduction in its partial withdrawal liability pursuant to paragraph (c)(2) of this section.

(1) *Resumption of work at all facilities and under all bargaining agreements.* The test under this paragraph is satisfied if for each of the two consecutive plan years referred to in § 4208.4(b), the employer's total contribution base units for the facilities and under the collective bargaining agreements with respect to which the employer incurred the multiple partial withdrawals exceed 30 percent of the total number of contribution base units with respect to which the employer had an obligation to contribute for those facilities and under those agreements for

the base year (as defined in paragraph (d) of this section).

(2) *Resumption at fewer than all facilities or under fewer than all bargaining agreements.* If the employer satisfies the conditions in § 4208.4 (b)(1)(i) and (b)(1)(iii) and paragraph (c)(2)(i) of this section, or the conditions in § 4208.4 (b)(2)(i) and (b)(2)(iii) and paragraph (c)(2)(ii) of this section, as applicable, the employer's withdrawal liability shall be partially waived as set forth in paragraph (c)(2)(iii) of this section.

(i) With respect to a resumption of work under § 4208.4(b)(1), the condition under this paragraph is satisfied if, for the two consecutive plan years referred to in § 4208.4(b)(1), the employer's contribution base units for any reentered facility or agreement exceed 30 percent of the number of contribution base units with respect to which the employer had an obligation to contribute for that facility or under that agreement for the base year (as defined in paragraph (d) of this section).

(ii) With respect to a resumption of work under § 4208.4(b)(2), the condition under this paragraph is satisfied if, for the two consecutive plan years referred to in § 4208.4(b)(2), the employer's contribution base units for any reentered facility or agreement exceed 90 percent of the number of contribution base units with respect to which the employer had an obligation to contribute for that facility or under that agreement for the base year (as defined in paragraph (d) of this section).

(iii) The employer's reduced withdrawal liability and, if any, the reduced annual payments of the liability shall be determined by adding the average number of contribution base units that the employer is required to contribute for those two consecutive years for that facility(ies) or agreement(s) to the numerator of the fraction described in section 4206(a)(2)(A) of ERISA. The amount of any remaining partial withdrawal liability shall be paid over the schedule originally established starting with the first payment due after the revised payment schedule is issued under § 4208.3(c)(4).

(d) *Base Year.* For purposes of this section, the base year contribution base units for a reentered facility(ies) or under a reentered agreement(s) are the average number of contribution base units for the facility(ies) or under the agreement(s) for the two plan years for which the employer's contribution base units for that facility(ies) or under that agreement(s) were highest within the five plan years immediately preceding the partial withdrawal.

§ 4208.9 Plan adoption of additional abatement conditions.

(a) *General rule.* A plan may by amendment, subject to the approval of the PBGC, adopt rules for the reduction or waiver of partial withdrawal liability under conditions other than those specified in § 4208.4, provided that such conditions relate to events occurring or factors existing subsequent to a partial withdrawal year. The request for PBGC approval shall be filed after the amendment is adopted. PBGC approval shall also be required for any subsequent modification of the amendment, other than repeal of the amendment. A plan amendment under this section may not be put into effect until it is approved by the PBGC. An amendment that is approved by the PBGC may apply retroactively.

(b) *Who may request.* The plan sponsor, or a duly authorized representative acting on behalf of the plan sponsor, shall sign and submit the request.

(c) *Where to file.* The request shall be addressed to Reports Processing, Insurance Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026.

(d) *Information.* Each request shall contain the following information:

(1) The name and address of the plan for which the plan amendment is being submitted and the telephone number of the plan sponsor or its duly authorized representative.

(2) The nine-digit Employer Identification Number (EIN) assigned to the plan sponsor by the IRS and the three-digit Plan Identification Number (PIN) assigned to the plan by the plan sponsor, and, if different, also the EIN-PIN last filed with the PBGC. If an EIN-PIN has not been assigned, that should be indicated.

(3) A copy of the executed amendment, including—

(i) the date on which the amendment was adopted;

(ii) the proposed effective date;

(iii) the full text of the rules on the reduction or waiver of partial withdrawal liability; and

(iv) the full text of the rules adjusting the reduction in the employer's liability for a subsequent partial or complete withdrawal, as required by section 4206(b)(1) of ERISA.

(4) A copy of the most recent actuarial valuation report of the plan.

(5) A statement certifying that notice of the adoption of the amendment and of the request for approval filed under this section has been given to all employers that have an obligation to contribute under the plan and to all

employee organizations representing employees covered under the plan.

(e) *Supplemental information.* In addition to the information described in paragraph (d) of this section, a plan may submit any other information that it believes is pertinent to its request. The PBGC may require the plan sponsor to submit any other information that the PBGC determines that it needs to review a request under this section.

(f) *Criteria for PBGC approval.* The PBGC shall approve a plan amendment authorized by paragraph (a) of this section if it determines that the rules therein are consistent with the purposes of ERISA. An abatement amendment is not consistent with the purposes of ERISA unless the PBGC determines that—

(1) The amendment is not adverse to the interests of plan participants and beneficiaries in the aggregate; and

(2) The amendment would not significantly increase the PBGC's risk of loss with respect to the plan.

Subpart A—General

§ 4211.1 Purpose and scope.

(a) *Purpose.* Section 4211 of ERISA provides four methods for allocating unfunded vested benefits to employers that withdraw from a multiemployer plan: the presumptive method (section 4211(b)); the modified presumptive method (section 4211(c)(2)); the rolling-5 method (section 4211(c)(3)); and the direct attribution method (section 4211(c)(4)). With the minor exceptions covered in § 4211.3, a plan determines the amount of unfunded vested benefits allocable to a withdrawing employer in accordance with the presumptive method, unless the plan is amended to adopt an alternative allocative method. Generally, the PBGC must approve the adoption of an alternative allocation method. On September 25, 1984, 49 FR 37686, the PBGC granted a class approval of all plan amendments adopting one of the statutory alternative allocation methods. Subpart C sets forth the criteria and procedures for PBGC approval of nonstatutory alternative allocation methods. Section 4211(c)(5) of ERISA also permits certain modifications to the statutory allocation methods. The PBGC is to prescribe these modifications in a regulation, and plans may adopt them without PBGC approval. Subpart B contains the permissible modifications to the statutory methods. Plans may adopt other modifications subject to PBGC approval under subpart C. Finally, under section 4211(f) of ERISA, the PBGC is required to prescribe rules governing the application of the statutory allocation methods or modified methods by plans following merger of multiemployer plans. Subpart D sets forth alternative allocative methods to be used by merged plans. In addition, such plans may adopt any of the allocation methods or modifications described under subparts B and C in accordance with the rules under subparts B and C.

(b) *Scope.* This part applies to all multiemployer plans covered by title IV of ERISA.

§ 4211.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: Code, employer, IRS, multiemployer plan,

nonforfeitable benefit, PBGC, plan, and plan year.

In addition, for purposes of this part:

Initial plan year means a merged plan's first complete plan year that begins after the establishment of the merged plan.

Initial plan year unfunded vested benefits means the unfunded vested benefits as of the close of the initial plan year, less the value as of the end of the initial plan year of all outstanding claims for withdrawal liability that can reasonably be expected to be collected from employers that had withdrawn as of the end of the initial plan year.

Merged plan means a plan that is the result of the merger of two or more multiemployer plans.

Merger means the combining of two or more multiemployer plans into one multiemployer plan.

Prior plan means the plan in which an employer participated immediately before that plan became a part of the merged plan.

Unfunded vested benefits means an amount by which the value of nonforfeitable benefits under the plan exceeds the value of the assets of the plan.

Withdrawing employer means the employer for whom withdrawal liability is being calculated under section 4201 of ERISA.

Withdrawn employer means an employer who, prior to the withdrawing employer, has discontinued contributions to the plan or covered operations under the plan and whose obligation to contribute has not been assumed by a successor employer within the meaning of section 4204 of ERISA. A temporary suspension of contributions, including a suspension described in section 4218(2) of ERISA, is not considered a discontinuance of contributions.

§ 4211.3 Special rules for construction industry and IRC section 404(c) plans.

(a) *Construction plans.* Except as provided in §§ 4211.11(b) and 4211.21(b), a plan that primarily covers employees in the building and construction industry shall use the presumptive method for allocating unfunded vested benefits.

(b) *Section 404(c) plans.* A plan described in section 404(c) of the Code or a continuation of such a plan shall allocate unfunded vested benefits under the rolling-5 method unless the plan, by amendment, adopts an alternative method or modification.

Subpart B—Changes Not Subject to PBGC Approval

§ 4211.11 Changes not subject to PBGC approval.

(a) *General rule.* A plan, other than a plan that primarily covers employees in the building and construction industry, may adopt, by amendment, any of the statutory allocation methods and any of the modifications set forth in §§ 4211.12 and 4211.13, without the approval of the PBGC.

(b) *Building and construction industry plans.* A plan that primarily covers employees in the building and construction industry may adopt, by amendment, any of the modifications to the presumptive rule set forth in § 4211.12 without the approval of the PBGC.

§ 4211.12 Modifications to the presumptive, modified presumptive and rolling-5 methods.

(a) *“Contributions made” and “total amount contributed”.* Each of the allocation fractions used in the presumptive, modified presumptive and rolling-5 methods is based on contributions that certain employers have made to the plan for a five-year period. For purposes of these methods, and except as provided in paragraph (b) of this section, “the sum of all contributions made” or “total amount contributed” by employers for a plan year means the amounts (other than withdrawal liability payments) considered contributed to the plan for the plan year for purposes of section 412(b)(3)(A) of the Code. For plan years before section 412 applies to the plan, “the sum of all contributions made” or “total amount contributed” means the amount reported to the IRS or the Department of Labor as total contributions for the plan year; for example, for plan years in which the plan filed the Form 5500, the amount reported as total contributions on that form. Employee contributions, if any, shall be excluded from the totals.

(b) *Changing the period for counting contributions.* A plan sponsor may amend a plan to modify the denominators in the presumptive, modified presumptive and rolling-5 methods in accordance with one of the alternatives described in this paragraph. Except as provided in paragraph (b)(4) of this section, any amendment adopted under this paragraph shall be applied consistently to all plan years.

Contributions counted for one plan year may be not counted for any other plan year. If a contribution is counted as part of the “total amount contributed” for any plan year used to determine a

denominator, that contribution may not also be counted as a contribution owed with respect to an earlier year used to determine the same denominator, regardless of when the plan collected that contribution.

(1) A plan sponsor may amend a plan to provide that “the sum of all contributions made” or “total amount contributed” for a plan year means the amount of contributions that the plan actually received during the plan year, without regard to whether the contributions are treated as made for that plan year under section 412(b)(3)(A) of the Code.

(2) A plan sponsor may amend a plan to provide that “the sum of all contributions made” or “total amount contributed” for a plan year means the amount of contributions actually received during the plan year, increased by the amount of contributions received during a specified period of time after the close of the plan year not to exceed the period described in section 412(c)(10) of the Code and regulations thereunder.

(3) A plan sponsor may amend a plan to provide that “the sum of all contributions made” or “total amount contributed” for a plan year means the amount of contributions actually received during the plan year, increased by the amount of contributions accrued during the plan year and received during a specified period of time after the close of the plan year not to exceed the period described in section 412(c)(10) of the Code and regulations thereunder.

(4) A plan sponsor may amend a plan to provide that—

(i) For plan years ending before September 26, 1980, “the sum of all contributions made” or “total amount contributed” means the amount of total contributions reported on Form 5500 and, for years before the plan was required to file Form 5500, the amount of total contributions reported on any predecessor reporting form required by the Department of Labor or the IRS; and

(ii) For subsequent plan years, “the sum of all contributions made” or “total amount contributed” means the amount described in paragraph (a) of this section, or the amount described in paragraph (b)(1), (b)(2) or (b)(3) of this section.

(c) *Excluding contributions of significant withdrawn employers.* Contributions of certain withdrawn employers are excluded from the denominator in each of the fractions used to determine a withdrawing employer’s share of unfunded vested benefits under the presumptive, modified presumptive and rolling-5

methods. Except as provided in paragraph (c)(1) of this section, contributions of all employers that permanently cease to have an obligation to contribute to the plan or permanently cease covered operations before the end of the period of plan years used to determine the fractions for allocating unfunded vested benefits under each of those methods (and contributions of all employers that withdrew before September 26, 1980) are excluded from the denominators of the fractions.

(1) The plan sponsor of a plan using the presumptive, modified presumptive or rolling-5 method may amend the plan to provide that only the contributions of significant withdrawn employers shall be excluded from the denominators of the fractions used in those methods.

(2) For purposes of this paragraph (c), “significant withdrawn employer” means—

(i) An employer to which the plan has sent a notice of withdrawal liability under section 4219 of ERISA; or

(ii) A withdrawn employer that in any plan year used to determine the denominator of a fraction contributed at least \$250,000 or, if less, 1% of all contributions made by employers for that year.

(3) If a group of employers withdraw in a concerted withdrawal, the plan shall treat the group as a single employer in determining whether the members are significant withdrawn employers under paragraph (c)(2) of this section. A “concerted withdrawal” means a cessation of contributions to the plan during a single plan year—

(i) By an employer association;

(ii) By all or substantially all of the employers covered by a single collective bargaining agreement; or

(iii) By all or substantially all of the employers covered by agreements with a single labor organization.

§ 4211.13 Modifications to the direct attribution method.

(a) *Error in direct attribution method.* The unfunded vested benefits allocated to a withdrawing employer under the direct attribution method are the sum of the employer’s attributable liability, determined under section 4211(c)(4)(A)(i) and (B) of ERISA, and the employer’s share of the plan’s unattributable liability, determined under section 4211(c)(4)(E) and allocated to the employer under section 4211(c)(4)(F). Plan sponsors should allocate unattributable liabilities on the basis of the employer’s share of the attributable liabilities. However, section 4211(c)(4)(F) of ERISA, which describes the allocation of unattributable liabilities, contains a typographical

error. Therefore, plans adopting the direct attribution method shall modify the phrase "as the amount determined under subparagraph (C) for the employer bears to the sum of the amounts determined under subparagraph (C) for all employers under the plan" in section 4211(c)(4)(F) by substituting "subparagraph (B)" for "subparagraph (C)" in both places it appears.

(b) *Allocating unattributable liability based on contributions in period before withdrawal.* A plan that is amended to adopt the direct attribution method may provide that instead of allocating the unattributable liability in accordance with section 4211(c)(4)(F) of ERISA, the employer's share of the plan's unattributable liability shall be determined by multiplying the plan's unattributable liability determined under section 4211(c)(4)(E) by a fraction—

(1) The numerator of which is the total amount of contributions required to be made by the withdrawing employer over a period of consecutive plan years (not fewer than five) ending before the withdrawal; and

(2) The denominator of which is the total amount contributed under the plan by all employers for the same period of years used in paragraph (b)(1) of this section, decreased by any amount contributed by an employer that withdrew from the plan during those plan years.

Subpart C—Changes Subject to PBGC Approval

§ 4211.21 Changes subject to PBGC approval.

(a) *General rule.* Subject to the approval of the PBGC pursuant to this subpart, a plan, other than a plan that primarily covers employees in the building and construction industry, may adopt, by amendment, any allocation method or modification to an allocation method that is not permitted under subpart B of this part.

(b) *Building and construction industry plans.* Subject to the approval of the PBGC pursuant to this subpart, a plan that primarily covers employees in the building and construction industry may adopt, by amendment, any allocation method or modification to an allocation method that is not permitted under § 4211.12 if the method or modification is applicable only to its employers that are not construction industry employers within the meaning of section 4203(b)(1)(A) of ERISA.

(c) *Substantial overallocation not allowed.* No plan may adopt an allocation method or modification to an

allocation method that results in a systematic and substantial overallocation of the plan's unfunded vested benefits.

(d) *Use of method prior to approval.* A plan may implement an alternative allocation method or modification to an allocation method that requires PBGC approval before that approval is given. However, the plan sponsor shall assess liability in accordance with this paragraph.

(1) *Demand for payment.* Until the PBGC approves the allocation method or modification, a plan may not demand withdrawal liability under section 4219 of ERISA in an amount that exceeds the lesser of the amount calculated under the amendment or the amount calculated under the allocation method that the plan would be required to use if the PBGC did not approve the amendment. The plan must inform each withdrawing employer of both amounts and explain that the higher amount may become payable depending on the PBGC's decision on the amendment.

(2) *Adjustment of liability.* When necessary because of the PBGC decision on the amendment, the plan shall adjust the amount demanded from each employer under paragraph (c)(1) of this section and the employer's withdrawal liability payment schedule. The length of the payment schedule shall be increased, as necessary. The plan shall notify each affected employer of the adjusted liability and payment schedule and shall collect the adjusted amount in accordance with the adjusted schedule.

§ 4211.22 Requests for PBGC approval.

(a) *General.* A plan shall submit a request for approval of an alternative allocation method or modification to an allocation method to the PBGC in accordance with the requirements of this section as soon as practicable after the adoption of the amendment.

(b) *Who shall submit.* The plan sponsor, or a duly authorized representative acting on behalf of the plan sponsor, shall sign the request.

(c) *Where to submit.* The plan shall submit the request by first class mail or courier service to Reports Processing, Insurance Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005-4026, or by hand to the above address.

(d) *Content.* Each request shall contain the following information:

(1) The name, address and telephone number of the plan sponsor, and of the duly authorized representative, if any, of the plan sponsor.

(2) The name of the plan.

(3) The nine-digit Employer Identification Number (EIN) that the Internal Revenue Service assigned to the plan sponsor and the three-digit Plan Identification Number (PIN) that the plan sponsor assigned to the plan, and, if different, also the EIN-PIN that the plan last filed with the PBGC. If the plan has no EIN-PIN, the request shall so indicate.

(4) The date the amendment was adopted.

(5) A copy of the amendment, setting forth the full text of the alternative allocation method or modification.

(6) The allocation method that the plan currently uses and a copy of the plan amendment (if any) that adopted the method.

(7) A statement certifying that notice of the adoption of the amendment has been given to all employers that have an obligation to contribute under the plan and to all employee organizations that represent employees covered by the plan.

(e) *Additional information.* In addition to the information listed in paragraph (d) of this section, the PBGC may require the plan sponsor to submit any other information that the PBGC determines is necessary for the review of an alternative allocation method or modification to an allocation method.

(Approved by the Office of Management and Budget under control number 1212-0035)

§ 4211.23 Approval of alternative method.

(a) *General.* The PBGC shall approve an alternative allocation method or modification to an allocation method if the PBGC determines that adoption of the method or modification would not significantly increase the risk of loss to plan participants and beneficiaries or to the PBGC.

(b) *Criteria.* An alternative allocation method or modification to an allocation method satisfies the requirements of paragraph (a) of this section if it meets the following three conditions:

(1) The method or modification allocates a plan's unfunded vested benefits, both for the adoption year and for the five subsequent plan years, to the same extent as any of the statutory allocation methods, or any modification to a statutory allocation method permitted under subpart B.

(2) The method or modification allocates unfunded vested benefits to each employer on the basis of either the employer's share of contributions to the plan or the unfunded vested benefits attributable to each employer. The method or modification may take into account differences in contribution rates paid by different employers and

differences in benefits of different employers' employees.

(3) The method or modification fully reallocates among employers that have not withdrawn from the plan all unfunded vested benefits that the plan sponsor has determined cannot be collected from withdrawn employers, or that are not assessed against withdrawn employers because of sections 4209, 4219(c)(1)(B) or 4225 of ERISA.

(c) *PBGC action on request.* The PBGC's decision on a request for approval shall be in writing. If the PBGC disapproves the request, the decision shall state the reasons for the disapproval and shall include a statement of the sponsor's right to request a reconsideration of the decision pursuant to part 4003 of this chapter.

§ 4211.24 Special rule for certain alternative methods previously approved.

A plan may not apply to any employer withdrawing on or after November 25, 1987, an allocation method approved by the PBGC before that date that allocates to the employer the greater of the amounts of unfunded vested benefits determined under two different allocation rules. Until a plan that has been using such a method is amended to adopt a valid allocation method, its allocation method shall be deemed to be the statutory allocation method that would apply if it had never been amended.

Subpart D—Allocation Methods for Merged Multiemployer Plans

§ 4211.31 Allocation of unfunded vested benefits following the merger of plans.

(a) *General Rule.* Except as provided in paragraphs (b) through (d) of this section, when two or more multiemployer plans merge, the merged plan shall adopt one of the statutory allocation methods, in accordance with subpart B of this part, or one of the allocation methods prescribed in §§ 4211.32 through 4211.35, and the method adopted shall apply to all employer withdrawals occurring after the initial plan year. Alternatively, a merged plan may adopt its own allocation method in accordance with subpart C of this part. If a merged plan fails to adopt an allocation method pursuant to this subpart or subpart B or C, it shall use the presumptive allocation method prescribed in § 4211.32. In addition, a merged plan may adopt any of the modifications prescribed in § 4211.36 or in subpart B of this part.

(b) *Construction plans.* Except as provided in the next sentence, a merged plan that primarily covers employees in

the building and construction industry shall use the presumptive allocation method prescribed in § 4211.32. However, the plan may, with respect to employers that are not construction industry employers within the meaning of section 4203(b)(1)(A) of ERISA, adopt, by amendment, one of the alternative methods prescribed in §§ 4211.33 through 4211.35 or any other allocation method. Any such amendment shall be adopted in accordance with subpart C of this part. A construction plan may, without the PBGC's approval, adopt by amendment any of the modifications set forth in § 4211.36 or any of the modifications to the statutory presumptive method set forth in § 4211.12.

(c) *Section 404(c) plans.* A merged plan that is a continuation of a plan described in section 404(c) of the Code shall use the rolling-5 allocation method prescribed in § 4211.34, unless the plan, by amendment, adopts an alternative method. The plan may adopt one of the statutory allocation methods or one of the allocation methods set forth in §§ 4211.32 through 4211.35 without PBGC approval; adoption of any other allocation method is subject to PBGC approval under subpart B of this plan. The plan may, without the PBGC's approval, adopt by amendment any of the modifications set forth in § 4211.36 or in subpart B of this part.

(d) *Withdrawals before the end of the initial plan year.* For employer withdrawals after the effective date of a merger and prior to the end of the initial plan year, the amount of unfunded vested benefits allocable to a withdrawing employer shall be determined in accordance with § 4211.37.

§ 4211.32 Presumptive method for withdrawals after the initial plan year.

(a) *General rule.* Under this section, the amount of unfunded vested benefits allocable to an employer that withdraws from a merged plan after the initial plan year is the sum (but not less than zero) of—

(1) The employer's proportional share, if any, of the unamortized amount of the plan's initial plan year unfunded vested benefits, as determined under paragraph (b) of this section;

(2) The employer's proportional share of the unamortized amount of the change in the plan's unfunded vested benefits for plan years ending after the initial plan year, as determined under paragraph (c) of this section; and

(3) The employer's proportional share of the unamortized amounts of the reallocated unfunded vested benefits (if

any) as determined under paragraph (d) of this section.

(b) *Share of initial plan year unfunded vested benefits.* An employer's proportional share, if any, of the unamortized amount of the plan's initial plan year unfunded vested benefits is the sum of the employer's share of its prior plan's liabilities (determined under paragraph (b)(1) of this section) and the employer's share of the adjusted initial plan year unfunded vested benefits (determined under paragraph (b)(2) of this section), with such sum reduced by five percent of the original amount for each plan year subsequent to the initial year.

(1) *Share of prior plan liabilities.* An employer's share of its prior plan's liabilities is the amount of unfunded vested benefits that would have been allocable to the employer if it had withdrawn on the first day of the initial plan year, determined as if each plan had remained a separate plan.

(2) *Share of adjusted initial plan year unfunded vested benefits.* An employer's share of the adjusted initial plan year unfunded vested benefits equals the plan's initial plan year unfunded vested benefits, less the amount that would be determined under paragraph (b)(1) of this section for each employer that had not withdrawn as of the end of the initial plan year, multiplied by a fraction—

(i) The numerator of which is the amount determined under paragraph (b)(1) of this section; and

(ii) The denominator of which is the sum of the amounts that would be determined under paragraph (b)(1) of this section for each employer that had not withdrawn as of the end of the initial plan year.

(c) *Share of annual changes.* An employer's proportional share of the unamortized amount of the change in the plan's unfunded vested for the plan years ending after the end of the initial plan year is the sum of the employer's proportional shares (determined under paragraph (c)(2) of this section) of the unamortized amount of the change in unfunded vested benefits (determined under paragraph (c)(1) of this section) for each plan year in which the employer has an obligation to contribute under the plan ending after the initial plan year and before the plan year in which the employer withdraws.

(1) *Change in plan's unfunded vested benefits.* The change in a plan's unfunded vested benefits for a plan year is the amount by which the unfunded vested benefits at the end of a plan year, less the value as of the end of such year of all outstanding claims for withdrawal liability that can reasonably be expected

to be collected from employers that had withdrawn as of the end of the initial plan year, exceed the sum of the unamortized amount of the initial plan year unfunded vested benefits (determined under paragraph (c)(1)(i) of this section) and the unamortized amounts of the change in unfunded vested benefits for each plan year ending after the initial plan year and preceding the plan year for which the change is determined (determined under paragraph (c)(1)(ii) of this section).

(i) *Unamortized amount of initial plan year unfunded vested benefits.* The unamortized amount of the initial plan year unfunded vested benefits is the amount of those benefits reduced by five percent of the original amount for each succeeding plan year.

(ii) *Unamortized amount of the change.* The unamortized amount of the change in a plan's unfunded vested benefits with respect to a plan year is the change in unfunded vested benefits for the plan year, reduced by five percent of such change for each succeeding plan year.

(2) *Employer's proportional share.* An employer's proportional share of the amount determined under paragraph (c)(1) of this section is computed by multiplying that amount by a fraction—

(i) The numerator of which is the total amount required to be contributed under the plan (or under the employer's prior plan) by the employer for the plan year in which the change arose and the four preceding full plan years; and

(ii) The denominator of which is the total amount contributed under the plan (or under employer's prior plan) for the plan year in which the change arose and the four preceding full plan years by all employers that had an obligation to contribute under the plan for the plan year in which such change arose, reduced by any amount contributed by an employer that withdrew from the plan in the year in which the change arose.

(d) *Share of reallocated amounts.* An employer's proportional share of the unamortized amounts of the reallocated unfunded vested benefits, if any, is the sum of the employer's proportional shares (determined under paragraph (d)(2) of this section) of the unamortized amount of the reallocated unfunded vested benefits (determined under paragraph (d)(1) of this section) for each plan year ending before the plan year in which the employer withdrew from the plan.

(1) *Unamortized amount of reallocated unfunded vested benefits.* The unamortized amount of the reallocated unfunded vested benefits

with respect to a plan year is the sum of the amounts described in paragraphs (d)(1)(i), (d)(1)(ii), and (d)(1)(iii) of this section for the plan year, reduced by five percent of such sum for each succeeding plan year.

(i) *Uncollectible amounts.* Amounts included as reallocable under this paragraph are those that the plan sponsor determines in that plan year to be uncollectible for reasons arising out of cases or proceedings under Title 11, United States Code, or similar proceedings, with respect to an employer that withdrew after the close of the initial plan year.

(ii) *Relief amounts.* Amounts included as reallocable under this paragraph are those that the plan sponsor determines in that plan year will not be assessed as a result of the operation of sections 4209, 4219(c)(1)(B), or 4225 of ERISA with respect to an employer that withdrew after the close of the initial plan year.

(iii) *Other amounts.* Amounts included as reallocable under this paragraph are those that the plan sponsor determines in that plan year to be uncollectible or unassessable for other reasons under standards not inconsistent with regulations prescribed by the PBGC.

(2) *Employer's proportional share.* An employer's proportional share of the amount of the reallocated unfunded vested benefits with respect to a plan year is computed by multiplying the unamortized amount of the reallocated unfunded vested benefits (as of the end of the year preceding the plan year in which the employer withdraws) by the allocation fraction described in paragraph (c)(2) of this section for the same plan year.

§ 4211.33 Modified presumptive method for withdrawals after the initial plan year.

(a) *General rule.* Under this section, the amount of unfunded vested benefits allocable to an employer that withdraws from a merged plan after the initial plan year is the sum of the employer's proportional share, if any, of the unamortized amount of the plan's initial plan year unfunded vested benefits (determined under paragraph (b) of this section) and the employer's proportional share of the unamortized amount of the unfunded vested benefits arising after the initial plan year (determined under paragraph (c) of this section).

(b) *Share of initial plan year unfunded vested benefits.* An employer's proportional share, if any, of the unamortized amount of the plan's initial plan year unfunded vested benefits is the sum of the employer's

share of its prior plan's liabilities, as determined under § 4211.32(b)(1), and the employer's share of the adjusted initial plan year unfunded vested benefits, as determined under § 4211.32(b)(2), with such sum reduced as if it were being fully amortized in level annual installments over fifteen years beginning with the first plan year after the initial plan year.

(c) *Share of unfunded vested benefits arising after the initial plan year.* An employer's proportional share of the amount of the plan's unfunded vested benefits arising after the initial plan year is the employer's proportional share (determined under paragraph (c)(2) of this section) of the plan's unfunded vested benefits as of the end of the plan year preceding the plan year in which the employer withdraws, reduced by the amount of the plan's unfunded vested benefits as of the close of the initial plan year (determined under paragraph (c)(1) of this section).

(1) *Amount of unfunded vested benefits.* The plan's unfunded vested benefits as of the end of the plan year preceding the plan year in which the employer withdraws shall be reduced by the sum of—

(i) The value as of that date of all outstanding claims for withdrawal liability that can reasonably be expected to be collected, with respect to employers that withdrew before that plan year; and

(ii) The sum of the amounts that would be allocable under paragraph (b) of this section to all employers that have an obligation to contribute in the plan year preceding the plan year in which the employer withdraws and that also had an obligation to contribute in the first plan year ending after the initial plan year.

(2) *Employer's proportional share.* An employer's proportional share of the amount determined under paragraph (c)(1) of this section is computed by multiplying that amount by a fraction—

(i) The numerator of which is the total amount required to be contributed under the plan (or under the employer's prior plan) by the employer for the last five full plan years ending before the date on which the employer withdraws; and

(ii) The denominator of which is the total amount contributed under the plan (or under each employer's prior plan) by all employers for the last five full plan years ending before the date on which the employer withdraws, increased by the amount of any employer contributions owed with respect to earlier periods that were collected in those plan years, and decreased by any amount contributed by an employer that

withdrew from the plan (or prior plan) during those plan years.

§ 4211.34 Rolling-5 method for withdrawals after the initial plan year.

(a) *General rule.* Under this section, the amount of unfunded vested benefits allocable to an employer that withdraws from a merged plan after the initial plan year is the sum of the employer's proportional share, if any, of the unamortized amount of the plan's initial plan year unfunded vested benefits (determined under paragraph (b) of this section) and the employer's proportional share of the unamortized amount of the unfunded vested benefits arising after the initial plan year (determined under paragraph (c) of this section).

(b) *Share of initial plan year unfunded vested benefits.* An employer's proportional share, if any, of the unamortized amount of the plan's initial plan year unfunded vested benefits is the sum of the employer's share of its prior plan's liabilities, as determined under § 4211.32(b)(1), and the employer's share of the adjusted initial plan year unfunded vested benefits, as determined under § 4211.32(b)(2), with such sum reduced as if it were being fully amortized in level annual installments over five years beginning with the first plan year after the initial plan year.

(c) *Share of unfunded vested benefits arising after the initial plan year.* An employer's proportional share of the amount of the plan's unfunded vested benefits arising after the initial plan year is the employer's proportional share determined under § 4211.33(c).

§ 4211.35 Direct attribution method for withdrawals after the initial plan year.

The allocation method under this section is the allocation method described in section 4211(c)(4) of ERISA.

§ 4211.36 Modifications to the determination of initial liabilities, the amortization of initial liabilities, and the allocation fraction.

(a) *General rule.* A plan using any of the allocation methods described in §§ 4211.32 through 4211.34 may, by plan amendment and without PBGC approval, adopt any of the modifications described in this section.

(b) *Restarting initial liabilities.* A plan may be amended to allocate the initial plan year unfunded vested benefits under § 4211.32(b), § 4211.33(b), or § 4211.34(b) without separately allocating to employers the liabilities attributable to their participation under their prior plans. An amendment under this paragraph must include an

allocation fraction under paragraph (d) of this section for determining the employer's proportional share of the total unfunded benefits as of the close of the initial plan year.

(c) *Amortizing initial liabilities.* A plan may by amendment modify the amortization of initial liabilities in either of the following ways:

(1) If two or more plans that use the presumptive allocation method of section 4211(b) of ERISA merge, the merged plan may adjust the amortization of initial liabilities under § 4211.32(b) to amortize those unfunded vested benefits over the remaining length of the prior plans' amortization schedules.

(2) A plan that has adopted the allocation method under § 4211.33 or § 4211.34 may adjust the amortization of initial liabilities under § 4211.33(b) or § 4211.34(b) to amortize those unfunded vested benefits in level annual installments over any period of at least five and not more than fifteen years.

(d) *Changing the allocation fraction.* A plan may by amendment replace the allocation fraction under § 4211.32(b), § 4211.33(b), or § 4211.34(b) with any of the following contribution-based fractions—

(1) A fraction, the numerator of which is the total amount required to be contributed under the merged and prior plans by the withdrawing employer in the 60-month period ending on the last day of the initial plan year, and the denominator of which is the sum for that period of the contributions made by all employers that had not withdrawn as of the end of the initial plan year;

(2) A fraction, the numerator of which is the total amount required to be contributed by the withdrawing employer for the initial plan year and the four preceding full plan years of its prior plan, and the denominator of which is the sum of all contributions made over that period by employers that had not withdrawn as of the end of the initial plan year; or

(3) A fraction, the numerator of which is the total amount required to be contributed to the plan by the withdrawing employer since the effective date of the merger, and the denominator of which is the sum of all contributions made over that period by employers that had not withdrawn as of the end of the initial plan year.

§ 4211.37 Allocating unfunded vested benefits for withdrawals before the end of the initial plan year.

If an employer withdraws after the effective date of a merger and before the end of the initial plan year, the amount of unfunded vested benefits allocable to

the employer shall be determined as if each plan had remained a separate plan. In making this determination, the plan sponsor shall use the allocation method of the withdrawing employer's prior plan and shall compute the employer's allocable share of the plan's unfunded vested benefits as if the day before the effective date of the merger were the end of the last plan year prior to the withdrawal.

Subpart A—General

§ 4219.1 Purpose and scope.

(a) *Subpart A.* Subpart A of this part describes the purpose and scope of the provisions in this part and defined terms used in this part.

(b) *Subpart B.*

(1) *Purpose.* When a multiemployer plan terminates by the withdrawal of every employer from the plan, or when substantially all employers withdraw from a multiemployer plan pursuant to an agreement or arrangement to withdraw from the plan, section 4219(c)(1)(D)(i) of ERISA requires that the liability of such withdrawing employers be determined (or redetermined) without regard to the 20-year limitation on annual payments established in section 4219(c)(1)(B) of ERISA. In addition, section 4219(c)(1)(D)(ii) requires that, upon the

occurrence of a withdrawal described above, the total unfunded vested benefits of the plan be fully allocated among such withdrawing employers in a manner that is not inconsistent with PBGC regulations. Section 4209(c) of ERISA provides that the *de minimis* reduction established in sections 4209 (a) and (b) of ERISA shall not apply to an employer that withdraws in a plan year in which substantially all employers withdraw from the plan, or to an employer that withdraws pursuant to an agreement to withdraw during a period of one or more plan years during which substantially all employers withdraw pursuant to an agreement or arrangement to withdraw. The purpose of subpart B of this part is to prescribe rules, pursuant to sections 4219(c)(1)(D) and 4209(c) of ERISA, for redetermining an employer's withdrawal liability and fully allocating the unfunded vested benefits of a multiemployer plan in either of two mass-withdrawal situations: the termination of a plan by the withdrawal of every employer and the withdrawal of substantially all employers pursuant to an agreement or arrangement to withdraw. Subpart B also prescribes rules for redetermining the liability of an employer without regard to section 4209 (a) or (b) when the employer withdraws in a plan year in which substantially all employers withdraw, regardless of the occurrence of a mass withdrawal. (See part 4281 regarding the valuation of unfunded vested benefits to be fully allocated under subpart B, and parts 4041A and 4281 regarding the powers and duties of the plan sponsor of a plan terminated by mass withdrawal.)

(2) *Scope.* Subpart B applies to multiemployer plans covered by title IV of ERISA, with respect to which there is a termination by the withdrawal of every employer (including a plan created by a partition pursuant to section 4233 of ERISA) or a withdrawal of substantially all employers in the plan pursuant to an agreement or arrangement to withdraw from the plan, and to employers that withdraw from such multiemployer plans. The obligations of a plan sponsor of a mass-withdrawal-terminated plan under subpart B shall cease to apply when the plan assets are distributed in full satisfaction of all nonforfeitable benefits under the plan. Subpart B also applies, to the extent appropriate, to multiemployer plans with respect to which there is a withdrawal of substantially all employers in a single plan year and to employers that withdraw from such plans in that plan year.

(c) *Subpart C.* Subpart C establishes the interest rate to be charged on overdue, defaulted and overpaid withdrawal liability under section 4219(c)(6) of ERISA, and authorizes multiemployer plans to adopt alternative rules concerning assessment of interest and related matters. Subpart C applies to multiemployer plans covered under title IV of ERISA, and to employers that have withdrawn from such plans after April 28, 1980 (May 2, 1979, for certain employers in the seagoing industry).

§ 4219.2 Definitions.

(a) The following terms are defined in section 4001.2 of this chapter: employer, ERISA, IRS, mass withdrawal, multiemployer plan, nonforfeitable benefit, PBGC, plan, and plan year.

(b) For purposes of this part:

Initial withdrawal liability means the amount of withdrawal liability determined in accordance with sections 4201 through 4225 of title IV without regard to the occurrence of a mass withdrawal.

Mass withdrawal liability means the sum of an employer's liability for *de minimis* amounts, liability for 20-year-limitation amounts, and reallocation liability.

Mass withdrawal valuation date means—

(1) In the case of a termination by mass withdrawal, the last day of the plan year in which the plan terminates; or

(2) in the case of a withdrawal of substantially all employers pursuant to an agreement or arrangement to withdraw, the last day of the plan year as of which substantially all employers have withdrawn.

Reallocation liability means the amount of unfunded vested benefits allocated to an employer in the event of a mass withdrawal.

Reallocation record date means a date selected by the plan sponsor, which shall be not earlier than the date of the plan's actuarial report for the year of the mass withdrawal and not later than one year after the mass withdrawal valuation date.

Redetermination liability means the sum of an employer's liability for *de minimis* amounts and the employer's liability for 20-year-limitation amounts.

Unfunded vested benefits means the amount by which the present value of a plan's vested benefits exceeds the value of plan assets (including claims of the plan for unpaid initial withdrawal liability and redetermination liability), determined in accordance with section 4281 of ERISA and part 4281, subpart B.

(c) For purposes of subpart B—

Withdrawal means a complete withdrawal as defined in section 4203 of ERISA.

Subpart B—Redetermination of Withdrawal Liability Upon Mass Withdrawal

§ 4219.11 Withdrawal liability upon mass withdrawal.

(a) *Initial withdrawal liability.* The plan sponsor of a multiemployer plan that experiences a mass withdrawal shall determine initial withdrawal liability pursuant to section 4201 of ERISA of every employer that has completely or partially withdrawn from the plan and for whom the liability has not previously been determined and, in accordance with section 4202 of ERISA, notify each employer of the amount of the initial withdrawal liability and collect the amount of the initial withdrawal liability from each employer.

(b) *Mass withdrawal liability.* The plan sponsor of a multiemployer plan that experiences a mass withdrawal shall also—

(1) Notify withdrawing employers, in accordance with § 4219.16(a), that a mass withdrawal has occurred;

(2) Within 150 days after the mass withdrawal valuation date, determine the liability of withdrawn employers for *de minimis* amounts and for 20-year-limitation amounts in accordance with §§ 4219.13 and 4219.14;

(3) Within one year after the reallocation record date, determine the reallocation liability of withdrawn employers in accordance with § 4219.15;

(4) Notify each withdrawing employer of the amount of mass withdrawal liability determined pursuant to this subpart and the schedule for payment of such liability, and demand payment of and collect that liability, in accordance with § 4219.16; and

(5) Notify the PBGC of the occurrence of a mass withdrawal and certify, in accordance with § 4219.17, that determinations of mass withdrawal liability have been completed.

(c) *Extensions of time.* The plan sponsor of a multiemployer plan that experiences a mass withdrawal may apply to the PBGC for an extension of the deadlines contained in paragraph (b) of this section. The PBGC shall approve such a request only if it finds that failure to grant the extension will create an unreasonable risk of loss to plan participants or the PBGC.

§ 4219.12 Employers liable upon mass withdrawal.

(a) *Liability for de minimis amounts.* An employer shall be liable for *de*

minimis amounts to the extent provided in section 4219(c)(1)(D) of ERISA if the employer's initial withdrawal liability was reduced pursuant to section 4209 (a) or (b) of ERISA.

(b) *Liability for 20-year-limitation amounts.* An employer shall be liable for 20-year-limitation amounts to the extent provided in section 4219(c)(1)(D) of ERISA.

(c) *Liability for reallocation liability.* An employer shall be liable for reallocation liability if the employer withdrew pursuant to an agreement or arrangement to withdraw from a multiemployer plan from which substantially all employers withdrew pursuant to an agreement or arrangement to withdraw, or if the employer withdrew after the beginning of the second full plan year preceding the termination date from a plan that terminated by the withdrawal of every employer, and, as of the reallocation record date—

(1) The employer has not been completely liquidated or dissolved;

(2) The employer is not the subject of a case or proceeding under title 11, United States Code, or any case or proceeding under similar provisions of state insolvency laws, except that a plan sponsor may determine that such an employer is liable for reallocation liability if the plan sponsor determines that the employer is reasonably expected to be able to pay its initial withdrawal liability and its redetermination liability in full and on time to the plan; and

(3) The plan sponsor has not determined that the employer's initial withdrawal liability or its redetermination liability is limited by section 4225 of ERISA.

(d) *General exclusion.* In the event that a plan experiences successive mass withdrawals, an employer that has been determined to be liable under this subpart for any component of mass withdrawal liability shall not be liable as a result of the same withdrawal for that component of mass withdrawal liability with respect to a subsequent mass withdrawal.

(e) *Free-look rule.* An employer that is not liable for initial withdrawal liability pursuant to a plan amendment adopting section 4210(a) of ERISA shall not be liable for *de minimis* amounts or for 20-year-limitation amounts, but shall be liable for reallocation liability in accordance with paragraph (c) of this section.

(f) *Payment of initial withdrawal liability.* An employer's payment of its total initial withdrawal liability, whether by prepayment or otherwise, for a withdrawal which is later

determined to be part of a mass withdrawal shall not exclude the employer from or otherwise limit the employer's mass withdrawal liability under this subpart.

(g) *Agreement presumed.* Withdrawal by an employer during a period of three consecutive plan years within which substantially all employers withdraw from a plan shall be presumed to be a withdrawal pursuant to an agreement or arrangement to withdraw unless the employer proves otherwise by a preponderance of the evidence.

§ 4219.13 Amount of liability for *de minimis* amounts.

An employer that is liable for *de minimis* amounts shall be liable to the plan for the amount by which the employer's allocable share of unfunded vested benefits for the purpose of determining its initial withdrawal liability was reduced pursuant to section 4209 (a) or (b) of ERISA. Any liability for *de minimis* amounts determined under this section shall be limited by section 4225 of ERISA to the extent that section would have been limiting had the employer's initial withdrawal liability been determined without regard to the *de minimis* reduction.

§ 4219.14 Amount of liability for 20-year-limitation amounts.

An employer that is liable for 20-year-limitation amounts shall be liable to the plan for an amount equal to the present value of all initial withdrawal liability payments for which the employer was not liable pursuant to section 4219(c)(1)(B) of ERISA. The present value of such payments shall be determined as of the end of the plan year preceding the plan year in which the employer withdrew, using the assumptions that were used to determine the employer's payment schedule for initial withdrawal liability pursuant to section 4219(c)(1)(A)(ii) of ERISA. Any liability for 20-year-limitation amounts determined under this section shall be limited by section 4225 of ERISA to the extent that section would have been limiting had the employer's initial withdrawal liability been determined without regard to the 20-year limitation.

§ 4219.15 Determination of reallocation liability.

(a) *General rule.* In accordance with the rules in this section, the plan sponsor shall determine the amount of unfunded vested benefits to be reallocated and shall fully allocate those unfunded vested benefits among all employers liable for reallocation liability.

(b) *Amount of unfunded vested benefits to be reallocated.* For purposes of this section, the amount of a plan's unfunded vested benefits to be reallocated shall be the amount of the plan's unfunded vested benefits, determined as of the mass withdrawal valuation date, adjusted to exclude from plan assets the value of the plan's claims for unpaid initial withdrawal liability and unpaid redetermination liability that are deemed to be uncollectible under § 4219.12(c)(1) or (c)(2).

(c) *Amount of reallocation liability.* An employer's reallocation liability shall be equal to the sum of the employer's initial allocable share of the plan's unfunded vested benefits, as determined under paragraph (c)(1) of this section, plus any unassessable amounts allocated to the employer under paragraph (c)(2), limited by section 4225 of ERISA to the extent that section would have been limiting had the employer's reallocation liability been included in the employer's initial withdrawal liability. If a plan is determined to have no unfunded vested benefits to be reallocated, the reallocation liability of each liable employer shall be zero.

(1) *Initial allocable share.* Except as otherwise provided in rules adopted by the plan pursuant to paragraph (d) of this section, and in accordance with paragraph (c)(3) of this section, an employer's initial allocable share shall be equal to the product of the plan's unfunded vested benefits to be reallocated, multiplied by a fraction—

(i) The numerator of which is the sum of the employer's initial withdrawal liability and the employer's redetermination liability, if any; and

(ii) The denominator of which is the sum of all initial withdrawal liabilities and all the redetermination liabilities of all employers liable for reallocation liability.

(2) *Allocation of unassessable amounts.* If after computing each employer's initial allocable share of unfunded vested benefits, the plan sponsor knows that any portion of an employer's initial allocable share is unassessable as withdrawal liability because of the limitations in section 4225 of ERISA, the plan sponsor shall allocate any such unassessable amounts among all other liable employers. This allocation shall be done by prorating the unassessable amounts on the basis of each such employer's initial allocable share. No employer shall be liable for unfunded vested benefits allocated under paragraph (c)(1) or this paragraph to another employer that are determined to be unassessable or uncollectible

subsequent to the plan sponsor's demand for payment of reallocation liability.

(3) *Special rule for certain employers with no or reduced initial withdrawal liability.* If an employer has no initial withdrawal liability because of the application of the free-look rule in section 4210 of ERISA, then, in computing the fraction prescribed in paragraph (c)(1), the plan sponsor shall use the employer's allocable share of unfunded vested benefits, determined under section 4211 of ERISA at the time of the employer's withdrawal and adjusted in accordance with section 4225 of ERISA, if applicable. If an employer's initial withdrawal liability was reduced pursuant to section 4209(a) or (b) of ERISA and the employer is not liable for *de minimis* amounts pursuant to § 4219.13, then, in computing the fraction prescribed in paragraph (c)(1) of this section, the plan sponsor shall use the employer's allocable share of unfunded vested benefits, determined under section 4211 of ERISA at the time of the employer's withdrawal and adjusted in accordance with section 4225 of ERISA, if applicable.

(d) *Plan rules.* Plans may adopt rules for calculating an employer's initial allocable share of the plan's unfunded vested benefits in a manner other than that prescribed in paragraph (c)(1) of this section, provided that those rules allocate the plan's unfunded vested benefits to substantially the same extent the prescribed rules would. Plan rules adopted under this paragraph shall operate and be applied uniformly with respect to each employer. If such rules would increase the reallocation liability of any employer, they may be effective with respect to that employer earlier than three full plan years after their adoption only if the employer consents to the application of the rules to itself. The plan sponsor shall give a written notice to each contributing employer and each employee organization that represents employees covered by the plan of the adoption of plan rules under this paragraph.

§ 4219.16 Imposition of liability.

(a) *Notice of mass withdrawal.* Within 30 days after the mass withdrawal valuation date, the plan sponsor shall give written notice of the occurrence of a mass withdrawal to each employer that the plan sponsor reasonably expects may be a liable employer under § 4219.12. The notice shall include—

- (1) The mass withdrawal valuation date;
- (2) A description of the consequences of a mass withdrawal under this subpart; and

(3) A statement that each employer obligated to make initial withdrawal liability payments shall continue to make those payments in accordance with its schedule. Failure of the plan sponsor to notify an employer of a mass withdrawal as required by this paragraph shall not cancel the employer's mass withdrawal liability or waive the plan's claim for such liability.

(b) *Notice of redetermination liability.* Within 30 days after the date as of which the plan sponsor is required under § 4219.11(b)(2) to have determined the redetermination liability of employers, the plan sponsor shall issue a notice of redetermination liability in writing to each employer liable under § 4219.12 for *de minimis* amounts or 20-year-limitation amounts, or both. The notice shall include—

- (1) The amount of the employer's liability, if any, for *de minimis* amounts determined pursuant to § 4219.13;
- (2) The amount of the employer's liability, if any, for 20-year-limitation amounts determined pursuant to § 4219.14;

(3) The schedule for payment of the liability determined under paragraph (f) of this section;

(4) A demand for payment of the liability in accordance with the schedule; and

(5) A statement of when the plan sponsor expects to issue notices of reallocation liability to liable employers.

(c) *Notice of reallocation liability.* Within 30 days after the date as of which the plan sponsor is required under § 4219.11(b)(3) to have determined the reallocation liability of employers, the plan sponsor shall issue a notice of reallocation liability in writing to each employer liable for reallocation liability. The notice shall include—

- (1) The amount of the employer's reallocation liability determined pursuant to § 4219.15;
- (2) The schedule for payment of the liability determined under paragraph (f) of this section; and

(3) A demand for payment of the liability in accordance with the schedule.

(d) *Notice to employers not liable.* The plan sponsor shall notify in writing any employer that receives a notice of mass withdrawal under paragraph (a) of this section and subsequently is determined not to be liable for mass withdrawal liability or any component thereof. The notice shall specify the liability from which the employer is excluded and shall be provided to the employer not later than the date by which liable employers are to be provided notices of reallocation liability pursuant to

paragraph (c) of this section. If the employer is not liable for mass withdrawal liability, the notice shall also include a statement, if applicable, that the employer is obligated to continue to make initial withdrawal liability payments in accordance with its existing schedule for payment of such liability.

(e) *Combined notices.* A plan sponsor may combine a notice of redetermination liability with the notice of and demand for payment of initial withdrawal liability. If a mass withdrawal and a withdrawal described in § 4219.18 occur concurrently, a plan sponsor may combine—

(1) A notice of mass withdrawal with a notice of withdrawal issued pursuant to § 4219.18(d); and

(2) A notice of redetermination liability with a notice of liability issued pursuant to § 4219.18(e).

(f) *Payment schedules.* The plan sponsor shall establish payment schedules for payment of an employer's mass withdrawal liability in accordance with the rules in section 4219(c) of ERISA, as modified by this paragraph. For an employer that owes initial withdrawal liability as of the mass withdrawal valuation date, the plan sponsor shall establish new payment schedules for each element of mass withdrawal liability by amending the initial withdrawal liability payment schedule in accordance with the paragraph (f)(1) of this section. For all other employers, the payment schedules shall be established in accordance with paragraph (f)(2).

(1) *Employers owing initial withdrawal liability as of mass withdrawal valuation date.* For an employer that owes initial withdrawal liability as of the mass withdrawal valuation date, the plan sponsor shall amend the existing schedule of payments in order to amortize the new amounts of liability being assessed, *i.e.*, redetermination liability and reallocation liability. With respect to redetermination liability, the plan sponsor shall add that liability to the total initial withdrawal liability and determine a new payment schedule, in accordance with section 4219(c)(1) of ERISA, using the interest assumptions that were used to determine the original payment schedule. For reallocation liability, the plan sponsor shall add that liability to the present value, as of the date following the mass withdrawal valuation date, of the unpaid portion of the amended payment schedule described in the preceding sentence and determine a new payment schedule of level annual payments, calculated as if the first payment were made on the day

following the mass withdrawal valuation date using the interest assumptions used for determining the amount of unfunded vested benefits to be reallocated.

(2) *Other employers.* For an employer that had no initial withdrawal liability, or had fully paid its liability prior to the mass withdrawal valuation date, the plan sponsor shall determine the payment schedule for redetermination liability, in accordance with section 4219(c)(1) of ERISA, in the same manner and using the same interest assumptions as were used or would have been used in determining the payment schedule for the employer's initial withdrawal liability. With respect to reallocation liability, the plan sponsor shall follow the rules prescribed in paragraph (f)(1) of this section.

(g) *Review of mass withdrawal liability determinations.* Determinations of mass withdrawal liability made pursuant to this subpart shall be subject to plan review under section 4219(b)(2) of ERISA and to arbitration under section 4221 of ERISA within the times prescribed by those sections. Matters that relate solely to the amount of, and schedule of payments for, an employer's initial withdrawal liability are not matters relating to the employer's liability under this subpart and are not subject to review pursuant to this paragraph.

(h) *Cessation of withdrawal liability obligations.* If the plan sponsor of a terminated plan distributes plan assets in full satisfaction of all nonforfeitable benefits under the plan, the plan sponsor's obligation to impose and collect liability, and each employer's obligation to pay liability, in accordance with this subpart ceases on the date of such distribution.

(i) *Determination that a mass withdrawal has not occurred.* If a plan sponsor determines, after imposing mass withdrawal liability pursuant to this subpart, that a mass withdrawal has not occurred, the plan sponsor shall refund to employers all payments of mass withdrawal liability with interest, except that a plan sponsor shall not refund payments of liability for *de minimis* amounts to an employer that remains liable for such amounts under § 4219.18. Interest shall be credited at the interest rate prescribed in subpart C and shall accrue from the date the payment was received by the plan until the date of the refund.

§ 4219.17 Filings with PBGC.

(a) *Filing requirements.* The plan sponsor shall file with PBGC a notice that a mass withdrawal has occurred and separate certifications that

determinations of redetermination liability and reallocation liability have been made and notices provided to employers in accordance with this subpart.

(b) *Who shall file.* The plan sponsor or a duly authorized representative acting on behalf of the plan sponsor shall sign and file the notice and the certifications.

(c) *When to file.* A notice of mass withdrawal for a plan from which substantially all employers withdraw pursuant to an agreement or arrangement to withdraw shall be filed with the PBGC no later than 30 days after the mass withdrawal valuation date. A notice of mass withdrawal termination shall be filed within the time prescribed for the filing of that notice in part 4041A, subparts A and B, of this chapter. Certifications of liability determinations shall be filed with the PBGC no later than 30 days after the date on which the plan sponsor is required to have provided employers with notices pursuant to § 4219.16.

(d) *Where to file.* The notice and certifications may be sent by mail or submitted by hand during normal working hours to Reports Processing, Insurance Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026.

(1) The notice is considered filed on the date of the postmark stamped on the cover in which the notice is mailed if—

(i) The postmark was made by the United States Postal Service; and

(ii) The notice was mailed postage prepaid, properly packaged and addressed to the PBGC.

(2) If both conditions described in paragraph (e)(1) are not met, the notice is considered filed on the date it is received by the PBGC, except that notices received after regular business hours are considered filed on the next regular business day.

(f) *Contents of notice of mass withdrawal.* If a plan terminates by the withdrawal of every employer, a notice of termination filed in accordance with part 4041A, subparts A and B, of this chapter shall satisfy the requirements for a notice of mass withdrawal under this subpart. If substantially all employers withdraw from a plan pursuant to an agreement or arrangement to withdraw, the notice of mass withdrawal shall contain the following information:

(1) The name of the plan.

(2) The name, address and telephone number of the plan sponsor and of the

duly authorized representative, if any, of the plan sponsor.

(3) The nine-digit Employer Identification Number (EIN) assigned by the IRS to the plan sponsor and the three-digit Plan Identification Number (PIN) assigned by the plan sponsor to the plan, and, if different, the EIN or PIN last filed with the PBGC. If no EIN or PIN has been assigned, the notice shall so indicate.

(4) The mass withdrawal valuation date.

(5) A description of the facts on which the plan sponsor has based its determination that a mass withdrawal has occurred, including the number of contributing employers withdrawn and the number remaining in the plan, and a description of the effect of the mass withdrawal on the plan's contribution base.

(g) *Contents of certifications.* Each certification shall contain the following information:

(1) The name of the plan.

(2) The name, address and telephone number of the plan sponsor and of the duly authorized representative, if any, of the plan sponsor.

(3) The nine-digit Employer Identification Number (EIN) assigned by the IRS to the plan sponsor and the three-digit Plan Identification Number (PIN) last assigned by the plan sponsor to the plan, and, if different, the EIN or PIN filed with the PBGC. If no EIN or PIN has been assigned, the notice shall so indicate.

(4) Identification of the liability determination to which the certification relates.

(5) A certification, signed by the plan sponsor or a duly authorized representative, that the determinations have been made and the notices given in accordance with this subpart.

(6) For reallocation liability certifications—

(i) A certification, signed by the plan's actuary, that the determination of unfunded vested benefits has been done in accordance with part 4281, subpart B; and

(ii) A copy of plan rules, if any, adopted pursuant to § 4219.15(d).

(h) *Additional information.* In addition to the information described in paragraph (g) of this section, the PBGC may require the plan sponsor to submit any other information the PBGC determines it needs in order to monitor compliance with this subpart.

§ 4219.18 Withdrawal in a plan year in which substantially all employers withdraw.

(a) *General rule.* An employer that withdraws in a plan year in which substantially all employers withdraw

from the plan shall be liable to the plan for *de minimis* amounts if the employer's initial withdrawal liability was reduced pursuant to section 4209(a) or (b) of ERISA.

(b) *Amount of liability.* An employer's liability for *de minimis* amounts under this section shall be determined pursuant to § 4219.13.

(c) *Plan sponsor's obligations.* The plan sponsor of a plan that experiences a withdrawal described in paragraph (a) shall—

(1) Determine and collect initial withdrawal liability of every employer that has completely or partially withdrawn, in accordance with sections 4201 and 4202 of ERISA;

(2) Notify each employer that is or may be liable under this section, in accordance with paragraph (d) of this section;

(3) Within 90 days after the end of the plan year in which the withdrawal occurred, determine, in accordance with paragraph (b) of this section, the liability of each withdrawing employer that is liable under this section;

(4) Notify each liable employer, in accordance with paragraph (e) of this section, of the amount of its liability under this section, demand payment of and collect that liability; and

(5) Certify to the PBGC that determinations of liability have been completed, in accordance with paragraph (g) of this section.

(d) *Notice of withdrawal.* Within 30 days after the end of a plan year in which a plan experiences a withdrawal described in paragraph (a), the plan sponsor shall notify in writing each employer that is or may be liable under this section. The notice shall specify the plan year in which substantially all employers have withdrawn, describe the consequences of such withdrawal under this section, and state that an employer obligated to make initial withdrawal liability payments shall continue to make those payments in accordance with its schedule.

(e) *Notice of liability.* Within 30 days after the determination of liability, the plan sponsor shall issue a notice of liability in writing to each liable employer. The notice shall include—

(1) The amount of the employer's liability for *de minimis* amounts;

(2) A schedule for payment of the liability, determined under § 4219.16(f); and

(3) A demand for payment of the liability in accordance with the schedule.

(f) *Review of liability determinations.* Determinations of liability made pursuant to this section shall be subject to plan review under section 4219(b)(2)

of ERISA and to arbitration under section 4221 of ERISA, subject to the limitations contained in § 4219.16(g).

(g) *Notice to the PBGC.* No later than 30 days after the notices of liability under this section are required to be provided to liable employers, the plan sponsor shall file with the PBGC a notice. The notice shall include the items described in § 4219.17 (g)(1) through (g)(3), as well as the information listed below. In addition, the PBGC may require the plan sponsor to submit any further information that the PBGC determines it needs in order to monitor compliance with this section.

(1) The plan year in which the withdrawal occurred.

(2) A description of the effect of the withdrawal, including the number of contributing employers that withdrew in the plan year in which substantially all employers withdrew, the number of employers remaining in the plan, and a description of the effect of the withdrawal on the plan's contribution base.

(3) A certification, signed by the plan sponsor or duly authorized representative, that determinations have been made and notices given in accordance with this section.

§ 4219.19 Information collection.

The information collection requirements contained in §§ 4219.16, 4219.17, and 4219.18 have been approved by the Office of Management and Budget under control number 1212-0034.

Subpart C—Overdue, Defaulted, and Overpaid Withdrawal Liability

§ 4219.31 Overdue and defaulted withdrawal liability; overpayment.

(a) *Overdue withdrawal liability payment.* Except as otherwise provided in rules adopted by the plan in accordance with § 4219.33, a withdrawal liability payment is overdue if it is not paid on the date set forth in the schedule of payments established by the plan sponsor.

(b) *Default.*

(1) Except as provided in paragraph (c)(1), "default" means—

(i) The failure of an employer to pay any overdue withdrawal liability payment within 60 days after the employer receives written notification from the plan sponsor that the payment is overdue; and

(ii) Any other event described in rules adopted by the plan which indicates a substantial likelihood that an employer will be unable to pay its withdrawal liability.

(2) In the event of a default, a plan sponsor may require immediate

payment of all or a portion of the outstanding amount of an employer's withdrawal liability, plus interest. In the event that the plan sponsor accelerates only a portion of the outstanding amount of an employer's withdrawal liability, the plan sponsor shall establish a new schedule of payments for the remaining amount of the employer's withdrawal liability.

(c) *Plan review or arbitration of liability determination.* The following rules shall apply with respect to the obligation to make withdrawal liability payments during the period for plan review and arbitration and with respect to the failure to make such payments:

(1) A default as a result of failure to make any payments shall not occur until the 61st day after the last of—

(i) Expiration of the period described in section 4219(b)(2)(A) of ERISA;

(ii) If the employer requests review under section 4219(b)(2)(A) of ERISA of the plan's withdrawal liability determination or the schedule of payments established by the plan, expiration of the period described in section 4221(a)(1) of ERISA for initiation of arbitration; or

(iii) If arbitration is timely initiated either by the plan, the employer or both, issuance of the arbitrator's decision.

(2) Any amounts due before the expiration of the period described in paragraph (c)(1) shall be paid in accordance with the schedule established by the plan sponsor. If a payment is not made when due under the schedule, the payment is overdue and interest shall accrue in accordance with the rules and at the same rate set forth in § 4219.32.

(d) *Overpayments.* If the plan sponsor or an arbitrator determines that payments made in accordance with the schedule of payments established by the plan sponsor have resulted in an overpayment of withdrawal liability, the plan sponsor shall refund the overpayment, with interest, in a lump sum. The plan sponsor shall credit interest on the overpayment from the date of the overpayment to the date on which the overpayment is refunded to the employer at the same rate as the rate for overdue withdrawal liability payments, as established under § 4219.32 or by the plan pursuant to § 4219.33.

§ 4219.32 Interest on overdue, defaulted and overpaid withdrawal liability.

(a) *Interest assessed.* The plan sponsor of a multiemployer plan—

(1) Shall assess interest on overdue withdrawal liability payments from the due date, as defined in paragraph (d) of

this section, until the date paid, as defined in paragraph (e); and

(2) In the event of a default, may assess interest on any accelerated portion of the outstanding withdrawal liability from the due date, as defined in paragraph (d) of this section, until the date paid, as defined in paragraph (e).

(b) *Interest rate.* Except as otherwise provided in rules adopted by the plan pursuant to § 4219.33, interest under this section shall be charged or credited for each calendar quarter at an annual rate equal to the average quoted prime rate on short-term commercial loans for the fifteenth day (or next business day if the fifteenth day is not a business day) of the month preceding the beginning of each calendar quarter, as reported by the Board of Governors of the Federal Reserve System in Statistical Release H.15 ("Selected Interest Rates").

(c) *Calculation of interest.* The interest rate under paragraph (b) of this section is the nominal rate for any calendar quarter or portion thereof. The amount of interest due the plan for overdue or defaulted withdrawal liability, or due the employer for overpayment, is equal to the overdue, defaulted, or overpaid amount multiplied by:

(1) For each full calendar quarter in the period from the due date (or date of overpayment) to the date paid (or date of refund), one-fourth of the annual rate in effect for that quarter;

(2) For each full calendar month in a partial quarter in that period, one-twelfth of the annual rate in effect for that quarter; and

(3) For each day in a partial month in that period, one-three-hundred-sixtieth of the annual rate in effect for that month.

(d) *Due date.* Except as otherwise provided in rules adopted by the plan, the due date from which interest accrues shall be, for an overdue withdrawal liability payment and for an amount of withdrawal liability in default, the date of the missed payment that gave rise to the delinquency or the default.

(e) *Date paid.* Any payment of withdrawal liability shall be deemed to have been paid on the date on which it is received.

§ 4219.33 Plan rules concerning overdue and defaulted withdrawal liability.

Plans may adopt rules relating to overdue and defaulted withdrawal liability, provided that those rules are consistent with ERISA. These rules may include, but are not limited to, rules for determining the rate of interest to be charged on overdue, defaulted and overpaid withdrawal liability (provided

that the rate reflects prevailing market rates for comparable obligations); rules providing reasonable grace periods during which late payments may be made without interest; additional definitions of default which indicate a substantial likelihood that an employer will be unable to pay its withdrawal liability; and rules pertaining to acceleration of the outstanding balance on default. Plan rules adopted under this section shall be reasonable. Plan rules shall operate and be applied uniformly with respect to each employer, except that the rules may take into account the creditworthiness of an employer. Rules which take into account the creditworthiness of an employer shall state with particularity the categories of creditworthiness the plan will use, the specific differences in treatment accorded employers in different categories, and the standards and procedures for assigning an employer to a category.

PART 4220—PROCEDURES FOR PBGC APPROVAL OF PLAN AMENDMENTS

Sec.

4220.1 Purpose and scope.

4220.2 Definitions.

4220.3 Requests for PBGC approval.

4220.4 PBGC action on requests.

Authority: 29 U.S.C. 1302(b)(3), 1400.

§ 4220.1 Purpose and scope.

(a) *General.* This part establishes procedures under which a plan sponsor shall request the PBGC to approve a plan amendment under section 4220 of ERISA. This part applies to all multiemployer plans covered by title IV of ERISA that adopt amendments pursuant to the authorization of sections 4201–4219 of ERISA (except for amendments adopted pursuant to section 4211(c)(5)). (The covered amendments are set forth in paragraph (b) of this section.) The subsequent modification of a plan amendment adopted by authorization of those sections is also covered by this part. This part does not, however, cover a plan amendment that merely repeals a previously adopted amendment, returning the plan to the statutorily prescribed rule.

(b) *Covered amendments.*

Amendments made pursuant to the following sections of ERISA are covered by this part:

- (1) Section 4203 (b)(1)(B)(ii).
- (2) Section 4203(c)(4).
- (3) Section 4205(c)(1).
- (4) Section 4205(d).
- (5) Section 4209(b).
- (6) Section 4210(b)(2).
- (7) Section 4211(c)(1).

(8) Section 4211(c)(4)(D).

(9) Section 4211(d)(1).

(10) Section 4211(d)(2).

(11) Section 4219(c)(1)(C)(ii)(I).

(12) Section 4219(c)(1)(C)(iii).

(c) *Exception.* Submission of a request for approval under this part is not required for a plan amendment for which the PBGC has published a notice in the Federal Register granting class approval.

§ 4220.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: employer, ERISA, IRS, multiemployer plan, PBGC, plan, and plan sponsor.

§ 4220.3 Requests for PBGC approval.

(a) *Filing of request.* A request for approval of an amendment filed with the PBGC in accordance with this section shall constitute notice to the PBGC for purposes of the 90-day period specified in section 4220 of ERISA. A request is deemed filed on the date on which a request containing all information required by paragraph (d) of this section is received by the PBGC.

(b) *Who may request.* The plan sponsor, or a duly authorized representative acting on behalf of a plan sponsor, shall sign and submit the request.

(c) *Where to file.* The request shall be delivered by hand or by mail to Reports Processing, Insurance Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005–4026.

(d) *Information.* Each request filed shall contain the following information:

(1) The name of the plan for which the amendment is being submitted, and the name, address and the telephone number of the plan sponsor or its duly authorized representative.

(2) The nine-digit Employer Identification Number (EIN) assigned by the IRS to the plan sponsor and the three-digit Plan Identification Number (PIN) assigned by the plan sponsor to the plan, and, if different, the EIN or PIN last filed with PBGC. If no EIN or PIN has been assigned, that fact must be indicated.

(3) A copy of the amendment as adopted, including its proposed effective date.

(4) A copy of the most recent actuarial valuation of the plan.

(5) A statement containing a certification that notice of the adoption of the amendment has been given to all employers who have an obligation to contribute under the plan and to all employee organizations representing employees covered by the plan.

(6) Any other information that the plan sponsor believes to be pertinent to its request.

(e) *Supplemental information.* The PBGC may require a plan sponsor to submit any other information that the PBGC determines to be necessary to review a request under this part. The PBGC may suspend the running of the 90-day period pursuant to § 4220.4(c), pending the submission of the supplemental information.

(Approved by the Office of Management and Budget under control number 1212-0031)

§ 4220.4 PBGC action on requests.

(a) *General.* Upon receipt of a complete request, the PBGC shall notify the plan sponsor in writing of the date of commencement of the 90-day period specified in section 4220 of ERISA. Except as provided in paragraph (c) of this section, the PBGC shall approve or disapprove a plan amendment submitted to it under this part within 90 days after receipt of a complete request for approval. If the PBGC fails to act within the 90-day period, or within that period notifies the plan sponsor that it will not disapprove the amendment, the amendment may be made effective without the approval of the PBGC.

(b) *Decision on request.* The PBGC's decision on a request for approval shall be in writing. If the PBGC disapproves the plan amendment, the decision shall state the reasons for the disapproval. An approval by the PBGC constitutes its finding only with respect to the issue of risk as set forth in section 4220(c) of ERISA, and not with respect to whether the amendment is otherwise properly adopted in accordance with the terms of ERISA and the plan in question.

(c) *Suspension of the 90-day period.* The PBGC may suspend the running of the 90-day period referred to in paragraph (a) of this section if it determines that additional information is required under § 4220.3(e). When it does so, PBGC's request for additional information will advise the plan sponsor that the running of 90-day period has been suspended. The 90-day period will resume running on the date on which the additional information is received by the PBGC, and the PBGC will notify the plan sponsor of that date upon receipt of the information.

- 4221.13 Filing or service of documents.
- 4221.14 PBGC-approved arbitration procedures.

Authority: 29 U.S.C. 1302(b)(3), 1401.

§ 4221.1 Purpose and scope.

(a) *Purpose.* The purpose of this part is to establish procedures for the arbitration, pursuant to section 4221 of ERISA, of withdrawal liability disputes arising under sections 4201 through 4219 and 4225 of ERISA.

(b) *Scope.* This part applies to arbitration proceedings initiated pursuant to section 4221 of ERISA and this part on or after September 26, 1985. On and after the effective date, any plan rules governing arbitration procedures (other than a plan rule adopting a PBGC-approved arbitration procedure in accordance with § 4221.14) are effective only to the extent that they are consistent with this part and adopted by the arbitrator in a particular proceeding.

§ 4221.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: ERISA, IRS, multiemployer plan, PBGC, plan, and plan sponsor.

In addition, for purposes of this part: *Arbitrator* means an individual or panel of individuals selected according to this part to decide a dispute concerning withdrawal liability.

Employer means an individual, partnership, corporation or other entity against which a plan sponsor has made a demand for payment of withdrawal liability pursuant to section 4219(b)(1) of ERISA.

Party or parties means the employer and the plan sponsor involved in a withdrawal liability dispute.

Withdrawal liability dispute means a dispute described in § 4221.1(a) of this chapter.

§ 4221.3 Initiation of arbitration.

(a) *Time limits—in general.* Arbitration of a withdrawal liability dispute may be initiated within the time limits described in section 4221(a)(1) of ERISA.

(b) *Waiver or extension of time limits.* Arbitration shall be initiated in accordance with this section, notwithstanding any inconsistent provision of any agreement entered into by the parties before the date on which the employer received notice of the

plan's assessment of withdrawal liability. The parties may, however, agree at any time to waive or extend the time limits for initiating arbitration.

(c) *Establishment of timeliness of initiation.* A party that unilaterally initiates arbitration is responsible for establishing that the notice of initiation of arbitration was timely received by the other party. If arbitration is initiated by agreement of the parties, the date on which the agreement to arbitrate was executed establishes whether the arbitration was timely initiated.

(d) *Contents of agreement or notice.* If the employer initiates arbitration, it shall include in the notice of initiation a statement that it disputes the plan sponsor's determination of its withdrawal liability and is initiating arbitration. A copy of the demand for withdrawal liability and any request for reconsideration, and the response thereto, shall be attached to the notice. If a party other than an employer initiates arbitration, it shall include in the notice a statement that it is initiating arbitration and a brief description of the questions on which arbitration is sought. If arbitration is initiated by agreement, the agreement shall include a brief description of the questions submitted to arbitration. In no case is compliance with formal rules of pleading required.

(e) *Effect of deficient agreement or notice.* If a party fails to object promptly in writing to deficiencies in an initiation agreement or a notice of initiation of arbitration, it waives its right to object.

§ 4221.4 Appointment of the arbitrator.

(a) *Appointment of and acceptance by arbitrator.* The parties shall select the arbitrator within 45 days after the arbitration is initiated, or within such other period as is mutually agreed after the initiation of arbitration, and shall mail to the designated arbitrator a notice of his or her appointment. The notice of appointment shall include a copy of the notice or agreement initiating arbitration, a statement that the arbitration is to be conducted in accordance with this part, and a request for a written acceptance by the arbitrator. The arbitrator's appointment becomes effective upon his or her written acceptance, stating his or her availability to serve and making any disclosures required by paragraph (b) of this section. If the arbitrator does not accept in writing within 15 days after the notice of appointment is mailed or delivered to him or her, he or she is deemed to have declined to act, and the parties shall select a new arbitrator in accordance with paragraph (d) of this section.

(b) *Disclosure by arbitrator and disqualification.* Upon accepting the appointment, the arbitrator shall disclose to the parties any circumstances likely to affect his or her impartiality, including any bias or any financial or personal interest in the result of the arbitration and any past or present relationship with the parties or their counsel. If any party determines that the arbitrator should be disqualified because of the information disclosed, that party shall notify all other parties and the arbitrator no later than 10 days after the arbitrator makes the disclosure required by this paragraph (but in no event later than the commencement of the hearing under § 4221.6). The arbitrator shall then withdraw, and the parties shall select another arbitrator in accordance with paragraph (d) of this section.

(c) *Challenge and withdrawal.* After the arbitrator has been selected, a party may request that he or she withdraw from the proceedings at any point before a final award is rendered on the ground that he or she is unable to render an award impartially. The request for withdrawal shall be served on all other parties and the arbitrator by hand or by certified or registered mail and shall include a statement of the circumstances that, in the requesting party's view, affect the arbitrator's impartiality and a statement that the requesting party has brought these circumstances to the attention of the arbitrator and the other parties at the earliest practicable point in the proceedings. If the arbitrator determines that the circumstances adduced are likely to affect his or her impartiality and have been presented in a timely fashion, he or she shall withdraw from the proceedings and notify the parties of the reasons for his or her withdrawal. The parties shall then select a new arbitrator in accordance with paragraph (d) of this section.

(d) *Filling vacancies.* If the designated arbitrator declines his or her appointment or, after accepting his or her appointment, is disqualified, resigns, dies, withdraws, or is unable to perform his or her duties at any time before a final award is rendered, the parties shall select another arbitrator to fill the vacancy. The selection shall be made, in accordance with the procedure used in the initial selection, within 20 days after the parties receive notice of the vacancy. The matter shall then be reheard by the newly chosen arbitrator, who may, in his or her discretion, rely on all or any portion of the record already established.

(e) *Failure to select arbitrator.* If the parties fail to select an arbitrator within

the time prescribed by this section, either party or both may seek the designation and appointment of an arbitrator in a United States district court pursuant to the provisions of title 9 of the United States Code.

§ 4221.5 Powers and duties of the arbitrator.

(a) *Arbitration hearing.* Except as otherwise provided in this part, the arbitrator shall conduct the arbitration hearing under § 4221.6 in the same manner, and shall possess the same powers, as an arbitrator conducting a proceeding under title 9 of the United States Code.

(1) *Application of the law.* In reaching his or her decision, the arbitrator shall follow applicable law, as embodied in statutes, regulations, court decisions, interpretations of the agencies charged with the enforcement of ERISA, and other pertinent authorities.

(2) *Prehearing discovery.* The arbitrator may allow any party to conduct prehearing discovery by interrogatories, depositions, requests for the production of documents, or other means, upon a showing that the discovery sought is likely to lead to the production of relevant evidence and will not be disproportionately burdensome to the other parties. The arbitrator may impose appropriate sanctions if he or she determines that a party has failed to respond to discovery in good faith or has conducted discovery proceedings in bad faith or for the purpose of harassment. The arbitrator may, at the request of any party or on his or her own motion, require parties to give advance notice of expert or other witnesses that they intend to introduce.

(3) *Admissibility of evidence.* The arbitrator determines the relevance and materiality of the evidence offered during the course of the hearing and is the judge of the admissibility of evidence offered. Conformity to legal rules of evidence is not necessary. To the extent reasonably practicable, all evidence shall be taken in the presence of the arbitrator and the parties. The arbitrator may, however, consider affidavits, transcripts of depositions, and similar documents.

(4) *Production of documents or other evidence.* The arbitrator may subpoena witnesses or documents upon his or her own initiative or upon request by any party after determining that the evidence is likely to be relevant to the dispute.

(b) *Prehearing conference.* If it appears that a prehearing conference will expedite the proceedings, the arbitrator may, at any time before the

commencement of the arbitration hearing under § 4221.6, direct the parties to appear at a conference to consider settlement of the case, clarification of issues and stipulation of facts not in dispute, admission of documents to avoid unnecessary proof, limitations on the number of expert or other witnesses, and any other matters that could expedite the disposition of the proceedings.

(c) *Proceeding without hearing.* The arbitrator may render an award without a hearing if the parties agree and file with the arbitrator such evidence as the arbitrator deems necessary to enable him or her to render an award under § 4221.8.

§ 4221.6 Hearing.

(a) *Time and place of hearing established.* Unless the parties agree to proceed without a hearing as provided in § 4221.5(c), the parties and the arbitrator shall, no later than 15 days after the written acceptance by the arbitrator is mailed to the parties, establish a date and place for the hearing. If agreement is not reached within the 15-day period, the arbitrator shall, within 10 additional days, choose a location and set a hearing date. The date set for the hearing may be no later than 50 days after the mailing date of the arbitrator's written acceptance.

(b) *Notice.* After the time and place for the hearing have been established, the arbitrator shall serve a written notice of the hearing on the parties by hand or by certified or registered mail.

(c) *Appearances.* The parties may appear in person or by counsel or other representatives. Any party that, after being duly notified and without good cause shown, fails to appear in person or by representative at a hearing or conference, or fails to file documents in a timely manner, is deemed to have waived all rights with respect thereto and is subject to whatever orders or determinations the arbitrator may make.

(d) *Record and transcript of hearing.* Upon the request of either party, the arbitrator shall arrange for a record of the arbitration hearing to be made by stenographic means or by tape recording. The cost of making the record and the costs of transcription and copying are costs of the arbitration proceedings payable as provided in § 4221.10(b) except that, if only one party requests that a transcript of the record be made, that party shall pay the cost of the transcript.

(e) *Order of hearing.* The arbitrator shall conduct the hearing in accordance with the following rules:

(1) *Opening.* The arbitrator shall open the hearing and place in the record the

notice of initiation of arbitration or the initiation agreement. The arbitrator may ask for statements clarifying the issues involved.

(2) *Presentation of claim and response.* The arbitrator shall establish the procedure for presentation of claim and response in such a manner as to afford full and equal opportunity to all parties for the presentation of their cases.

(3) *Witnesses.* All witnesses shall testify under oath or affirmation and are subject to cross-examination by opposing parties. If testimony of an expert witness is offered by a party without prior notice to the other party, the arbitrator shall grant the other party a reasonable time to prepare for cross-examination and to produce expert witnesses on its own behalf. The arbitrator may on his or her own initiative call expert witnesses on any issue raised in the arbitration. The cost of any expert called by the arbitrator is a cost of the proceedings payable as provided in § 4221.10(b).

(f) *Continuance of hearing.* The arbitrator may, for good cause shown, grant a continuance for a reasonable period. When granting a continuance, the arbitrator shall set a date for resumption of the hearing.

(g) *Filing of briefs.* Each party may file a written statement of facts and argument supporting the party's position. The parties' briefs are due no later than 30 days after the close of the hearing. Within 15 days thereafter, each party may file a reply brief concerning matters contained in the opposing brief. The arbitrator may establish a briefing schedule and may reduce or extend these time limits. Each party shall deliver copies of all of its briefs to the arbitrator and to all opposing parties.

§ 4221.7 Reopening of proceedings.

(a) *Grounds for reopening.* At any time before a final award is rendered, the proceedings may be reopened, on the motion of the arbitrator or at the request of any party, for the purpose of taking further evidence or rehearing or rearguing any matter, if the arbitrator determines that—

(1) The reopening is likely to result in new information that will have a material effect on the outcome of the arbitration;

(2) Good cause exists for the failure of the party that requested reopening to present such information at the hearing; and

(3) The delay caused by the reopening will not be unfairly injurious to any party.

(b) *Comments on and notice of reopening.* The arbitrator shall allow all

affected parties the opportunity to comment on any motion or request to reopen the proceedings. If he or she determines that the proceedings should be reopened, he or she shall give all parties written notice of the reasons for reopening and of the schedule of the reopened proceedings.

§ 4221.8 Award.

(a) *Form.* The arbitrator shall render a written award that—

(1) States the basis for the award, including such findings of fact and conclusions of law (which need not be explicitly designated as such) as are necessary to resolve the dispute;

(2) Adjusts (or provides a method for adjusting) the amount or schedule of payments to be made after the award to reflect overpayments or underpayments made before the award was rendered or requires the plan sponsor to refund overpayments in accordance with § 4219.31(d); and

(3) Provides for an allocation of costs in accordance with § 4221.10.

(b) *Time of award.* Except as provided in paragraphs (c), (d), and (e) of this section, the arbitrator shall render the award no later than 30 days after the proceedings close. The award is rendered when filed or served on the parties as provided in § 4221.13. The award is final when the period for seeking modification or reconsideration in accordance with § 4221.9(a) has expired or the arbitrator has rendered a revised award in accordance with § 4221.9(c).

(c) *Reopened proceedings.* If the proceedings are reopened in accordance with § 4221.7 after the close of the hearing, the arbitrator shall render the award no later than 30 days after the date on which the reopened proceedings are closed.

(d) *Absence of hearing.* If the parties have chosen to proceed without a hearing, the arbitrator shall render the award no later than 30 days after the date on which final statements and proofs are filed with him or her.

(e) *Agreement for extension of time.* Notwithstanding paragraphs (b), (c), and (d), the parties may agree to an extension of time for the arbitrator's award in light of the particular facts and circumstances of their dispute.

(f) *Close of proceedings.* For purposes of paragraphs (b) and (c) of this section, the proceedings are closed on the date on which the last brief or reply brief is due or, if no briefs are to be filed, on the date on which the hearing or rehearing closes.

(g) *Publication of award.* After a final award has been rendered, the plan sponsor shall make copies available

upon request to the PBGC and to all companies that contribute to the plan. The plan sponsor may impose reasonable charges for copying and postage.

§ 4221.9 Reconsideration of award.

(a) *Motion for reconsideration and objections.* A party may seek modification or reconsideration of the arbitrator's award by filing a written motion with the arbitrator and all opposing parties within 20 days after the award is rendered. Opposing parties may file objections to modification or reconsideration within 10 days after the motion is filed. The filing of a written motion for modification or reconsideration suspends the 30-day period under section 4221(b)(2) of ERISA for requesting court review of the award. The 30-day statutory period again begins to run when the arbitrator denies the motion pursuant to paragraph (c) of this section or renders a revised award.

(b) *Grounds for modification or reconsideration.* The arbitrator may grant a motion for modification or reconsideration of the award only if—

(1) There is a numerical error or a mistake in the description of any person, thing, or property referred to in the award; or

(2) The arbitrator has rendered an award upon a matter not submitted to the arbitrator and the matter affects the merits of the decision; or

(3) The award is imperfect in a matter of form not affecting the merits of the dispute.

(c) *Decision of arbitrator.* The arbitrator shall grant or deny the motion for modification or reconsideration, and may render an opinion to support his or her decision within 20 days after the motion is filed with the arbitrator, or within 30 days after the motion is filed if an objection is also filed.

§ 4221.10 Costs.

The costs of arbitration under this part shall be borne by the parties as follows:

(a) *Witnesses.* Each party to the dispute shall bear the costs of its own witnesses.

(b) *Other costs of arbitration.* Except as provided in § 4221.6(d) with respect to a transcript of the hearing, the parties shall bear the other costs of the arbitration proceedings equally unless the arbitrator determines otherwise. The parties may, however, agree to a different allocation of costs if their agreement is entered into after the employer has received notice of the plan's assessment of withdrawal liability.

(c) *Attorneys' fees.* The arbitrator may require a party that initiates or contests an arbitration in bad faith or engages in dilatory, harassing, or other improper conduct during the course of the arbitration to pay reasonable attorneys' fees of other parties.

§ 4221.11 Waiver of rules.

Any party that fails to object in writing in a timely manner to any deviation from any provision of this part is deemed to have waived the right to interpose that objection thereafter.

§ 4221.12 Calculation of periods of time.

For purposes of calculating any period of time under this part, the period begins to run on the day following the day that a communication is received or an act is completed. If the last day of the period is a Federal, State, or local holiday or a non-business day for one of the parties or the arbitrator, the period runs until the end of the first business day that follows. Holidays or non-business days occurring during the running of the period of time are included in calculating the period.

§ 4221.13 Filing or service of documents.

(a) *By mail.* A document that is to be filed or served under this part is considered filed or served on—

(1) The date of the receipt provided to the sender by the United States Postal Service, if the document was sent by certified or registered mail, postage prepaid, properly packaged, and properly addressed; or

(2) The date of the United States Postal Service postmark stamped on the cover in which the document is mailed, if paragraph (a)(1) is not applicable, a legible postmark was made, and the document was sent postage prepaid, properly packaged, and properly addressed.

(b) *By means other than mail.* A document required to be delivered under this part that is not mailed in accordance with paragraph (a) of this section is considered filed or served on the date on which it is received.

§ 4221.14 PBGC-approved arbitration procedures.

(a) *Use of PBGC-approved arbitration procedures.* In lieu of the procedures prescribed by this part, an arbitration may be conducted in accordance with an alternative arbitration procedure approved by the PBGC in accordance with paragraph (c) of this section. A plan may by plan amendment require the use of a PBGC-approved procedure for all arbitrations of withdrawal liability disputes, or the parties may agree to the use of a PBGC-approved procedure in a particular case.

(b) *Scope of alternative procedures.* If an arbitration is conducted in accordance with a PBGC-approved arbitration procedure, the alternative procedure shall govern all aspects of the arbitration, with the following exceptions:

(1) The time limits for the initiation of arbitration may not differ from those provided for by § 4221.3.

(2) The arbitrator shall be selected after the initiation of the arbitration.

(3) The arbitrator shall give the parties opportunity for prehearing discovery substantially equivalent to that provided by § 4221.5(a)(2).

(4) The award shall be made available to the public to at least the extent provided by § 4221.8(g).

(5) The costs of arbitration shall be allocated in accordance with § 4221.10.

(c) *Procedure for approval of alternative procedures.* The PBGC may approve arbitration procedures on its own initiative by publishing an appropriate notice in the Federal Register. The sponsor of an arbitration procedure may request PBGC approval of its procedures by submitting an application to the PBGC. The application shall be submitted to Reports Processing, Insurance Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005-4026, and shall include:

(1) A copy of the procedures for which approval is sought;

(2) A description of the history, structure and membership of the organization that sponsors the procedures; and

(3) A discussion of the reasons why, in the sponsoring organization's opinion, the procedures satisfy the criteria for approval set forth in this section.

(d) *Criteria for approval of alternative procedures.* The PBGC shall approve an application if it determines that the proposed procedures will be substantially fair to all parties involved in the arbitration of a withdrawal liability dispute and that the sponsoring organization is neutral and able to carry out its role under the procedures. The PBGC may request comments on the application by publishing an appropriate notice in the Federal Register. Notice of the PBGC's decision on the application shall be published in the Federal Register. Unless the notice of approval specifies otherwise, approval will remain effective until revoked by the PBGC through a Federal Register notice.

PART 4231—MERGERS AND TRANSFERS BETWEEN MULTIEMPLOYER PLANS

Sec.

4231.1 Purpose and scope.

4231.2 Definitions.

4231.3 Requirements for mergers and transfers.

4231.4 Preservation of accrued benefits.

4231.5 Valuation requirement.

4231.6 Plan solvency tests.

4231.7 *De minimis* mergers and transfers.

4231.8 Notice of merger or transfer.

4231.9 Request for compliance determination.

4231.10 Actuarial calculations and assumptions.

Authority: 29 U.S.C. 1302(b)(3), 1411.

§ 4231.1 Purpose and scope.

(a) *Purpose.* The purpose of this part is to prescribe notice requirements under section 4231 of ERISA for mergers and transfers of assets or liabilities among multiemployer pension plans. This part also interprets the other requirements of section 4231 and prescribes special rules for *de minimis* mergers and transfers.

(b) *Scope.* This part applies to mergers and transfers among multiemployer plans where all of the plans immediately before and immediately after the transaction are multiemployer plans covered by title IV of ERISA.

§ 4231.2 Definitions.

The following terms are defined in § 4001.2 of this chapter: ERISA, fair market value, IRS, multiemployer plan, PBGC, plan, and plan year.

In addition, for purposes of this part: *Actuarial valuation* means a valuation of assets and liabilities performed by an enrolled actuary using the actuarial assumptions used for purposes of determining the charges and credits to the funding standard account under section 302 of ERISA and section 412 of the Code.

Certified change of collective bargaining representative means a change of collective bargaining representative certified under the Labor-Management Relations Act of 1947, as amended, or the Railway Labor Act, as amended.

Fair market value of assets has the same meaning as the term has for minimum funding purposes under section 302 of ERISA and section 412 of the Code.

Merger means the combining of two or more plans into a single plan. For example, a consolidation of two plans into a new plan is a merger.

Significant transfer means the transfer of assets that equal or exceed 15% of the assets of the transferor plan before the transfer or the transfer of unfunded

accrued benefits that equal or exceed 15% of the assets of the transferee plan (including a plan that did not exist prior to the transfer) before the transfer.

Transfer and transfer of assets or liabilities mean a diminution of assets or liabilities with respect to one plan and the acquisition of these assets or the assumption of these liabilities by another plan or plans (including a plan that did not exist prior to the transfer). However, the shifting of assets or liabilities pursuant to a written reciprocity agreement between two multiemployer plans in which one plan assumes liabilities of another plan is not a transfer of assets or liabilities. In addition, the shifting of assets between several funding media used for a single plan (such as between trusts, between annuity contracts, or between trusts and annuity contracts) is not a transfer of assets or liabilities.

§ 4231.3 Requirements for mergers and transfers.

(a) *General requirements.* A plan sponsor may not cause a multiemployer plan to merge with one or more multiemployer plans or transfer assets or liabilities to or from another multiemployer plan unless the merger or transfer satisfies all of the following requirements:

(1) No participant's or beneficiary's accrued benefit may be lower immediately after the effective date of the merger or transfer than the benefit immediately before the merger or transfer.

(2) Actuarial valuations of the plans involved in the merger or transfer shall have been performed in accordance with § 4231.5.

(3) For each plan involved in the transaction, an enrolled actuary shall—

(i) Determine that the plan meets the applicable plan solvency requirement set forth in § 4231.6; or

(ii) Otherwise demonstrate that benefits under the plan are not reasonably expected to be subject to suspension under section 4245 of ERISA.

(4) The plan sponsor shall notify the PBGC of the merger or transfer in accordance with § 4231.8.

(b) *Compliance determination.* If a plan sponsor requests a determination that a merger or transfer that may otherwise be prohibited by section 406(a) or (b)(2) of ERISA satisfies the requirements of section 4231 of ERISA, the plan sponsor shall submit the information described in § 4231.9 in addition to the information required by § 4231.8. PBGC may request additional information if necessary to determine whether a merger or transfer complies

with the requirements of section 4231 and this part. Plan sponsors are not required to request a compliance determination. Under section 4231(c) of ERISA, if the PBGC determines that the merger or transfer complies with section 4231 of ERISA and this part, the merger or transfer will not constitute a violation of the prohibited transaction provisions of section 406(a) and (b)(2) of ERISA.

(c) *Certified change in bargaining representative.* Transfers of assets and liabilities pursuant to a certified change in bargaining representative are governed by section 4235 of ERISA. Plan sponsors involved in such transfers are not required to comply with this part. However, under section 4235(f)(1) of ERISA, the plan sponsors of the plans involved in the transfer may agree to a transfer that complies with sections 4231 and 4234 of ERISA. Plan sponsors that elect to comply with sections 4231 and 4234 must comply with the rules in this part.

(Approved by the Office of Management and Budget under control number 1212-0022)

§ 4231.4 Preservation of accrued benefits.

Section 4231(b)(2) of ERISA and § 4231.3(a)(1) require that no participant's or beneficiary's accrued benefit may be lower immediately after the effective date of the merger or transfer than the benefit immediately before the merger or transfer. A plan that assumes an obligation to pay benefits for a group of participants satisfies this requirement only if the plan contains a provision preserving all accrued benefits. The determination of what is an accrued benefit shall be made in accordance with section 411 of the Code and the regulations thereunder.

§ 4231.5 Valuation requirement.

(a) *Mergers and non-significant transfers.* A merger or a transfer that is not significant ("non-significant transfer") satisfies section 4231(b)(4) of ERISA and § 4231.3(a)(2) (requiring an actuarial valuation) if an actuarial valuation has been performed for each plan involved in the merger or transfer, based on the assets and liabilities of the plan as of a date not more than three years before the date on which the notice of the merger or transfer is filed.

(b) *Significant transfers.* A significant transfer satisfies section 4231(b)(4) of ERISA and § 4231.3(a)(2) if an actuarial valuation has been performed for each plan involved in the transfer, based on the assets and liabilities of the plan as of a date not earlier than the first day of the last plan year ending before the proposed effective date of the transfer. The valuation shall separately identify assets, contributions and liabilities

being transferred, and shall be based on the actuarial assumptions and methods that are expected to be used for the first plan year beginning after the transfer.

§ 4231.6 Plan solvency tests.

(a) *Significant transfers.* A significant transfer satisfies the plan solvency requirement of section 4231(b)(3) of ERISA and § 4231.3(a)(3)(i) if all of the following requirements are met by each plan involved in the transfer:

(1) Expected contributions shall equal or exceed the estimated amount necessary to satisfy the minimum funding requirement of section 412(a) of the Code (including reorganization funding, if applicable) for the five plan years beginning on or after the proposed effective date of the transfer.

(2) The fair market value of plan assets immediately after the transfer shall equal or exceed the total amount of expected benefit payments during the first five plan years beginning on or after the proposed effective date of the transfer.

(3) Expected contributions for the first plan year beginning on or after the proposed effective date of the transfer shall equal or exceed expected benefit payments for that plan year.

(4) Contributions for the amortization period shall equal or exceed unfunded accrued benefits plus expected normal costs.

(i) Notwithstanding paragraph (c)(4) of this section, "unfunded accrued benefits" means the excess of the present value of accrued benefits over the fair market value of the assets, determined on the basis of the actuarial valuation required under § 4231.5(b).

(ii) "Amortization period" means either 25 plan years or the amortization period for the resulting base when the combined charge base and the combined credit base are offset under section 412(b)(4) of the Code. The actuary may select either period.

(b) *Mergers and non-significant transfers.* A merger or non-significant transfer satisfies the plan solvency requirement of section 4231(b)(3) of ERISA and § 4231.3(a)(3)(i) if, for the merged plan or for each plan that continues after the transfer—

(1) The fair market value of plan assets immediately after the merger or transfer equals or exceeds five times the benefit payments in the last plan year ending before the proposed effective date of the merger or transfer; or

(2) In each of the first five plan years beginning after the proposed effective date of the merger or transfer, expected plan assets plus expected contributions and investment earnings equal or

exceed expected expenses and benefit payments for the plan year.

(c) *Rules for determinations.* In determining whether a transaction satisfies the plan solvency requirements set forth in this section, the following rules apply:

(1) Expected contributions after a merger or transfer shall be determined by assuming that contributions will equal contributions received in or accrued for the last full plan year ending before the date on which the notice of merger or transfer is filed with the PBGC. Contributions shall be adjusted, however, to reflect any change in the rate of employer contributions that has been negotiated (whether or not in effect), or a trend of changing contribution base units over the preceding five plan years or other period of time that can be demonstrated to be more appropriate.

(2) Expected normal costs shall be determined under the funding method and assumptions used by the plan actuary for purposes of determining the minimum funding requirement under section 412 of the Code (which requires that such assumptions be reasonable in the aggregate). If the plan is using an aggregate funding method, normal costs shall be determined under the entry age normal method.

(3) Expected benefit payments shall be determined by assuming that current benefits remain in effect and that all scheduled increases in benefits occur.

(4) The fair market value of plan assets immediately after the merger or transfer shall be based on the most recent data available to the plan sponsor immediately before the date on which the notice is filed.

(5) Expected investment earnings shall be determined using the same interest assumption used for determining the minimum funding requirement under section 412 of the Code.

(6) Expected expenses shall be determined using expenses in the last plan year ending before the notice is filed, adjusted to reflect any anticipated changes.

(7) Expected plan assets for a plan year shall be determined by adjusting the most current data on fair market value of plan assets to reflect expected contributions, investment earnings, benefit payments and expenses for each plan year between the date of the most current data and the beginning of the plan year for which expected assets are being determined.

§ 4231.7 De minimis mergers and transfers.

(a) *Special plan solvency rule.* In order to determine whether a *de minimis* merger or transfer satisfies the plan solvency requirement in § 4231.6(b), the plan assets, expected contributions and expected benefits may be determined without regard to any *de minimis* mergers or transfers that have occurred since the last valuation performed to establish charges and credits to the minimum funding standard account under section 412(b) of the Code.

(b) *De minimis merger defined.* A merger is *de minimis* if the present value of accrued benefits (whether or not vested) of one plan is less than 3 percent of the fair market value of the other plan's assets.

(c) *De minimis transfer defined.* A transfer of assets or liabilities is *de minimis* if—

(1) The fair market value of the assets transferred, if any, is less than 3 percent of the fair market value of all the assets of the transferor plan; and

(2) The present value of the accrued benefits transferred (whether or not vested) is less than 3 percent of the fair market value of all the assets of the transferee plan.

(d) *Value of assets and benefits.* For purposes of paragraphs (b) and (c) of this section, the value of plan assets and accrued benefits may be determined as of any date prior to the proposed effective date of the merger or transfer, but not earlier than the date of the most recent valuation performed for purposes of section 412(b) of the Code.

(e) *Aggregation required.* In determining whether a merger or transfer is *de minimis*, the assets and accrued benefits transferred in previous *de minimis* mergers and transfers within the same plan year shall be aggregated as described in paragraphs (e)(1) and (e)(2) of this section. For the purposes of those paragraphs, the value of plan assets may be determined as of the date during the plan year on which the total value of the plan's assets is the highest.

(1) A merger is not *de minimis* if the total present value of accrued benefits merged into a plan, when aggregated with all prior *de minimis* mergers and transfers to that plan effective within the same plan year, equals or exceeds 3 percent of the value of the plan's assets.

(2) A transfer is not *de minimis* if, when aggregated with all previous mergers and transfers effective within the same plan year—

(i) The value of all assets transferred from the plan equals or exceeds 3 percent of the value of the plan's assets; or

(ii) The present value of all accrued benefits transferred to the plan equals or exceeds 3 percent of the plan's assets.

§ 4231.8 Notice of merger or transfer.

(a) *When to file.* Except as provided in paragraph (f) of this section, a notice of a proposed merger or transfer shall be filed not less than 120 days before the effective date of the transaction. For purposes of this part, the effective date of a merger or transfer is the earlier of—

(1) The date on which one plan assumes liability for benefits accrued under another plan involved in the transaction; or

(2) The date on which one plan transfers assets to another plan involved in the transaction.

(b) *Who shall file.* The plan sponsors of all plans involved in a merger or transfer, or the duly authorized representative(s) acting on behalf of the plan sponsors, shall jointly file the notice required by this section.

(c) *Where to file.* The notice shall be delivered by mail or submitted by hand to Reports Processing, Insurance Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026.

(d) *Filing date.* For purposes of paragraph (a) of this section, the notice is not considered filed until all of the information required by paragraph (e) of this section has been submitted. Except as provided in the next sentence, the notice is considered filed on the date it is received by the PBGC, unless it is received after regular business hours, in which event it is considered filed on the next regular business day. The notice is considered filed on the date of the postmark stamped on the cover in which the notice is mailed if—

(1) The postmark was made by the United States Postal Service; and

(2) The notice was mailed postage prepaid, properly packaged and addressed to the PBGC.

(e) *Information required.* Each notice shall contain the following information:

(1) For each plan involved in the merger or transfer—

(i) The name of the plan;

(ii) The name, address and telephone number of the plan sponsor and of the plan sponsor's duly authorized representative, if any; and

(iii) The nine-digit employer Identification Number (EIN) assigned by the IRS to the plan sponsor and the three-digit Plan Identification Number (PIN) assigned by the plan sponsor to the plan, and, if different, the EIN or PIN last filed with the PBGC. If no EIN or PIN has been assigned, the notice shall so indicate.

(2) The kind of transaction being reported (merger, significant transfer or non-significant transfer).

(3) The proposed effective date of the merger or transfer.

(4) A copy of the plan provision stating that no participant's or beneficiary's accrued benefit will be lower immediately after the merger or transfer than the benefit immediately before the transaction.

(5) One of the following statements, certified by an enrolled actuary:

(i) A statement that the merger or transfer is *de minimis* as defined in § 4231.7. A notice of a *de minimis* merger or transfer is not required to include the information described in paragraph (e)(6) or (e)(7) of this section.

(ii) A statement that the merger or transfer satisfies the applicable plan solvency test set forth in § 4231.6, indicating which is the applicable test.

(iii) A statement of the basis on which the actuary has determined that benefits under the plan are not reasonably expected to be subject to suspension under section 4245 of ERISA, including the supporting data or calculations, assumptions and methods.

(6) For mergers or transfers (other than *de minimis* mergers or transfers), a copy of the most recent actuarial valuation report that satisfies the requirements of § 4231.5.

(7) For a significant transfer, the following information used in making the plan solvency determination under § 4231.6(a):

(i) The present value of the accrued benefits and fair market value of plan assets under the valuation required by § 4231.5(b), allocable to each plan after the transfer.

(ii) The fair market value of assets in each plan after the transfer (determined in accordance with § 4231.6(c)(4)).

(iii) The expected benefit payments for each plan in the first plan year beginning on or after the proposed effective date of the transfer (determined in accordance with § 4231.6(c)(3)).

(iv) The contribution rates in effect for each plan for the first plan year beginning on or after the proposed effective date of the transfer.

(v) The expected contributions for each plan in the first plan year beginning on or after the proposed effective date of the transfer (determined in accordance with § 4231.6(c)(1)).

(f) *Waiver of notice.* PBGC may waive the notice requirements of this section and section 4231(b)(1) of ERISA if the plan sponsor demonstrates to the satisfaction of the PBGC that failure to complete the merger or transfer in less than 120 days after filing the notice will cause harm to participants or

beneficiaries of the plans involved in the transaction.

(Approved by the Office of Management and Budget under control number 1212-0022)

§ 4231.9 Request for compliance determination.

(a) *General.* A request for a determination that a merger or transfer complies with the requirements of section 4231 of ERISA may be filed by the plan sponsor or sponsors of one or more plans involved in a merger or transfer. The request shall contain the information described in paragraph (b) or (c) of this section, as applicable.

(1) *The place of filing.* The request shall be delivered to the address set forth in § 4231.8(c).

(2) *Single request permitted for all de minimis transactions.* Because the plan solvency test for *de minimis* mergers and transfers is based on the most recent valuation (without adjustment for intervening *de minimis* transactions), a plan sponsor may submit a single request for a compliance determination covering all *de minimis* mergers or transfers that occur between one plan valuation and the next. However, the plan sponsor must still notify PBGC of each *de minimis* merger or transfer separately, in accordance with § 4231.8. The single request for a compliance determination may be filed concurrently with any one of the notices of a *de minimis* merger or transfer.

(b) *Contents of request: merger or transfer that is not de minimis.* A request for a compliance determination concerning a merger or transfer that is not *de minimis* shall contain—

(1) A copy of the merger or transfer agreement;

(2) A summary of the required calculations, including a complete description of assumptions and methods, on which the enrolled actuary based the certification that the merger or transfer satisfied a plan solvency test described in § 4231.6; and

(3) For a significant transfer, copies of all actuarial valuations performed within the 5 years preceding the proposed effective date of the transfer.

(c) *Contents of request: De minimis merger or transfer.* A request for a compliance determination concerning a *de minimis* merger or transfer shall contain one of the following statements, certified by an enrolled actuary:

(1) A statement that the merger or transfer satisfies one of the plan solvency tests set forth in § 4231.6(b), indicating which test is satisfied.

(2) A statement of the basis on which the actuary has determined that benefits under the plan are not reasonably expected to be subject to suspension

under section 4245 of ERISA, including supporting data or calculations, assumptions and methods.

(Approved by the Office of Management and Budget under control number 1212-0022)

§ 4231.10 Actuarial calculations and assumptions.

(a) *Most recent valuation.* All calculations required by this part shall be based on the most recent actuarial valuation as of the date of filing the notice, updated to show any material changes.

(b) *Assumptions.* All calculations required by this part shall be based on methods and assumptions that are reasonable in the aggregate, based on generally accepted actuarial principles.

(c) *Updated calculations.* If the actual date of the merger or transfer is more than one year after the date the notice is filed with the PBGC, PBGC may require the plans involved to provide updated calculations and representations based on the actual effective date of the transaction.

In addition, for purposes of this part:

Actuarial valuation means a report submitted to the plan in connection with a valuation of plan assets and liabilities, which, in the case of a plan covered by subparts C and D of part 4281, shall be performed in accordance with subpart B of part 4281.

Available resources means, for a plan year, available resources as described in section 4245(b)(3) of ERISA.

Insolvency benefit level means the greater of the resource benefit level or the benefit level guaranteed by the PBGC for each participant and beneficiary in pay status.

Insolvency year means insolvency year as described in section 4245(b)(4) of ERISA.

Insolvent means that a plan is unable to pay benefits when due during the plan year. A plan terminated by mass withdrawal is not insolvent unless it has been amended to eliminate all benefits that are subject to reduction under section 4281(c) of ERISA, or, in the absence of an amendment, no benefits under the plan are subject to reduction under section 4281(c) of ERISA.

Reasonably expected to enter pay status means, with respect to plan participants and beneficiaries, persons (other than those in pay status) who, according to plan records, are disabled, have applied for benefits, or have reached or will reach during the applicable period the normal retirement age under the plan, and any others whom it is reasonable for the plan sponsor to expect to enter pay status during the applicable period.

Reorganization means reorganization under section 4241(a) of ERISA.

Resource benefit level means resource benefit level as described in section 4245(b)(2) of ERISA.

§ 4245.3 Notice of insolvency.

(a) *Requirement of notice.* A plan sponsor of a multiemployer plan in reorganization that determines under section 4245 (b)(1), (d)(1) or (d)(2) of ERISA that the plan's available resources are or may be insufficient to pay benefits when due for a plan year shall so notify the PBGC and the interested parties, as defined in paragraph (d) of this section. A single notice may cover more than one plan year. The notices shall be delivered in the manner and within the time prescribed in this section and shall contain the information described in § 4245.4.

(b) *When delivered.* A plan sponsor shall mail or otherwise deliver the

notices of insolvency no later than 30 days after it determines that the plan is or may become insolvent, as described in paragraph (a) of this section.

However, the notice to participants and beneficiaries in pay status may be delivered concurrently with the first benefit payment made more than 30 days after the determination of insolvency.

(c) *Methods of delivery.* The notice of insolvency shall be delivered by mail or by hand to the PBGC and the interested parties described in paragraph (d) of this section, other than participants and beneficiaries who are not in pay status when the notice is required to be delivered. The notice to participants and beneficiaries who are not in pay status shall be provided in any manner reasonably calculated to reach those participants and beneficiaries. Reasonable methods of notification include, but are not limited to, posting the notice at participants' worksites or publishing the notice in a union newsletter or in a newspaper of general circulation in the area or areas where participants reside. Notice to a participant shall be deemed notice to that participant's beneficiary or beneficiaries.

(d) *Interested parties.* For purposes of this part, the term "interested parties" means—

- (1) Employers required to contribute to the plan;
- (2) Employee organizations that, for collective bargaining purposes, represent plan participants employed by such employers; and
- (3) Plan participants and beneficiaries.

§ 4245.4 Contents of notice of insolvency.

(a) *Notice to the PBGC.* A notice of insolvency required to be filed with the PBGC pursuant to § 4245.3 shall contain the information set forth below:

- (1) The name of the plan.
- (2) The name, address and telephone number of the plan sponsor and of the plan sponsor's duly authorized representative, if any.
- (3) The nine-digit Employer Identification Number (EIN) assigned by the IRS to the plan sponsor and the three-digit Plan Identification Number (PIN) assigned by the plan sponsor to the plan, and, if different, the EIN or PIN last filed with the PBGC. If no EIN or PIN has been assigned, the notice shall so indicate.
- (4) The IRS key district that has jurisdiction over determination letters with respect to the plan.
- (5) The case number assigned to the plan by the PBGC. If the plan has no case number, the notice shall state

whether the plan has previously filed a notice of insolvency with the PBGC and, if so, the date on which the notice was filed.

(6) The plan year or years for which the plan sponsor has determined that the plan is or may become insolvent.

(7) A copy of the plan document, including the last restatement of the plan and all subsequent amendments in effect, or to become effective, during the insolvency year or years. However, if a copy of the plan document was submitted to the PBGC with a previous notice of insolvency or notice of insolvency benefit level, only subsequent plan amendments need be submitted, and the notice shall state when the copy of the plan document was filed.

(8) A copy of the most recent actuarial valuation for the plan and a copy of the most recent Schedule B (Form 5500) filed for the plan, if the Schedule B contains more recent information than the actuarial valuation. If the actuarial valuation or Schedule B was previously submitted to the PBGC, it may be omitted, and the notice shall state the date on which the document was filed and that the information is still accurate and complete.

(9) The estimated amount of annual benefit payments under the plan (determined without regard to the insolvency) for each insolvency year.

(10) The estimated amount of the plan's available resources for each insolvency year.

(11) A certification, signed by the plan sponsor (or a duly authorized representative), that notices of insolvency have been given to all interested parties in accordance with the requirements of this part.

(b) *Notices to interested parties.* A notice of insolvency required under § 4245.3 to be given to an interested party, as defined in § 4245.3(d), shall contain the information set forth below:

- (1) The name of the plan.
- (2) The plan year or years for which the plan sponsor has determined that the plan is or may become insolvent.
- (3) The estimated amount of annual benefit payment under the plan (determined without regard to the insolvency) for each insolvency year.
- (4) The estimated amount of the plan's available resources for each insolvency year.
- (5) A statement that, during the insolvency year, benefits above the amount that can be paid from available resources or the level guaranteed by the PBGC, whichever is greater, will be suspended, with a brief explanation of which benefits are guaranteed by the PBGC. The following statement may be

included as an explanation of PBGC-guaranteed benefits:

Should the plan become insolvent, each participant's benefit guaranteed by the Pension Benefit Guaranty Corporation (PBGC) is determined as follows. Each participant's nonforfeitable monthly benefit payable under the plan at retirement is computed. This benefit is then divided by the participant's years of credited service under the plan. Of the resulting figure (the accrual rate), the first \$5 is guaranteed at 100%. Any additional amount (up to \$15) is either 75% or 65% guaranteed, depending on the past funding practices of the plan. Any remaining amount that exceeds \$20 is not guaranteed. The PBGC guarantees the payment of a monthly benefit equal to this adjusted accrual rate times years of credited service. The PBGC does not guarantee benefits or benefit increases that have been in effect for fewer than 60 months before the plan becomes insolvent or is amended to reduce accrued benefits.

(6) The name, address, and telephone number of the plan administrator or other person designated by the plan sponsor to answer inquiries concerning benefits during the plan's insolvency.

§ 4245.5 Notice of insolvency benefit level.

(a) *Requirement of notice.* Except as provided in paragraph (b) of this section, for each insolvency year the plan sponsor shall notify the PBGC and the interested parties, as defined in § 4245.3(d), of the level of benefits expected to be paid during the year (the "insolvency benefit level"). These notices shall be delivered in the manner and within the time prescribed in this section and shall contain the information described in § 4245.6.

(b) *Waiver of notice to certain interested parties.* The notice of insolvency benefit level required under this section need not be given to interested parties, other than participants and beneficiaries who are in pay status or are reasonably expected to enter pay status during the insolvency year, for an insolvency year immediately following the plan year in which a notice of insolvency was required to be delivered pursuant to § 4245.3, provided that the notice of insolvency was in fact delivered.

(c) *When delivered.* The plan sponsor shall mail or otherwise deliver the required notices of insolvency benefit level no later than 60 days before the beginning of the insolvency year, except that if the determination of insolvency is made fewer than 120 days before the beginning of the insolvency year, the notices shall be delivered within 60

days after the date of the plan sponsor's determination.

(d) *Methods of delivery.* The notice of insolvency benefit level shall be delivered by mail or by hand to the PBGC and to the interested parties described in § 4245.3(d), other than participants and beneficiaries who are neither in pay status nor reasonably expected to enter pay status during the insolvency year for which the notice is given. The notice to participants and beneficiaries not in pay status, nor reasonably expected to enter pay status during the insolvency year, shall be provided in any manner reasonably calculated to reach those participants and beneficiaries. Reasonable methods of notification include, but are not limited to, posting the notice at participants' worksites or publishing the notice in a union newsletter or in a newspaper of general circulation in the area or areas where participants reside. Notice to a participant shall be deemed notice to that participant's beneficiary or beneficiaries.

§ 4245.6 Contents of notice of insolvency benefit level.

(a) *Notice to the PBGC.* A notice of insolvency benefit level required to be filed with the PBGC pursuant to § 4245.5(a) shall contain the information set forth below, except as provided in the next sentence. The information required in paragraphs (a)(7) to (a)(10) need be submitted only if it is different from the information submitted to the PBGC with the notice of insolvency filed for that insolvency year (see § 4245.4 (a)(7) to (a)(10)) or the notice of insolvency benefit level filed for a prior year. When any information is omitted under this exception, the notice shall so state and indicate when the notice of insolvency or prior notice of insolvency benefit level was filed.

(b) *Notices to interested parties other than participants in or entering pay status.* A notice of insolvency benefit level required by § 4245.5(a) to be delivered to interested parties, as defined in § 4245.3(d), other than a notice to a participant or beneficiary who is in pay status or is reasonably expected to enter pay status during the insolvency year, shall include the information set forth below:

(1) The name of the plan.

(2) The plan year for which the notice is issued.

(3) The estimated amount of annual benefit payments under the plan (determined without regard to the insolvency) for the insolvency year.

(4) The estimated amount of the plan's available resources for the insolvency year.

(5) The amount of financial assistance, if any, requested from the PBGC.

(c) *Notices to participants and beneficiaries in or entering pay status.* A notice of insolvency benefit level required by § 4245.5(a) to be delivered to participants and beneficiaries who are in pay status or are reasonably expected to enter pay status during the insolvency year for which the notice is given, shall include the following information:

(1) The name of the plan.

(2) The plan year for which the notice is issued.

(3) A statement of the monthly benefit expected to be paid to the participant or beneficiary during the insolvency year.

(4) A statement that in subsequent plan years, depending on the plan's available resources, this benefit level may be increased or decreased but will not fall below the level guaranteed by the PBGC, and that the participant or beneficiary will be notified in advance of the new benefit level if it is less than his full nonforfeitable benefit under the plan.

(5) The name, address, and telephone number of the plan administrator or other person designated by the plan sponsor to answer inquiries concerning benefits during the plan's insolvency.

§ 4245.7 PBGC address.

Subpart A—General Provisions

§ 4281.1 Purpose and scope.

(a) *General.*

(1) *Purpose.* When a multiemployer plan terminates by mass withdrawal under section 4041A(a)(2) of ERISA, the plan's assets and benefits must be valued annually under section 4281(b) of ERISA, and plan benefits may have to be reduced or suspended to the extent provided in section 4281 (c) or (d). This part implements the provisions of section 4281 and provides rules for applying for financial assistance from the PBGC under section 4261 of ERISA. The plan valuation rules in this part also apply to the determination of reallocation liability under section 4219(c)(1)(D) of ERISA and subpart B of part 4219 of this chapter for multiemployer plans that undergo mass withdrawal (with or without termination).

(2) *Scope.* This part applies to multiemployer plans covered by Title IV of ERISA that have terminated by mass withdrawal under section 4041A(a)(2) of ERISA (including plans created by partition pursuant to section 4233 of ERISA). Subpart B of this part also applies to covered multiemployer plans that have undergone mass withdrawal without terminating.

(b) *Subpart B.* Subpart B establishes rules for determining the value of multiemployer plan benefits and assets, including outstanding claims for withdrawal liability, for plans required to perform annual valuations under section 4281(b) of ERISA or allocate unfunded vested benefits under section 4219(c)(1)(D) of ERISA.

(c) *Subpart C.* Subpart C sets forth procedures under which the plan sponsor of a terminated plan shall amend the plan to reduce benefits subject to reduction in accordance with section 4281(c) of ERISA and § 4041A.24(b) of this chapter. Subpart C applies to a plan for which the annual valuation required by § 4041A.24(a) indicates that the value of nonforfeitable benefits under the plan exceeds the value of the plan's assets (including claims for withdrawal liability) if, at the end of the plan year for which that valuation was done, the plan provided

any benefits subject to reduction. Benefit reductions required to be made under subpart C shall not apply to accrued benefits under plans or plan amendments adopted on or before March 26, 1980, or under collective bargaining agreements entered into on or before March 26, 1980.

(d) *Subpart D.* Subpart D sets forth the procedures under which the plan sponsor of an insolvent plan must suspend benefit payments and issue insolvency notices in accordance with section 4281(d) of ERISA and § 4041A.25 (c) and (d) of this chapter. Subpart D applies to a plan that has been amended under section 4281(c) of ERISA and subpart C of this part to eliminate all benefits subject to reduction and to a plan that provided no benefits subject to reduction as of the date on which the plan terminated.

§ 4281.2 Definitions.

The following terms are defined in section 4001.2 of this chapter: annuity, employer, ERISA, fair market value, IRS, insurer, irrevocable commitment, mass withdrawal, multiemployer plan, nonforfeitable benefit, normal retirement age, PBGC, person, plan, plan administrator, and plan year.

In addition, for purposes of this part:

Available resources means, for a plan year, available resources as described in section 4245(b)(3) of ERISA.

Benefits subject to reduction means those benefits accrued under plan amendments (or plans) adopted after March 26, 1980, or under collective bargaining agreements entered into after March 26, 1980, that are not eligible for the PBGC's guarantee under section 4022A(b) of ERISA.

Financial assistance means financial assistance from the PBGC under section 4261 of ERISA.

Insolvency benefit level means the greater of the resource benefit level or the benefit level guaranteed by the PBGC for each participant and beneficiary in pay status.

Insolvency year means insolvency year as described in section 4245(b)(4) of ERISA.

Insolvent means that a plan is unable to pay benefits when due during the plan year. A plan terminated by mass withdrawal is not insolvent unless it has been amended to eliminate all benefits that are subject to reduction under section 4281(c), or, in the absence of an amendment, no benefits under the plan are subject to reduction under section 4281(c) of ERISA.

Pro rata means that the required benefit reduction or payment shall be allocated among affected participants in the same proportion that each such

participant's nonforfeitable benefits under the plan bear to all nonforfeitable benefits of those participants under the plan.

Reasonably expected to enter pay status means, with respect to plan participants and beneficiaries, persons (other than those in pay status) who, according to plan records, are disabled, have applied for benefits, or have reached or will reach during the applicable period the normal retirement age under the plan, and any others whom it is reasonable for the plan sponsor to expect to enter pay status during the applicable period.

Resource benefit level means resource benefit level as described in section 4245(b)(2) of ERISA.

Valuation date means the last day of the plan year in which the plan terminates and the last day of each plan year thereafter.

§ 4281.3 Submission of documents.

(a) *Filing date.* Any notice, document or information required to be filed with the PBGC under this part shall be considered filed on the date of the United States postmark stamped on the cover in which the document or information is mailed, provided that the postmark was made by the United States Postal Service and the document was mailed postage prepaid, properly packaged and addressed to the PBGC. If these conditions are not met, the document shall be considered filed on the date on which it was received by the PBGC.

(b) *Address.* All notices, documents and information required to be filed with the PBGC under this part shall be addressed to Reports Processing, Insurance Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026.

§ 4281.4 Collection of information.

The collection of information requirements contained in this part have been approved by the Office of Management and Budget under control number 1212-0032.

Subpart B—Valuation of Plan Benefits and Plan Assets

§ 4281.11 Valuation dates.

(a) *Annual valuations of mass-withdrawal-terminated plans.* The valuation dates for the annual valuation required under section 4281(b) of ERISA shall be the last day of the plan year in which the plan terminates and the last day of each plan year thereafter.

(b) *Valuations related to mass withdrawal reallocation liability.* The

valuation date for determining the value of unfunded vested benefits (for purposes of allocation) under section 4219(c)(1)(D) of ERISA shall be—

(1) If the plan terminates by mass withdrawal, the last day of the plan year in which the plan terminates; or

(2) If substantially all the employers withdraw from the plan pursuant to an agreement or arrangement to withdraw from the plan, the last day of the plan year as of which substantially all employers have withdrawn from the plan pursuant to the agreement or arrangement.

§ 4281.12 Benefits to be valued.

(a) *Form of benefit.* The plan sponsor shall determine the form of each benefit to be valued, without regard to the form of benefit valued in any prior year, in accordance with the following rules:

(1) If a benefit is in pay status as of the valuation date, the plan sponsor shall value the form of benefit being paid.

(2) If a benefit is not in pay status as of the valuation date but a valid election with respect to the form of benefit has been made on or before the valuation date, the plan sponsor shall value the form of benefit so elected.

(3) If a benefit is not in pay status as of the valuation date and no valid election with respect to the form of benefit has been made on or before the valuation date, the plan sponsor shall value the form of benefit that, under the terms of the plan or applicable law, is payable in the absence of a valid election.

(b) *Timing of benefit.* The plan sponsor shall value benefits whose starting date is subject to election—

(1) By assuming that the starting date of each benefit is the earliest date, not preceding the valuation date, that could be elected; or

(2) By using any other assumption that the plan sponsor demonstrates to the satisfaction of the PBGC is more reasonable under the circumstances.

§ 4281.13 Benefit valuation methods—in general.

(a) *General rule.* Except as otherwise provided in paragraph (b) of this section (regarding the valuation of benefits payable as lump sums under trustee plans) and § 4281.16 (regarding plans that are closing out), the plan sponsor shall value benefits as of the valuation date by—

(1) Using the interest assumptions described in Table I of appendix B to part 4044 of this chapter;

(2) Using the mortality assumptions described in § 4281.14;

(3) Using interpolation methods, where necessary, at least as accurate as linear interpolation;

(4) Applying valuation formulas that accord with generally accepted actuarial principles and practices; and

(5) Adjusting the values to reflect the loading for expenses in accordance with appendix C to part 4044 of this chapter (substituting the term “benefits” for the term “benefit liabilities (as defined in 29 U.S.C. § 1301(a)(16))”).

(b) *Benefits payable as lump sums under trustee plans.* If the PBGC is trustee of a multiemployer plan, for determining whether the value of a benefit is \$3,500 or less under § 4022.7(b)(1) and for calculating the amount of a lump sum benefit, the PBGC shall value benefits to be paid as lump sums in the same manner as benefits to be paid as annuities except that the interest assumptions prescribed by Table II of appendix B to part 4044 of this chapter and the mortality assumptions prescribed by § 4281.15 shall apply, and there shall be no adjustment to reflect the loading for expenses.

§ 4281.14 Mortality assumptions—in general.

(a) *General rule.* Except as otherwise provided in § 4281.15 (regarding the valuation of benefits payable as lump sums under trustee plans), and subject to paragraph (b) of this section (regarding certain death benefits), the plan administrator shall use the mortality factors prescribed in paragraphs (c), (d), and (e) of this section to value benefits under § 4281.13.

(b) *Certain death benefits.* If an annuity for one person is in pay status on the valuation date, and if the payment of a death benefit after the valuation date to another person, who need not be identifiable on the valuation date, depends in whole or in part on the death of the pay status annuitant, then the plan administrator shall value the death benefit using—

(1) the mortality rates that are applicable to the annuity in pay status under this section to represent the mortality of the pay status annuitant; and

(2) the mortality rates applicable to annuities not in pay status and to deferred benefits other than annuities, under paragraph (c) of this section, to represent the mortality of the death beneficiary.

(c) *Mortality rates for healthy lives.* The mortality rates applicable to annuities in pay status on the valuation date that are not being received as disability benefits, to annuities not in

pay status on the valuation date, and to deferred benefits other than annuities, are,—

(1) For male participants, the rates in Table 1 of appendix A to part 4044 of this chapter, and

(2) For female participants, the rates in Table 1 of appendix A to part 4044 of this chapter, set back 6 years.

(d) *Mortality rates for disabled lives (other than Social Security disability)*. The mortality rates applicable to annuities in pay status on the valuation date that are being received as disability benefits and for which neither eligibility for, nor receipt of, Social Security disability benefits is a prerequisite, are,—

(1) For male participants, the rates in Table 1 of appendix A to part 4044 of this chapter, set forward 3 years, and

(2) For female participants, the rates in Table 1 of appendix A to part 4044 of this chapter, set back 3 years.

(e) *Mortality rates for disabled lives (Social Security disability)*. The mortality rates applicable to annuities in pay status on the valuation date that are being received as disability benefits and for which either eligibility for, or receipt of, Social Security disability benefits is a prerequisite, are the rates in Tables 2-M and 2-F of appendix A to part 4044 of this chapter.

§ 4281.15 Mortality assumptions—lump sums under trustee plans.

(a) *General rule*. If the PBGC is trustee of a multiemployer plan, for determining whether the value of a benefit is \$3,500 or less under § 4022.7(b)(1) and for calculating the amount of a lump sum benefit, the PBGC will use the mortality rates in Table 3 of appendix A to part 4044 of this chapter.

§ 4281.16 Benefit valuation methods—plans closing out.

(a) *Applicability*. For purposes of the annual valuation required by section 4281(b) of ERISA, the plan sponsor shall value the plan's benefits in accordance with paragraph (b) of this section if,—

(1) *Plans closed out before valuation*. Before the time when the valuation is performed, the plan has satisfied in full all liabilities for payment of nonforfeitable benefits, in a manner consistent with the terms of the plan and applicable law, by the purchase of one or more nonparticipating irrevocable commitments from one or more insurers, with respect to all benefits payable as annuities, and by the payment of single-sum cash distributions, with respect to benefits not payable as annuities; or

(2) *Plans to be closed out after valuation*. As of the time when the

valuation is performed, the plan sponsor reasonably expects that the plan will close out before the next annual valuation date and the plan sponsor has a currently exercisable bid or bids to provide the irrevocable commitment(s) described in paragraph (a)(1) of this section and the total cost of the irrevocable commitment(s) under the bid, plus the total amount of the single-sum cash distributions described in paragraph (a)(1), does not exceed the value of the plan's assets, exclusive of outstanding claims for withdrawal liability, as determined under this subpart.

(b) *Valuation rule*. The present value of nonforfeitable benefits under this section is the total amount of single-sum cash distributions made or to be made plus the cost of the irrevocable commitment(s) purchased or to be purchased in order to satisfy in full all liabilities of the plan for nonforfeitable benefits.

§ 4281.17 Asset valuation methods—in general.

(a) *General rule*. The plan sponsor shall value plan assets as of the valuation date, using the valuation methods prescribed by this section and § 4281.18 (regarding outstanding claims for withdrawal liability), and deducting administrative liabilities in accordance with paragraph (c) of this section.

(b) *Assets other than withdrawal liability claims*. The plan sponsor shall value any plan asset (other than an outstanding claim for withdrawal liability) by such method or methods as the plan sponsor reasonably believes most accurately determine fair market value.

(c) *Adjustment for administrative liabilities*. In determining the total value of plan assets, the plan sponsor shall subtract all plan liabilities, other than liabilities to pay benefits. For this purpose, any obligation to repay financial assistance received from the PBGC under section 4261 of ERISA is a plan liability other than a liability to pay benefits. The obligation to repay financial assistance shall be valued by determining the value of the scheduled payments in the same manner as prescribed in § 4281.18(a) for valuing claims for withdrawal liability.

§ 4281.18 Outstanding claims for withdrawal liability.

(a) *Value of claim*. The plan sponsor shall value an outstanding claim for withdrawal liability owed by an employer described in paragraph (b) of this section in accordance with paragraphs (a)(1) and (a)(2) of this section:

(1) If the schedule of withdrawal liability payments provides for one or more series of equal payments, the plan sponsor shall value each series of payments as an annuity certain in accordance with the provisions of § 4281.13.

(2) If the schedule of withdrawal liability payments provides for one or more payments that are not part of a series of equal payments as described in paragraph (a)(1) of this section, the plan sponsor shall value each such unequal payment as a lump-sum payment in accordance with the provisions of § 4281.13.

(b) *Employers neither liquidated nor in insolvency proceedings*. The plan sponsor shall value an outstanding claim for withdrawal liability under paragraph (a) of this section if, as of the valuation date—

(1) The employer has not been completely liquidated or dissolved; and

(2) The employer is not the subject of any case or proceeding under title 11, United States Code, or any case or proceeding under similar provisions of state insolvency laws; except that the claim for withdrawal liability of an employer that is the subject of a proceeding described in this paragraph (b)(2) shall be valued under paragraph (a) of this section if the plan sponsor determines that the employer is reasonably expected to be able to pay its withdrawal liability in full and on time.

(c) *Claims against other employers*. The plan sponsor shall value at zero any outstanding claim for withdrawal liability owed by an employer that does not meet the conditions set forth in paragraph (b) of this section.

Subpart C—Benefit Reductions

§ 4281.31 Plan amendment.

The plan sponsor of a plan described in § 4281.31 shall amend the plan to eliminate those benefits subject to reduction in excess of the value of benefits that can be provided by plan assets. Such reductions shall be effected by a pro rata reduction of all benefits subject to reduction or by elimination or pro rata reduction of any category of benefit. Benefit reductions required by this section shall apply only prospectively. An amendment required under this section shall take effect no later than six months after the end of the plan year for which it is determined that the value of nonforfeitable benefits exceeds the value of the plan's assets.

§ 4281.32 Notices of benefit reductions.

(a) *Requirement of notices*. A plan sponsor of a multiemployer plan under which a plan amendment reducing

benefits is adopted pursuant to section 4281(c) of ERISA shall so notify the PBGC and plan participants and beneficiaries whose benefits are reduced by the amendment. The notices shall be delivered in the manner and within the time prescribed, and shall contain the information described, in this section. The notice required in this section shall be filed in lieu of the notice described in section 4244A(b)(2) of ERISA.

(b) *When delivered.* The plan sponsor shall mail or otherwise deliver the notices of benefit reduction no later than the earlier of—

(1) 45 days after the amendment reducing benefits is adopted; or

(2) The date of the first reduced benefit payment.

(c) *Method of delivery.* The notices of benefit reductions shall be delivered by mail or by hand to the PBGC and to plan participants and beneficiaries who are in pay status when the notice is required to be delivered or who are reasonably expected to enter pay status before the end of the plan year after the plan year in which the amendment is adopted. The notice to other participants and beneficiaries whose benefit is reduced by the amendment shall be provided in any manner reasonably calculated to reach those participants and beneficiaries. Reasonable methods of notification include, but are not limited to, posting the notice at participants' worksites or publishing the notice in a union newsletter or newspaper of general circulation in the area or areas where participants reside. Notice to a participant shall be deemed notice to the participant's beneficiary or beneficiaries.

(3) The nine-digit Employer Identification Number (EIN) assigned by the IRS to the plan sponsor and the three-digit Plan Number (PN) assigned by the plan sponsor to the plan, and, if different, the EIN or PN last filed with the PBGC. If no EIN or PN has been assigned, the notice shall so state.

(4) The case number assigned by the PBGC to the filing of the plan's notice of termination pursuant to part 4041A, subpart B, of this chapter.

(5) A statement that a plan amendment reducing benefits has been

adopted, listing the date of adoption and the effective date of the amendment.

§ 4281.33 Restoration of benefits.

(a) *General.* The plan sponsor of a plan that has been amended to reduce benefits under this subpart shall amend the plan to restore those benefits before adopting any amendment increasing benefits under the plan. A plan is not required to make retroactive benefit payments with respect to any benefit that was reduced and subsequently restored in accordance with this section.

(b) *Notice to the PBGC.* The plan sponsor shall notify the PBGC in writing of any restoration under this section. The notice shall include the information specified in § 4281.32 (d)(1) through (d)(4); a statement that a plan amendment restoring benefits has been adopted, the date of adoption, and the effective date of the amendment; and a certification, signed by the plan sponsor or its duly authorized representative, that the amendment has been adopted in accordance with this section.

Subpart D—Benefit Suspensions

§ 4281.41 Benefit suspensions.

If the plan sponsor determines that the plan is or is expected to be insolvent for a plan year, the plan sponsor shall suspend benefits to the extent necessary to reduce the benefits to the greater of the resource benefit level or the level of guaranteed benefits.

§ 4281.42 Retroactive payments.

(a) *Erroneous resource benefit level.* If, by the end of a year in which benefits were suspended under § 4281.41, the plan sponsor determines in writing that the plan's available resources in that year could have supported benefit payments above the resource benefit level determined for that year, the plan sponsor may distribute the excess resources to each affected participant and beneficiary who received benefit payments that year on a pro rata basis. The amount distributed to each participant under this paragraph may not exceed the amount that, when added to benefit payments already made, brings the total benefit for the plan year up to the total benefit provided under the plan.

(b) *Benefits paid below resource benefit level.* If, by the end of a plan year in which benefits were suspended under § 4281.41, any benefit has not been paid at the resource benefit level, amounts up to the resource benefit level that were unpaid shall be distributed to each affected participant and beneficiary on a pro rata basis to the extent possible, taking into account the plan's total available resources in that year.

§ 4281.43 Notices of insolvency and annual updates.

(a) *Requirement of notices of insolvency.* A plan sponsor that determines that the plan is, or is expected to be, insolvent for a plan year shall issue notices of insolvency to the PBGC and to plan participants and beneficiaries. Once notices of insolvency have been issued to the PBGC and to plan participants and beneficiaries, no notice of insolvency needs to be issued for subsequent insolvency years. Notices shall be delivered in the manner and within the time prescribed in this section and shall contain the information described in § 4281.44.

(b) *Requirement of annual updates.* A plan sponsor that has issued notices of insolvency to the PBGC and to plan participants and beneficiaries shall thereafter issue annual updates to the PBGC and participants and beneficiaries for each plan year beginning after the plan year for which the notice of insolvency was issued. However, the plan sponsor need not issue an annual update to plan participants and beneficiaries who are issued notices of insolvency benefit level in accordance with § 4281.45 for the same insolvency year. A plan sponsor that, after issuing annual updates for a plan year, determines under § 4041A.25(b) that the plan is or may be insolvent for that plan

year need not issue revised annual updates. Annual updates shall be delivered in the manner and within the time prescribed in this section and shall contain the information described in § 4281.44.

(c) *Notices of insolvency—when delivered.* Except as provided in the next sentence, the plan sponsor shall mail or otherwise deliver the notices of insolvency no later than 30 days after the plan sponsor determines that the plan is or may be insolvent. However, the notice to plan participants and beneficiaries in pay status may be delivered concurrently with the first benefit payment made after the determination of insolvency.

(d) *Annual updates—when delivered.* Except as provided in the next sentence, the plan sponsor shall mail or otherwise deliver annual updates no later than 60 days before the beginning of the plan year for which the annual update is issued. A plan sponsor that determines under § 4041A.25(b) that the plan is or may be insolvent for a plan year and that has not at that time issued annual updates for that year, shall mail or otherwise deliver the annual updates by the later of 60 days before the beginning of the plan year or 30 days after the date of the plan sponsor's determination under § 4041A.25(b).

(e) *Notices of insolvency—method of delivery.* The notices of insolvency shall be delivered by mail or by hand to the PBGC and to plan participants and beneficiaries in pay status when the notice is required to be delivered. Notice to participants and beneficiaries not in pay status shall be provided in any manner reasonably calculated to reach those participants and beneficiaries. Reasonable methods of notification include, but are not limited to, posting the notice at participants' worksites or publishing the notice in a union newsletter or newspaper of general circulation in the area or areas where participants reside. Notice to a participant shall be deemed notice to that participant's beneficiary or beneficiaries.

(f) *Annual updates—method of delivery.* Each annual update shall be delivered by mail or by hand to the PBGC. Each annual update to plan participants and beneficiaries shall be provided in any manner reasonably calculated to reach participants and beneficiaries. Reasonable methods of notification include, but are not limited to, posting the notice at participants' worksites and publishing the notice in a union newsletter of general circulation in the area or areas where participants reside. Notice to a participant shall be

deemed notice to that participant's beneficiary or beneficiaries.

§ 4901.2 Definitions.

In addition to terminology in part 4001 of this chapter, as used in this part—

Agency, person, party, rule, rulemaking, order, and adjudication have the meanings attributed to these terms by the definitions in 5 U.S.C. 551, except where the context demonstrates that a different meaning is intended, and except that for purposes of the Freedom of Information Act the term agency as defined in 5 U.S.C. 551 includes any executive department, military department, Government corporation, Government controlled corporation, or other establishment in the executive branch of the Government (including the Executive Office of the President) or any independent regulatory agency.

Disclosure officer means the designated official in the Communications and Public Affairs Department, PBGC.

FOIA means the Freedom of Information Act, as amended (5 U.S.C. 552).

Working day means any weekday excepting Federal holidays.

§ 4901.3 Disclosure facilities.

(a) *Public reference room.* The PBGC will maintain a public reference room in its offices located at 1200 K Street NW., Washington, DC 20005-4026, wherein persons may inspect and copy all records made available for such purposes under this part.

(b) *No withdrawal of records.* No person may remove any record made available for inspection or copying under this part from the place where it is made available except with the written consent of the General Counsel of the PBGC.

§ 4901.4 Information maintained in public reference room.

The PBGC shall make available in its public reference room for inspection and copying without formal request—

(a) *Information published in the Federal Register.* Copies of Federal Register documents published by the PBGC, and copies of Federal Register indexes;

(b) *Information in PBGC publications.* Copies of informational material, such as press releases, pamphlets, and other material ordinarily made available to the public without cost as part of a public information program;

(c) *Rulemaking proceedings.* All papers and documents made a part of the official record in administrative proceedings conducted by the PBGC in connection with the issuance, amendment, or revocation of rules and regulations or determinations having general applicability or legal effect with respect to members of the public or a class thereof (with a register being kept to identify the persons who inspect the records and the times at which they do so);

(d) Except to the extent that deletion of identifying details is required to prevent a clearly unwarranted invasion of personal privacy (in which case the justification for the deletion shall be fully explained in writing)—

(1) *Adjudication proceedings.* Final opinions, orders, and (except to the extent that an exemption provided by FOIA must be asserted in the public interest to prevent a clearly unwarranted invasion of personal privacy or violation of law or to ensure the proper discharge of the functions of the PBGC) other papers and documents made a part of the official record in adjudication proceedings conducted by the PBGC,

(2) *Policy statements and interpretations.* Statements of policy and interpretations affecting a member

of the public which have been adopted by the PBGC and which have not been published in the Federal Register, and

The subpart B procedures must be used for records that are not made available in the PBGC's public reference room under § 4901.4 and may be used for records that are available in the public reference room. Records that could be produced only by manipulation of existing information (such as computer analyses of existing data), thus creating information not previously in being, are not records of the PBGC and are not required to be furnished under FOIA.

(b) *Discretionary disclosure.* Notwithstanding the applicability of an exemption under subsection (b) of FOIA and subpart C of this part (other than an exemption under paragraph (b)(1) or (b)(3) of FOIA and § 4901.21 (a)(2) and (a)(3)), the disclosure officer may (subject to 18 U.S.C. 1905 and § 4901.21(a)(1)) make any document (or portion thereof) from the records of the PBGC available for inspection and copying if the disclosure officer determines that disclosure furthers the public interest and does not impede the discharge of any of the functions of the PBGC.

Subpart B—Procedure for Formal Requests**§ 4901.11 Submittal of requests for access to records.**

A request to inspect or copy any record subject to this subpart shall be submitted in writing to the Disclosure Officer, Communications and Public Affairs Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026. To expedite processing, the words "FOIA request" should appear clearly on the request and its envelope.

§ 4901.12 Description of information requested.

(a) *In general.* Each request should reasonably describe the record or records sought in sufficient detail to permit identification and location with a reasonable amount of effort. So far as practicable, the request should specify the subject matter of the record, the place where and date or approximate date when made, the person or office that made it, and any other pertinent identifying details.

(b) *Deficient descriptions.* If the description is insufficient to enable a professional employee familiar with the subject area of the request to locate the record with a reasonable amount of effort, the disclosure officer will notify the requester and, to the extent possible, indicate the additional information required. Every reasonable effort shall be made to assist a requester in the identification and location of the record or records sought. Records will not be withheld merely because it is difficult to find them.

(c) *Requests for categories of records.* Requests calling for all records falling within a reasonably specific category will be regarded as reasonably described within the meaning of this section and paragraph (a)(3) of FOIA if the PBGC is reasonably able to determine which records come within the request and to search for and collect them without unduly interfering with PBGC operations. If PBGC operations would be unduly disrupted, the disclosure officer shall promptly notify the requester and provide an opportunity to confer in an attempt to reduce the request to manageable proportions.

§ 4901.13 Receipt by agency of request.

The disclosure officer shall note the date and time of receipt on each request for access to records. A request shall be deemed received and the period within which action on the request shall be taken, as set forth in § 4901.14 of this part, shall begin on the next business day following such date, except that a request shall be deemed received only if and when the PBGC receives—

(a) A sufficient description under § 4901.12;

(b) Payment or assurance of payment if required under § 4901.33(b); and

(c) The requester's consent to pay substantial search, review, and/or duplication charges under subpart D of this part if the PBGC determines that such charges may be substantial and so notifies the requester. Consent may be in the form of a statement that costs under subpart D will be acceptable either in any amount or up to a specified amount. To avoid possible

delay, a requester may include such a statement in a request.

§ 4901.14 Action on request.

(a) *Time for action.* Promptly and in any event within 10 working days after receipt of a disclosure request (subject to extension under § 4901.16), the disclosure officer shall take action with respect to each requested item (or portion of an item) under either paragraph (b), (c), or (d) of this section.

(b) *Request granted.* If the disclosure officer determines that the request should be granted, the requester shall be so advised and the records shall be promptly made available to the requester.

(c) *Request denied.* If the disclosure officer determines that the request should be denied, the requester shall be so advised in writing with a brief statement of the reasons for the denial, including a reference to the specific exemption(s) authorizing the denial and an explanation of how each such exemption applies to the matter withheld. The denial shall also include the name and title or position of the person(s) responsible for the denial and outline the appeal procedure available.

(d) *Records not promptly located.* As to records that are not located in time to make an informed determination, the disclosure officer may deny the request and so advise the requester in writing with an explanation of the circumstances. The denial shall also include the name and title or position of the person(s) responsible for the denial, outline the appeal procedure available, and advise the requester that the search or examination will be continued and that the denial may be withdrawn, modified, or confirmed when processing of the request is completed.

§ 4901.15 Appeals from denial of requests.

(a) *Submittal of appeals.* If a disclosure request is denied in whole or in part by the disclosure officer, the requester may file a written appeal within 30 days from the date of the denial or, if later (in the case of a partial denial), 30 days from the date the requester receives the disclosed material. The appeal shall state the grounds for appeal and any supporting statements or arguments, and shall be addressed to the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026. To expedite processing, the words "FOIA appeal" should appear clearly on the appeal and its envelope.

(b) *Receipt and consideration of appeal.* The General Counsel shall note the date and time of receipt on each

appeal and notify the requester thereof. Promptly and in any event within 20 working days after receipt of an appeal (subject to extension under § 4901.16), the General Counsel shall issue a decision on the appeal.

(1) The General Counsel may determine de novo whether the denial of disclosure was in accordance with FOIA and this part.

(2) If the denial appealed from was under § 4901.14(d), the General Counsel shall consider any supplementary determination by the disclosure officer in deciding the appeal.

(3) Unless otherwise ordered by the court, the General Counsel may act on an appeal notwithstanding the pendency of an action for judicial relief in the same matter and, if no appeal has been filed, may treat such an action as the filing of an appeal.

(c) *Decision on appeal.* As to each item (or portion of an item) whose nondisclosure is appealed, the General Counsel shall either—

(1) Grant the appeal and so advise the requester in writing, in which case the records with respect to which the appeal is granted shall be promptly made available to the requester; or

(2) Deny the appeal and so advise the requester in writing with a brief statement of the reasons for the denial, including a reference to the specific exemption(s) authorizing the denial, an explanation of how each such exemption applies to the matter withheld, and notice of the provisions for judicial review in paragraph (a)(4) of FOIA. The General Counsel's decision shall be the final action of the PBGC with respect to the request.

(d) *Records of appeals.* Copies of both grants and denials of appeals shall be collected in one file available in the PBGC's public reference room under § 4901.4(d)(1) and indexed under § 4901.4(e).

§ 4901.16 Extensions of time.

In unusual circumstances (as described in subparagraph (a)(6)(B) of FOIA), the time to respond to a disclosure request under § 4901.14(a) or an appeal under § 4901.15(b) may be extended as reasonably necessary to process the request or appeal. The disclosure officer (with the prior approval of the General Counsel) or the General Counsel, as appropriate, shall notify the requester in writing within the original time period of the reasons for the extension and the date when a response is expected to be sent. The maximum extension for responding to a disclosure request shall be 10 working days, and the maximum extension for responding to an appeal shall be 10

working days minus the amount of any extension on the request to which the appeal relates.

§ 4901.17 Exhaustion of administrative remedies.

If the disclosure officer fails to make a determination to grant or deny access to requested records, or the General Counsel does not make a decision on appeal from a denial of access to PBGC records, within the time prescribed (including any extension) for making such determination or decision, the requester's administrative remedies shall be deemed exhausted and the requester may apply for judicial relief under FOIA. However, since a court may allow the PBGC additional time to act as provided in FOIA, processing of the request or appeal shall continue and the requester shall be so advised.

Subpart C—Restrictions on Disclosure

§ 4901.21 Restrictions in general.

(a) *Records not disclosable.* Records shall not be disclosed to the extent prohibited by—

(1) 18 U.S.C. 1905, dealing in general with commercial and financial information;

(2) Paragraph (b)(1) of FOIA, dealing in general with matters of national defense and foreign policy; or

(3) Paragraph (b)(3) of FOIA, dealing in general with matters specifically exempted from disclosure by statute, including information or documentary material submitted to the PBGC pursuant to sections 4010 and 4043 of ERISA.

(b) *Records disclosure of which may be refused.* Records need not (but may, as provided in § 4901.5(b)) be disclosed to the extent provided by—

(1) Paragraph (b)(2) of FOIA, dealing in general with internal agency personnel rules and practices;

(2) Paragraph (b)(4) of FOIA, dealing in general with trade secrets and commercial and financial information;

(3) Paragraph (b)(5) of FOIA, dealing in general with inter-agency and intra-agency memoranda and letters;

(4) Paragraph (b)(6) of FOIA, dealing in general with personnel, medical, and similar files;

(5) Paragraph (b)(7) of FOIA, dealing in general with records or information compiled for law enforcement purposes;

(6) Paragraph (b)(8) of FOIA, dealing in general with reports on financial institutions; or

(7) Paragraph (b)(9) of FOIA, dealing in general with information about wells.

§ 4901.22 Partial disclosure.

If an otherwise disclosable record contains some material that is protected

from disclosure, the record shall not for that reason be withheld from disclosure if deletion of the protected material is feasible. This principle shall be applied in particular to identifying details the disclosure of which would constitute an unwarranted invasion of personal privacy.

§ 4901.23 Record of concern to more than one agency.

If the release of a record in the custody of the PBGC would be of concern not only to the PBGC but also to another Federal agency, the record will be made available by the PBGC only if its interest in the record is the primary interest and only after coordination with the other interested agency. If the interest of the PBGC in the record is not primary, the request will be transferred promptly to the agency having the primary interest, and the requester will be so notified.

§ 4901.24 Special rules for trade secrets and confidential commercial or financial information submitted to the PBGC.

(a) *Application.* To the extent permitted by law, this section applies to a request for disclosure of a record that contains information that has been designated by the submitter in good faith in accordance with paragraph (b) of this section or a record that the PBGC has reason to believe contains such information, unless—

(1) Access to the information is denied;

(2) The information has been published or officially made available to the public;

(3) Disclosure of the information is required by law other than FOIA; or

(4) The designation under paragraph (b) of this section appears obviously frivolous, except that in such a case the PBGC will notify the submitter in writing of a determination to disclose the information within a reasonable time before the disclosure date (which shall be specified in the notice).

(b) *Designation by submitter.* To designate information as being subject to this section, the submitter shall, at the time of submission or by a reasonable time thereafter, assert that information being submitted is confidential business information and designate, with appropriate markings, the portion(s) of the submission to which the assertion applies. Any designation under this paragraph shall expire 10 years after the date of submission unless a longer designation period is requested and reasonable justification is provided therefor.

(c) *Notification to submitter of disclosure request.* When disclosure of

information subject to this section may be made, the disclosure officer or (where disclosure may be made in response to an appeal) the General Counsel shall promptly notify the submitter, describing (or providing a copy of) the information that may be disclosed, and afford the submitter a reasonable period of time to object in writing to the requested disclosure. (The notification to the submitter may be oral or written; if oral, it will be confirmed in writing.) When a submitter is notified under this paragraph, the requester shall be notified that the submitter is being afforded an opportunity to object to disclosure.

(d) *Objection of submitter.* A submitter's statement objecting to disclosure should specify all grounds relied upon for opposing disclosure of any portion(s) of the information under subsection (b) of FOIA and, with respect to the exemption in paragraph (b)(4) of FOIA, demonstrate why the information is a trade secret or is commercial or financial information that is privileged or confidential. Facts asserted should be certified or otherwise supported. (Information provided pursuant to this paragraph may itself be subject to disclosure under FOIA.) Any timely objection of a submitter under this paragraph shall be carefully considered in determining whether to grant a disclosure request or appeal.

(e) *Notification to submitter of decision to disclose.* If the disclosure officer or (where disclosure is in response to an appeal) the General Counsel decides to disclose information subject to this section despite the submitter's objections, the disclosure officer (or General Counsel) shall give the submitter written notice, explaining briefly why the information is to be disclosed despite those objections, describing the information to be disclosed, and specifying the date when the information will be disclosed to the requester. The notification shall, to the extent permitted by law, be provided a reasonable number of days before the disclosure date so specified, and a copy shall be provided to the requester.

(f) *Notification to submitter of action to compel disclosure.* The disclosure officer or the General Counsel shall promptly notify the submitter if a requester brings suit seeking to compel disclosure.

Subpart D—Fees

§ 4901.31 Charges for services.

(a) *Generally.* Pursuant to the provisions of FOIA, as amended, charges will be assessed to cover the direct costs of searching for, reviewing,

and/or duplicating records requested under FOIA from the PBGC, except where the charges are limited or waived under paragraph (b) or (d) of this section, according to the fee schedule in § 4901.32 of this part. No charge will be assessed if the costs of routine collection and processing of the fee would be equal to or greater than the fee itself.

(1) "Direct costs" means those expenditures which the PBGC actually incurs in searching for and duplicating (and in the case of commercial requesters, reviewing) documents to respond to a request under FOIA and this part. Direct costs include, for example, the salary of the employee performing work (*i.e.*, the basic rate of pay plus benefits) or an established average pay for a homogeneous class of personnel (*e.g.*, all administrative/clerical or all professional/executive), and the cost of operating duplicating machinery. Not included in direct costs are overhead expenses such as costs of space, and heating or lighting the facility in which the records are stored.

(2) "Search" means all time spent looking for material that is responsive to a request under FOIA and this part, including page-by-page or line-by-line identification of materials within a document, if required, and may be done manually or by computer using existing programming. "Search" should be distinguished from "review" which is defined in paragraph (a)(3) of this section.

(3) "Review" means the process of examining documents located in response to a request under FOIA and this part to determine whether any portion of any document located is permitted or required to be withheld. It also includes processing any documents for disclosure, *e.g.*, doing all that is necessary to excise them and otherwise prepare them for release. Review does not include time spent resolving general legal or policy issues regarding the application of exemptions.

(4) "Duplication" means the process of making a copy of a document necessary to respond to a request under FOIA and this part, in a form that is reasonably usable by the requester. Copies can take the form of paper copy, microform, audio-visual materials, or machine readable documentation (*e.g.*, magnetic tape or disk), among others.

(b) *Categories of requesters.* Requesters who seek access to records under FOIA and this part are divided into four categories: commercial use requesters, educational and noncommercial scientific institutions, representatives of the news media, and all other requesters. The PBGC will

determine the category of a requester and charge fees according to the following rules.

(1) *Commercial use requesters.* When records are requested for commercial use, the PBGC will assess charges, as provided in this subpart, for the full direct costs of searching for, reviewing for release, and duplicating the records sought. Fees for search and review may be charged even if the record searched for is not found or if, after it is found, it is determined that the request to inspect it may be denied under the provisions of subsection (b) of FOIA and this part.

(i) "*Commercial use*" request means a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial, trade, or profit interests of the requester or the person on whose behalf the request is made.

(ii) In determining whether a request properly belongs in this category, the PBGC will look to the use to which a requester will put the documents requested. Moreover, where the PBGC has reasonable cause to doubt the use to which a requester will put the records sought, or where that use is not clear from the request itself, the PBGC will require the requester to provide clarification before assigning the request to this category.

(2) *Educational and noncommercial scientific institution requesters.* When records are requested by an educational or noncommercial scientific institution, the PBGC will assess charges, as provided in this subpart, for the full direct cost of duplication only, excluding charges for the first 100 pages.

(i) "Educational institution" means a preschool, a public or private elementary or secondary school, an institution of graduate higher education, an institution of undergraduate higher education, an institution of professional education, and an institution of vocational education, which operates a program or programs of scholarly research.

(ii) "Noncommercial scientific institution" means an institution that is not operated on a "commercial" basis as that term is defined in paragraph (b)(1)(i) of this section, and which is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry.

(iii) To be eligible for inclusion in this category, requesters must show that the request is being made as authorized by and under the auspices of a qualifying institution and that the records are not

sought for a commercial use, but are sought in furtherance of scholarly (if the request is from an educational institution) or scientific (if the request is from a noncommercial scientific institution) research.

(3) *Requesters who are representatives of the news media.* When records are requested by representatives of the news media, the PBGC will assess charges, as provided in this subpart, for the full direct cost of duplication only, excluding charges for the first 100 pages.

(i) "Representative of the news media" means any person actively gathering news for an entity that is organized and operated to publish or broadcast news to the public. The term "news" means information that is about current events or that would be of current interest to the public. Examples of news media entities include television or radio stations broadcasting to the public at large, and publishers of periodicals (but only in those instances when they can qualify as disseminators of "news") who make their products available for purchase or subscription by the general public. These examples are not intended to be all-inclusive.

"Freelance" journalists may be regarded as working for a news organization if they can demonstrate a solid basis for expecting publication through that organization, even though not actually employed by it.

(ii) To be eligible for inclusion in this category, the request must not be made for a commercial use. A request for records supporting the news dissemination function of the requester who is a representative of the news media shall not be considered to be a request that is for a commercial use.

(4) *All other requesters.* When records are requested by requesters who do not fit into any of the categories in paragraphs (b)(1) through (b)(3) of this section, the PBGC will assess charges, as provided in this subpart, for the full direct cost of searching for and duplicating the records sought, with the exceptions that there will be no charge for the first 100 pages of duplication and the first two hours of manual search time (or its cost equivalent in computer search time). Notwithstanding the preceding sentence, there will be no charge for search time in the event of requests under the Privacy Act of 1974 from subjects of records filed in the PBGC's systems of records for the disclosure of records about themselves. Search fees, where applicable, may be charged even if the record searched for is not found.

(c) *Aggregation of requests.* If the PBGC reasonably believes that a

requester or group of requesters is attempting to break a request down into a series of requests for the purpose of evading the assessment of fees, the PBGC will aggregate any such requests and charge accordingly. In no case will the PBGC aggregate multiple requests on unrelated subjects from one requester.

(d) *Waiver or reduction of charges.* Circumstances under which searching, review, and duplication facilities or services may be made available to the requester without charge or at a reduced charge are set forth in § 4901.34 of this part.

§ 4901.32 Fee schedule.

(a) *Charges for searching and review of records.* Charges applicable under this subpart to the search for and review of records will be made according to the following fee schedule:

(1) *Search and review time.* (i) Ordinary search and review by custodial or clerical personnel, \$1.75 for each one-quarter hour or fraction thereof of employee worktime required to locate or obtain the records to be searched and to make the necessary review; and (ii) search or review requiring services of professional or supervisory personnel to locate or review requested records, \$4.00 for each one-quarter hour or fraction thereof of professional or supervisory personnel worktime.

(2) *Additional search costs.* If the search for a requested record requires transportation of the searcher to the location of the records or transportation of the records to the searcher, at a cost in excess of \$5.00, actual transportation costs will be added to the search time cost.

(3) *Search in computerized records.* Charges for information that is available in whole or in part in computerized form will include the cost of operating the central processing unit (CPU) for that portion of operating time that is directly attributable to searching for records responsive to the request, personnel salaries apportionable to the search, and tape or printout production or an established agency-wide average rate for CPU operating costs and operator/programmer salaries involved in FOIA searches. Charges will be computed at the rates prescribed in paragraphs (a) and (b) of this section.

(b) *Charges for duplication of records.* Charges applicable under this subpart for obtaining requested copies of records made available for inspection will be made according to the following fee schedule and subject to the following conditions.

(1) *Standard copying fee.* \$0.15 for each page of record copies furnished. This standard fee is also applicable to

the furnishing of copies of available computer printouts as stated in paragraph (a)(3) of this section.

(2) *Voluminous material.* If the volume of page copy desired by the requester is such that the reproduction charge at the standard page rate would be in excess of \$50, the person desiring reproduction may request a special rate quotation from the PBGC.

(3) *Limit of service.* Not more than 10 copies of any document will be furnished.

(4) *Manual copying by requester.* No charge will be made for manual copying by the requesting party of any document made available for inspection under the provisions of this part. The PBGC shall provide facilities for such copying without charge at reasonable times during normal working hours.

(5) *Indexes.* Pursuant to paragraph (a)(2) of FOIA copies of indexes or supplements thereto which are maintained as therein provided but which have not been published will be provided on request at a cost not to exceed the direct cost of duplication.

(c) *Other charges.* The scheduled fees, set forth in paragraphs (a) and (b) of this section, for furnishing records made available for inspection and duplication represent the direct costs of furnishing the copies at the place of duplication. Upon request, single copies of the records will be mailed, postage prepaid, free of charge. Actual costs of transmitting records by special methods such as registered, certified, or special delivery mail or messenger, and of special handling or packaging, if required, will be charged in addition to the scheduled fees.

§ 4901.33 Payment of fees.

(a) *Medium of payment.* Payment of the applicable fees as provided in this subsection shall be made in cash, by U.S. postal money order, or by check payable to the PBGC. Postage stamps will not be accepted in lieu of cash, checks, or money orders as payment for fees specified in the schedule. Cash should not be sent by mail.

(b) *Advance payment or assurance of payment.* Payment or assurance of payment before work is begun or continued on a request may be required under the following rules.

(1) Where the PBGC estimates or determines that charges allowable under the rules in this subpart are likely to exceed \$250, the PBGC may require advance payment of the entire fee or assurance of payment, as follows:

(i) Where the requester has a history of prompt payment of fees under this part, the PBGC will notify the requester

of the likely cost and obtain satisfactory assurance of full payment; or

(ii) Where the requester has no history of payment for requests made pursuant to FOIA and this part, the PBGC may require the requester to make an advance payment of an amount up to the full estimated charges.

(2) Where the requester has previously failed to pay a fee charged in a timely fashion (*i.e.*, within 30 days of the date of the billing), the PBGC may require the requester to pay the full amount owed plus any applicable interest as provided in paragraph (c) of this section (or demonstrate that he has, in fact, paid the fee) and to make an advance payment of the full amount of the estimated fee.

(c) *Late payment interest charges.* The PBGC may assess late payment interest charges on any amounts unpaid by the 31st day after the date a bill is mailed to a requester. Interest will be assessed at the rate prescribed in 31 U.S.C. 3717 and will accrue from the date the bill is mailed.

§ 4901.34 Waiver or reduction of charges.

(a) The disclosure officer may waive or reduce fees otherwise applicable under this subpart when disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester. A fee waiver request shall set forth full and complete information upon which the request for waiver is based.

(b) The disclosure officer may reduce or waive fees applicable under this subpart when the requester has demonstrated his inability to pay such fees.

PART 4902—DISCLOSURE AND AMENDMENT OF RECORDS PERTAINING TO INDIVIDUALS UNDER THE PRIVACY ACT

Sec.	
4902.1	Purpose and scope.
4902.2	Definitions.
4902.3	Procedures for determining existence of and requesting access to records.
4902.4	Disclosure of record to an individual.
4902.5	Procedures for requesting amendment of a record.
4902.6	Action on request for amendment of a record.
4902.7	Appeal of a denial of a request for amendment of a record.
4902.8	Fees.
4902.9	Specific exemptions.
	Authority: 5 U.S.C. 552a.

§ 4902.1 Purpose and scope.

This part establishes procedures whereby an individual can determine whether the PBGC maintains any system of records that contains a record pertaining to the individual, procedures to effect access to an individual's record upon his or her request, and procedures for making requests to amend records, for making the initial determinations on such requests, and for appealing denials of such requests. This part also prescribes the fees for making copies of an individual's record. Finally, this part sets forth those systems of records that are exempted from certain disclosure and other provisions of the Privacy Act (5 U.S.C. 552a).

§ 4902.2 Definitions.

In addition to terminology in part 4001 of this chapter, as used in this part:

Disclosure officer means the designated official in the Communications and Public Affairs Department, PBGC.

Record means any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, his or her education, financial transactions, medical history, and criminal or employment history and that contains his or her name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a finger or voice print or a photograph.

System of records means a group of any records under the control of any agency from which information is retrieved by the name of the individual or by some identifying number, symbol, or other identifying particular assigned to the individual.

Working day means any weekday excepting Federal holidays.

§ 4902.3 Procedures for determining existence of and requesting access to records.

(a) Any individual may submit a written request, either by mail to the Disclosure Officer, Communications and Public Affairs Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026, or in person between the hours of 9 a.m. and 4 p.m. on any working day in Suite 240 at the above address, for the purpose of—

(1) Learning whether a system of records maintained by the PBGC contains any record pertaining to the requester, or

(2) Obtaining access to such a record.

(b) Each request submitted pursuant to paragraph (a) of this section shall include the name of the system of

records to which the request pertains and the requester's full name, home address and date of birth, and shall clearly state on the envelope and on the request "Privacy Act Request." If this information is insufficient to enable the PBGC to identify the record in question, the disclosure officer shall request such further identifying data as the disclosure officer deems necessary to locate the record.

(c) Unless the request is only for notification of the existence of a record and such notification is required under the Freedom of Information Act (5 U.S.C. 552), the requester shall be required to provide verification of his or her identity to the PBGC as set forth in paragraph (c) (1) or (2) of this section, as appropriate.

(1) If the request is made by mail, the requester shall submit a notarized statement establishing his or her identity.

(2) If the request is made in person, the requester shall show identification satisfactory to the disclosure officer, such as a driver's license, employee identification, annuitant identification or Medicare card.

(d) The disclosure officer shall respond to the request in writing within 10 working days after receipt of the request or of such additional information as may be required under paragraph (b) of this section. If a request for access to a record is granted, the response shall state when the record will be made available.

§ 4902.4 Disclosure of record to an individual.

(a) When the disclosure officer grants a request for access to records under § 4902.3, such records shall be made available when the requester is advised of the determination or as promptly thereafter as possible. At the requester's option, the record will be made available for the requester's inspection and copying at the Communications and Public Affairs Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026, between the hours of 9 a.m. and 4 p.m. on any working day, or a copy of the record will be mailed to the requester.

(b) If the requester desires to be accompanied by another individual during the inspection and/or copying of the record, the requester shall, either when the record is made available or at any earlier time, submit to the disclosure officer a signed statement identifying such other individual and authorizing such other individual to be present during the inspection and/or copying of the record.

§ 4902.5 Procedures for requesting amendment of a record.

(a) Any individual about whom the PBGC maintains a record contained in a system of records may request that the record be amended. Such a request shall be submitted in the same manner described in § 4902.3(a).

(b) Each request submitted under paragraph (a) of this section shall include the information described in § 4902.3(b) and a statement specifying the changes to be made in the record and the justification therefor. The disclosure officer may request further identifying data as described in § 4902.3(b).

(c) An individual who desires assistance in the preparation of a request for amendment of a record shall submit such request for assistance in writing to the Deputy General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026. The Deputy General Counsel shall respond to such request as promptly as possible.

§ 4902.6 Action on request for amendment of a record.

(a) Within 20 working days after receipt by the PBGC of a request for amendment of a record under § 4902.5, unless for good cause shown the Executive Director of the PBGC extends such 20-day period, the disclosure officer shall notify the requester in writing whether and to what extent the request shall be granted. To the extent that the request is granted, the disclosure officer shall cause the requested amendment to be made promptly.

(b) When a request for amendment of a record is denied in whole or in part, the denial shall include a statement of the reasons therefor, the procedures for appealing such denial, and a notice that the requester has a right to assistance in preparing an appeal of the denial.

(c) An individual who desires assistance in preparing an appeal of a denial under this section shall submit a request in writing to the Deputy General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026. The Deputy General Counsel shall respond to the request as promptly as possible, but in no event more than 30 days after receipt.

§ 4902.7 Appeal of a denial of a request for amendment of a record.

(a) An appeal from a denial of a request for amendment of a record under § 4902.6 shall be submitted, within 45 days of receipt of the denial, to the General Counsel, Pension Benefit

Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026, unless the record subject to such request is one maintained by the Office of the General Counsel, in which event the appeal shall be submitted to the Deputy Executive Director at the same address. The appeal shall state in detail the basis on which it is made and both the envelope and the appeal shall clearly state "Privacy Act Request".

(b) Within 30 working days after the receipt of the appeal, unless for good cause shown the Executive Director of the PBGC extends such 30-day period, the General Counsel or, where appropriate, the Deputy Executive Director, shall issue a decision in writing granting or denying the appeal in whole or in part. To the extent that the appeal is granted, the General Counsel or, where appropriate, the Deputy Executive Director, shall cause the requested amendment to be made promptly. To the extent that the appeal is denied, the decision shall include the reasons for the denial and a notice of the requester's right to submit a brief statement setting forth reasons for disputing the denial of appeal, to seek judicial review of the denial pursuant to 5 U.S.C. 552a(g)(1)(A), and to obtain further information concerning the provisions for judicial review under that section.

(c) An individual whose appeal has been denied in whole or in part may submit a brief summary statement setting forth reasons for disputing such denial. Such statement shall be submitted within 30 days of receipt of the denial of the appeal to the Disclosure Officer. Any such statement shall be made available by the PBGC to anyone to whom the record is subsequently furnished and may also be accompanied, at the discretion of the PBGC, by a brief statement summarizing the PBGC's reasons for refusing to amend the record. The PBGC shall also provide copies of the individual's statement of dispute to all prior recipients of the record with respect to whom an accounting of the disclosure of the record was maintained pursuant to 5 U.S.C. 552a(c)(1).

(d) To request further information concerning the provisions for judicial review, an individual shall submit such request in writing to the Deputy General Counsel, who shall respond to such request as promptly as possible.

§ 4902.8 Fees.

When an individual requests a copy of his or her record under § 4902.4, charges for the copying shall be made according to the following fee schedule:

(a) *Standard copying fee.* There shall be a charge of \$0.15 per page of record copies furnished. Where the copying fee is less than \$1.50, it shall not be assessed.

(b) *Voluminous material.* If the volume of page copy desired by the requester is such that the reproduction charge at the standard page rate would be in excess of \$50, the individual desiring reproduction may request a special rate quotation from the PBGC.

(c) *Manual copying by requester.* No charge will be made for manual copying by the requester of any document made available for inspection under § 4902.4. The PBGC shall provide facilities for such copying without charge between the hours of 9 a.m. and 4 p.m. on any working day.

§ 4902.9 Specific exemptions.

(a) Under the authority granted by 5 U.S.C. 552a(k)(5), the PBGC hereby exempts the system of records entitled "Personnel Security Investigation Records—PBGC" from the provisions of 5 U.S.C. §§ 552a (c)(3), (d), (e)(1), (e)(4) (G), (H), and (I), and (f), to the extent that the disclosure of such material would reveal the identity of a source who furnished information to PBGC under an express promise of confidentiality or, before September 27, 1975, under an implied promise of confidentiality.

(b) The reasons for asserting this exemption are to insure the gaining of information essential to determining suitability and fitness for PBGC employment, access to information, and security clearances, to insure that full and candid disclosures are obtained in making such determinations, to prevent subjects of such determinations from thwarting the completion of such determinations, and to avoid revealing the identities of persons who furnish information to the PBGC in confidence.

(a) *Subpart A.* Subpart A of this part contains definitions and general provisions applicable to debt collection generally.

(b) *Subpart B.* Subpart B of this part prescribes procedures for debt collection by administrative offset, as authorized by the Federal Claims Collection Act (31 U.S.C. 3716), and consistent with applicable provisions of the Federal Claims Collection Standards. These procedures apply when the PBGC determines that collection by administrative offset of a claim that is liquidated or certain in amount is feasible and not otherwise prohibited or when another agency seeks administrative offset against a payment to be made by the PBGC.

(c) *Subpart C.* Subpart C of this part prescribes procedures for debt collection by tax refund offset, as authorized by section 3720A of subchapter II, chapter 37 of title 31 of the United States Code (31 U.S.C. 3720A) and in accordance with applicable IRS regulations (26 CFR 301-6402.6), including a related procedure for disclosure to a consumer reporting agency. These procedures apply to determinations that a debt of at least \$25 is past-due and legally enforceable, to referrals by the PBGC of past-due, legally enforceable debts to the IRS for offset, and to any subsequent corrections of information contained in such referrals.

§ 4903.2 General.

(a) Certain PBGC efforts to obtain payment of debts arising out of activities under ERISA are authorized by and subject to requirements prescribed under other federal statutes. When, and to the extent, such requirements apply to collection of a debt by the PBGC, PBGC activities will be consistent with such requirements, as well as with any other applicable requirements (see, e.g., parts 4003, 4007, and 4062 of this chapter).

(b)(1) The Executive Director of the PBGC has delegated to the Director of the Financial Operations Department primary responsibility for PBGC debt collection activities. This delegation includes responsibility for procedures implementing requirements prescribed under federal statutes other than ERISA,

and for coordinating the activities of other PBGC departments with functional responsibilities for different types of claims.

(2) PBGC departments are responsible for ascertaining indebtedness and other aspects of agency collection activities within their areas of functional responsibility.

§ 4903.3 Definitions.

The following terms are defined in § 4001.2 of this chapter: IRS, PBGC, and person. In addition, for purposes of this part:

Administrative offset has the meaning set forth in 31 U.S.C. 3701(a)(1).

Agency means an executive or legislative agency (within the meaning of 31 U.S.C. 3701(a)(4)).

Claim and debt, as defined in the Federal Claims Collection Standards (4 CFR 101.2(a)), are used synonymously and interchangeably to refer to an amount of money or property which has been determined by an appropriate agency official to be owed to the United States from any person, organization, or entity, except another Federal agency.

Consumer reporting agency has the meaning set forth in 31 U.S.C. 3701(a)(3).

Federal Claims Collection Act means the Federal Claims Collection Act of 1966, as amended (31 U.S.C. 3701 *et seq.*).

Federal Claims Collection Standards means 4 CFR parts 101 through 105, which are regulations issued jointly by the Comptroller General of the United States and the Attorney General of the United States that implement the Federal Claims Collection Act.

Repayment agreement means a written agreement by a debtor to repay a debt to the PBGC.

Tax refund offset means the reduction by the IRS of a tax overpayment payable to a taxpayer by the amount of past-due, legally enforceable debt owed by that taxpayer to a federal agency that has entered into an agreement with the IRS with regard to its participation in the tax refund offset program, pursuant to IRS regulations (26 CFR 301.6402-6).

Subpart B—Administrative Offset

§ 4903.21 Application of Federal Claims Collection Standards.

The PBGC will determine the feasibility of collection by administrative offset, whether to accept a repayment agreement in lieu of offset, and how to apply amounts collected by administrative offset on multiple debts as provided in the Federal Claims Collection Standards (4 CFR 102.3).

(a) *Feasibility*. The PBGC will determine whether collection by

administrative offset is feasible on a case-by-case basis in the exercise of sound discretion. In making such determinations, the PBGC will consider:

(1) Whether administrative offset can be accomplished, both practically and legally;

(2) Whether administrative offset is best suited to further and protect all governmental interests;

(3) In appropriate circumstances, the debtor's financial condition; and

(4) Whether offset would tend to interfere substantially with or defeat the purposes of the program authorizing the payments against which offset is contemplated.

(b) *Repayment agreements*. The PBGC will exercise its discretion in determining whether to accept a repayment agreement in lieu of offset, balancing the Government's interest in collecting the debt against fairness to the debtor. If the debt is delinquent (within the meaning of 4 CFR 101.2(b)) and the debtor has not disputed its existence or amount, the PBGC will accept a repayment agreement in lieu of offset only if the debtor is able to establish that offset would result in undue financial hardship or would be against equity and good conscience.

(c) *Multiple debts*. When the PBGC collects multiple debts by administrative offset, it will apply the recovered amounts to those debts in accordance with the best interests of the United States, as determined by the facts and circumstances of the particular case, paying special attention to applicable statutes of limitations.

§ 4903.22 Administrative offset procedures.

(a) *General*. Except as otherwise required by law or as provided in paragraph (e) of this section, the PBGC will not effect administrative offset against a payment to be made to a debtor prior to the completion of the procedures specified in paragraphs (b) and (c) of this section. However, the PBGC will not duplicate any notice or other procedural protection it previously provided in connection with the same debt under some other statutory or regulatory authority, such as part 4003 of this chapter.

(b) *Notice*. The PBGC will provide written notice informing the debtor of the following:

(1) The nature and amount of the debt, and the PBGC's intention to collect by offset;

(2) That the debtor may inspect and copy PBGC records pertaining to the debt in accordance with part 4901 or part 4902 of this chapter, as applicable (access under the Freedom of

Information Act (5 U.S.C. 552) or the Privacy Act (5 U.S.C. 552a), respectively);

(3) How and from whom the debtor may obtain administrative review of a determination of indebtedness;

(4) The facts and circumstances that the PBGC will consider in determining whether to accept a repayment agreement in lieu of offset; and

(5) If the PBGC has not previously demanded payment of the debt, the date by which payment must be made to avoid further collection action.

(c) *Administrative review*. (1) A debtor may obtain review within the PBGC of a determination of indebtedness by submitting a written request for review, designated as such, to the PBGC official specified in the notice of indebtedness. Unless another regulation in this chapter specifies a different period of time, such a request must be submitted within 30 days after the date of a PBGC notice under paragraph (b) of this section.

(2) A request for review must:

(i) State the ground(s) on which the debtor disputes the debt; and

(ii) Reference all pertinent information already in the possession of the PBGC and include any additional information believed to be relevant.

(3) The PBGC will review a determination of indebtedness, when requested to do so in a timely manner. The PBGC will issue a written decision, based on the written record, and will notify the debtor of its decision.

(i) The review will be conducted by an official of at least the same level of authority as the person who made the determination of indebtedness.

(ii) The notice of the PBGC's decision on review will include a brief statement of the reason(s) why the determination of indebtedness has or has not been changed.

(4) Upon receipt of a request for administrative review, the PBGC may, in its discretion, temporarily suspend transactions in any of the debtor's accounts maintained by the PBGC. If the PBGC resolves the dispute in the debtor's favor, it will lift the suspension immediately.

(d) *Repayment agreement in lieu of offset*. (1) The PBGC will not consider entering a repayment agreement in lieu of offset unless a debtor submits a copy of the debtor's most recent audited (or if not available, unaudited) financial statement (with balance sheets, income statements, and statements of changes in financial position), to the extent such documents have been prepared, and other information regarding the debtor's financial condition (e.g., the types of information on assets, liabilities,

earnings, and other factors specified in paragraphs (b)(3) through (b)(7) of § 4062.6 of this chapter).

(2) The PBGC may require appropriate security as a condition of accepting a repayment agreement in lieu of offset.

(e) *Exception.* (1) The PBGC may effect administrative offset against a payment to be made to the debtor prior to completing the procedures specified in paragraphs (b) and (c) of this section if:

(i) Failure to take the offset would substantially prejudice the government's ability to collect the debt; and

(ii) The time before the payment is to be made does not reasonably permit the completion of those procedures.

(2) The PBGC has determined that a case in which it applies the special rule in § 4068.3(c) of this chapter meets the criteria in paragraph (e)(1) of this section.

(3) If the PBGC effects administrative offset against a payment to be made to a debtor prior to completing the procedures specified in paragraphs (b) and (c) of this section, the PBGC—

(i) Will promptly complete those procedures; and

(ii) Will promptly refund any amounts recovered by offset but later found not to be owed to the Government.

§ 4903.23 PBGC requests for offset by other agencies.

(a) *General.* The PBGC may request that funds payable to its debtor by another agency be administratively offset to collect a debt owed to the PBGC by the debtor. A PBGC request for administrative offset against amounts due and payable from the Civil Service Retirement and Disability Fund will be made in accordance with 5 CFR part 831, subpart R (Agency Requests to OPM for Recovery of a Debt from the Civil Service Retirement and Disability Fund).

(b) *Certification.* In requesting administrative offset, the Director of the Financial Operations Department (or a department official designated by the Director) will certify in writing to the agency holding funds of the debtor—

(1) That the debtor owes the debt (including the amount) and that the PBGC has fully complied with the provisions of 4 CFR 102.3; and

(2) In a request for administrative offset against amounts due and payable from the Civil Service Retirement and Disability Fund, that the PBGC has complied with applicable statutes and the regulations and procedures of the Office of Personnel Management.

§ 4903.24 Requests for offset from other agencies.

(a) *General.* As provided in the Federal Claims Collections Standards (4 CFR 102.3(d)), the PBGC generally will comply with requests from other agencies to initiate administrative offset to collect debts owed to the United States unless the requesting agency has not complied with the applicable provisions of the Federal Claims Collection Standards or the offset would be otherwise contrary to law.

(b) *Submission of requests.* (1) Any agency may request that funds payable to its debtor by the PBGC be administratively offset to collect a debt owed to such agency by the debtor by submitting the certification described in paragraph (c) of this section.

(2) All such requests should be directed to the Director, Financial Operations Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005-4026.

(c) *Certification required.* The PBGC will not initiate administrative offset in response to a request from another agency until it receives written certification from the requesting agency, signed by an appropriate agency official, that the debtor owes the debt (including the amount) and that the requesting agency has fully complied with the provisions of 4 CFR 102.3 (with a citation to the agency's own administrative offset regulations).

Subpart C—Tax Refund Offset

§ 4903.31 Eligibility of debt for tax refund offset.

The PBGC will determine whether a debt is eligible for tax refund offset in accordance with IRS regulations (26 CFR 301.6402-6 (c) and (d)). The PBGC may refer a past-due, legally enforceable debt to the IRS for offset if:

(a) The debt is a judgment debt, or the PBGC's right of action accrued not more than 10 years earlier (unless the debt is specifically exempt from this requirement);

(b) The PBGC cannot currently collect the debt by salary offset (pursuant to 5 U.S.C. 5514(a)(1));

(c) The debt is ineligible for administrative offset (by reason of 31 U.S.C. 3716(c)(2)), or the PBGC cannot currently collect the debt by administrative offset (under 31 U.S.C. 3716 and subpart B of this part) against amounts payable by the debtor to the PBGC;

(d) The PBGC has notified, or attempted to notify, the debtor of its intent to refer the debt, given the debtor an opportunity to present evidence that all or part of the debt is not past-due or

not legally enforceable, considered any evidence presented by the debtor in accordance with § 4903.32, and determined that the debt is past-due and legally enforceable;

(e) If the debt is a consumer debt and exceeds \$100, the PBGC has disclosed the debt to a consumer reporting agency (as authorized by 31 U.S.C. 3711(f) and provided in § 4903.32), unless a consumer reporting agency would be prohibited from reporting information concerning the debt (by reason of 15 U.S.C. 1681c); and

(f) The debt is at least \$25.

§ 4903.32 Tax refund offset procedures.

(a) *General.* Before referring a debt for tax refund offset, the PBGC will complete the procedures specified in paragraph (b) and, if applicable, paragraph (c) of this section. The PBGC may satisfy these requirements in conjunction with any other procedures that apply to the same debt, such as those prescribed in § 4903.22 or part 4003 of this chapter.

(b) *Notice, opportunity to present evidence, and determination of indebtedness.*

(1) The PBGC will notify, or make a reasonable attempt to notify, a person owing a debt (a "debtor") that a debt is past-due and if not repaid within 60 days, the PBGC will refer the debt to the IRS for offset against any overpayment of tax. For this purpose, compliance with IRS procedures (26 CFR 301.6402-6(d)(1)) constitutes a reasonable attempt to notify a debtor.

(2) A debtor will have at least 60 days to present evidence, for consideration by the PBGC, that all or part of a debt is not past-due or not legally enforceable.

(3) If evidence that all or part of a debt is not past-due or not legally enforceable is considered by an agent or person other than a PBGC employee acting on behalf of the PBGC, a debtor will have at least 30 days from the date of the determination on the debt to request review by the Director of the Financial Operations Department (or a department official designated by the Director).

(4) The PBGC will notify a debtor of its determination as to whether all or part of a debt is past-due and legally enforceable.

(c) *Consumer reporting agency disclosure.*

(1)(i) If a consumer debt exceeds \$100, the Director of the Financial Operations Department (or a department official designated by the Director), after verifying the validity and overdue status of the debt and that section 605 of the Consumer Credit Protection Act (15 U.S.C. 1681c) does not prohibit a

consumer reporting agency from reporting information concerning the debt because it is obsolete, will send the individual who owes the debt a written notice—

(A) That the debt is past-due;

(B) That the PBGC intends to disclose to a consumer reporting agency that the individual is responsible for the debt and the specific information to be disclosed; and

(C) How the individual may obtain an explanation of the debt, dispute the information in PBGC's records, and obtain administrative review of the debt.

(ii) If the PBGC does not have a current address for an individual, the Director of the Financial Operations Department (or a department official designated by the Director) will take reasonable action to locate the individual.

(2) The Director of the Financial Operations Department (or a department official designated by the Director) will disclose the debt if, within 60 days (or, at his or her discretion, more than 60 days) after sending the notice described in paragraph (c)(1) of this section, the individual has not repaid the debt, or agreed to repay the debt under a written agreement, or requested administrative review of the debt.

§ 4903.33 Referral of debt for tax refund offset.

The Director of the Financial Operations Department (or a department official designated by the Director) will refer debts to the IRS for refund offset, and will correct referrals, in accordance with IRS regulations (26 CFR 301.6402-6(e) and (f)).

4905.1 Purpose and scope.

4905.2 Definitions.

4905.3 General.

4905.4 Appearances by PBGC employees.

4905.5 Requests for authenticated copies of PBGC records.

4905.6 Penalty.

Authority: 29 U.S.C. 1302(b); E.O. 11222, 30 FR 6469; 5 CFR 735.104.

§ 4905.1 Purpose and scope.

(a) *Purpose.* This part sets forth the rules and procedures to be followed when a PBGC employee or former employee is requested or served with compulsory process to appear as a witness or produce documents in a proceeding in which the PBGC is not a party, if such appearance arises out of, or is related to, his or her employment with the PBGC. It provides a centralized decisionmaking mechanism for responding to such requests and compulsory process.

(b) *Scope.* (1) This part applies when, in a judicial, administrative, legislative, or other proceeding, a PBGC employee or former employee is requested or served with compulsory process to provide testimony concerning information acquired in the course of performing official duties or because of official status and/or to produce material acquired in the course of performing official duties or contained in PBGC files.

(2) This part does not apply to:

(i) Proceedings in which the PBGC is a party;

(ii) Congressional requests or subpoenas for testimony or documents; or

(iii) Appearances by PBGC employees in proceedings that do not arise out of, or relate to, their employment with PBGC (e.g., outside activities that are engaged in consistent with applicable standards of ethical conduct).

§ 4905.2 Definitions.

For purposes of this part:

Appearance means testimony or production of documents or other material, including an affidavit, deposition, interrogatory, declaration, or other required written submission.

Compulsory Process means any subpoena, order, or other demand of a court or other authority (e.g., an administrative agency or a state or local legislative body) for the appearance of a PBGC employee or former employee.

Employee means any officer or employee of the PBGC, including a special government employee.

§ 4905.4 Appearances by PBGC employees.

(a) Whenever a PBGC employee or former employee is requested or served with compulsory process to appear in a proceeding to which this part applies, he or she will promptly notify the General Counsel.

(b) The General Counsel or his or her designee will authorize an appearance by a PBGC employee or former employee if, and to the extent, he or she determines that such appearance is in the interest of the PBGC.

(1) In determining whether an appearance is in the interest of the PBGC, the General Counsel or his or her designee will consider relevant factors, including:

(i) What, if any, objective of the PBGC (and, where relevant, any federal agency, if the United States is a party) would be promoted by the appearance;

(ii) Whether the appearance would unnecessarily interfere with the employee's official duties;

(iii) Whether the appearance would result in the appearance of improperly favoring one litigant over another; and

(iv) Whether the appearance is appropriate under applicable substantive and procedural rules.

(2) If the General Counsel or his or her designee concludes that compulsory process is essentially a request for PBGC record information, it will be treated as a request under the Freedom of Information Act, as amended, in accordance with part 4901 of this chapter, except to the extent that the Privacy Act of 1974, as amended, and part 4902 of this chapter govern disclosure of a record maintained on an individual.

(c) If, in response to compulsory process in a proceeding to which this part applies, the General Counsel or his or her designee has not authorized an appearance by the return date, the employee or former employee shall appear at the stated time and place (unless advised by the General Counsel or his or her designee that process either was not validly issued or served or has been withdrawn), accompanied by a PBGC attorney, produce a copy of this part of the regulations, and respectfully decline to provide any testimony or produce any documents or other material. When the demand is under consideration, the employee shall respectfully request that the court or other authority stay the demand pending the employee's receipt of instructions from the General Counsel.

§ 4905.5 Requests for authenticated copies of PBGC records.

The PBGC will grant requests for authenticated copies of PBGC records, for purposes of admissibility under 28 U.S.C. 1733 and Rule 44 of the Federal Rules of Civil Procedure, for records that are to be disclosed pursuant to this part or part 4901 of this chapter. Appropriate fees will be charged for providing authenticated copies of PBGC records, in accordance with part 4901, subpart D, of this chapter.

§ 4905.6 Penalty.

A PBGC employee who testifies or produces documents or other material

in violation of a provision of this part of the regulations shall be subject to disciplinary action.

(iii) Provide a qualified handicapped person with an aid, benefit, or service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to handicapped persons or to any class of handicapped persons than is provided to others unless such action is necessary to provide qualified handicapped persons with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified handicapped person the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified handicapped person in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The agency may not deny a qualified handicapped person the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.

(3) The agency may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified handicapped persons to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to handicapped persons.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude handicapped persons from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to handicapped persons.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified handicapped persons to discrimination on the basis of handicap.

(6) The agency may not administer a licensing or certification program in a manner that subjects qualified handicapped persons to discrimination on the basis of handicap, nor may the agency establish requirements for the programs or activities of licensees or certified entities that subject qualified handicapped persons to discrimination on the basis of handicap. However, the programs or activities of entities that are licensed or certified by the agency are not, themselves, covered by this part.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive Order to handicapped persons or the exclusion of a specific class of handicapped persons from a program limited by Federal statute or Executive Order to a different class of handicapped persons is not prohibited by this part.

(d) The agency shall administer programs and activities in the most integrated setting appropriate to the needs of qualified handicapped persons.

§§ 4907.131–4907.139 [Reserved]

§ 4907.140 Employment.

No qualified handicapped person shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally-conducted programs or activities.

§§ 4907.141–4907.148 [Reserved]

§ 4907.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in § 4907.150, no qualified handicapped person shall, because the agency's facilities are inaccessible to or unusable by handicapped persons, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 4907.150 Program accessibility: Existing facilities.

(a) *General.* The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by handicapped persons. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities

accessible to and usable by handicapped persons;

(2) In the case of historic preservation programs, require the agency to take any action that would result in a substantial impairment of significant historic features of an historic property; or

(3) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 4907.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that handicapped persons receive the benefits and services of the program or activity.

(b) *Methods—*

(1) *General.* The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by handicapped persons. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified handicapped persons in the most integrated setting appropriate.

(2) *Historic preservation programs.* In meeting the requirements of § 4907.150(a) in historic preservation programs, the agency shall give priority to methods that provide physical access to handicapped persons. In cases where a physical alteration to an historic property is not required because of § 4907.150 (a)(2) or (a)(3), alternative methods of achieving program accessibility include—

(i) Using audio-visual materials and devices to depict those portions of an historic property that cannot otherwise be made accessible;

(ii) Assigning persons to guide handicapped persons into or through portions of historic properties that cannot otherwise be made accessible; or

(iii) Adopting other innovative methods.

(c) *Time period for compliance.* The agency shall comply with the obligations established under this section by October 21, 1986, except that where structural changes in facilities are undertaken, such changes shall be made by August 22, 1989, but in any event as expeditiously as possible.

(d) *Transition plan.* In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by February 23, 1987 a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including handicapped persons or organizations representing handicapped persons, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the agency's facilities that limit the accessibility of its programs or activities to handicapped persons;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§ 4907.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the agency shall be designed, constructed, or

altered so as to be readily accessible to and usable by handicapped persons. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151-4157), as established in 41 CFR 101-19.600 to 101-19.607, apply to buildings covered by this section.

§§ 4907.152-4907.159 [Reserved]

§ 4907.160 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford a handicapped person an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the handicapped person.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf person (TDD's) or equally effective telecommunication systems shall be used.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed

action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 4907.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, handicapped persons receive the benefits and services of the program or activity.

§§ 4907.161-4907.169 [Reserved]

§ 4907.170 Compliance procedures.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The Equal Opportunity Manager shall be responsible for coordinating implementation of this section. Complaints may be sent to Equal Opportunity Manager, Human Resources Department, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005-4026.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction,

it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by handicapped persons.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt from the agency of the letter required by § 4907.170(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.
