

Institute (EEI), the association of shareholder-owned electric companies. See OSHA–H054A–2006–0064–0010.

EEI supported the DFR, commenting: “EEI has no objection to informing employees of exposure determinations regardless of the results. Indeed, EEI members have long been sharing the results of exposure monitoring with their employees, regardless of whether overexposures have been revealed.” EEI went on, however, to ask OSHA for clarification of the Cr(VI) standards’ requirements that employers provide affected employees with notice of exposure determination results within 15 work days in general industry, and within 5 work days in construction. These deadlines for providing required notices were in the Cr(VI) standards as originally promulgated in 2006, and are not being changed in this direct final rulemaking. OSHA noted as much in the DFR notice. (See 75 FR at 12683 (“[T]he number of work days employers have to provide notice to employees will remain unchanged.”).)

Because EEI’s interpretive request is beyond the scope of this narrow direct final rulemaking, and EEI did not explain why the amendment to the scope of the notification requirement would be ineffective without clarification on the timing issue, the Agency has concluded that this is not a significant adverse comment. (See 75 FR at 12683 (“OSHA will not consider a comment recommending an additional amendment to be a significant adverse comment unless the comment states why the direct final rule would be ineffective without the addition.”).) Moreover, because the issues raised by EEI are unrelated to this rulemaking, OSHA will not be addressing them in this notice. EEI may submit its inquiries to OSHA via a written request for a letter of interpretation from the Directorate of Enforcement Programs.

As the Agency did not receive any significant adverse comments, OSHA is hereby confirming that the DFR published on March 17, 2010, will become effective on June 15, 2010.

II. OMB Review Under the Paperwork Reduction Act of 1995

The DFR amends a notification requirement that is subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (PRA–95), 44 U.S.C. 3501 *et seq.*, and OMB’s regulations at 5 CFR part 1320. The information collection requirements (“paperwork”) currently contained in the Chromium VI (Cr(VI)) standards are approved by OMB (Information Collection Request (ICR), *Chromium (VI) Standards for General*

Industry (29 CFR 1910.1026), Shipyard Employment (29 CFR 1915.1026), and Construction (29 CFR 1926.1126)), under OMB Control number 1218–0252. The Department notes that a federal agency cannot conduct or sponsor a collection of information unless it is approved by OMB under the PRA and displays a currently valid OMB control number. The public is not required to respond to a collection of information requirement unless it displays a currently valid OMB control number. Also, notwithstanding any other provisions of law, no person shall be subject to penalty for failing to comply with a collection of information requirement if the requirement does not display a currently valid OMB control number.

On June 22, 2009, OSHA published a preclearance **Federal Register** notice, Docket No. OSHA–2009–0015, as specified in PRA–95 (44 U.S.C. 3506(c)(2)(A)), allowing the public 60 days to comment on a proposal to extend OMB’s approval of the information collection requirements in the Cr(VI) standards (74 FR 29517). This notice also informed the public that OSHA was considering revising the notification requirements in the Cr(VI) standards to require employers to notify employees of all exposure determination results. OSHA estimated the new burden hours and costs that would result from this amendment to the standard, and the public had 60 days to comment on those estimates in accordance with the PRA, 44 U.S.C. 3506(c)(2). OSHA estimated that a requirement to notify employees of all exposure determination results would result in an increase of 62,575 burden hours and would increase employer cost, in annualized terms, by \$1,526,731.

The preclearance comment period closed on August 21, 2009. OSHA did not receive public comments on that notice. On October 30, 2009, OSHA published a **Federal Register** notice announcing that the Cr(VI) ICR had been submitted to OMB (74 FR 56216) for review and approval, and that interested parties had until November 30, 2009, to submit comments to OMB on that submission. No comments were received in response to that notice either. OMB approved the Cr(VI) ICR, but because this direct final rulemaking was still ongoing, the total burden hours approved did not include the additional burden that OSHA had estimated would need to be added to the ICR as a result of this DFR (75 FR 13783, Mar. 23, 2010).

In the DFR published on March 17, 2010, OSHA provided an additional 30 days for the public to comment on the

estimated paperwork implications of the revised notification requirements. The Agency did not receive any comments on paperwork in response to that notice.

On April 23, 2010, OSHA submitted a Change Worksheet to OMB requesting modification of the Cr(VI) ICR to reflect the additional paperwork burdens that need to be added as a result of this DFR. OMB approved OSHA’s request on May 4, 2010.

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Part 4022

Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Valuing and Paying Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

SUMMARY: Pension Benefit Guaranty Corporation's regulation on Benefits Payable in Terminated Single-Employer Plans prescribes interest assumptions for valuing and paying certain benefits under terminating single-employer plans. This final rule amends the benefit payments regulation to adopt interest assumptions for plans with valuation dates in June 2010. Interest assumptions are also published on PBGC's Web site (<http://www.pbgc.gov>).

DATES: Effective June 1, 2010.

FOR FURTHER INFORMATION CONTACT: Catherine B. Klion, Manager, Regulatory and Policy Division, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202-326-4024. (TTY/TDD users may call the Federal Relay Service toll-free at 1-800-877-8339 and ask to be connected to 202-326-4024.)

SUPPLEMENTARY INFORMATION: PBGC's regulations prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits of terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions are intended to reflect current conditions in the financial and annuity markets.

These interest assumptions are found in two PBGC regulations: The regulation on Benefits Payable in Terminated Single-Employer Plans (29 CFR part 4022) and the regulation on Allocation of Assets in Single-Employer Plans (29 CFR part 4044). Assumptions under the asset allocation regulation are updated quarterly; assumptions under the benefit payments regulation are updated monthly. This final rule updates only

the assumptions under the benefit payments regulation.

Two sets of interest assumptions are prescribed under the benefit payments regulation: (1) A set for PBGC to use to determine whether a benefit is payable as a lump sum and to determine lump-sum amounts to be paid by PBGC (found in Appendix B to part 4022), and (2) a set for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology (found in Appendix C to Part 4022).

This amendment (1) adds to Appendix B to part 4022 the interest assumptions for PBGC to use for its own lump-sum payments in plans with valuation dates during June 2010, and (2) adds to Appendix C to Part 4022 the interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's historical methodology for valuation dates during June 2010.

The interest assumptions that PBGC will use for its own lump-sum payments (set forth in Appendix B to part 4022) will be 2.75 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. In comparison with the interest assumptions in effect for May 2010, these interest assumptions represent a decrease of 0.25 percent in the immediate annuity rate and are otherwise unchanged. For private-sector payments, the interest assumptions (set forth in Appendix C to part 4022) will be the same as those used by PBGC for determining and paying lump sums (set forth in Appendix B to part 4022).

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public

interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the valuation and payment of benefits in plans with valuation dates during June 2010, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

Prevention of Significant Deterioration (PSD) and Nonattainment New Source Review (NSR): Aggregation

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of extension of comment period.

SUMMARY: The EPA is announcing an extension of the public comment period on our proposed reconsideration of the Prevention of Significant Deterioration (PSD) and Nonattainment New Source Review (NSR): Aggregation (April 15, 2010). The EPA is extending the comment period that originally closed on May 17, 2010, by an additional 30 days. The comment period will now close on June 16, 2010. The EPA is extending the comment period because of the requests we received, which are contained in the docket for this rulemaking.

DATES: *Comments.* Comments on the proposed rule published April 15, 2010 (75 FR 19567) must be received on or before June 16, 2010.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2003-0064, by one of the following methods:

- <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.
- E-mail: a-and-r-docket@epamail.epa.gov.

Instructions. Direct your comments to Docket ID No. EPA-HQ-OAR-2003-0064. EPA's policy is that all comments received will be included in the public docket without change and may be made available online at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov>, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. For additional instructions on submitting comments, go to the

SUPPLEMENTARY INFORMATION:

I. General Information

A. What should I consider as I prepare my comments for EPA?

1. **Submitting CBI.** Do not submit this information to EPA through <http://www.regulations.gov> or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the
