Re: **Bakery Drivers Local 550 and Industry Pension Fund**
Application for Special Financial Assistance

Dear Sir or Madam:

The undersigned Board of Trustees of the Bakery Drivers Local 550 and Industry Pension Fund ("550 Fund" or "Fund") hereby submits this application and accompanying exhibits for Special Financial Assistance ("SFA") under Section 4262 of the Employee Retirement Income Security Act of 1974, as amended, and the regulations promulgated pursuant thereto.

This application is being filed with the expectation that it will be acted on with great urgency.

The 550 Fund, its retirees, and other participants look forward to your prompt review and approval of this application. Please do not hesitate to contact the authorized representatives listed in this application if you have any questions or require additional information.

Sincerely,

Signed by: [Signature]

(3) Eligibility for SFA

The Plan is eligible for SFA because it has been certified by its actuary to be in critical and declining status within the meaning of section 305(b)(6) of ERISA for the plan year beginning November 1, 2021.

(4) Priority Status/Emergency Application

The Plan originally submitted under priority group 2. The plan subsequently submitted as an emergency application under Final Rule § 4262.10(f). Without SFA, the Plan was projected to become insolvent within one year of the date of the second application, specifically as of September 1, 2023 and had notified the PBGC prior to submission of that application that that application qualified as an emergency filing. This filing is simply a revised filing.

(5) Narrative Description of Contributions

Final Rule § 4264.4(e)(3) states that the actuarial assumptions are those used for the plan's most recently completed certification of plan status before January 1, 2021. In this case, that is the certification of plan status as of November 1, 2016. That certification indicates that the number of active participants and contribution base units (CBUs) are projected to be zero after December 17, 2016. That projection was simply extended through October 31, 2051.

All previously withdrawn employers have either fully satisfied their withdrawal liability, or the withdrawal liability has been determined to be uncollectible. Therefore, there are no assumed withdrawal liability payments from previously withdrawn employers.

(6) a. Assumptions for SFA Eligibility

The Plan is eligible for SFA under § 4262.3(a)(1), as it was certified to be in critical and declining status within the meaning of section 305(b)(6) of ERISA for the plan year beginning November 1, 2021, based on the same assumptions that were used in the most recent actuarial certification of plan status completed before January 1, 2021.

(6) b. Changes to Assumptions for SFA Amount

The following are descriptions of the actuarial assumptions used to determine the amount of SFA that are different than those used in the most recent status certification completed before January 1, 2021, in other words, for the plan year beginning November 1, 2016 (the “2016 status certification”).

Mortality Assumption

Prior Assumption	For the November 1, 2016 certification of Plan status, the mortality assumption was based on the following: • <i>Healthy annuitants:</i> RP-2014 Healthy Annuitant Blue Collar Mortality tables (sex distinct), with rates increased by 10%, and generationally projected using Scale MP-2014 from 2014. • <i>Pre-retirement:</i> RP-2014 Blue Collar Employee Mortality tables (sex distinct), with rates increased by 10%, and generationally projected using Scale MP-2014 from 2014. • <i>Disabled annuitants:</i> RP-2014 Disabled Retiree Mortality tables (sex distinct), and generationally projected using Scale MP-2014 from 2014.
SFA Assumption	The mortality assumption to determine the SFA amount was updated based on the following: • <i>Healthy annuitants:</i> Pri-2012 Nondisabled Annuitant Blue Collar Mortality amount-weighted tables (sex distinct), generationally projected using Scale MP-2021. • <i>Pre-retirement:</i> Pri-2012 Blue Collar Employee Mortality amount-weighted tables (sex distinct), generationally projected using Scale MP-2021. • <i>Disabled annuitants:</i> Pri-2012 Disabled Retiree Mortality amount-weighted tables (sex distinct), generationally projected using Scale MP-2021.
Rationale for Change	The mortality assumption for the 2016 status certification is no longer reasonable as the 10% increase to the incidence of healthy mortality does not comply with the credibility standards referenced in § 1.430(h)(2)-3, which was published after the assumption was initially set. The updated assumption is consistent with the “acceptable” standard in PBGC’s guidance on assumption changes and is reasonable for determining the amount of SFA.

Contribution Base Units (CBUs)

Prior Assumption	CBUs are covered weeks. In the 2016 status certification, covered weeks were assumed to be zero weeks of contribution from December 17, 2016 through the projected date of insolvency.
SFA Assumption	The CBUs were projected to remain at zero weeks from the point of projected insolvency through October 31, 2051.
Rationale for Change	The changed assumption is an extension of the CBU assumption as described in Paragraph A, "Adoption of assumptions not previously factored into the pre-2021 certification of plan status," of Section III, Acceptable Assumption Changes, in PBGC's SFA assumptions guidance.

Withdrawal Liability Payments

Prior Assumption	As of the 2016 status certification, there were no assumed withdrawal liability payments due through the projected date of insolvency.
SFA Assumption	For determining the SFA amount, withdrawal liability payments were projected to remain at zero from the point of projected insolvency through October 31, 2051.
Rationale for Change	The prior assumption was unreasonable because it did not project past the point of projected insolvency. The changed assumption is an extension consistent with the methodology of the CBU assumption as described in Paragraph A, "Adoption of assumptions not previously factored into the pre-2021 certification of plan status," of Section III, Acceptable Assumption Changes, in PBGC's SFA assumptions guidance.

Administrative Expenses

Prior Assumption	The 2016 status certification projected administrative expenses assuming: • \$208,080 per year, payable monthly, (\$200,130 as of the beginning of the year) for the Plan year beginning November 1, 2016. • Administrative expenses are assumed to increase with inflation of 2.0% per year for each year after November 1, 2016 through the projected date of insolvency.
SFA Assumption	For the Baseline (Template 5) projection, the administrative expenses are projected to continue to increase by the assumed inflation rate of 2.0% per year from the projected date of insolvency through October 31, 2051. In addition, the administrative expenses are projected to increase by \$8,305 in the year beginning November 1, 2031 based on 755 projected participants and a projected \$11 increase (from \$41 to \$52) in the PBGC premium. The projected expenses were limited to 12% of the expected benefit payments in each year.
Rationale for Change	This assumption change is an extension of the administrative expenses assumption as described in Paragraph A, "Adoption of assumptions not

	previously factored into pre-2021 certification of plan status” of Section III, Acceptable Assumption Changes, in PBGC’s SFA assumptions guidance.
SFA Assumption	For the determination of the SFA amount, the administrative expense assumption is based on the actual administrative expenses of \$316,449 for the full plan year ended October 31, 2021. This amount (and the adjustments discussed below) are projected to increase by the assumed inflation rate of 2.0% per year through October 31, 2051. This projection then has the following additional adjustments: • Similar to the Baseline projection, there is a \$8,272 increase in the year beginning November 1, 2031 based on 752 projected participants and a projected \$11 increase (from \$41 to \$52) in the PBGC premium. • There is an adjustment for special non-recurring administrative expenses of \$760,000 for the plan year ending October 31, 2023 and \$1,630,000 for the plan year ending October 31, 2026 due to professional fees related to the initial and revised filings of the SFA application. • There is an assumed \$60,387 increase in ongoing administrative expenses in the plan year beginning November 1, 2022 and ending October 31, 2023. • The projected expenses are then reduced by \$40,000 for each of the year’s ending October 31, 2023, 2024, and 2025, with these expenses now assumed to be paid in the year ending October 31, 2026. The projected expenses were limited to 15% of the expected benefit payments in each year (unless the excess is due to projected SFA-related expenses in that plan year). Note that the expenses for the four-month period ending October 31, 2022 were set equal to the actual expenses paid during that period. Also note that a breakout of the projected PBGC premiums was provided as requested. However, the assumption is based on total projected expenses. The “other” expenses is simply the total expenses less the PBGC premium.
Rationale for Change	<i>Baseline Amount</i> The prior administrative expense assumption from the 2016 status certification was set shortly after the earlier transfer of participants to the Teamsters Bakery Drivers and Industry Pension Fund and the mass withdrawal in this Fund. At that time, the allocation of costs to each Fund was purely speculative. Actual expenses since that time have consistently and significantly exceeded the prior assumption. Therefore, the prior assumption is unreasonable. It is reasonable to base future assumed administrative expenses on the most-recent full plan year expenses. <i>Adjustment for SFA fees</i> The SFA application is a substantial project and there were a number of complex issues unique to this application. Based on actual amounts already or soon to be billed by the plan professionals, \$760,000 in the year ending October 31, 2023 and \$1,630,000 in the year ending October 31, 2026 is a reasonable estimate for this expense.

Adjustment to ongoing expenses

This Fund shared ongoing administrative expenses with two other funds, namely the Bakery Drivers Local 550 and Industry Welfare Fund ("BD 550 WF") and the Teamsters Bakery Drivers and Industry Pension Fund ("TBD PF"). For the year ended October 31, 2021, the total common administrative expenses were \$342,741, which were allocated \$126,855 to this Fund, \$47,812 to the BD 550 WF, and \$168,054 to the TBD PF. The BD 550 WF is in the process of closing down and as of January 1, 2022 no expenses are allocated to that fund. Therefore, the common expenses will be allocated among the two remaining funds. We have assumed that the expenses previously allocated to the BD 550 WF will be allocated proportionally to the current allocations. Therefore, the additional allocation to this Fund will be $\$47,812 \times \$126,855 / (\$126,855 + \$168,054) = \$20,566$. When adjusted for two years of 2.0% inflation, the increase for the plan year ending October 31, 2023 is \$21,397.

The actuarial consulting retainer amount was \$50,000 in 2010. Due to the Fund's projected insolvency, it was agreed not to increase this amount. After the Fund's mass withdrawal, this retainer amount was further reduced to \$25,000. As the Fund will no longer be facing imminent insolvency, the Trustees have agreed that the earlier retainer amount should be adjusted for inflation and therefore increased to \$65,000 for year-end 2023. The projected actuarial fees for the plan year ending October 31, 2023 based on the actual expenses for the plan year ended October 31, 2021 were $\$25,000 \times 1.02^2 = \$26,010$. Therefore, it is reasonable that the assumed expenses will increase by \$38,990 (\$65,000 less \$26,010) for the year ending October 31, 2023. Ongoing services for the Fund include preparation of the annual valuation, attendance at Trustees' meetings, drafting meeting minutes, participant benefit calculations, QDRO calculations, and ongoing support for the Trustees, Administrator, and other plan professionals.

Although the actuarial retainer adjustment is effective with the 2023 year, it was not permitted to be paid until the receipt of SFA. Therefore, the \$40,000 increase (from \$25,000 to \$65,000) for 2023, 2024, and 2025 is assumed not to be paid in those respective years but rather to all be paid in 2026.

Limitation based on benefit payments

The prior assumption of 12% is not reasonable based on the level of benefit payments that will be in effect when this limitation becomes effective. Based on the "acceptable" assumption, the limitation would be 12%. But this rule is based on the *current* level of benefit payments. The limitation (based on 12%) would not kick in until the plan year beginning November 1, 2042. At that time, the benefit payments are projected to be below \$5 million per year. If the "acceptable" assumption for a similar plan applying at that time would be a 15% limitation, clearly that should be the appropriate and reasonable assumption for those same payment years for a plan applying today.

Form of Payment Election

Prior Assumption	80% of participants (all those assumed to be married) elect the 50% Joint and Survivor Annuity 20% of participants (all those assumed to be unmarried) elect the Single Life Annuity
SFA Assumption	35% elect the 50% Joint and Survivor Annuity 12% elect the 75% Joint and Survivor Annuity 53% elect the Single Life Annuity
Rationale for Change	The prior assumption is no longer reasonable as it is not consistent with actual plan experience. The new assumption is reasonable as it is consistent with actual plan experience based on a review of all new retirements over the fifteen-year period that ended October 31, 2020. The actual experience for form of payment election is shown in the chart below. Note that the Single Life Annuity with the 3-year and 5-year certain periods are no longer offered by the Plan and therefore all Single Life Annuity forms were aggregated for the assumption. The 50% Joint and Survivor and the 50% Joint and Survivor with "Pop-up" were deemed sufficiently similar and were therefore aggregated for purposes of the assumption.

Historical Data on Form of Payment Election

Number and Percentage of Participants Electing Each of the Forms of Payment during the Period November 1, 2005 to October 31, 2020		
Form of Payment	Number Electing Form of Payment	Percentage Electing Form of Payment
Single Life Annuity	55	12%
Single Life Annuity with 3-year certain period	71	15%
Single Life Annuity with 5-year certain period	122	26%
50% Joint and Survivor Annuity	98	21%
50% Joint and Survivor Annuity with "Pop-up"	66	14%
75% Joint and Survivor Annuity	57	12%
Total	469	100%

(7) Reinstatement of Suspended Benefits

As of the date of this revised SFA application, the Plan suspended benefits under section 4245(a) of ERISA. The Plan will reinstate the benefits that were previously suspended for participants and beneficiaries effective as of the first month in which the SFA is paid to the Fund. The Fund will provide make-up payments equal to the amount of benefits previously suspended to any participants or beneficiaries who are in pay status as of the date that the SFA is paid to the Fund. The make-up payments will be paid in a single lump sum no later than 3 months after the date that the SFA is paid to the Fund.

Certification of Eligibility for Special Financial Assistance

This document is a certification that the Bakery Drivers Local 550 and Industry Pension Fund meets the eligibility requirements for the receipt of special financial assistance ("SFA") under §4262.3(a)(1) of the final rule issued by the Pension Benefit Guaranty Corporation. The plan was in critical and declining status within the meaning of section 305(b)(6) of ERISA for the 2021 plan year as it was described in ERISA section 305(b)(2)(D) based on a projected insolvency within two years.

I am a member of the American Academy of Actuaries, and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion herein. To the best of my knowledge, the information supplied herein is complete and accurate. In my opinion, all assumptions used for the determination of eligibility for SFA are reasonable considering the experience of the Plan and reasonable expectations.

Joshua Kaplan, FSA, FCA, MAAA, EA
Senior Vice President and Actuary
Enrolled Actuary No. 26-05487

June 8, 2026

Section E, Item 5: Certification of SFA Amount

Certification of the Amount of Special Financial Assistance

This is a certification that the amount of special financial assistance ("SFA") requested in this application, \$128,683,155, is the amount to which the Bakery Drivers Local 550 and Industry Pension Fund ("Fund") is entitled under §4262(j)(1) of ERISA and §4262.4 of the final rule issued by the Pension Benefit Guaranty Corporation's ("PBGC").

Base Data

The "base data" used in the calculation of the SFA amount include:

- SFA measurement date of June 30, 2022
- Participant census data as of October 31, 2020
- Non-SFA interest rate of 5.38% and SFA interest rate of 3.07%, as prescribed under §4262.4, paragraphs (e)(1) and (e)(2), respectively.

Census Data

The participant census data used to calculate the SFA amount is the same as the data used in the actuarial valuation as of October 31, 2020, except that it excludes participants who were identified as deceased prior to October 31, 2020 by the death audits performed by PBGC on the valuation data. Specifically, the participant counts from the October 31, 2020 valuation were adjusted as follows:

	Active	Terminated Vested	Retiree	Beneficiary	Total
October 31, 2020 Valuation Report Counts	0	259	668	198	1,125
IDA Match – Participant removed, known beneficiary included	0	0	(1)	1	0
IDA Match – Participant removed, no beneficiary included	0	(1)	(3)	0	(4)
Counts for SFA Application	0	258	664	199	1,121

Note: The terminated vested count includes 8 beneficiaries with rights to deferred payments in valuation data, increasing to 9 in the SFA census data. The terminated vested count of deaths with a beneficiary of 0 is the net of 1 death removed and 1 deferred beneficiary added. The retiree count includes 1 in suspended status but excludes 18 alternate payees in pay status.

Actuarial Statement

Segal has performed the calculation of the SFA amount at the request of the Board of Trustees of the Bakery Drivers Local 550 and Industry Pension Fund as part of the Plan's application for SFA. The calculation of the SFA amount shown in the Fund's application for SFA is not applicable for other purposes.

In general, the actuarial assumptions and methods used in the calculation of the SFA amount are the same as those used in the certification of the Plan's status as of November 1, 2016, dated January 27, 2017. Assumptions that were extended or otherwise changed for purposes of

Bakery Drivers Local 550 and Industry Pension Fund

EIN 13-6626195, PN 001 | Application for Special Financial Assistance | Section E, Item 5

calculating the SFA amount include those related to interest rate, mortality, contribution base units, withdrawal liability payments, benefit election forms, and administrative expenses. Section D, item 6.b. of the Plan's application for SFA includes descriptions and justifications of the assumption changes.

Segal has performed the calculation of the SFA amount in accordance with generally accepted actuarial principles and practices, as well as the provisions under §4262.4 of PBGC's SFA final rule. The calculation is based on the fair market value of assets as of the SFA measurement date, as certified by the Board of Trustees, and other relevant information provided by the Plan Administrator. Segal does not audit the data provided. The accuracy and comprehensiveness of the data is the responsibility of those supplying the data. To the extent we can, however, Segal does review the data for reasonableness and consistency. Based on our review of the data, we have no reason to doubt the substantial accuracy of the information on which we have based the calculation of the SFA amount, and we have no reason to believe there are facts or circumstances that would affect the validity of these results.

Segal does not practice law and, therefore, cannot and does not provide legal advice. Any statutory interpretation on which these calculations are based reflects Segal's understanding as an actuarial firm.

I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion herein. To the best of my knowledge, the information supplied herein is complete and accurate. Each prescribed assumption for the determination of the SFA amount was applied in accordance with applicable law and regulations. In my opinion, all other assumptions are reasonable considering the experience of the Plan and reasonable expectations.

Application Checklist

v20240717p

Instructions for Section E, Item 1 of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance (SFA):

The Application to PBGC for Approval of Special Financial Assistance Checklist ("Application Checklist" or "Checklist") identifies all information required to be filed with an initial or revised application. For a supplemented application, instead use "Application Checklist - Supplemented." The Application Checklist is not required for a lock-in application.

For a plan required to submit additional information described in Addendum A of the SFA Filing Instructions, also complete Checklist Items #40.a. to #49.b., and if there is a merger as described in Addendum A, also complete Checklist Items #50 through #63.

Applications (including this Application Checklist), with the exception of lock-in applications, must be submitted to PBGC electronically through PBGC's e-Filing Portal, (<https://efilingportal.pbgc.gov/site/>). After logging into the e-Filing Portal, go to the Multiemployer Events section and click "Create New ME Filing." Under "Select a filing type," select "Application for Financial Assistance – Special." Note: revised and supplemented applications must be submitted by selecting "Create New ME Filing."

Note: If you go to the e-Filing Portal and do not see "Application for Financial Assistance – Special" under the "Select a Filing Type," then the e-Filing Portal is temporarily closed and PBGC is not accepting applications (other than lock-in applications) at the time, unless the plan is eligible to make an emergency filing under § 4262.10(f). PBGC's website, www.pbgc.gov, will be updated when the e-Filing Portal reopens for applications. PBGC maintains information on its website at www.pbgc.gov to inform prospective applicants about the current status of the e-Filing portal, as well as to provide advance notice of when PBGC expects to open or temporarily close the e-Filing Portal.

General instructions for completing the Application Checklist:

Complete all items that are shaded: 

If required information was already filed: (1) through PBGC's e-Filing Portal; or (2) through any means for an insolvent plan, a plan that has received a partition, or a plan that submitted an emergency filing, the filer may either upload the information with the application or include a statement in the Plan Comments section of the Application Checklist indicating the date on which and the submission with which the information was previously filed. For any such items previously provided, enter N/A as the **Plan Response**.

For a revised application, the filer may, but is not required to, submit an entire application. For all Application Checklist Items that were previously filed that are not being changed, the filer may include a statement in the Plan Comments section of the Application Checklist to indicate that the other information was previously provided as part of the initial application. For each, enter N/A as the **Plan Response**.

Instructions for specific columns:

Plan Response: Provide a response to each item on the Application Checklist, using only the **Response Options** shown for each Checklist Item.

Name(s) of Files Uploaded: Identify the full name of the file or files uploaded that are responsive to the Checklist Item. The column **Upload as Document Type** provides guidance on the "document type" to select when submitting documents on PBGC's e-Filing Portal.

Page Number Reference(s): For Checklist Items #22 to #29c, submit all information in a single document and identify here the relevant page numbers for each such Checklist Item.

Plan Comments: Use this column to provide explanations for any **Plan Response** that is N/A, to respond as may be specifically identified for Checklist Items, and to provide any optional explanatory comments.

Additional guidance is provided in the following columns:

Upload as Document Type: When uploading documents in PBGC's e-Filing Portal, select the appropriate Document Type for each document that is uploaded. This column provides guidance on the Document Type to select for each Checklist Item. You may upload more than one document using the same Document Type, and there may be Document Types on the e-Filing Portal for which you have no documents to upload.

Required Filenaming (if applicable): For certain Checklist Items, a specified format for naming the file is required.

SFA Instructions Reference: Identifies the applicable section and item number in PBGC's Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance.

You must select N/A if a Checklist Item # is not applicable to your application. **Your application will be considered incomplete if No is entered as a Plan Response for any of Checklist Items #1 through #39 on the Application Checklist. If there has been an event as described in § 4262.4(f), complete Checklist Items #40.a. through #49.b., and if there has been a merger described in Addendum A, also complete Checklist Items #50 through #63. Your application will be considered incomplete if No is entered as a Plan Response for any of Checklist Items #40.a. through #49.b. if you are required to complete Checklist Items # 40.a. through #49.b. Your application will also be considered incomplete if No is entered as a Plan Response for any of Checklist Items #50 through #63 if you are required to complete Checklist Items #50 through #63.**

If a Checklist Item # asks multiple questions or requests multiple items, the Plan Response should only be Yes if the plan is providing all information requested for that Checklist Item.

Note, a Yes or No response is also required for Checklist Items #a through #f.

Note, in the case of a plan applying for priority consideration, the plan's application must also be submitted to the Treasury Department. If that requirement applies to an application, PBGC will transmit the application to the Treasury Department on behalf of the plan. See IRS Notice [NOTICE] for further information.

All information and documentation, unless covered by the Privacy Act, that is included in an SFA application may be posted on PBGC's website at www.pbgc.gov or otherwise publicly disclosed, without additional notification. Except to the extent required by the Privacy Act, PBGC provides no assurance of confidentiality in any information included in an SFA application.

Version Updates (newest version at top)

Version	Date updated
---------	--------------

v20240717p	07/17/2024	Update checklist items 11.c, 34.a, and 35 for death audit requirements and to align with instructions
v07272023p	07/27/2023	Updated checklist to include new Template 10 requirement and reflect changes to eligibility and death audit instructions
v20221129p	11/29/2022	Updated checklist item 11. for new death audit requirements
v20220802p	08/02/2022	Fixed some of the shading in the checklist
v20220706p	07/06/2022	

Application to PBGC for Approval of Special Financial Assistance (SFA)

TEMPLATE 4A

v20221102p

SFA Determination - under the "basic method" for all plans, and under the "increasing assets method" for MPRA plans

File name: *Template 4A Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

If submitting additional information due to a merger under § 4262.4(f)(1)(ii): *Template 4A Plan Name Merged*, where "Plan Name Merged" is an abbreviated version of the plan name for the separate plan involved in the merger.

If submitting additional information due to certain events with limitations under § 4262.4(f)(1)(i): *Template 4A Plan Name Add*, where "Plan Name" is an abbreviated version of the plan name.

If submitting a supplemented application under § 4262.4(g)(6): *Template 4A Supp Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (4) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

IFR filers submitting a supplemented application should see Addendum C for more information.

MPRA plans using the "increasing assets method" should see Addendum D for more information.

For all plans, provide information used to determine the amount of SFA under the "basic method" described in § 4262.4(a)(1).

For MPRA plans, also provide information used to determine the amount of SFA under the "increasing assets method" described in § 4262.4(a)(2)(i).

The information to be provided is:

NOTE: All items below are provided on Sheet '4A-4 SFA Details .4(a)(1)' unless otherwise indicated.

- a. The amount of SFA calculated using the "basic method", determined as a lump sum as of the SFA measurement date.
- b. Non-SFA interest rate required under § 4262.4(e)(1) of PBGC's SFA regulation, including supporting details on how it was determined.
[Sheet: 4A-1 Interest Rates]
- c. SFA interest rate required under § 4262.4(e)(2) of PBGC's SFA regulation, including supporting details on how it was determined.
[Sheet: 4A-1 Interest Rates]
- d. Fair market value of assets as of the SFA measurement date. This amount should include any assets at the SFA measurement date attributable to financial assistance received by the plan under section 4261 of ERISA, but should not reflect a payable for amounts owed to PBGC for all amounts of such financial assistance received by the plan.

e. For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"):

- i. Separately identify the projected amount of contributions, projected withdrawal liability payments reflecting a reasonable allowance for amounts considered uncollectible, and other payments expected to be made to the plan (excluding the amount of financial assistance under section 4261 of ERISA and SFA to be received by the plan).
- ii. Identify the benefit payments described in § 4262.4(b)(1) (including any benefits that were restored under 26 CFR 1.432(e)(9)-(1)(e)(3) and excluding the payments in e.iii. below), separately for current retirees and beneficiaries, current terminated vested participants not yet in pay status, current active participants, and new entrants.

[Sheet: 4A-2 SFA Ben Pmts]

Identify total benefit payments paid and expected to be paid from projected SFA assets separately from total benefit payments paid and expected to be paid from non-SFA assets after the projected SFA assets are fully exhausted.

- iii. Separately identify the make-up payments described in § 4262.4(b)(1) attributable to the reinstatement of benefits under § 4262.15 that were previously suspended through the SFA measurement date.

[Also see applicable examples in Section C, Item (4)e.iii. of the SFA instructions.]

- iv. Separately identify administrative expenses paid and expected to be paid (excluding the amount owed PBGC under section 4261 of ERISA) for premiums to PBGC and for all other administrative expenses.

[Sheet: 4A-3 SFA Pcount and Admin Exp]

Identify total administrative expenses paid and expected to be paid from projected SFA assets separately from total administrative expenses paid and expected to be paid from non-SFA assets after the projected SFA assets are fully exhausted.

- v. Provide the projected total participant count at the beginning of each year.

[Sheet: 4A-3 SFA Pcount and Admin Exp]

- vi. Provide the projected investment income earned by assets not attributable to SFA based on the non-SFA interest rate in b. above and the projected fair market value of non-SFA assets at the end of each plan year.

- vii. Provide the projected investment income earned by assets attributable to SFA based on the SFA interest rate in c. above (excluding investment returns for the plan year in which the sum of annual projected benefit payments and administrative expenses for the year exceeds the beginning-of-year projected SFA assets) and the projected fair market value of SFA assets at the end of each plan year.

f. The projected SFA exhaustion year. This is the first day of the plan year in which the sum of annual projected benefit payments and administrative expenses for the year exceeds the beginning-of-year projected SFA assets. Note this date is only required for the calculation method under which the requested amount of SFA is determined.

Additional instructions for each individual worksheet:

Sheet

4A-1 SFA Determination - non-SFA Interest Rate and SFA Interest Rate

See instructions on 4A-1 Interest Rates.

4A-2 SFA Determination - Benefit Payments for the "basic method" for all plans, and for the "increasing assets method" for MRPA plans

This sheet is not required for an IFR filer submitting a supplemented application under § 4262.4(g)(6) if the total projected benefit payments are the same as those used in the application approved under the interim final rule.

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date), and
- Year-by-year deterministic projection of benefit payments.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), identify benefit payments described in § 4262.4(b)(1) for current retirees and beneficiaries, current terminated vested participants not yet in pay status, currently active participants, and new entrants. Projected benefit payments should be entered based on current participant status as of the SFA census date. On this Sheet 4A-2, show all benefit payments as positive amounts.

If the plan has suspended benefit payments under sections 305(e)(9) or 4245(a) of ERISA, the benefit payments in this Sheet 4A-2 projection should reflect prospective reinstatement of benefits assuming such reinstatements commence as of the SFA measurement date. If the plan restored or partially restored benefits under 26 CFR 1.432(e)(9)-1(e)(3) before the SFA measurement date, the benefit payments in this Sheet 4A-2 should reflect fully restored prospective benefits.

Make-up payments to be paid to restore previously suspended benefits should not be included in this Sheet 4A-2, and are separately shown in Sheet 4A-4.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date, so the first row may contain less than a full plan year of information. For all other periods, provide the full plan year of information up to the plan year ending in 2051.

4A-3 SFA Determination - Participant Count and Administrative Expenses for the "basic method" for all plans, and for the "increasing assets method" for MPRA plans

This sheet is not required for an IFR filer submitting a supplemented application under § 4262.4(g)(6).

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date), and
- Year-by-year deterministic projection of participant count and administrative expenses.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), identify the projected total participant count at the beginning of each year, as well as administrative expenses, separately for premiums to PBGC and for all other administrative expenses. On this Sheet 4A-3, show all administrative expenses as positive amounts. Total expenses should match the amounts shown on 4A-4 and 4A-5.

Any amounts owed to PBGC for financial assistance under section 4261 of ERISA should not be included in this Sheet 4A-3.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date, so the first row may contain less than a full plan year of information. For all other periods, provide the full plan year of information up to the plan year ending in 2051.

4A-4 SFA Determination - Details for the "basic method" under § 4262.4(a)(1) for all plans

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date, non-SFA interest rate, SFA interest rate),
- MPRA plan status and, if applicable, certain MPRA information,
- Fair Market Value of Assets as of the SFA measurement date,
- SFA Amount as of the SFA measurement date calculated under the "basic method",
- Projected SFA exhaustion year (only if the requested amount of SFA is determined under the "basic method"), and
- Year-by-year deterministic projection.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), provide each of the items requested in Columns (1) through (12). Show payments INTO the plan as positive amounts and payments OUT of the plan as negative amounts.

If the plan has suspended benefit payments under sections 305(e)(9) or 4245(a) of ERISA, Column (5) should show the make-up payments to be paid to restore the previously suspended benefits. These amounts should be determined as if such make-up payments are paid beginning as of the SFA measurement date. If the plan sponsor elects to pay these amounts as a lump sum, then the lump sum amount is assumed paid as of the SFA measurement date. If the plan sponsor elects to pay equal installments over 60 months, the first monthly payment is assumed paid on the first regular payment date on or after the SFA measurement date. See the examples in the SFA Instructions. If the make-up payments are paid over 60 months, each row in the projection should reflect the monthly payments for that period. The prospective reinstatement of suspended benefits is included in Column (4); Column (5) is only for make-up payments for past benefits that were suspended.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date, so the first row may contain less than a full plan year of information. For all other periods, provide the full plan year of information up to the plan year ending in 2051.

4A-5 SFA Determination - Details for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans

This sheet is to only be used by MPRA plans. For such plans, this sheet should be completed in addition to Sheet 4A-4.

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date, non-SFA interest rate, SFA interest rate),
- MPRA plan status, and if applicable, certain MPRA information,
- Fair Market Value of Assets as of the SFA measurement date,
- SFA Amount as of the SFA measurement date calculated under the "increasing assets method",
- Projected SFA exhaustion year (only if the requested amount of SFA is determined under the "increasing assets method"), and
- Year-by-year deterministic projection.

This sheet is identical to Sheet 4A-4, and the information in Columns (1) through (6) should be the same as that used in the "basic method" calculation in Sheet 4A-4. The SFA Amount as of the SFA Measurement Date will differ from that calculated in Sheet 4A-4, as it will be calculated in accordance with § 4262.4(a)(2)(i) as the lowest whole dollar amount (not less than \$0) for which, as of the last day of each plan year during the SFA coverage period, projected SFA assets and projected non-SFA assets are both greater than or equal to zero, and, as of the last day of the SFA coverage period, the sum of projected SFA assets and projected non-SFA assets is greater than the amount of such sum as of the last day of the immediately preceding plan year.

SFA Determination - non-SFA Interest Rate and SFA Interest Rate

Provide the non-SFA interest rate and SFA interest rate used, including supporting details on how they were determined.

PLAN INFORMATION

Abbreviated Plan Name:	BD 550 PF
EIN:	13-6626195
PN:	001
Initial Application Date:	09/28/2022
SFA Measurement Date:	06/30/2022
Last day of first plan year ending after the measurement date:	10/31/2022

For a plan other than a plan described in § 4262.4(g) (i.e., for a plan that has not filed an initial application under PBGC's interim final rule), the last day of the third calendar month immediately preceding the plan's initial application date.
For a plan described in § 4262.4(g) (i.e., for a plan that filed an initial application prior to publication of the final rule), the last day of the calendar quarter immediately preceding the plan's initial application date.

Non-SFA Interest Rate Used:	5.38%
SFA Interest Rate Used:	3.07%

Rate used in projection of non-SFA assets.

Rate used in projection of SFA assets.

Development of non-SFA interest rate and SFA interest rate:

Plan Interest Rate:	7.50%
---------------------	-------

Interest rate used for the funding standard account projections in the plan's most recently completed certification of plan status before 1/1/2021.

Corresponding ERISA Section 303(h)(2)(C)(i), (ii), and (iii) rates
disregarding modifications made under clause (iv) of such section.

	Month Year	(i)	(ii)	(iii)
Month in which plan's initial application is filed, and corresponding segment rates (leave (i), (ii), and (iii) blank if the IRS Notice for this month has not yet been issued):	September 2022	1.41%	3.09%	3.58%
1 month preceding month in which plan's initial application is filed, and corresponding segment rates:	August 2022	1.27%	2.99%	3.51%
2 months preceding month in which plan's initial application is filed, and corresponding segment rates:	July 2022	1.14%	2.89%	3.44%
3 months preceding month in which plan's initial application is filed, and corresponding segment rates:	June 2022	1.02%	2.80%	3.38%

24-month average segment rates without regard to interest rate stabilization rules. These rates are issued by IRS each month. For example, the applicable segment rates for August 2021 are 1.13%, 2.70%, and 3.38%. Those rates were issued in [IRS Notice 21-50](#) on August 16, 2021 (see page 2 of notice under the heading "24-Month Average Segment Rates Without 25-Year Average Adjustment").

They are also available on IRS' [Funding Yield Curve Segment Rate Tables](#) web page (See Funding Table 3 under the heading "24-Month Average Segment Rates Not Adjusted").

Non-SFA Interest Rate Limit (lowest 3rd segment rate plus 200 basis points):	5.38%
--	-------

This amount is calculated based on the other information entered above.

Non-SFA Interest Rate Calculation (lesser of Plan Interest Rate and Non-SFA Interest Rate Limit):	5.38%
Non-SFA Interest Rate Match Check:	Match

This amount is calculated based on the other information entered above.

If the non-SFA Interest Rate Calculation is not equal to the non-SFA Interest Rate Used, provide explanation below.

SFA Interest Rate Limit (lowest average of the 3 segment rates plus 67 basis points):	3.07%
---	-------

This amount is calculated based on the other information entered.

SFA Interest Rate Calculation (lesser of Plan Interest Rate and SFA Interest Rate Limit):	3.07%
SFA Interest Rate Match Check:	Match

This amount is calculated based on the other information entered above.

If the SFA Interest Rate Calculation is not equal to the SFA Interest Rate Used, provide explanation below.

TEMPLATE 4A - Sheet 4A-2

v20221102p

SFA Determination - Benefit Payments for the "basic method" for all plans, and for the "increasing assets method" for MRPA plans

See Template 4A Instructions for Additional Instructions for Sheet 4A-2.

PLAN INFORMATION

Abbreviated Plan Name:	BD 550 PF
EIN:	13-6626195
PN:	001
SFA Measurement Date:	06/30/2022

On this Sheet, show all benefit payment amounts as positive amounts.

PROJECTED BENEFIT PAYMENTS for:

SFA Measurement Date / Plan Year Start Date	Plan Year End Date	Current Retirees and Beneficiaries in Pay Status	Current Terminated Vested Participants	Current Active Participants	New Entrants	Total
06/30/2022	10/31/2022	\$3,233,813	\$105,579	\$0	\$0	\$3,339,392
11/01/2022	10/31/2023	\$9,356,924	\$491,886	\$0	\$0	\$9,848,811

TEMPLATE 4A - Sheet 4A-4

v20221102p

SFA Determination - Details for the "basic method" under § 4262.4(a)(1) for all plans

See Template 4A Instructions for Additional Instructions for Sheet 4A-4.

PLAN INFORMATION

Abbreviated Plan Name:	BD 550 PF	
EIN:	13-6626195	
PN:	001	
MPRA Plan?	No	Meets the definition of a MPRA plan described in § 4262.4(a)(3)?
If a MPRA Plan, which method yields the greatest amount of SFA?	N/A	MPRA increasing assets method described in § 4262.4(a)(2)(i). MPRA present value method described in § 4262.4(a)(2)(ii).
SFA Measurement Date:	06/30/2022	
Fair Market Value of Assets as of the SFA Measurement Date:	\$12,019,545	
SFA Amount as of the SFA Measurement Date under the method calculated in this Sheet:	\$128,683,155	Per § 4262.4(a)(1), the lowest whole dollar amount (not less than \$0) for which, as of the last day of each plan year during the SFA coverage period, projected SFA assets and projected non-SFA assets are both greater than or equal to zero.
Projected SFA exhaustion year:	11/01/2041	Only required on this sheet if the requested amount of SFA is based on the "basic method". Plan Year Start Date of the plan year in which the sum of annual projected benefit payments and administrative expenses for the year exceeds the beginning-of-year projected SFA assets.
Non-SFA Interest Rate:	5.38%	
SFA Interest Rate:	3.07%	

		On this Sheet, show payments INTO the plan as positive amounts, and payments OUT of the plan as negative amounts.												
		(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)	(11)	(12)	
						Make-up Payments Attributable to Reinstatement of Benefits Suspended through the SFA Measurement Date	Administrative Expenses (excluding amount owed of PBGC under 4261 of ERISA; should match total from Sheet 4A-3)	Benefit Payments (from (4) and (5)) and Administrative Expenses (from (6)) Paid from SFA Assets	SFA Investment Income Based on SFA Interest Rate	Projected SFA Assets at End of Plan Year (prior year assets + (7) + (8))	Benefit Payments (from (4) and (5)) and Administrative Expenses (from (6)) Paid from Non-SFA Assets	Non-SFA Investment Income Based on Non- SFA Interest Rate	Projected Non-SFA Assets at End of Plan Year (prior year assets + (1) + (2) + (3) + (10) + (11))	
SFA Measurement Date / Plan Year Start Date	Plan Year End Date	Contributions	Withdrawal Liability Payments	Other Payments to Plan (excluding financial assistance and SFA)	Benefit Payments (should match total from Sheet 4A-2)

TEMPLATE 5A

v20220802p

Baseline - for non-MPRA plans using the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

File name: *Template 5A Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (5) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

This Template 5A is not required if all assumptions and methods used to determine the requested SFA amount are identical to those used in the most recent actuarial certification of plan status completed before 1/1/2021 ("pre-2021 certification of plan status"), except the non-SFA and SFA interest rates, and except any assumptions that were changed in accordance with Section III, Acceptable Assumption Changes in PBGC's SFA assumptions guidance (other than the acceptable assumption change for "missing" terminated vested participants described in Section III.E. of PBGC's SFA assumptions guidance).

Provide a separate deterministic projection ("Baseline") using the same calculation methodology used to determine the requested SFA amount, in the same format as Template 4A (Sheets 4A-2, 4A-3, and either 4A-4 or 4A-5) that shows the amount of SFA that would be determined if all underlying assumptions and methods used in the projection were the same as those used in the pre-2021 certification of plan status, except the plan's non-SFA interest rate and SFA interest rate, which should be the same as used in Template 4A (Sheet 4A-1).

For purposes of this Template 5A, any assumption change made in accordance with Section III, Acceptable Assumption Changes, in PBGC's SFA assumptions guidance should be reflected in this Baseline calculation of the SFA amount and supporting projection information, except that an assumption change for "missing" terminated vested participants described in Section III.E of PBGC's SFA assumptions guidance should not be reflected in the Baseline projections. See examples in the SFA instructions for Section C, Item (5).

Additional instructions for each individual worksheet:

Sheet

5A-1 Baseline - Benefit Payments for the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

See Template 4A instructions for Sheet 4A-2, except provide the benefit payment projection used to determine the Baseline SFA amount.

5A-2 Baseline - Participant Count and Administrative Expenses for the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

See Template 4A instructions for Sheet 4A-3, except provide the projected total participant count and administrative expense projection used to determine the Baseline SFA amount.

5A-3 Baseline - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

For non-MPRA plans, see Template 4A instructions for Sheet 4A-4, except provide the projection used to determine the Baseline SFA amount under the "basic method" described in § 4262.4(a)(1). Unlike Sheet 4A-4, it is not necessary to explicitly identify the projected SFA exhaustion year in Sheet 5A-3.

For MPRA plans for which the requested amount of SFA is determined under the "increasing assets method", see Template 4A instructions for Sheet 4A-5, except provide the projection used to determine the Baseline SFA amount under the "increasing assets method" described in § 4262.4(a)(2)(i). Unlike Sheet 4A-5, it is not necessary to identify the projected SFA exhaustion year in Sheet 5A-3.

TEMPLATE 6A

v20220802p

Reconciliation - for non-MPRA plans using the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

File name: *Template 6A Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (6) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

This Template 6A is not required if all assumptions and methods used to determine the requested SFA amount are identical to those used in the most recent actuarial certification of plan status completed before 1/1/2021 ("pre-2021 certification of plan status"), except the non-SFA and SFA interest rates, and except any assumptions changed in accordance with Section III, Acceptable Assumption Changes, in PBGC's SFA assumptions guidance (other than the acceptable assumption change for "missing" terminated vested participants described in Section III.E of PBGC's SFA assumptions guidance).

This Template 6A is also not required if the requested SFA amount from Template 4A is the same as the SFA amount shown in Template 5A (Baseline).

If the assumptions/methods used to determine the requested SFA amount differ from those in the "Baseline" projection in Template 5A, then provide a reconciliation of the change in the total amount of SFA due to each change in assumption/method from the Baseline to the requested SFA as shown in Template 4A.

For each assumption/method change from the Baseline through the requested SFA amount, provide a deterministic projection using the same calculation methodology used to determine the requested SFA amount, in the same format as Template 4A (either Sheet 4A-4 or Sheet 4A-5).

Additional instructions for each individual worksheet:

Sheet

6A-1 Reconciliation - Summary for the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

For Item number 1, show the SFA amount determined in Template 5A using the "Baseline" assumptions and methods. If there is only one change in assumptions/methods between the Baseline (Template 5A) and the requested SFA amount (Template 4A), then show on Item number 2 the requested SFA amount, and briefly identify the change in assumptions from the Baseline.

If there is more than one change in assumptions/methods from the Baseline, show each individual change as a separate Item number. Each Item number should reflect all changes already measured in the prior Item number. For example, the difference between the SFA amount shown for Item number 4 and Item number 5 should be the incremental change due to changing the identified single assumption/method. The Item numbers should show assumption/method changes in the order that they were incrementally measured.

6A-2 Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

For non-MPRA plans, see Template 4A instructions for Sheet 4A-4, except provide the projection used to determine the intermediate Item number 2 SFA amount from Sheet 6A-1 under the "basic method" described in § 4262.4(a)(1). Unlike Sheet 4A-4, it is not necessary to explicitly identify the projected SFA exhaustion year in Sheet 6A-2.

For MPRA plans for which the requested amount of SFA is determined under the "increasing assets method", see Template 4A instructions for Sheet 4A-5, except provide the projection used to determine each intermediate SFA amount from Sheet 6A-1 under the "increasing assets method" described in § 4262.4(a)(2)(i). Unlike Sheet 4A-5, it is not necessary to explicitly identify the projected SFA exhaustion year in Sheet 6A-2.

A Reconciliation Details sheet is not needed for the last Item number shown in the Sheet 6A-1 Reconciliation, since the information should be the same as shown in Template 4A. For example, if there is only one assumption change from the Baseline, then Item number 2 should identify what assumption changed between the Baseline and Item number 2, where Item number 2 is the requested SFA amount. Since details on the determination of the requested SFA amount are shown in Template 4A, a separate Sheet 6A-2 Reconciliation Details is not required here.

6A-3 Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

See instructions for 6A-2 Reconciliation Details, except for the intermediate Item number 3 SFA amount from Sheet 6A-1.

6A-4 Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

See instructions for 6A-2 Reconciliation Details, except for the intermediate Item number 4 SFA amount from Sheet 6A-1.

6A-5 Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

See instructions for 6A-2 Reconciliation Details, except for the intermediate Item number 5 SFA amount from Sheet 6A-1.

TEMPLATE 6A - Sheet 6A-1

v20220802p

Reconciliation - Summary for the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

See Template 6A Instructions for Additional Instructions for Sheet 6A-1.

PLAN INFORMATION

Abbreviated Plan Name:	BD 550 PF	
EIN:	13-6626195	
PN:	001	
MPRA Plan?	No	
If a MPRA Plan, which method yields the greatest amount of SFA?	N/A	

Item number	Basis for Assumptions/Methods. For each Item, briefly describe the incremental change reflected in the SFA amount.	Change in SFA Amount (from prior Item number)	SFA Amount
1	Baseline	N/A	\$122,885,791
2	Form of payment election	\$248,235	\$123,134,026
3	Administrative expenses	\$5,549,129	\$128,683,155
4			
5			

NOTE: A sheet with Recon Details is not required for the last Item number provided, since that information should be the same as provided in Template 4A.

From Template 5A.

Show details supporting the SFA amount on Sheet 6A-2.

Show details supporting the SFA amount on Sheet 6A-3.

Show details supporting the SFA amount on Sheet 6A-4.

Show details supporting the SFA amount on Sheet 6A-5.

Create additional rows as needed, and create additional detailed sheets by copying Sheet 6A-5 and re-labeling the header and the sheet name to be 6A-6, 6A-7, etc.

TEMPLATE 6A - Sheet 6A-2

Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

See Template 4A instructions for Sheet 4A-4 or Sheet 4A-5, except provide the projection used to determine the intermediate SFA amount.

TEMPLATE 7

v20220701p

7a - Assumption/Method Changes for SFA Eligibility

File name: *Template 7 Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (7)a. of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

Sheet 7a of Template 7 is not required if the plan is eligible for SFA under § 4262.3(a)(2) (MPRA suspensions) or § 4262.3(a)(4) (certain insolvent plans) of PBGC's special financial assistance regulation.

Sheet 7a of Template 7 is not required if the plan is eligible based on a certification of plan status completed before January 1, 2021.

Sheet 7a of Template 7 is not required if the plan is eligible based on a certification of plan status completed after December 31, 2020 but reflects the same assumptions as those in the pre-2021 certification of plan status.

Provide a table identifying which assumptions/methods used in determining the plan's eligibility for SFA differ from those used in the pre-2021 certification of plan status and brief explanations as to why using those assumptions/methods is no longer reasonable and why the changed assumptions/methods are reasonable.

This table should identify all changed assumptions/methods (including those that are reflected in the Baseline provided in Template 5A or Template 5B) and should be an abbreviated version of information provided in Section D, Item (6)a. of the SFA filing instructions.

For example, if the mortality assumption used in the pre-2021 certification of plan status is the RP-2000 mortality table, and the plan proposes to change to the Pri-2012(BC) table, complete one line of the table as follows:

	(A)	(B)	(C)
Assumption/Method That Has Changed From Assumption/Method Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption/method used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption/method used in showing the plan's eligibility for SFA (if different)	Brief explanation on why the assumption/method in (A) is no longer reasonable and why the assumption/method in (B) is reasonable
Base Mortality Assumption	RP-2000 mortality table	Pri-2012(BC) mortality table	Prior assumption is outdated. New assumption reflects more recently published experience for blue collar workers.

Add one line for each assumption/method that has changed from that used in the most recent certification of plan status completed prior to 1/1/2021.

Since this Template 7a is intended as an abbreviated version of more detailed information provided in Section D, Item (6)a. of the SFA filing instructions, it is not necessary to include full tables of rates at every age (e.g., for retirement, turnover, etc.). Instead, a high level description that focuses on what aspect of the assumption/method has changed is preferred.

TEMPLATE 7

v20220701p

7b - Assumption/Method Changes for SFA Amount

File name: *Template 7 Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (7)b. of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

Provide a table identifying which assumptions/methods used in determining the amount of SFA differ from those used in the pre-2021 certification of plan status (except the non-SFA and SFA interest rates) and brief explanations as to why using those original assumptions/methods is no longer reasonable and why the changed assumptions/methods are reasonable.

Please state if the changed assumption is an extension of the CBU assumption or the administrative expenses assumption as described in Paragraph A "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions.

This table should identify all changed assumptions/methods except for the interest rates (including those that are reflected in the Baseline provided in Template 5A or Template 5B) and should be an abbreviated version of information provided in Section D, Item (6)b. of the SFA filing instructions.

For example, if the mortality assumption used in the pre-2021 certification of plan status is the RP-2000 mortality table, and the plan proposes to change to the Pri-2012(BC) table, complete one line of the table as follows:

	(A)	(B)	(C)
Assumption/Method That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption/method used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption/method used to determine the requested SFA amount (if different)	Brief explanation on why the assumption/method in (A) is no longer reasonable and why the assumption/method in (B) is reasonable
Base Mortality Assumption	RP-2000 mortality table	Pri-2012(BC) mortality table	Original assumption is outdated. New assumption reflects more recently published experience for blue collar workers.

For example, assume the plan is projected to be insolvent in 2029 in the pre-2021 certification of plan status. The plan changes its CBU assumption by extending the assumption to the later projection years as described in Paragraph A, "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions. Complete one line of the table as follows:

	(A)	(B)	(C)
Assumption/Method That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption/method used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption/method used to determine the requested SFA amount (if different)	Brief explanation on why the assumption/method in (A) is no longer reasonable and why the assumption/method in (B) is reasonable
CBU Assumption	Decrease from most recent plan year's actual number of CBUs by 2% per year to 2028	Same number of CBUs for each projection year to 2028 as shown in (A), then constant CBUs for all years after 2028.	Original assumption does not address years after original projected insolvency in 2029. Proposed assumption uses acceptable extension methodology.

Add one line for each assumption/method that has changed from that used in the most recent certification of plan status completed prior to 1/1/2021.

Since this Template 7b is intended as an abbreviated version of more detailed information provided in Section D, Item (6)b. of the SFA filing instructions, it is not necessary to include full tables of rates at every age (e.g., for retirement, turnover, etc.). Instead, a high level description that focuses on what aspect of the assumption/method has changed is preferred.

Assumption/Method Changes - SFA Amount
PLAN INFORMATION

Abbreviated Plan Name:	BD 550 PF	
EIN:	13-6626195	
PN:	001	

	(A)	(B)	(C)
Assumption/Method That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption/method used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption/method used to determine the requested SFA amount (if different)	Brief explanation on why the assumption/method in (A) is no longer reasonable and why the assumption/method in (B) is reasonable
Mortality (Healthy/Disabled)	Adjusted RP-2014(BC)/RP-2014 Disability mortality tables with Scale MP-2014	Pri-2012(BC) Employee & Nondisabled Annuitant/Pri-2012 Disability mortality tables with Scale MP-2021	Original assumption is outdated. New assumption reflects more recently published experience for blue collar workers.
CBU assumption	Zero through plan year ending October 31, 2025	Zero through plan year ending October 31, 2051	Original assumption does not address years after original projected insolvency in 2025. Proposed assumption uses acceptable extension methodology.
Withdrawal Liability	Zero through plan year ending October 31, 2025	Zero through plan year ending October 31, 2051	Original assumption does not address years after original projected insolvency in 2025. Proposed assumption uses acceptable extension methodology.
Form of benefit	80% elect 50% J&S and 20% elect single life annuity	35% elect 50% J&S, 12% elect 75% J&S, and 53% elect single life annuity	The prior election percentages did not accurately reflect plan experience and are therefore unreasonable. The revised rates are based on actual plan experience and are therefore reasonable.
Administrative expenses	\$208,080 for the plan year beginning November 1, 2016, increasing 2% per year through the plan year ending October 31, 2025	\$316,449 for the plan year ended October 31, 2021, plus an assumed increase of 2% per year, plus an increase for assumed allocated and professional expenses (including SFA-related expenses), plus an increase for 2031 PBGC premium increase, limited to 15% of benefit payments	The prior assumption significantly understated actual plan expenses. The revised assumption reflects actual anticipated plan expenses.

Contribution and Withdrawal Liability Details

Provide details of the projected contributions and withdrawal liability payments used to calculate the requested SFA amount. This should include total contributions, contribution base units (including identification of the base unit used (i.e., hourly, weekly)), average contribution rate(s), reciprocity contributions (if applicable), additional contributions from the rehabilitation plan (if applicable), and any other identifiable contribution streams. For withdrawal liability, separately show amounts for currently withdrawn employers and for future assumed withdrawals. Also provide the projected number of active participants at the beginning of each plan year.

The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date. For all other periods, provide the full plan year of information up to the plan year ending in 2051.

TEMPLATE 10

v20230727

Pre-2021 Zone Certification, Baseline Details, and Final SFA Assumption Summaries

File name: *Template 10 Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

Provide a table identifying and summarizing which assumptions/methods were used in each of the pre-2021 certification of plan status, the Baseline details (Template 5A or Template 5B), and the final SFA calculation (Template 4A or Template 4B).

This table should identify all assumptions/methods used, including those that are reflected in the Baseline provided in Template 5A or Template 5B and any assumptions not explicitly listed. Please identify the source (file and page number) of the pre-2021 certification of plan status assumption. Additionally, please select the appropriate assumption change category per SFA assumption guidance*. Please complete all rows of Template 10. If an assumption on Template 10 does not apply to the application, please enter "N/A" and explain as necessary in the "comments" column. If the application contains assumptions not listed on Template 10, create additional rows as needed.

See the table below for a brief example of how to fill out the requested information in summary form. In the example the first row demonstrates how one would fill out the information for a change in the mortality assumption used in the pre-2021 certification of plan status, where the RP-2000 mortality table was the original assumption, and the plan proposes to change to the Pri-2012(BC) table.

	(A)	(B)	(C)	(D)	(E)

	(A)	(B)	(C)	(D)	(E)	
	Source of (B)	Assumption/Method Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Baseline Assumption/Method Used	Final SFA Assumption/Method Used	Category of assumption change from (B) to (D) per SFA Assumption Guidance	Comments
Administrative Expenses	2021Zone20220906 BD 550 PF.pdf p. 23	\$208,080 per year, payable monthly, (\$200,130 as of the beginning of the year) for the Plan year beginning November 1, 2016. Administrative expenses are assumed to increase with inflation of 2.0% per year for each year after November 1, 2016 through the projected date of insolvency.	The administrative expenses are projected to continue to increase by the assumed inflation rate of 2.0% per year from the projected date of insolvency through October 31, 2051. In addition, the administrative expenses are projected to increase by \$8,305 in the year beginning November 1, 2031 based on 755 projected participants and a projected \$11 increase (from \$41 to \$52) in the PBGC premium. The projected expenses were limited to 12% of the expected benefit payments in each year.	The administrative expense assumption is based on the actual administrative expenses of \$316,449 for the full plan year ended October 31, 2021. This amount (and the adjustments discussed below) are projected to increase by the assumed inflation rate of 2.0% per year through October 31, 2051. This projection then has the following additional adjustments: 1) Similar to the Baseline projection, there is a \$8,272 increase in the year beginning November 1, 2031 based on 752 projected participants and a projected \$11 increase (from \$41 to \$52) in the PBGC premium. 2) There is an adjustment for a one-time expense of \$760,000 for the plan year ending October 31, 2023 and \$1,630,000 in the plan year ending October 31, 2026 due to professional fees related to the initial and revised filings of the SFA application. 3) There is an assumed \$60,387 increase in ongoing administrative expenses in the plan year beginning November 1, 2022 and ending October 31, 2023. 4) The payment of \$40,000 of retainer increase for each of the 2023 through 2025 plan years will be deferred until the 2026 plan year. The projected expenses were limited to 15% of the expected benefit payments in each year (unless the excess is due to projected SFA-related expenses in that plan year). Note that the expenses for the four-month period ending October 31, 2022 were set equal to the actual expenses paid during that period.	Other Change	The \$208,000 shown on page 23 is a typo. It should read \$208,080.
