Re: <u>Freight Drivers and Helpers Local Union No. 557 Pension Fund Application for Special Financial</u>
Assistance

Dear Sir or Madam:

Pursuant to section 4262 of the Employee Retirement Income Security Act and the Interim Final Rule published in the Federal Register at 29 C.F.R. Part 4262 on July 12, 2021, the Board of Trustees of the Freight Drivers and Helpers Local Union No. 557 Pension Fund (the "Fund") submitted an application to the PBGC for special financial assistance (SFA). The Fund withdrew the original application on May 24, 2022 following discussions with PBGC representatives. The Fund hereby submits a revised SFA application to the PBGC with the applicable revised exhibits as outlined in the checklist. The Fund will separately provide additional information regarding the assumption change via the PBGC secure portal.

The Fund is a multiemployer defined benefit pension plan that has been certified to be in critical and declining status. The revised amount of SFA requested in the application is \$186,485,735 as of the December 31, 2021 measurement date. Without SFA, the Plan will be insolvent within one year of this application, on January 1, 2023, the first day of the next plan year.

If you have any questions or need additional information, please contact Fund co-counsel, Corey Bott at Abato, Rubenstein and Abato, P.A., by telephone at (410) 847-7036, or by email at <a href="mailto:csbott@abatolaw.com">csbott@abatolaw.com</a>, James Kimble at Morgan, Lewis & Bockius, LLP, by telephone at (202) 739-5363 or by email at <a href="mailto:james.kimble@morganlewis.com">james.kimble@morganlewis.com</a> or Fund actuary at Segal, Maria Kirilenko by telephone at (202) 833-6413 or by email at <a href="mailto:mkirilenko@segalco.com">mkirilenko@segalco.com</a>.

James T. Kimble

# (1) Trustee Signatures - Revised

The preceding page provides the required signatures from authorized members of the Board of Trustees for the revised application for special financial assistance (SFA).

# (6) b. Changes to Assumptions for SFA Amount - Revised

The following is an additional assumption change to be added to **(6) Assumption Changes** from **SECTION D – Plan Statements** from the original SFA application filed on March 4, 2022.

# **Revised Application Assumption Change - Exclusion of Inactive Vested Participants**

vested Partic	Cipants
Prior Assumption	The 2020 status certification excluded inactive vested participants and beneficiaries with rights to deferred pension who were over age 72 on the valuation date.
SFA Assumption	Include inactive vested participants and deferred beneficiaries with rights to deferred pensions who are age 85 and under (and were previously excluded from the valuation) as of the measurement date. The payments are assumed to begin immediately based on the assumed form of payment. An actuarial increase from Normal Retirement Age (NRA) to their required beginning date (RBD) was included. In addition, a lump sum with interest from RBD to the measurement date was included based upon the Plan's written procedures.
Rationale for Change	The prior assumption from the 2020 status certification was appropriate for a short-term cash flow but is not reasonable for the SFA application, which involves cash flow over the next thirty years. This revised assumption reflects the efforts of the Fund Administrator to locate these participants per the Plan procedures. The Fund Administrator has sent notices to participants who are not confirmed to be deceased following death audit searches using PBI Research Services. Given their efforts, we expect that those not confirmed to be deceased who are age 85 and under will eventually be paid the retirement benefits that are due to them. Therefore, we believe it is appropriate and reasonable to include these additional participants (five inactive vested participants and three deferred beneficiaries) for the SFA application. The revised assumption is reasonable because it reflects the efforts to locate these participants and death audit procedures of the Plan.  The Plan's current process for late retirements was followed to determine the amount payable. The benefit payable at NRA was actuarially increased using the Plan-defined actuarial increase factor for late retirement until RBD (April 1 of the calendar year following attainment of age 70 ½). This is the monthly amount that is assumed to be paid going forward, adjusted for the
	assumed form of payment (50% elect a single life annuity and 50% elect a 50% QJSA). In addition to ongoing benefit payments, each of these participants would be due a one-time lump sum of retroactive payments

from RBD to current date. An annual interest rate of 7% is applied to the monthly retroactive payments based on the current guidance of Section 6.02(4)(d) of IRS Revenue Procedure 2016-51, the Plan's definition of actuarial equivalence, and Plan precedent for other participants who were previously put into pay after their RBD. The total payments for these eight participants were added to the projected benefit payment stream.

In addition to the benefit payment stream adjustment, the projected administrative expenses were adjusted due to the increase in participant count used in determining the future PBGC premiums due from the Plan.

# (4) Certification by Plan Actuary: SFA Amount

## **Certification on the Amount of Special Financial Assistance**

This is a certification that the requested amount of special financial assistance ("SFA") specified in this application is the amount to which the Freight Drivers and Helpers Local Union No. 557 Pension Fund ("Plan") is entitled under section 4262(j)(1) of ERISA and section 4262.4 of the Pension Benefit Guaranty Corporation's ("PBGC") interim final rule.

Segal has performed the calculation of SFA at the request of the Board of Trustees of the Plan as part of the Plan's application for SFA. The calculation of the amount of SFA shown in the Plan's application for SFA is not applicable for other purposes.

The "base data" used in the determination of the SFA amount include: (i) an SFA measurement date of December 31, 2021; (ii) participant census data as of December 31, 2020; and (iii) an interest rate of 4.00%, as required under section 4262.4(e)(1).

In general, the actuarial assumptions and methods used in the determination of the amount of SFA are the same as those used in the certification of the Plan's status for the plan year beginning January 1, 2020, dated March 27, 2020. The changes or modifications to these assumptions that are reflected in the determination of the amount of SFA, as well as justification for the changes, are described in Section D, item 6.b. of the Plan's application for SFA.

Segal has performed the calculation of the SFA amount in accordance with generally accepted actuarial principles and practices, as well as the provisions under section 4262.4 of PBGC's SFA regulation. The calculation is based on the fair market value of assets as of the SFA measurement date, as certified by the Board of Trustees, and other relevant information provided by the Plan Administrator. Segal does not audit the data provided. The accuracy and comprehensiveness of the data is the responsibility of those supplying the data. To the extent we can, however, Segal does review the data for reasonableness and consistency. Based on our review of the data, we have no reason to doubt the substantial accuracy of the information on which we have based the calculation of the SFA amount, and we have no reason to believe there are facts or circumstances that would affect the validity of these results.

Segal does not practice law and, therefore, cannot and does not provide legal advice. Any statutory interpretation on which these calculations are based reflects Segal's understanding as an actuarial firm.

I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion herein. To the best of my knowledge, the information supplied herein is complete and accurate. Each prescribed assumption for the determination of the SFA amount was applied in accordance with applicable law and regulations. Instructions for Section E, Item 1 of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance (SFA):

The Application for Approval of Special Financial Assistance Checklist ("Application Checklist") identifies all information required to be filed with the application.

The information in this Application Checklist, and the Application Checklist itself, are uploaded in PBGC's e-Filing Portal by logging into the e-Filing Portal, going to the Multiemployer Events section and clicking on "Create New ME Filing," and then under "Select a Filing Type," selecting "Application for Financial Assistance – Special." Note, if you go to the e-Filing Portal and do not see the option "Application for Financial Assistance – Special," this means that the portal is currently closed and PBGC is not accepting applications at this time, unless the plan is eligible to make an emergency filing under § 4262.10(f). PBGC's website at www.pbgc.gov will be updated when the e-Filing Portal reopens for applications. PBGC maintains information on its website at www.pbgc.gov to inform prospective applicants about the current status of the e-Filing portal, as well as to provide advance notice of when PBGC expects to open or temporarily close the e-Filing Portal.

General instructions for completing the Application Checklist:

Complete all items that are shaded:

If required information was already filed: (1) through PBGC's e-Filing Portal; or (2) through any means for an insolvent plan, a plan that has received a partition, or a plan that submitted an emergency filing, the filer may either upload the information with the application or include a statement in the Plan Comments section of the Application Checklist indicating the date on which and the submission with which the information was previously filed. For any such items previously provided, enter N/A as the **Plan Response**.

If a revised application is filed after a denial was received but the application was not withdrawn, the revised application must differ from the denied application only to the extent necessary to address the reasons provided by PBGC for the denial. For the revised application, the filer may, but is not required to, submit an entire application. A revised application for SFA must use the same SFA measurement date, participant census data, and interest rate assumption as were used in the plan's initial application. For all Application Checklist Items that were previously filed that are not being changed, the filer may include a statement in the Plan Comments section of the Application Checklist to indicate that the other information was previously provided as part of the initial application. For each, enter N/A as the **Plan Response**.

If a revised application is filed after an application was withdrawn, the revised application must use the same SFA measurement date, participant census data, and interest rate assumption from the initial application. Upload only the information that changed from the initial application. For all Application Checklist Items that were previously filed that are not being changed, include a statement in the Plan Comments section of the Application Checklist to indicate that the information was previously provided as part of the initial application. For each, enter N/A as the **Plan Response**.

For supplemental submission due to certain events with limitations under § 4262.4(f)(1)(i): *Template 4 Pension Plan Name Supp*, where "Pension Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item 4 of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

Provide information <u>used to determine the amount of requested SFA</u> for the plan based on a deterministic projection and using the actuarial assumptions as described in § 4262.4 of PBGC's special financial assistance regulation. The information to be provided is:

### NOTE: All items below are provided on sheet '4-3 SFA Details' unless otherwise noted.

- a. Interest rate used (the "SFA interest rate"), including supporting details on how it was determined. If such interest rate is the limit described in section 4262(e)(3) of ERISA, identify the month selected by the plan to determine the third segment rate used to calculate the limit. [Sheet: 4-1 SFA Interest Rate]
- b. Fair market value of assets on the last day of the calendar quarter immediately preceding the date the application is filed (the "SFA measurement date").
- c. For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"):
  - i. Separately identify the projected amount of contributions, projected withdrawal liability payments, and other payments expected to be made to the plan (excluding the amount of financial assistance under section 4261 of ERISA and SFA to be received by the plan).
  - ii. Separately identify benefit payments described in § 4262.4(b)(1) of PBGC's special assistance regulation (excluding the payments in (c)(iii) below) for current retirees and beneficiaries, terminated vested participants not currently receiving benefits, currently active participants and new entrants. [Sheet: 4-2 SFA Ben Pmts]
  - iii. Separately identify payments described in § 4262.4(b)(1) of PBGC's special financial assistance regulation attributable to the reinstatement of benefits under § 4262.15 that were previously suspended through the SFA measurement date. [Also see applicable examples in Section C, Item 4(c)(iii) of the SFA instructions.]
  - iv. Separately identify administrative expenses expected to be paid using plan assets, excluding the amount owed PBGC under section 4261 of ERISA.
- d. For each plan year in the SFA coverage period, the projected investment income based on the interest rate in (a) above, and the projected fair market value of plan assets at the end of each plan year.
- e. The present value (using the interest rate identified in (a) above) as of the SFA measurement date of each of the separately provided items in (c)(i)-(iv) above.

SFA amount determined as a lump sum as of the SFA measurement date. As described in § 4262.4(a) of PBGC's special financial assistance regulation, this amount equals the excess (if any) of the SFA-eligible plan obligations (the present value of the items in (c)(ii) through (c)(iv)) over the SFA-eligible plan resources (item (b) plus the present value of the items in (c)(i)).							

#### Additional instructions for each individual worksheet:

Sheet

#### 4-1 SFA Determination - SFA Interest Rate

See instructions on 4-1 SFA Interest Rate.

### 4-2 SFA Determination - SFA Benefit Payments

On this sheet, you will provide:

- --Basic plan information (plan name, EIN/PN, SFA measurement date, SFA interest rate),
- --Year-by-year deterministic projection of benefit payments, and
- --Present values as of the SFA measurement date, using the SFA interest rate.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), separately identify benefit payments described in § 4262.4(b)(1) of PBGC's special assistance regulation for current retirees and beneficiaries, terminated vested participants not currently receiving benefits, currently active participants and new entrants. On this Sheet 4-2, show all benefit payments as positive amounts.

If the plan has suspended benefit payments under sections 305(e)(9) or 4245 of ERISA, the benefit payments in this Sheet 4-2 projection should reflect prospective reinstatement of benefits assuming such reinstatements commence as of the SFA measurement date. If the plan restored or partially restored benefits under 26 CFR 1.432(e)(9)-1(e)(3) before the SFA measurement date, the benefit payments in this Sheet 4-2 should reflect fully restored prospective benefits.

Benefit payments to be paid to participants to restore <u>previously</u> suspended benefits should <u>not</u> be included on this Sheet 4-2, and are separately shown on Sheet 4-3 in the Column (7). All reinstatement of benefits should be shown assuming such reinstatements are paid beginning as of the SFA measurement date (or <u>on</u> the SFA measurement date, for lump sum reinstatement of prior suspended benefits).

Provide the present value as of the SFA measurement date of each separate set of benefit payments, using the limited SFA interest rate from Sheet 4-1. On this sheet, show the present values as positive amounts.

Except for the first row in the projection exhibit below, each row must include the full plan year of the indicated information up to the plan year ending in 2051. This first row may be less than a full plan year of information. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date. For all other periods, provide the full plan year of information up to the plan year ending in 2051.

#### 4-3 SFA Determination - SFA Details

On this sheet, you will provide:

- --Basic plan information (plan name, EIN/PN, SFA measurement date, SFA interest rate),
- --Year-by-year deterministic projection, and
- --Present values as of the SFA measurement date, using the SFA interest rate.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), provide each of the items requested in Columns (1) through (10). Show payments INTO the plan as positive amounts and payments OUT of the plan as negative amounts.

If the plan has suspended benefit payments under sections 305(e)(9) or 4245 of ERISA, Column (7) should show the benefit payments to be made to restore the past benefits that have been suspended. These amounts should be determined as if such reinstatements are paid beginning as of the SFA measurement date. If the plan sponsor elects to pay these amounts as a lump sum, then the lump sum amount is assumed paid as of the SFA measurement date. If the plan sponsor decides to make payments over 60 months, the first monthly payment is assumed paid on the first regular payment date on or after the SFA measurement date. See the examples in the SFA Instructions. If the reinstatement is paid over 60 months, each row in the projection should reflect the monthly payments for that period. The prospective reinstatement of suspended benefits is included in Column (6); Column (7) is only for reinstatement of past benefits that were suspended.

Provide the present values as of the SFA measurement date of each of the projections in Columns (3) through (8), using the limited SFA interest rate from Sheet 4-1. Show the present values as the same sign (positive or negative) as the projected amounts (e.g., benefit payments are negative on this Sheet 4-3, and the present value of benefit payments should also be negative.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. This first row may be less than a full plan year of information. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date. For all other periods, provide the full plan year of information up to the plan year ending in 2051.

TEMPLATE 6
Reconciliation

File name: Template 6 Pension Plan Name, where "Pension Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item 6 of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

This Template 6 is not required if all assumptions used (except the interest rate, CBU assumption and administrative expenses assumption) to determine the requested SFA amount are identical to those used in the pre-2021 certification of plan status and if the changed assumptions for CBUs and administrative expenses are consistent with Paragraph A "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions.

This Template 6 is also not required if the requested SFA amount from Template 4 is the same as the SFA amount shown in Template 5 (Baseline).

If the assumptions used to determine the requested SFA amount differ from those in the "Baseline" projection in Template 5, then provide a reconciliation of the change in the total amount of requested SFA due to each change in assumption from the Baseline to the requested SFA as shown in Template 4.

For each assumption change from the Baseline through the requested SFA amount, provide a deterministic projection in the same format as Template 4.

### Additional instructions for each individual worksheet:

Sheet

### 6-1 Reconciliation

For Item 1, show the SFA amount shown in Template 5 using the "Baseline" assumptions and methods. If there is only one change in assumptions/methods between the Baseline (Template 5) and the requested SFA amount (Template 4), then show on Item 2 the requested SFA amount, and briefly identify the change in assumptions from the Baseline.

If there is more than one change in assumptions/methods from the Baseline, show each individual change as a separate item number. Each item number should reflect all changes already measured in the prior item number. For example, the difference between the SFA amount shown for Item 4 and Item 5 should be the incremental change due to changing the identified single assumption/method. The Item numbers should show assumption/method changes in the order that they were incrementally measured.

### 6-2 Reconciliation Details

For Reconciliation Details sheets, see Template 4 instructions for Sheet 4-3, except provide the projections and present value information used to determine each Item number from the Reconciliation in Sheet 6-1.

A Reconciliation Details sheet is not needed for the last Item shown in the Reconciliation, since the information should be the same as shown in Template 4. For example, if there is only one assumption change from the Baseline, then Item 2 should identify what assumption changed between the Baseline and Item 2 where Item 2 is the requested SFA amount. Since details on the determination of the requested SFA amount are shown in Template 4, a separate Sheet 6-2 Reconciliation Details is not required here.

## **Reconciliation - Summary**

For Item 1, show the SFA amount determined in Template 5 using the "Baseline" assumptions and methods. If there is only one change in assumptions/methods between the Baseline (Template 5) and the requested SFA amount (Template 4), then show on Item 2 the requested SFA amount, and briefly identify the change in assumptions from the Baseline.

If there is more than one change in assumptions/methods from the Baseline, show each individual change as a separate item number. Each item number should reflect all changes already measured in the prior item number. For example, the difference between the SFA amount shown for Item 4 and Item 5 should be the incremental change due to changing the identified single assumption/method. The Item numbers should show assumption/method changes in the order that they were incrementally measured.

### 7a - Assumption Changes for SFA Eligibility

File name: Template 7 Pension Plan Name, where "Pension Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item 7(a) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

Sheet 7a of Template 7 is not required if the plan is eligible for SFA under § 4262.3(a)(2) (MPRA suspensions) or § 4262.3(a)(4) (certain insolvent plans) of PBGC's special financial assistance regulation.

Sheet 7a of Template 7 is not required if the plan is eligible based on a certification of plan status completed before January 1, 2021.

Sheet 7a of Template 7 is not required if the plan is eligible based on a certification of plan status completed after December 31, 2020 but reflects the same assumptions as those in the pre-2021 certification of plan status.

Provide a table identifying which assumptions used in determining the plan's eligibility for SFA differ from those used in the pre-2021 certification of plan status and brief explanations as to why using those assumptions is no longer reasonable and why the changed assumptions are reasonable.

This table should reflect all identified assumptions (including those that are included in the Baseline provided in Template 5) and should be an abbreviated version of information provided in Section D, Item 6(a) of the SFA filing instructions.

For example, if the mortality assumption used in the pre-2021 certification of plan status is the RP-2000 mortality table, and the plan proposes to change to the Pri-2012(BC) table, complete one line of the table as follows:

	(A)	(B)	(C)
Assumption That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	liced in the most recent	Brief description of assumption used in showing the plan's eligibility for SFA (if different).	Brief explanation on why the assumption in (A) is no longer reasonable and why the assumption in (B) is reasonable.
Base Mortality Assumption	RP-2000 mortality table	Pri-2012(BC) mortality table	Prior assumption is outdated. New assumption reflects more recently published experience for blue collar workers.

Add one line for each assumption that has changed from the assumption used in the most recent certification of plan status completed prior to 1/1/2021.

Since this Template 7a is intended as an abbreviated version of more detailed information provided in Section D, Item 6(a) of the SFA filing instructions, it is not necessary to include full tables of rates at every age (e.g., for retirement, turnover, etc.). Instead, a high level description that focuses on what aspect of the assumption has changed is preferred.

### 7b - Assumption Changes for SFA Amount

File name: Template 7 Pension Plan Name, where "Pension Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item 7(b) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

Provide a table identifying which assumption differ from those used in the pre-2021 certification of plan status (except the interest rate used in calculating the amount of SFA) and brief explanations as to why using those original assumptions is no longer reasonable and why the changed assumptions are reasonable.

Please state if the changed assumption is an extension of the CBU assumption or the administrative expenses assumption as described in Paragraph A "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions.

This table should identify all changed assumptions except for the interest rate (reflecting those that are included in the Baseline provided in Template 5) and should be an abbreviated version of information provided in Section D, Item 6(b) of the SFA filing instructions.

For example, if the mortality assumption used in the pre-2021 certification of plan status is the RP-2000 mortality table, and the plan proposes to change to the Pri-2012(BC) table, complete one line of the table as follows:

	(A)	(B)	(C)
Assumption That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	l liced in the most recent I	Brief description of assumption used to determine the requested SFA amount (if different)	Brief explanation on why the assumption in (A) is no longer reasonable and why the assumption in (B) is reasonable.
Base Mortality Assumption	RP-2000 mortality table	Pri-2012(BC) mortality table	Original assumption is outdated. New assumption reflects more recently published experience for blue collar workers.

For example, assume the plan is projected to be insolvent in 2029 in the pre-2021 certification of plan status. The plan changes its CBU assumption by extending the assumption to the later projection years as described in Paragraph A, "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions. Complete one line of the table as follows:

	(A)	(B)	(C)
Assumption That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	l lised in the most recent	Brief description of assumption used to determine the requested SFA amount (if different)	Brief explanation on why the assumption in (A) is no longer reasonable and why the assumption in (B) is reasonable.
CBU Assumption	Decrease from most recent plan year's actual number of CBUs by 2% per year to 2028	nrolection wear to JII/X as shown in	Original assumption does not address years after original projected insolvency in 2029. Proposed assumption uses acceptable extension methodology.

Add one line for each assumption that has changed from the assumption used in the most recent certification of plan status completed prior to 1/1/2021.

Since this Template 7b is intended as an abbreviated version of more detailed information provided in Section D, Item 6(b) of the SFA filing instructions, it is not necessary to include full tables of rates at every age (e.g., for retirement, turnover, etc.). Instead, a high level description that focuses on what aspect of the assumption has changed is preferred.
