**Re: Supplemented Application for Special Financial Assistance**

To Whom It May Concern:

Please accept this supplemented application by the Graphic Arts Industry Joint Pension Trust (the "JPT" or "Plan") for special financial assistance ("SFA") from the Pension Benefit Guaranty Corporation ("PBGC") under the American Rescue Plan Act of 2021 ("ARPA").

The Plan's initial application requested SFA in the amount of \$425,464,313 under the interim final rule, based on the SFA measurement date of September 30, 2021. PBGC approved the initial application on April 27, 2022 and paid SFA to the Plan on May 24, 2022.

This supplemented application requests SFA in the amount of \$504,635,516 under the final rule, as of the SFA measurement date, and without offset for the SFA already paid under the interim final rule. The attached statements, certifications, and other documents are required in PBGC's instructions for supplemented applications for SFA (Appendix C).

We thank PBGC for its hard work in implementing and administering this important program. Please do not hesitate to contact us if you have questions regarding this application, or if you need more information.

Sincerely,

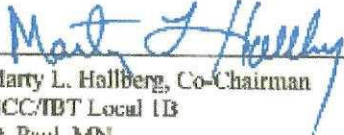

Angela Alvey  
Fund Administrator

## (5) Narrative

The projected employer contributions in the supplemented application under the final rule are unchanged from those assumed in the application approved under the interim final rule. Therefore, there is no additional narrative description of the assumed future contributions other than what was included in the initial application under the interim final rule.

## Section E, Item (5): SFA Amount Certification

This is a certification that the requested amount of special financial assistance (“SFA”) specified in this application is the amount to which the Graphic Arts Industry Joint Pension Trust (“Plan”) is entitled under section 4262(j)(1) of ERISA and §4262.4 of the Pension Benefit Guaranty Corporation’s (“PBGC”) final rule. The SFA amount is shown below. The SFA amount previously approved and paid by PBGC under the interim final rule is also shown for reference.

### Special Financial Assistance Amount

SFA Measurement Date	September 30, 2021
<b>Approved Under Interim Final Rule</b>	
SFA Amount as of Measurement Date	\$425,464,313
Initial Application Approval Date	April 27, 2022
Initial SFA Amount Payment Date	May 24, 2022
<b>Requested Under Final Rule</b>	
SFA Amount as of Measurement Date <i>Without offset for the SFA already paid under the interim final rule</i>	<b>\$504,635,516</b>

### Base Data

The “base data” used in the determination of the SFA amount include: (i) an SFA measurement date of September 30, 2021; (ii) participant census data as of May 1, 2021; and (iii) a non-SFA interest rate of 5.29% and an SFA interest rate of 2.95%, as prescribed under §4262.4, paragraphs (e)(1) and (e)(2), respectively.

### Actuarial Assumptions and Methods

In general, the actuarial assumptions and methods used in the determination of the amount of SFA are the same as those used in the certification of the Plan’s status for the plan year beginning July 1, 2020, dated September 28, 2020. Changes to actuarial assumptions include: the interest rate assumption; the assumption to project contribution base units (CBUs); the assumption to project administrative expenses; and the assumption regarding new entrants.

Except for the interest rate assumption, the assumptions in the determination of the SFA amount under the final rule are the same as those used in the determination of the SFA amount under the interim final rule. The changes to actuarial assumptions (other than interest rate) are described in the initial application submitted on December 28, 2021.

The determination of the SFA amount under the final rule is based on the methodology described in §4262.4, paragraph (a)(1) of the regulations. Consistent with the determination of the SFA amount under the interim final rule, the determination of the SFA amount under the final rule assumes no future increases in the contribution rate.

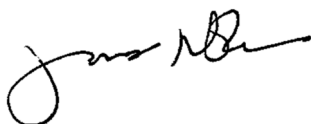

## Actuarial Statement

Segal has performed the calculations of the SFA amounts at the request of the Board of Trustees of the Plan as part of the Plan's initial and supplemented applications for SFA. The calculations of the amounts of SFA shown in the Plan's applications for SFA are not applicable for other purposes.

Segal has performed the calculation of the SFA amount in accordance with generally accepted actuarial principles and practices, as well as the provisions under §4262.4 of PBGC's SFA regulation. Segal does not practice law and, therefore cannot and does not provide legal advice. Any statutory interpretation on which these calculations are based reflects Segal's understanding as an actuarial firm.

The calculation is based on the fair market value of assets as of the SFA measurement date, as certified by the Board of Trustees, and other relevant information provided by the Plan Administrator. The accuracy and comprehensiveness of the data is the responsibility of those supplying the data. Segal does not audit the data provided. To the extent we can, however, Segal reviews the data for reasonableness and consistency. Based on our review of the data, we have no reason to doubt the substantial accuracy of the information on which we have based the calculation of the SFA amount, and we have no reason to believe there are facts or circumstances that would affect the validity of these results.

I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion herein. To the best of my knowledge, the information supplied herein is complete and accurate. Each prescribed assumption for the determination of the SFA amount was applied in accordance with applicable law and regulations. In my opinion, all other assumptions are reasonable, taking into account the experience of the Plan and reasonable expectations of future experience.

## Application Checklist - Supplemented

v20220706p

### Instructions for Addendum C, Section E, Item 1 of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance (SFA):

The Supplemented Application to PBGC for Approval of Special Financial Assistance Checklist ("Application Checklist - Supplemented") identifies all information required to be filed with a supplemented application if the plan is requesting additional SFA. For a plan not requesting additional SFA, no checklist is required. For other SFA applications, use the SFA Application Checklist.

For a plan required to submit additional information described in Addendum A of the SFA Filing Instructions, also complete and submit the Additional Information for Certain Events section of the SFA Application Checklist.

Supplemented applications (including this Application Checklist - Supplemented), must be submitted to PBGC electronically through PBGC's e-Filing Portal, (<https://efilingportal.pbgc.gov/site/>). After logging into the e-Filing Portal, go to the Multiemployer Events section and click "Create New ME Filing." Under "Select a filing type," select "Application for Financial Assistance – Special." Note: a new supplemented application submitted after the denial or withdrawal of a previously filed supplemented application must also be submitted by selecting "Create New ME Filing."

Note: If you go to the e-Filing Portal and do not see "Application for Financial Assistance – Special" under the "Select a Filing Type," then the e-Filing Portal is temporarily closed and PBGC is not accepting applications (other than lock-in applications) at the time, unless the plan is eligible to make an emergency filing under § 4262.10(f). PBGC's website, [www.pbgc.gov](http://www.pbgc.gov), will be updated when the e-Filing Portal reopens for applications. PBGC maintains information on its website at [www.pbgc.gov](http://www.pbgc.gov) to inform prospective applicants about the current status of the e-Filing portal, as well as to provide advance notice of when PBGC expects to open or temporarily close the e-Filing Portal.

General instructions for completing the Application Checklist - Supplemented:

Complete all items that are shaded: 

If required information was already filed: (1) through PBGC's e-Filing Portal; or (2) through any means for an insolvent plan, a plan that has received a partition, or a plan that submitted an emergency filing, the filer may either upload the information with the application or include a statement in the Plan Comments section of the Application Checklist indicating the date on which and the submission with which the information was previously filed. For any such items previously provided, enter N/A as the **Plan Response**.

For a new supplemented application submitted after the denial or withdrawal of a previously filed supplemented application, the filer may, but is not required to, submit an entire application. For all Application Checklist - Supplemented items that were previously filed that are not being changed, the filer may include a statement in the Plan Comments section of the Application Checklist - Supplemented to indicate that the other information was previously provided as part of the initial application. For each, enter N/A as the **Plan Response**.

Instructions for specific columns:

**Plan Response:** Provide a response to each item on the Application Checklist - Supplemented, using only the **Response Options** shown for each Checklist Item.

**Name(s) of Files Uploaded:** Identify the full name of the file or files uploaded that are responsive to the Checklist Item. The column **Upload as Document Type** provides guidance on the "document type" to select when submitting documents on PBGC's e-Filing Portal.

**Page Number Reference(s):** For Checklist Items #10 to #10b, submit all information in a single document and identify here the relevant page numbers for each such Checklist Item.

**Plan Comments:** Use this column to provide explanations for any **Plan Response** that is N/A, to respond as may be specifically identified for Checklist Items, and to provide any optional explanatory comments.

Additional guidance is provided in the following columns:

**Upload as Document Type:** When uploading documents in PBGC's e-Filing Portal, select the appropriate Document Type for each document that is uploaded. This column provides guidance on the Document Type to select for each Checklist Item. You may upload more than one document using the same Document Type, and there may be Document Types on the e-Filing Portal for which you have no documents to upload.

**Required Filenaming (if applicable):** For certain Checklist Items, a specified format for naming the file is required.

**SFA Instructions Reference:** Identifies the applicable section and item number in PBGC's Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance.

You must select N/A if a Checklist Item # is not applicable to your application. **Your application will be considered incomplete if No is entered as a Plan Response for any of Checklist Items #1 through #16 on the Application Checklist.** If there has been a plan merger as described in § 4262.4(f)(1)(ii), you also must provide the separate Application Checklist - Certain Events.

If a Checklist Item # asks multiple questions or requests multiple items, the Plan Response should only be Yes if the plan is providing all information requested for that Checklist Item.

Note, a Yes or No response is also required for Checklist Items #a through #c.

Note, in the case of a plan applying for priority consideration, the plan's application must also be submitted to the Treasury Department. If that requirement applies to an application, PBGC will transmit the application to the Treasury Department on behalf of the plan. See IRS Notice [NOTICE] for further information.

**All information and documentation, unless covered by the Privacy Act, that is included in an SFA application may be posted on PBGC's website at [www.pbgc.gov](http://www.pbgc.gov) or otherwise publicly disclosed, without additional notification. Except to the extent required by the Privacy Act, PBGC provides no assurance of confidentiality in any information included in an SFA application.**

File name: *Template 4A Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

If submitting additional information due to a merger under § 4262.4(f)(1)(ii): *Template 4A Plan Name Merged*, where "Plan Name Merged" is an abbreviated version of the plan name for the separate plan involved in the merger.

If submitting additional information due to certain events with limitations under § 4262.4(f)(1)(i): *Template 4A Plan Name Add*, where "Plan Name" is an abbreviated version of the plan name.

If submitting a supplemented application under § 4262.4(g)(6): *Template 4A Supp Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (4) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

IFR filers submitting a supplemented application should see Addendum C for more information.

MPRA plans using the "increasing assets method" should see Addendum D for more information.

For all plans, provide information used to determine the amount of SFA under the "basic method" described in § 4262.4(a)(1).

For MPRA plans, also provide information used to determine the amount of SFA under the "increasing assets method" described in § 4262.4(a)(2)(i).

The information to be provided is:

***NOTE: All items below are provided on Sheet '4A-4 SFA Details .4(a)(1)' unless otherwise indicated.***

- a. The amount of SFA calculated using the "basic method", determined as a lump sum as of the SFA measurement date.
- b. Non-SFA interest rate required under § 4262.4(e)(1) of PBGC's SFA regulation, including supporting details on how it was determined.  
*[Sheet: 4A-1 Interest Rates]*
- c. SFA interest rate required under § 4262.4(e)(2) of PBGC's SFA regulation, including supporting details on how it was determined.  
*[Sheet: 4A-1 Interest Rates]*
- d. Fair market value of assets as of the SFA measurement date. This amount should include any assets at the SFA measurement date attributable to financial assistance received by the plan under section 4261 of ERISA, but should not reflect a payable for amounts owed to PBGC for all amounts of such financial assistance received by the plan.

e. For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"):

- i. Separately identify the projected amount of contributions, projected withdrawal liability payments reflecting a reasonable allowance for amounts considered uncollectible, and other payments expected to be made to the plan (excluding the amount of financial assistance under section 4261 of ERISA and SFA to be received by the plan).
- ii. Identify the benefit payments described in § 4262.4(b)(1) (including any benefits that were restored under 26 CFR 1.432(e)(9)-(1)(e)(3) and excluding the payments in e.iii. below), separately for current retirees and beneficiaries, current terminated vested participants not yet in pay status, current active participants, and new entrants.

*[Sheet: 4A-2 SFA Ben Pmts]*

Identify total benefit payments paid and expected to be paid from projected SFA assets separately from total benefit payments paid and expected to be paid from non-SFA assets after the projected SFA assets are fully exhausted.

- iii. Separately identify the make-up payments described in § 4262.4(b)(1) attributable to the reinstatement of benefits under § 4262.15 that were previously suspended through the SFA measurement date.

*[Also see applicable examples in Section C, Item (4)e.iii. of the SFA instructions.]*

- iv. Separately identify administrative expenses paid and expected to be paid (excluding the amount owed PBGC under section 4261 of ERISA) for premiums to PBGC and for all other administrative expenses.

*[Sheet: 4A-3 SFA Pcount and Admin Exp]*

Identify total administrative expenses paid and expected to be paid from projected SFA assets separately from total administrative expenses paid and expected to be paid from non-SFA assets after the projected SFA assets are fully exhausted.

- v. Provide the projected total participant count at the beginning of each year.  
*[Sheet: 4A-3 SFA Pcount and Admin Exp]*
- vi. Provide the projected investment income earned by assets not attributable to SFA based on the non-SFA interest rate in b. above and the projected fair market value of non-SFA assets at the end of each plan year.
- vii. Provide the projected investment income earned by assets attributable to SFA based on the SFA interest rate in c. above (excluding investment returns for the plan year in which the sum of annual projected benefit payments and administrative expenses for the year exceeds the beginning-of-year projected SFA assets) and the projected fair market value of SFA assets at the end of each plan year.

f. The projected SFA exhaustion year. This is the first day of the plan year in which the sum of annual projected benefit payments and administrative expenses for the year exceeds the beginning-of-year projected SFA assets. Note this date is only required for the calculation method under which the requested amount of SFA is determined.

Additional instructions for each individual worksheet:

Sheet

**4A-1 SFA Determination - non-SFA Interest Rate and SFA Interest Rate**

See instructions on 4A-1 Interest Rates.

**4A-2 SFA Determination - Benefit Payments for the "basic method" for all plans, and for the "increasing assets method" for MRPA plans**

*This sheet is not required for an IFR filer submitting a supplemented application under § 4262.4(g)(6) if the total projected benefit payments are the same as those used in the application approved under the interim final rule.*

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date), and
- Year-by-year deterministic projection of benefit payments.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), identify benefit payments described in § 4262.4(b)(1) for current retirees and beneficiaries, current terminated vested participants not yet in pay status, currently active participants, and new entrants. On this Sheet 4A-2, show all benefit payments as positive amounts.

If the plan has suspended benefit payments under sections 305(e)(9) or 4245(a) of ERISA, the benefit payments in this Sheet 4A-2 projection should reflect prospective reinstatement of benefits assuming such reinstatements commence as of the SFA measurement date. If the plan restored or partially restored benefits under 26 CFR 1.432(e)(9)-1(e)(3) before the SFA measurement date, the benefit payments in this Sheet 4A-2 should reflect fully restored prospective benefits.

Make-up payments to be paid to restore previously suspended benefits should not be included in this Sheet 4A-2, and are separately shown in Sheet 4A-4.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date. so the first row may contain less than a full plan year of information. For all other periods, provide the full plan year of information up to the plan year ending in

**4A-3 SFA Determination - Participant Count and Administrative Expenses for the "basic method" for all plans, and for the "increasing assets method" for MPRA plans**

*This sheet is not required for an IFR filer submitting a supplemented application under § 4262.4(g)(6).*

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date), and
- Year-by-year deterministic projection of participant count and administrative expenses.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), identify the projected total participant count at the beginning of each year, as well as administrative expenses, separately for premiums to PBGC and for all other administrative expenses. On this Sheet 4A-3, show all administrative expenses as positive amounts.

Any amounts owed to PBGC for financial assistance under section 4261 of ERISA should not be included in this Sheet 4A-3.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date, so the first row may contain less than a full plan year of information. For all other periods, provide the full plan year of information up to the plan year ending in

#### 4A-4 SFA Determination - Details for the "basic method" under § 4262.4(a)(1) for all plans

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date, non-SFA interest rate, SFA interest rate),
- MPRA plan status and, if applicable, certain MPRA information,
- Fair Market Value of Assets as of the SFA measurement date,
- SFA Amount as of the SFA measurement date calculated under the "basic method",
- Projected SFA exhaustion year (only if the requested amount of SFA is determined under the "basic method"), and
- Year-by-year deterministic projection.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), provide each of the items requested in Columns (1) through (12). Show payments INTO the plan as positive amounts and payments OUT of the plan as negative amounts.

If the plan has suspended benefit payments under sections 305(e)(9) or 4245(a) of ERISA, Column (5) should show the make-up payments to be paid to restore the previously suspended benefits. These amounts should be determined as if such make-up payments are paid beginning as of the SFA measurement date. If the plan sponsor elects to pay these amounts as a lump sum, then the lump sum amount is assumed paid as of the SFA measurement date. If the plan sponsor elects to pay equal installments over 60 months, the first monthly payment is assumed paid on the first regular payment date on or after the SFA measurement date. See the examples in the SFA Instructions. If the make-up payments are paid over 60 months, each row in the projection should reflect the monthly payments for that period. The prospective reinstatement of suspended benefits is included in Column (4); Column (5) is only for make-up payments for past benefits that were suspended.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date, so the first row may contain less than a full plan year of information. For all other periods, provide the full plan year of information up to the plan year ending in

#### **4A-5 SFA Determination - Details for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans**

This sheet is to only be used by MPRA plans. For such plans, this sheet should be completed in addition to Sheet 4A-4.

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date, non-SFA interest rate, SFA interest rate),
- MPRA plan status, and if applicable, certain MPRA information,
- Fair Market Value of Assets as of the SFA measurement date,
- SFA Amount as of the SFA measurement date calculated under the "increasing assets method",
- Projected SFA exhaustion year (only if the requested amount of SFA is determined under the "increasing assets method"), and
- Year-by-year deterministic projection.

This sheet is identical to Sheet 4A-4, and the information in Columns (1) through (6) should be the same as that used in the "basic method" calculation in Sheet 4A-4. The SFA Amount as of the SFA Measurement Date will differ from that calculated in Sheet 4A-4, as it will be calculated in accordance with § 4262.4(a)(2)(i) as the lowest whole dollar amount (not less than \$0) for which, as of the last day of each plan year during the SFA coverage period, projected SFA assets and projected non-SFA assets are both greater than or equal to zero, and, as of the last day of the SFA coverage period, the sum of projected SFA assets and projected non-SFA assets is greater than the amount of such sum as of the last day of the immediately preceding plan year.

**Reconciliation and Assumption Change for SFA Amount from Interim Final Rule Application**

File name: *Template 9 Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

**Instructions for Addendum C for Supplemented Applications, Sections F, G and H**

Provide a reconciliation of the change in the requested amount of SFA under the final rule as shown in Template 4A or Template 4B (whichever is applicable) from the total amount of SFA approved under the interim final rule as shown in Template 4 of the application approved under the interim final rule.

If the filer is proposing a change to the plan's employer contribution assumption to exclude contribution rate increases agreed to on or after July 9, 2021, as permitted under § 4262.4(c)(3) of PBGC's SFA regulation, provide a deterministic projection using the "basic method" of determining the SFA amount described in

§ 4262.4(a)(1) without reflecting the changed assumption, in the same format as sheet '4A-4 SFA Details .4(a)(1)' of Template 4A.

**Additional instructions for each individual worksheet:**

Complete sheet 9-1A, 9-1B, 9-1C, 9-1D, 9-1E, or 9-1F depending on the method used to calculate the requested SFA amount under the final rule, and depending on whether the filer is proposing a change to the plan's employer contribution assumption. See below for more explanation of which sheet is required.

For Item number 2, show the SFA amount determined under the final rule using the "basic method" with no assumption changes other than using the non-SFA and SFA interest rates, and include the deterministic projection in Sheet 9-2 Recon Details.

For Item number 3, show the SFA amount determined under the final rule using the "basic method" reflecting the assumption change related to excluded contribution increases agreed to on or after July 9, 2021, as shown in Sheet '4A-4 SFA Details .4(a)(1)' of Template 4A.

For Item number 4, show the SFA amount determined under the final rule using the "alternative present value method" reflecting the assumption change related to excluded contribution increases agreed to on or after July 9, 2021, as shown in Template 4B.

**9-2 Section F, Item (1): Reconciliation - Details for SFA amount under the Final Rule using the "basic method" with no assumption changes other than using the non-SFA and SFA interest rates**

*Sheet 9-2 is not required if all the assumptions used in determining the requested SFA amount under the final rule are the same as those used in the application that was approved under the interim final rule (except for the non-SFA and SFA interest rates).*

See Template 4A instructions for Sheet 4A-4, except provide the projection used to determine the intermediate Item number 2 SFA amount from Sheets 9-1B, 9-1D, or 9-1F (whichever applies), under the "basic method" described in § 4262.4(a)(1) and before any assumption change related to excluded contribution increases agreed to on or after July 9, 2021. Unlike Sheet 4A-4, it is not necessary to explicitly identify the projected SFA exhaustion year in Sheet 9-2.
