INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Local 734 Pension Fund
Chicago, Illinois

Opinion

We have audited the accompanying financial statements of Local 734 Pension Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of April 30, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Local 734 Pension Fund as of April 30, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Local 734 Pension Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Local 734 Pension Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Local 734 Pension Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Local 734 Pension Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment purposes at end of year, assets acquired and disposed of within the year and reportable transactions are presented for the purpose of additional analysis are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

LOCAL 734 PENSION FUND
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2022 AND 2021

Note 1 – Description of Plan

The following description of the Local 734 Pension Fund (Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan was established May 1, 1986, when Local 734 Bakery Drivers' Pension Fund-Inside Workers' Division and the Drivers' Division merged. The Drivers' Division was established during 1956 and the Inside Workers' Division was established during 1957 as a result of a collective bargaining agreement to provide retirement and disability benefits for eligible participants. The Plan is financed entirely by employer contributions. It is a multiemployer defined benefit pension plan and is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Benefits

Under current provisions of the Plan, effective September 1, 2019, all participant benefits will be determined by the deferred vested pension formula. For retirements after January 1, 2011 through September 1, 2019, participants are eligible for a normal pension if they have attained age 65 and have at least 25 years of benefit service or have attained age 62 with 30 or more years of benefit service.

Participants should refer to the summary plan description for more complete information.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Note 2 – Summary of Significant Accounting Policies

Date of Management's Review

Subsequent events were evaluated through November 16, 2022, which is the date the financial statements were issued.

Basis of Presentation

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of Investments

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the Plan's money market accounts are valued at cost which approximates market value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

LOCAL 734 PENSION FUND
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2022 AND 2021

Note 2 – Summary of Significant Accounting Policies (Continued)

Property and Depreciation

Office equipment and leasehold improvements are stated at cost less accumulated depreciation. Depreciation is computed on the straight-line method over the estimated five-year useful lives of the assets.

Maintenance and repairs are charged to operations and major improvements are capitalized. When assets are sold, retired, or otherwise disposed of, the cost and accumulated depreciation are removed from the accounts and any resulting gain or loss is included in income.

Office equipment is summarized as follows:

	2022	2021
Computer and equipment	\$ 36,374	\$ 36,374
Office equipment	37,618	37,618
Furniture and fixtures	99,172	99,172
Leasehold improvements	123,495	123,495
	296,659	296,659
Less accumulated depreciation	283,775	278,240
	<u>\$ 12,884</u>	<u>\$ 18,419</u>

Depreciation expense for the years ended April 30, 2022 and 2021 was \$5,535 and \$5,694, respectively.

Employers' Contributions Receivable

Employers' contributions receivable represents amounts due as of April 30, 2022 and 2021 under terms of the collective bargaining agreements. Employer records are subject to audit and additional revenue, if any, which may arise as a result of these audits, is recognized when final amounts are determined and remitted by the employer.

Withdrawal Liability

Withdrawal liability is assessed in accordance with the Multiemployer Pension Plan Amendments Act of 1980. Amounts not received are recorded as withdrawal liability receivable, net of management's estimate of an amount that is deemed uncollectable. One employer has been assessed withdrawal liability, and is making the required quarterly payments. The total withdrawal liability receivable at April 30, 2022 is \$5,428,974 and has been fully allowed for due to uncertainty of collection.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits includes benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries.

LOCAL 734 PENSION FUND
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2022 AND 2021

Note 3 – Actuarial Information

An actuarial valuation of the Plan was made by Horizon Actuarial Services, LLC as of April 30, 2021. Information in the report included the following:

Actuarial present value of vested accumulated plan benefits	
Participants currently receiving payments	\$178,988,032
Other vested benefits	90,293,238
Total vested benefits	269,281,270
Actuarial present value of nonvested accumulated plan benefits	659,339
Total actuarial present value of accumulated plan benefits	<u>\$269,940,609</u>

As reported by the actuary, changes in the present value of accumulated plan benefits during the year ended April 30, 2021 were as follows:

Actuarial present value of accumulated plan benefits at April 30, 2020	\$272,087,550
Increase (decrease) during the year attributable to:	
Decrease in the discount period	15,885,678
Benefits accumulated and actuarial losses	921,103
Benefits paid	<u>(18,953,722)</u>
Actuarial present value of accumulated plan benefits at April 30, 2021	<u>\$269,940,609</u>

Cost and liabilities for all plan benefits (including ancillary benefits) were determined using the unit credit cost method. Some of the more significant actuarial assumptions used in the valuations were as follows:

a) Life expectancy of participants:

	2021	2020
Active and nondisabled pensioners	Sex-distinct RP-2014 mortality tables for Blue Collar Employees, projected back to 2006 using Scale MP-2014, then projected with future generational improvements using Scale MP-2018	Sex-distinct RP-2014 mortality tables for Blue Collar Employees, projected back to 2006 using Scale MP-2014, then projected with future generational improvements using Scale MP-2018

APRIL 30, 2022 AND 2021

Note 3 – Actuarial information (Continued)

b) Retirement age assumptions:

<u>Age</u>	<u>Retirement Rates</u>
	<u>Active Participants</u>
50-54	0%
55-59	2%
60-61	5%
62	20%
63	25%
64	5%
65	25%
66	45%
67-69	25%
70	100%

Net investment rate of return: 6% per annum.

The above actuarial assumptions are based on the presumption that the Plan will continue. If the Plan was to terminate, different assumptions and other factors might be applicable in determining actuarial results. Pension benefits in excess of the present assets of the Plan are dependent upon contributions received under collective bargaining agreements with employers and income from investments.

Since information on the accumulated plan benefits at April 30, 2022 and the changes therein for the year then ended are not included above, these financial statements do not purport to present a complete presentation of the financial status of the Plan as of April 30, 2022 and the changes in its financial status for the year then ended, but a presentation of the net assets available for benefits and the changes therein as of and for the year ended April 30, 2022. The complete financial status is presented as of April 30, 2021.

Note 4 – Related Party Transactions

Common administrative expenses incurred are shared with the Bakery Drivers' Union Local 734. The amount due to Bakery Drivers' Union Local 734 was \$2,958 and \$1,698 at April 30, 2022 and 2021, respectively.

Common administrative expenses incurred are shared with the Bakery Drivers' Local 734 Health and Welfare Fund. The amount due from Bakery Drivers' Local 734 Health and Welfare Fund was \$28,128 and \$3,273 at April 30, 2022 and 2021, respectively.

The Plan's investments (including investments bought, sold and held during the years ended April 30, 2022 and 2021 (depreciated) appreciated in value by (\$3,004,007) and \$30,752,404, respectively.

The Plan's investments in the life settlement contracts and money market fund, by the nature of this type of investments, do not appreciate (depreciate) in value.

Note 6 – Fair Value Measurements

The Plan's investments are reported at fair value in accordance with the provisions of the accounting standard in effect, "Fair Value Measurements" with respect to fair value measurements of financial assets and liabilities. The Standard establishes a framework for measuring fair value by creating a hierarchy for observable independent market inputs and unobservable market assumptions and expands disclosures about fair value measurements. Considerable judgment may be required in interpreting market data used to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that could be realized in a current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value.

The three levels of fair value hierarchy under the Standard, and its applicability to the Plans portfolio investments, are described below:

Level 1 – Unadjusted quoted market prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Quoted prices for similar assets or liabilities, or inputs that are observable, either directly or indirectly, for substantially the full term through corroboration with observable market data. Level 2 includes investments valued at quoted prices adjusted for legal or contractual restrictions to the security.

Level 3 – Pricing inputs are unobservable for the asset or liability, that is, inputs that reflect the reporting entity's own assumption about the assumptions market participants would use in pricing the asset or liability.

LOCAL 734 PENSION FUND
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2022 AND 2021

Note 6 – Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2022 and 2021.

United States Treasury Securities, Corporate Stocks and Mutual Funds: These investments are recognized by the Plan's custodian using nationally recognized pricing services and are classified as Level 1.

U.S. Government Agency Obligations, Municipal Bonds, Corporate Bonds and Notes: Many of these securities generally do not trade on a daily basis and the pricing services prepare estimates of fair value measurements for these securities using their proprietary applications. These investments are classified as Level 2.

Life settlement contracts: Initial price is actuarially determined at the time of purchase and subsequently priced by an outside independent pricing service at year end. These investments are classified as level 2.

Money Market Funds: Valued at cost which approximates their fair value.

Pooled Separate Account: The fair value of the pooled separate account is based on the net asset value per share, without further adjustment, by reference to the underlying assets, which consist primarily of real estate related holdings (mortgages). In April 2009, current withdrawal requests were temporarily suspended. This suspension of withdrawals continued until May 1, 2011, when payment of a portion of the suspended withdrawals began. Future withdrawals may be suspended, depending on economic conditions.

Real Estate- Land and Building: The Plan owns land in Chicago, Illinois on which it constructed two buildings for use by the Plan, its related organizations and various unrelated tenants. Items which are permanently attached to the land or buildings are included in the investment, while replacements, maintenance, repairs, and tenant build-out costs are expensed currently. The estimated fair value of the land and buildings is based upon an independent appraisal performed every two to three years using the income capitalization approach. The last appraisal was as of April 17, 2019.

The table that follows represents quantitative information about the significant unobservable inputs used in the fair value measurement of the Plan's investments in land and buildings at April 30, 2022. Significant changes in any of those inputs in isolation would result in a significant change in fair value measurement.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management has evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended April 30, 2022 and 2021, there were no significant transfers in or out of levels 1 or 2.

Investment in Entities that Calculate Fair Value Using Net Asset Value (NAV) per Share

In accordance with current accounting standards the Plan has expanded its disclosures to include the category, fair value, redemption frequency and redemption notice period for those assets whose fair value is estimated using the NAV per share or its equivalent for which the fair value is not readily determinable, as of April 30, 2022 and 2021. The following table summarizes these investments as of April 30, 2022 and 2021.

Investment	04/30/22	04/30/21	Unfunded Commitments
<i>Pooled Separate Account</i>			
Ullico – Separate J Account (2)	\$ -	\$ 2,869,942	-
Total	\$ -	\$ 2,869,942	

- (1) The Partnership engages in proprietary trading within an investment objective to achieve superior risk adjusted returns.
- (2) The Account's investment strategy aims to capitalize on opportunities in the U.S. commercial real estate market by making loans to borrowers in the connection with the acquisition, development or refinancing to multi-family, multi-tenanted, single-tenanted and owner-occupied properties, including, but not limited to, office, medical office, anchored retail, industrial, and business-oriented hotels with major chains.

Note 7 – Operating Leases

The Plan has entered into a long- term lease agreement as a lessor with Bank of America. The lease term is for 20 years following the rent commencement date which was April 1, 2003. The lease includes a renewal option to extend the lease term for an additional 20 years.

Future minimum rent under the noncancelable operating lease at April 30, 2022 consists of the following:

<u>Year ending April 30,</u>	
2023	<u>\$289,059</u>
Total	<u>\$289,059</u>

The Plan has entered into a lease for office space as a lessor with the related local union commencing August 1, 2013 thru 2018. The local union renewed the lease for an additional five-year term commencing August 1, 2018 thru 2023. The lease requires monthly payments of \$6,960 with rent escalations each year thereafter. The lease provides that the local union is responsible for real estate taxes in excess of \$5 per square foot. The local union has the option to renew the lease for another five-year term.

The Plan has entered into a lease for office space as a lessor with the related health and welfare fund commencing August 1, 2013 thru 2018. The health and welfare fund renewed the lease for an additional five-year term commencing August 1, 2018 thru 2023. The lease requires monthly payments of \$8,297 with rent escalations each year after the third year. The lease provides that the health and welfare fund is responsible for real estate taxes in excess of \$5 per square foot. The health and welfare fund has the option to renew the lease for another five-year term.

Future minimum rent under the noncancelable operating lease at April 30, 2022 consists of the following:

<u>Year ending April 30,</u>	
2023	\$107,246
2024	<u>26,943</u>
Total	<u>\$134,189</u>

The Plan also leases office space to itself in its building. For the years ended April 30, 2022 and 2021, the Plan's rental income and rental expense includes \$245,416 and \$235,369, respectively paid to itself.

The Plan has entered into a long-term lease agreement as a lessor with CSA Creative, LLC. The lease term is 5 years following the rent commencement date which was December 1, 2016. The CSA Creative, LLC has the option to renew the lease for one additional five-year term upon terms and conditions specified in the lease agreement.

There was no future minimum rent under the noncancelable operating lease at April 30, 2022.

The Plan has entered into a long-term lease agreement as a lessor with Farm Journal, Inc. The lease term is 7 years and 7 months following the rent commencement date which was April 1, 2018.

Note 8 – Funding Policy

Funding is provided by monthly contributions from participating employers. The Plan is a non-contributory plan whereby participants may not make contributions.

Employers are required to remit contributions to the Plan within the first month after the work was performed. Contributions receivable represent the amounts due as April 30, 2022 and 2021 under the terms of the bargaining agreement and are based on remittances received subsequent to the Plan's year end. Contributions for 2022 and 2021 exceeded the minimum funding requirements of ERISA. An allowance for uncollectible accounts has not been established as management does not expect any uncollectible accounts.

Note 9 – Major Employers

The Plan has three employers who contributed approximately 91% and 90% of the employer contributions received for the years ended April 30, 2022 and 2021, respectively.

Note 10 – Multiemployer Employee Benefit Plans

The Plan contributes to a multiemployer defined benefit pension plans, and a multiemployer defined benefit health and welfare plan under the terms of a participation agreement. These plans generally provide retirement and health care benefits within the applicable collective bargaining units, based on specific eligibility/participation requirements, vesting periods and benefit formulas. The risks of participating in these multiemployer plans are different from single-employer plans in the following aspects:

- Assets contributed to the multiemployer plan by one employer may be used to provide benefits to employees of other participating employers
- If a participating employer stops contributing to the multiemployer plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
- If the Plan chooses to stop participating in some of our multiemployer plans, the Plan may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability. However, cessation of participation in a multiemployer plan and subsequent payment of any withdrawal liability is subject to the collective bargaining process.

Multiemployer Pension Plan

The following table outlines the participation in multiemployer pension plans for the years ended April 30, 2022 and 2021. The "EIN/Pension Plan Number" column provides the Employer Identification Number ("EIN") and the three-digit-plan number. The most recent Pension Protection Act zone status available in 2022 and 2021, relates to the plans' two most recent fiscal year-ends. The zone status is based on information that we received from the plans' administrators and is certified by each plan's actuary. Among other factors, plans certified in the red zone are generally less than 65% funded, plans certified in the orange zone are both less than 80% funded and have an accumulated funding deficiency or are expected to have a deficiency in any of the next six plan years, plans certified in the yellow zone are less than 80% funded, and plans certified in the green zone are at least 80% funded. The "FIP/RP Status Pending/Implemented" column indicates whether a financial improvement plan ("FIP") for yellow/orange zone plans, or a rehabilitation plan ("RP") for red zone plans, is either pending or has been implemented.

Pension Fund	EIN Plan Number	Pension Protection Act Zone Status		FIP/RP Status Pending/ Implemented	Contributions		Surcharge Imposed	Expiration Date of CBA

Multiemployer Health and Welfare Plan

The Plan contributes to a multiemployer health and welfare plan for its full-time employees. The plan covers retirees and participating employees and their dependents under a participation agreement. Contributions to the health and welfare plan by the Plan for the years ended April 30, 2022 and 2021, were \$56,364 and \$56,316, respectively.

Note 11 – Plan Termination

It is the intent of the Trustees to continue the Plan in full force and effect. However, in the unlikely event of termination and in order to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event the Plan terminates, the net assets of the Plan will be allocated as set forth in the Trust agreement and as prescribed by ERISA and its related regulations.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Note 12 – Tax Status and Uncertain Tax Positions

The Internal Revenue Service has ruled May 16, 2011 that the Plan qualifies under Section 501(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Trustees of the Plan are not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan's management has analyzed the tax positions taken by the plan, and has concluded that as of April 30, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to April 30, 2019.

Note 13 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

The estimated fair value of the land and buildings owned as investments by the Plan, as determined by an independent third-party appraiser, may vary significantly from prices at which the real estate investments would sell and the amounts could be material.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would-be material to the financial statements.

Note 14 – Concentration of Credit Risk

Cash

The Plan maintains cash balances at one financial institution. The Federal Deposit Insurance Corporation insures accounts up to \$250,000. The Plan has approximately \$5,033,000 at risk for accounts in excess of insured limits.

COVID-19

In early 2020, an outbreak of the novel strain of coronavirus (COVID-19) emerged globally. As a result, there have been mandates from federal, state and local authorities resulting in an overall decline in economic activity. The ultimate impact of COVID-19 on the financial performance of the Plan is not reasonably estimable at this time.

LOCAL 734 PENSION FUNDNOTES TO FINANCIAL STATEMENTS
APRIL 30, 2022 AND 2021**Note 15 – Pension Protection Act Filing of Critical Status**

For the Plan years beginning on May 1, 2021 and 2020, the Plan's actuary certified that the Plan was in critical and declining status ("red zone"), within the meaning of the Pension Protection Act of 2006 (PPA).

Federal law requires pension plans in the red zone to adopt a rehabilitation plan aimed at restoring the financial health of the Plan. In 2011, the Trustees adopted a rehabilitation plan that includes contribution rate increases and benefit reductions. The rehabilitation plan was updated on July 8, 2019 as follows: effective May 1, 2020 to set up the minimum contribution rate by \$180 per week followed by the \$6.00 per week annual increase through May 1, 2029, at which time, the minimum contribution rate must be \$234 per week.

The rehabilitation plan has a number of assumptions about future experience and may need to be adjusted in the future if such assumptions are not met. The Trustees recognize the possibility that actual experience could be less favorable than the reasonable assumptions and, they acknowledge the need to update the rehabilitation plan on an annual basis as deemed necessary. Additional contribution rate increases and/or benefit reductions may be needed if the Plan were to realize asset returns below the expected 6.00% annual return.

Note 16 – Plan Amendment

The Plan had no amendments during the year ended April 30, 2022. The Plan was amended during the year ended April 30, 2021. Participants should refer to the plan document for a complete description of plan amendments.

Effective January 1, 2021, the requirements for Pre-Retirement death and pension survivor benefit changed.

ASSET DETAIL MESSAGES

Time of trade execution and trading party (if not disclosed) will be provided upon request.

Publicly traded assets are valued in accordance with market quotations or valuation methodologies from financial industry services believed by us to be reliable. Assets that are not publicly traded may be reflected at values from other external sources. Assets for which a current value is not available may be reflected at a previous value or as not valued, at par value, or at a nominal value. Values shown do not necessarily reflect prices at which assets could be bought or sold. Values are updated based on internal policy and may be updated less frequently than statement generation.

For further information, please contact your account manager or relationship manager.

Yield on Market and Accrued Income are estimates provided for informational purposes only and should not be relied on for making investment, trading, or tax decisions. The estimates may not represent the actual value earned by your investments and they provide no guarantee of what your investments may earn in the future.

*** This asset is held or controlled by the customer or by a third party on behalf of the customer, and is reported for customer recordkeeping purposes only. U.S. Bank does not have actual custody or control of this asset. With the exception of most marketable securities, the description of the asset and its price (or value) may have been provided to U.S. Bank by the customer or a third party and should not be relied upon for any purpose.
