(3) Eligibility for SFA

As described in the Initial Application, the Plan is eligible for SFA because it was certified by its actuary to be in critical and declining status for the plan year beginning January 1, 2020. The Plan was also certified to be in critical and declining status for the plan years beginning January 1, 2021 and January 1, 2022.

(4) Priority Status

As described in the Initial Application, the Plan is in Priority Group 5. Without SFA, it is projected to become insolvent by March 11, 2026.

(5) Narrative Description of Development of Assumed Future Contributions and Future Withdrawal Liability Payments

The following description is updated from the Initial and Revised Applications.

Employers contribute on a percentage of gross wages to the Plan. The contribution base unit ("CBU") assumption was developed based on input from the Trustees and is considered a Generally Acceptable Assumption Change under section IV of the Special Financial Assistance Assumptions guidance issued by the PBGC on July 9, 2021 and updated on July 11, 2022 and January 3, 2023. The CBU assumption in this second Revised Application is \$1,039,381 gross wages in 2022, decreasing by 0.55% per year.

The 2022 gross wages are used as the baseline because it is the most recent year outside the 2020/2021 COVID period for which actual data is available, which we believe is appropriate as explained further below. As to the CBU change assumption, the gross wages are assumed to decrease 0.55% per year, corresponding to the Generally Acceptable Assumption Change for CBUs set forth in section IV of the Special Financial Assistance Assumptions guidance. This change is based on discussions with the PBGC and a 0.55% decline in CBUs over the 10-year period ending December 31, 2022, excluding the COVID period and only considering employers remaining at the end of that period. In order to maintain a consistent number of active participants with projected CBUs, we back into a projected number of active participants based on average wages of \$46,500 in 2023 (\$45,190 in 2022 increased by 3%) and future average wage growth of 3% per year (the assumption in the Revised Application).

13 of the remaining 15 employers contribute to the Plan under the Default Schedule of the Rehabilitation Plan. The other two employers contribute at 13% of gross wages. Under section 4262.4(c)(3) of PBGC's SFA regulation, contribution rate increases agreed to on or after July 9, 2021 are excluded. The assumed future contributions are based on the product of the weighted average contribution rate of 17.72%, as determined from the January 1, 2022 census data, and projected gross wages. The average contribution rate is unchanged from the Initial Application.

Assumptions concerning withdrawal liability are based on information provided by the Trustees as follows: Future withdrawal liability payments are assumed to continue for the four withdrawn employers making withdrawal liability payments. This assumption is unchanged from the Initial Application.

Outstanding withdrawal liability was assumed for the Revised Application to be recovered at a level based on current circumstances at the time of submitting of the Revised Application. This assumption has been updated from the Revised Application based on more current circumstances. All other withdrawn employers have completed their required payments.

Future withdrawals by some of the remaining employers may occur but the amount and timing of any resulting withdrawal liability cannot be reasonably estimated. Additionally, for purposes of this second Revised Application, the Fund is using a Generally Acceptable Assumption of a 0.55% CBU decline per year, whereas the actual average annual CBU decline over the 10-year period that ends December 31, 2022 (excluding 2020 and 2021) is 13.07%. In view of these considerations, amounts for future withdrawal liability were not included in this second Revised Application. This assumption remains unchanged from the Revised Application.

(6) a. Changes to Assumptions for SFA Eligibility

As described in the Initial Application, the Plan is eligible for SFA under section 4262.3(a)(1), as it was certified to be in critical and declining status within the meaning of section 305(b)(6) of ERISA for the plan year beginning January 1, 2020.

In other words, the Plan is eligible for SFA based on the most recent status certification completed before January 1, 2021. Therefore, there are no changes to assumptions that affect the Plan's eligibility for SFA.

(6) b. Changes to Assumptions for SFA Amount

The following are descriptions of the actuarial assumptions used to determine the amount of SFA that are different from those used in the most recent actuarial certification of plan status completed before January 1, 2021; in other words, for the plan year beginning January 1, 2020 (the “2020 status certification”).

Changes versus Revised Application

The Fund submitted its Revised Application for SFA on March 10, 2023 and subsequently withdrew that Revised Application on June 25, 2023. The only assumption changes included in this second Revised Application that differ from the Revised Application pertain to contribution base units, administrative expenses, and withdrawal liability payments for currently withdrawn employers.

Administrative Expenses

The assumption was updated for a one-time administrative expense for professional fees due to the Revised Applications.

Prior Assumption	Assumed annual expenses of \$300,000 for 2019 were assumed to increase by 2% per year until insolvency.
Baseline Assumption	Annual expenses assumed to increase 2% per year, plus an adjustment for the PBGC premium increase in 2031. The projected expenses were limited to 15% of expected benefit payments for post-certification projection years. PBGC premiums for each year are based on the projected total participant count on an open group basis.
Rationale for Change	<p>The prior assumption did not address years after the original projected insolvency in 2025 and is not reasonable for the long-term projection through the SFA period.</p> <p>This change is an extension of the administrative expenses assumption as described in Paragraph A, “Adoption of assumptions not previously factored into pre-2021 certification of plan status” of Section III, Acceptable Assumption Changes of PBGC’s guidance on Special Financial Assistance Assumptions.</p>
SFA Assumption	Annual expenses assumed to increase 2% per year, plus an adjustment for the PBGC premium increase in 2031. The projected expenses were limited to 15% of expected benefit payments for post-certification projection years, with a minimum of \$275,000 per year. PBGC premiums for each year are based on the projected total participant count on an open group basis. For expenses incurred by the Plan in filing the Revised Application and the second Revised Application, an additional \$85,000 was included for administrative expenses for plan year ending December 31, 2023, only.

	<i>This assumption has been updated from that in the Revised Application.</i>
Rationale for Change	<p>The baseline assumption is not reasonable for the long-term projection through the SFA period. Because of the low benefit provided in this plan, the projected benefit payments are lower than most plans its size. The work required to administer a plan is only partially related to the number of participants. There is a minimum level of expenses related to actuarial, audit, legal, administration, etc. The cap of 15% of expected benefit payments is unreasonable for a plan with a low benefit and decreasing population. From 2017 through 2021, the average administrative expenses have been approximately \$289,000 per year. The 15% cap in the “baseline” assumption is projected to be met the second year of the post-certification projection and would result in projected administrative expenses far lower than even the current administrative expenses level.</p> <p>Analysis of publicly available information from the Form 5500s with plan years ending in 2019 shows there are 41 New York plans with between 1 and 600 participants, with average annual administrative expenses of \$217,000. Of these, 6 are critical and declining plans, showing average annual administrative expenses of \$250,000. This is prior to any inflation adjustments or increases in PBGC premiums.</p> <p>The additional \$85,000 for professional fees assumed to be incurred by the Plan for filing the Revised Application was based on more recent invoices received by the Plan through May and expected additional charges by Plan professionals.</p>

New Entrant Profile

This assumption change was included in the Initial Application.

Prior Assumption	None. The solvency projection for the 2020 status certification was based on a “closed group” projection.
SFA Assumption	<p>The new entrant profile assumption is based on the new entrants and rehires to the plan in the five plan years preceding the plan’s SFA participant census data date (reflecting all new entrants and rehires in those five plan years rather than only those remaining in service), with five-year age bands.</p> <p>The new entrant profile is detailed in the exhibit below.</p>
Rationale for Change	<p>Due to its short-term nature, the 2020 status certification was based on a closed group projection and did not include an assumption of new actives. While disregarding new entrants was reasonable for the 2020 status certification, it is not reasonable for the long-term solvency projection required for the determination of the SFA amount.</p> <p>The updated assumption is consistent with paragraph D “Proposed change to new entrant profile assumption” of Section III, Acceptable Assumption Changes of PBGC’s guidance on SFA assumptions and is reasonable for determining the amount of SFA.</p>

The following table summarizes the new entrant profile. The number of new entrants added each year varies to achieve the assumed number of active participants, consistent with the CBU assumption. All new entrants are assumed to enter with one pension credit due to the valuation definition of active participants. Also due to the industry and significant proportion of rehires (70%) in the new entrant experience of the last five plan years, all new entrants are assumed to enter with average vesting credits for the respective age band. Vesting credits for new entrants are only used for eligibility purposes. The one pension credit at entry is assumed to be newly earned and is not already reflected in the cash flow stream for inactive vested participants. Therefore, there is no duplication of pension credits for rehires.

New Entrant Profile for Determining SFA Amount

Age Range	Male Participants		Female Participants	
	% of Total Count	Average Vesting Service	% of Total Count	Average Vesting Service
20 - 24	0.0%	0.0	0.0%	0.0

Withdrawal Liability Payments for Currently Withdrawn Employers

The assumption for withdrawal liability payments for currently withdrawn employers has been revised from the Revised Application. Based on updated information regarding a settlement with a withdrawn employer that was not in payment status as of September 30, 2022, information concerning timing of settlement payments was revised. Specifically, the prior assumption was that the settlement would be paid in 20 monthly installments of \$21,750.00 starting on April 1, 2023. The revised assumption reflects the actual receipt of the first two installments on May 17, 2023 and June 30, 2023, and assumes that the remaining 18 monthly installments will be paid on the first of each month starting with August 1.

Prior Assumption	Withdrawal liability payment schedules for the four employers in payment status as of January 1, 2020 were projected to continue through 2025.
Baseline Assumption	The four withdrawn employers in payment status as of September 30, 2022 will continue their current payment schedule past 2025.
Rationale for Change	This assumption is an extension of the withdrawal liability assumption from the 2020 status certification. The prior withdrawal liability payment assumption did not extend beyond the status certification projection period. This change was deemed similar in nature to the extended CBU assumption and therefore has been included in the "baseline" projection.
SFA Assumption	In addition to assuming the four withdrawn employers in payment status as of September 30, 2022 will continue their current payment schedule, outstanding withdrawal liability for withdrawn employers not in payment status or under settlement agreements as of September 30, 2022 is assumed to be recovered at a level based on updated information provided by the Plan after the initial and revised filings. <i>This assumption has been updated from that in the Revised Application.</i>
Rationale for Change	This assumption is an adjustment to the "baseline" assumption based on input from the plan Trustees.

Contribution Base Units (CBUs)

The assumption for CBUs has been revised from the Revised Application. The support and rationale for the contraction in CBUs was also revised to be based on the historical decline excluding withdrawn employers.

Prior Assumption	CBUs are gross wages. In the 2020 status certification, gross wages were projected to be the gross wages in 2019 decreased by 6% and then remain level in each subsequent plan year of the projection period. Therefore, the CBU assumption was gross wages of \$1,396,264 in 2020 (94% of 2019 gross wages) and in each subsequent year of the projection period. The projection period was January 1, 2020 through December 31, 2025 for Funding Standard Account purposes and January 1, 2020 through December 31, 2025 for solvency projection purposes.
Baseline Assumption	The gross wages are assumed to remain level at \$1,396,264 after 2025 for the SFA projection period until 2051.
Rationale for Change	The prior assumption did not address years after the original projected insolvency in 2025. The “baseline” assumption is an extension of the CBU assumption as described in paragraph A “Adoption of assumptions not previously factored into pre-2021 certification of plan status” of Section III, Acceptable Assumption Changes of PBGC’s guidance on SFA assumptions.
SFA Assumption	For determining the SFA amount, the gross wages are assumed to be the same as the gross wages of \$1,039,381 for January 1, 2022 through December 31, 2022, reduced by 0.55% annually for each subsequent year. <i>This assumption has been revised from that in the Revised Application.</i>
Rationale for Change	The geometric average rate of decline in actual CBUs of the ten plan years ending December 31, 2022 (ignoring 2020 and 2021) exceeds 3%, however this decrease includes employer withdrawals. The geometric average rate of decline in actual CBUs for remaining employers, as of December 31, 2022, of the ten plan years ending December 31, 2022 (ignoring 2020 and 2021) is 0.55%. Per Section IV, Generally Acceptable Assumption Changes, of PBGC’s guidance on Special Financial Assistance Assumptions, it is a reasonable approach to project a 0.55% annual reduction in CBUs. Section IV, Generally Acceptable Assumption Changes, of PBGC’s guidance on Special Financial Assistance Assumptions states that it will be generally acceptable to assume that the initial CBU amount to project CBUs is the actual amount of CBUs for the most recent plan year ending before the SFA measurement date that does not include the COVID period. This Application instead uses the CBUs for 2022. Although this does not strictly follow the guidance, experience through December 31, 2022 is available and this period is a more reasonable measure of the current CBUs for the Fund than 2019 CBUs as the Fund experienced withdrawals of two employers in 2020. The 2022 CBU level is consistent with the trend of industry-related contraction in CBUs reflected in the pre-

COVID period. Based on Trustee input, the 2022 CBU experience is most reasonable for basing future work levels.

The following table shows the Fund's CBUs and active participants since 2010, the change from the prior year, and the geometric average of change from 2011 to 2022. In addition, monthly CBUs for plan years 2018 through 2022 were provided via electronic mail responses to clarifying questions provided by the PBGC.

Historical CBUs and Number of Active Participants

Year	CBUs (Gross Wages) All Employers	CBUs Remaining Employers	Number of Active Participants of All Employers	Number of Active Participants of Remaining Employers	Average Wages per Participant of Remaining Employers
2010	\$4,872,475.63	\$871,694.11	147	50	\$17,433.88
2011	3,665,956.03	1,092,214.50	97	42	26,005.11
2012	3,216,702.66	1,118,728.86	81	37	30,235.92
2013	2,797,008.03	1,152,982.18	73	41	28,121.52
2014	2,593,369.15	1,320,773.36	63	43	30,715.66
2015	2,252,469.46	1,309,389.00	48	36	36,371.92
2016	1,676,970.14	1,285,325.58	39	36	35,703.49
2017	1,644,283.89	1,265,438.16	36	34	37,218.77
2018	1,446,910.71	1,262,374.40	33	30	42,079.15
2019	1,296,875.93	1,283,475.50	29	29	44,257.78
2020	365,020.79	365,020.79	18	18	20,278.93
2021	737,979.92	737,979.92	16	16	46,123.75
2022	1,039,381.22	1,039,381.22	23	23	45,190.49
Geometric Average 2011 – 2022:	-13.07%	-0.55%	-14.78%	-6.47%	6.33%

As shown above, the geometric average decline of CBUs for the total Plan is 13.07% per year from 2011 to 2022, excluding COVID years 2020 to 2021. Looking at only the remaining employers, the geometric average decline is 0.55% per year from 2011 to 2022, excluding COVID years 2020 to 2021. Based on this experience and their knowledge of the industry, the plan trustees do not expect this level of contraction to continue indefinitely but expect the “generally acceptable” contraction assumption of 0.55% per year to be a reasonable estimate of future CBUs.

In conjunction with this CBU assumption, active counts are expected to decrease in a manner such that future average wages are consistent with an assumed average wage growth of 3% per year.

Wage growth

The assumption for wage growth is the same as in the Revised Application.

Prior Assumption	None
SFA Assumption	3% per year
Rationale for Change	The prior assumption did not address years after the original projected insolvency in 2025. To reasonably project future active participant count, a wage growth assumption that is consistent with other inflationary assumptions utilized is needed. The only other inflationary assumption used for valuation and this application purposes is an annual 2% increase for administrative expenses. "The Long-Range Economic Assumptions For the 2022 Trustees Report" indicates that the average real wage differential over the 65-year period 2032 through 2096 is 1.77%, 1.15%, and 0.53% under the three alternative scenarios. "The Congressional Budget Office (CBO)...projected that the annual real growth rate for average U.S. wages would average about 0.8 percent over the period 2031 to 2051." Using 2% as our inflationary component (from the administrative expense assumption) and using 1% as an average real wage differential, the assumption of 3% wage growth per year is reasonable.

Contribution Rates

This assumption change was included in the Initial Application.

Prior Assumption	<p>The 2020 status certification projected contributions based on the weighted (by wages) average contribution rate for active participants in the underlying participant census data. There were no assumed changes in the weighted average contribution rate.</p> <p>The 2020 status certification was based on census data as of January 1, 2019. The weighted average contribution rate determined for the group of active participants was 17.10% of gross wages.</p>
SFA Assumption	<p>Consistent with the 2020 status certification, the determination of the SFA amount is based on the weighted average contribution rate for the active population.</p> <p>The determination of the SFA amount is based on participant census data as of January 1, 2022. The weighted average contribution rate as of that date is 17.72% of gross wages.</p> <p>Only contribution rate increases negotiated prior to July 9, 2021 are included under section 4262.4(c)(3) of PBGC's SFA regulation.</p>
Rationale for Change	<p>Effectively, there is no change to the assumption from the 2020 status certification; it has been updated only to reflect weighted average contribution rates in the actual active participant population as of January 1, 2022.</p> <p>This assumption change is included in Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions.</p>

Mortality

The assumption for mortality is the same as the Revised Application.

Prior Assumption	<p>Non-annuitant: 108% of the RP-2014 Blue Collar Employee Table, projected generationally from 2014 using Scale SSA-2014</p> <p>Healthy annuitant: 108% of the RP-2014 Blue Collar Healthy Annuity Mortality Table, projected generationally from 2014 using Scale SSA-2014</p> <p>Disabled annuitant: 108% of the RP-2014 Disabled Retiree Mortality Table, projected generationally from 2014 using Scale SSA-2014</p>
SFA Assumption	<p>Non-annuitant: Pri-2012 Blue Collar Employee Table with generational projection from 2012 using Scale MP-2021</p> <p>Healthy annuitant: Pri-2012 Blue Collar Healthy Annuity Table with generational projection from 2012 using Scale MP-2021</p> <p>Disabled annuitant: Pri-2012 Disabled Annuity Table with generational projection from 2012 using Scale MP-2021</p> <p>The tables described above are amount-weighted tables.</p>
Rationale for Change	<p>The prior assumption is no longer reasonable as the tables and projection scales were developed reflecting mortality experience measured through 2006, and the 8% increase to the incidence of mortality does not comply with the credibility standards referenced in 26 CFR 1.430(h)(3)-2.</p> <p>This assumption change is included in Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions.</p>

(7) Reinstatement of Suspended Benefits

As of the date of the SFA application, the Plan has not suspended benefits under section 305(e)(9) or section 4245(a) of ERISA. Therefore, this narrative description is not required.

Application for Special Financial Assistance

Checklist, Certifications, and SFA-related Plan Amendments

The following are various items of information required for the application for special financial assistance ("SFA") by the Pension Fund of the Moving Picture Machine Operators Union Local 306 ("Plan"). The various items are numbered according to Section E of the "*General Instructions for Multiemployer Plans Applying for Special Financial Assistance*" published by the Pension Benefit Guaranty Corporation ("PBGC").

(1) SFA Application Checklist

The second revised application checklist is included in the electronic mail communication.

(2) SFA Eligibility Certification and Supporting Information for Critical and Declining Plan

The Plan is claiming SFA eligibility under section 4262.3(a)(1) of PBGC's SFA regulation based on the certification completed prior to January 1, 2021. Therefore, no information is required.

(3) SFA Eligibility Certification and Supporting Information for Critical Plan

The Plan is not claiming SFA eligibility under section 4262.3(a)(3) of PBGC's SFA regulation. Therefore, no information is required.

(4) Certification by Plan Actuary: Priority Status

Certification on the Plan's Priority Status

This is a certification that the Pension Fund of the Moving Picture Machine Operators Union Local 306 ("Plan") is eligible for priority consideration by the Pension Benefit Guaranty Corporation ("PBGC") of its application for special financial assistance ("SFA").

The Plan is in **priority group 5** as described under section 4262.10(d)(2)(v) of PBGC's SFA regulation, because it is an eligible plan that is projected to be insolvent under section 4245 of ERISA by March 11, 2026. More specifically, the Plan is eligible for SFA because it was certified to be in critical and declining status for the plan year beginning January 1, 2020. The Plan is in priority group 5 because it is projected to fully exhaust its resources that are easily accessible for benefits during the plan year beginning January 1, 2025.

The year of projected insolvency is based on the methods and definitions as described in section 4245(b) of ERISA. The projection is based on the same asset value, census data, assumptions, and methods as those described in the 2020 certification of actuarial plan status for the plan year beginning January 1, 2020, dated March 30, 2020.

The projection is based on information supplied by the auditor with respect to contributions and assets and reliance on the Plan Administrator with respect to the participant data. Segal does not audit the data provided. The accuracy and comprehensiveness of the data is the responsibility of those supplying the data. To the extent we can, however, Segal does review the data for reasonableness and consistency. Based on our review of the data, we have no reason to doubt the substantial accuracy of the information on which we have based this report, and we have no reason to believe there are facts or circumstances that would affect the validity of these results.

(5) Certification by Plan Actuary: SFA Amount

Certification on the Amount of Special Financial Assistance

This is a certification that the requested amount of special financial assistance (“SFA”) of \$19,843,215 is the amount to which the Pension Fund of the Moving Picture Machine Operators Union Local 306 (“Plan”) is entitled under section 4262(j)(1) of ERISA and section 4262.4 of the Pension Benefit Guaranty Corporation’s (“PBGC”) SFA regulation. The amount of SFA for the Fund was calculated as of the SFA measurement date of September 30, 2022 in accordance with generally accepted actuarial principles and practices and the provisions under section 4262.4(e) of Pension Benefit Guaranty Corporation’s (“PBGC”) SFA regulation.

Segal has determined the amount of SFA at the request of the Board of Trustees of the Plan as part of the Plan’s application for SFA. The calculation of the amount of SFA shown in the Plan’s application for SFA is not applicable for other purposes.

The calculation of the amount of SFA is based on the assumptions and methods used in the 2020 certification of actuarial plan status, dated March 30, 2020, modified as described in Section D, Item 6b of the *“General Instructions for Multiemployer Plans Applying for Special Financial Assistance.”* In addition, it is based on the participant census data as of December 31, 2021 used for the 2022 actuarial valuation of the Plan, dated November 16, 2022, the fair market value of assets as of the SFA measurement date certified by the plan sponsor, and other relevant information provided by the Fund Administrator. As described in Section B, Item 9 of the *“General Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance,”* deaths that occurred before the census date have been reflected for SFA purposes. In connection with the independent death audit that the PBGC completed on the participant census data as of December 31, 2021, the Plan agrees that 10 data records indicate deceased terminated vested participants. The Plan confirmed three of those do not have spouses. The remaining seven do not have spouses’ dates of birth, therefore the Plan reflected its marriage and spousal benefit assumptions as to those seven participants. Segal does not audit the data provided. The accuracy and comprehensiveness of the data is the responsibility of those supplying the data. To the extent we can, however, Segal does review the data for reasonableness and consistency. Based on our review of the data, we have no reason to doubt the substantial accuracy of the information on which we have based the calculation of the SFA amount and we have no reason to believe there are facts or circumstances that would affect the validity of these results.

(6) Plan Sponsor Certification of the Fair Market Value of Plan Assets

The Board of Trustees of the Pension Fund of the Moving Picture Machine Operators Union Local 306 hereby certifies that the fair market value of plan assets as of September 30, 2022 (the SFA measurement date) is \$7,553,512. The latest audited financial statements are as of December 31, 2021. To reconcile assets to the SFA measurement date, the Fund Auditor prepared an unaudited balance sheet, an unaudited income statement as of September 30, 2022, and a reconciliation between the audited statement as of December 31, 2021 to the unaudited statement as of September 30, 2022 (see attached files labeled: UnauditedFS09302022 Update MPMO306PF.pdf and Reconciliation of FMVA – MPMO306PF Update.pdf).

(7) Executed Plan Amendment for SFA Compliance

The executed plan amendment required under section 4262.6(e)(1) of PBGC's SFA regulation was included in the original application.

(8) Proposed Plan Amendment to Reinstate Benefits

The Plan did not suspend benefits under section 305(e)(9) or section 4245(a) of ERISA, nor does it intend to do so. Therefore, the requirement for a plan amendment under section 4262.6(e)(2) of PBGC's SFA regulation does not apply.

(9) Executed Plan Amendment to Rescind Partition Order

The Plan was not partitioned under section 4233 of ERISA. Therefore, the requirement for a plan amendment under section 4262.9(c)(2) of PBGC's SFA regulation does not apply.

(10) Statement on Penalties of Perjury

Attached is the statement on penalties of perjury required under section 4262.6(b)(2) of PBGC's SFA regulation.

(5) Certification by Plan Actuary: SFA Amount

Certification on the Amount of Special Financial Assistance

This is a certification that the requested amount of special financial assistance (“SFA”) of \$19,843,215 is the amount to which the Pension Fund of the Moving Picture Machine Operators Union Local 306 (“Plan”) is entitled under section 4262(j)(1) of ERISA and section 4262.4 of the Pension Benefit Guaranty Corporation’s (“PBGC”) SFA regulation. The amount of SFA for the Fund was calculated as of the SFA measurement date of September 30, 2022 in accordance with generally accepted actuarial principles and practices and the provisions under section 4262.4(e) of Pension Benefit Guaranty Corporation’s (“PBGC”) SFA regulation.

Segal has determined the amount of SFA at the request of the Board of Trustees of the Plan as part of the Plan’s application for SFA. The calculation of the amount of SFA shown in the Plan’s application for SFA is not applicable for other purposes.

The calculation of the amount of SFA is based on the assumptions and methods used in the 2020 certification of actuarial plan status, dated March 30, 2020, modified as described in Section D, Item 6b of the *“General Instructions for Multiemployer Plans Applying for Special Financial Assistance.”* In addition, it is based on the participant census data as of December 31, 2021 used for the 2022 actuarial valuation of the Plan, dated November 16, 2022, the fair market value of assets as of the SFA measurement date certified by the plan sponsor, and other relevant information provided by the Fund Administrator. Application Checklist

v20221129p

Instructions for Section E, Item 1 of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance (SFA):

The Application to PBGC for Approval of Special Financial Assistance Checklist ("Application Checklist" or "Checklist") identifies all information required to be filed with an initial or revised application. For a supplemented application, instead use "Application Checklist - Supplemented." The Application Checklist is not required for a lock-in application.

For a plan required to submit additional information described in Addendum A of the SFA Filing Instructions, also complete Checklist Items #39.a. to #48.b., and if there is a merger as described in Addendum A, also complete Checklist Items #49 through #62.

Applications (including this Application Checklist), with the exception of lock-in applications, must be submitted to PBGC electronically through PBGC's e-Filing Portal, (<https://efilingportal.pbgc.gov/site/>). After logging into the e-Filing Portal, go to the Multiemployer Events section and click "Create New ME Filing." Under "Select a filing type," select "Application for Financial Assistance – Special." Note: revised and supplemented applications must be submitted by selecting "Create New ME Filing."

Note: If you go to the e-Filing Portal and do not see "Application for Financial Assistance – Special" under the "Select a Filing Type," then the e-Filing Portal is temporarily closed and PBGC is not accepting applications (other than lock-in applications) at the time, unless the plan is eligible to make an emergency filing under § 4262.10(f). PBGC's website, www.pbgc.gov, will be updated when the e-Filing Portal reopens for applications. PBGC maintains information on its website at www.pbgc.gov to inform prospective applicants about the current status of the e-Filing portal, as well as to provide advance notice of when PBGC expects to open or temporarily close the e-Filing Portal.

General instructions for completing the Application Checklist:

Complete all items that are shaded: 

If required information was already filed: (1) through PBGC's e-Filing Portal; or (2) through any means for an insolvent plan, a plan that has received a partition, or a plan that submitted an emergency filing, the filer may either upload the information with the application or include a statement in the Plan Comments section of the Application Checklist indicating the date on which and the submission with which the information was previously filed. For any such items previously provided, enter N/A as the **Plan Response**.

For a revised application, the filer may, but is not required to, submit an entire application. For all Application Checklist Items that were previously filed that are not being changed, the filer may include a statement in the Plan Comments section of the Application Checklist to indicate that the other information was previously provided as part of the initial application. For each, enter N/A as the **Plan Response**.

Instructions for specific columns:

Plan Response: Provide a response to each item on the Application Checklist, using only the **Response Options** shown for each Checklist Item.

Name(s) of Files Uploaded: Identify the full name of the file or files uploaded that are responsive to the Checklist Item. The column **Upload as Document Type** provides guidance on the "document type" to select when submitting documents on PBGC's e-Filing Portal.

Page Number Reference(s): For Checklist Items #21 to #28c, submit all information in a single document and identify here the relevant page numbers for each such Checklist Item.

Plan Comments: Use this column to provide explanations for any **Plan Response** that is N/A, to respond as may be specifically identified for Checklist Items, and to provide any optional explanatory comments.

Additional guidance is provided in the following columns:

Upload as Document Type: When uploading documents in PBGC's e-Filing Portal, select the appropriate Document Type for each document that is uploaded. This column provides guidance on the Document Type to select for each Checklist Item. You may upload more than one document using the same Document Type, and there may be Document Types on the e-Filing Portal for which you have no documents to upload.

Required Filenaming (if applicable): For certain Checklist Items, a specified format for naming the file is required.

SFA Instructions Reference: Identifies the applicable section and item number in PBGC's Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance.

You must select N/A if a Checklist Item # is not applicable to your application. **Your application will be considered incomplete if No is entered as a Plan Response for any of Checklist Items #1 through #38 on the Application Checklist. If there has been an event as described in § 4262.4(f), complete Checklist Items #39.a. through #48.b., and if there has been a merger described in Addendum A, also complete Checklist Items #49 through #62. Your application will be considered incomplete if No is entered as a Plan Response for any of Checklist Items #39.a. through #48.b. if you are required to complete Checklist Items # 39a through #48b. Your application will also be considered incomplete if No is entered as a Plan Response for any of Checklist Items #49 through #62 if you are required to complete Checklist Items #49 through #62.**

If a Checklist Item # asks multiple questions or requests multiple items, the Plan Response should only be Yes if the plan is providing all information requested for that Checklist Item.

Note, a Yes or No response is also required for Checklist Items #a through #f.

Note, in the case of a plan applying for priority consideration, the plan's application must also be submitted to the Treasury Department. If that requirement applies to an application, PBGC will transmit the application to the Treasury Department on behalf of the plan. See IRS Notice [NOTICE] for further information.

All information and documentation, unless covered by the Privacy Act, that is included in an SFA application may be posted on PBGC's website at www.pbgc.gov or otherwise publicly disclosed, without additional notification. Except to the extent required by the Privacy Act, PBGC provides no assurance of confidentiality in any information included in an SFA application.

- b. Non-SFA interest rate required under § 4262.4(e)(1) of PBGC's SFA regulation, including supporting details on how it was determined.
[Sheet: 4A-1 Interest Rates]
- c. SFA interest rate required under § 4262.4(e)(2) of PBGC's SFA regulation, including supporting details on how it was determined.
[Sheet: 4A-1 Interest Rates]
- d. Fair market value of assets as of the SFA measurement date. This amount should include any assets at the SFA measurement date attributable to financial assistance received by the plan under section 4261 of ERISA, but should not reflect a payable for amounts owed to PBGC for all amounts of such financial assistance received by the plan.

e. For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"):

- i. Separately identify the projected amount of contributions, projected withdrawal liability payments reflecting a reasonable allowance for amounts considered uncollectible, and other payments expected to be made to the plan (excluding the amount of financial assistance under section 4261 of ERISA and SFA to be received by the plan).
- ii. Identify the benefit payments described in § 4262.4(b)(1) (including any benefits that were restored under 26 CFR 1.432(e)(9)-(1)(e)(3) and excluding the payments in e.iii. below), separately for current retirees and beneficiaries, current terminated vested participants not yet in pay status, current active participants, and new entrants.

[Sheet: 4A-2 SFA Ben Pmts]

Identify total benefit payments paid and expected to be paid from projected SFA assets separately from total benefit payments paid and expected to be paid from non-SFA assets after the projected SFA assets are fully exhausted.

- iii. Separately identify the make-up payments described in § 4262.4(b)(1) attributable to the reinstatement of benefits under § 4262.15 that were previously suspended through the SFA measurement date.

[Also see applicable examples in Section C, Item (4)e.iii. of the SFA instructions.]

- iv. Separately identify administrative expenses paid and expected to be paid (excluding the amount owed PBGC under section 4261 of ERISA) for premiums to PBGC and for all other administrative expenses.

[Sheet: 4A-3 SFA Pcount and Admin Exp]

Identify total administrative expenses paid and expected to be paid from projected SFA assets separately from total administrative expenses paid and expected to be paid from non-SFA assets after the projected SFA assets are fully exhausted.

- v. Provide the projected total participant count at the beginning of each year.

[Sheet: 4A-3 SFA Pcount and Admin Exp]

- vi. Provide the projected investment income earned by assets not attributable to SFA based on the non-SFA interest rate in b. above and the projected fair market value of non-SFA assets at the end of each plan year.
- vii. Provide the projected investment income earned by assets attributable to SFA based on the SFA interest rate in c. above (excluding investment returns for the plan year in which the sum of annual projected benefit payments and administrative expenses for the year exceeds the beginning-of-year projected SFA assets) and the projected fair market value of SFA assets at the end of each plan year.

f. The projected SFA exhaustion year. This is the first day of the plan year in which the sum of annual projected benefit payments and administrative expenses for the year exceeds the beginning-of-year projected SFA assets. Note this date is only required for the calculation method under which the requested amount of SFA is determined.

Additional instructions for each individual worksheet:

Sheet

4A-1 SFA Determination - non-SFA Interest Rate and SFA Interest Rate

See instructions on 4A-1 Interest Rates.

4A-2 SFA Determination - Benefit Payments for the "basic method" for all plans, and for the "increasing assets method" for MRPA plans

This sheet is not required for an IFR filer submitting a supplemented application under § 4262.4(g)(6) if the total projected benefit payments are the same as those used in the application approved under the interim final rule.

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date), and
- Year-by-year deterministic projection of benefit payments.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), identify benefit payments described in § 4262.4(b)(1) for current retirees and beneficiaries, current terminated vested participants not yet in pay status, currently active participants, and new entrants. Projected benefit payments should be entered based on current participant status as of the SFA census date. On this Sheet 4A-2, show all benefit payments as positive amounts.

If the plan has suspended benefit payments under sections 305(e)(9) or 4245(a) of ERISA, the benefit payments in this Sheet 4A-2 projection should reflect prospective reinstatement of benefits assuming such reinstatements commence as of the SFA measurement date. If the plan restored or partially restored benefits under 26 CFR 1.432(e)(9)-1(e)(3) before the SFA measurement date, the benefit payments in this Sheet 4A-2 should reflect fully restored prospective benefits.

Make-up payments to be paid to restore previously suspended benefits should not be included in this Sheet 4A-2, and are separately shown in Sheet 4A-4.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date, so the first row may contain less than a full plan year of information. For all other periods, provide the full plan year of information up to the plan year ending in 2051.

4A-3 SFA Determination - Participant Count and Administrative Expenses for the "basic method" for all plans, and for the "increasing assets method" for MPRA plans

This sheet is not required for an IFR filer submitting a supplemented application under § 4262.4(g)(6).

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date), and
- Year-by-year deterministic projection of participant count and administrative expenses.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), identify the projected total participant count at the beginning of each year, as well as administrative expenses, separately for premiums to PBGC and for all other administrative expenses. On this Sheet 4A-3, show all administrative expenses as positive amounts. Total expenses should match the amounts shown on 4A-4 and 4A-5.

Any amounts owed to PBGC for financial assistance under section 4261 of ERISA should not be included in this Sheet 4A-3.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date, so the first row may contain less than a full plan year of information. For all other periods, provide the full plan year of information up to the plan year ending in 2051.

4A-4 SFA Determination - Details for the "basic method" under § 4262.4(a)(1) for all plans

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date, non-SFA interest rate, SFA interest rate),
- MPRA plan status and, if applicable, certain MPRA information,
- Fair Market Value of Assets as of the SFA measurement date,
- SFA Amount as of the SFA measurement date calculated under the "basic method",
- Projected SFA exhaustion year (only if the requested amount of SFA is determined under the "basic method"), and
- Year-by-year deterministic projection.

For each plan year in the period beginning on the SFA measurement date and ending on the last day of the last plan year ending in 2051 (the "SFA coverage period"), provide each of the items requested in Columns (1) through (12). Show payments INTO the plan as positive amounts and payments OUT of the plan as negative amounts.

If the plan has suspended benefit payments under sections 305(e)(9) or 4245(a) of ERISA, Column (5) should show the make-up payments to be paid to restore the previously suspended benefits. These amounts should be determined as if such make-up payments are paid beginning as of the SFA measurement date. If the plan sponsor elects to pay these amounts as a lump sum, then the lump sum amount is assumed paid as of the SFA measurement date. If the plan sponsor elects to pay equal installments over 60 months, the first monthly payment is assumed paid on the first regular payment date on or after the SFA measurement date. See the examples in the SFA Instructions. If the make-up payments are paid over 60 months, each row in the projection should reflect the monthly payments for that period. The prospective reinstatement of suspended benefits is included in Column (4); Column (5) is only for make-up payments for past benefits that were suspended.

Except for the first row in the projection exhibit, each row must include the full plan year of the indicated information up to the plan year ending in 2051. The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date, so the first row may contain less than a full plan year of information. For all other periods, provide the full plan year of information up to the plan year ending in 2051.

4A-5 SFA Determination - Details for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans

This sheet is to only be used by MPRA plans. For such plans, this sheet should be completed in addition to Sheet 4A-4.

On this sheet, you will provide:

- Basic plan information (plan name, EIN/PN, SFA measurement date, non-SFA interest rate, SFA interest rate),
- MPRA plan status, and if applicable, certain MPRA information,
- Fair Market Value of Assets as of the SFA measurement date,
- SFA Amount as of the SFA measurement date calculated under the "increasing assets method",
- Projected SFA exhaustion year (only if the requested amount of SFA is determined under the "increasing assets method"), and
- Year-by-year deterministic projection.

This sheet is identical to Sheet 4A-4, and the information in Columns (1) through (6) should be the same as that used in the "basic method" calculation in Sheet 4A-4. The SFA Amount as of the SFA Measurement Date will differ from that calculated in Sheet 4A-4, as it will be calculated in accordance with § 4262.4(a)(2)(i) as the lowest whole dollar amount (not less than \$0) for which, as of the last day of each plan year during the SFA coverage period, projected SFA assets and projected non-SFA assets are both greater than or equal to zero, and, as of the last day of the SFA coverage period, the sum of projected SFA assets and projected non-SFA assets is greater than the amount of such sum as of the last day of the immediately preceding plan year.

PLAN INFORMATION

Abbreviated Plan Name:	MPMO306PF		
EIN:	13-6613842	Meets the definition of a MPRA plan described in § 4262.4(a)(3)?	
PN:	001		
MPRA Plan?	No		
If a MPRA Plan, which method yields the greatest amount of SFA?	N/A		
SFA Measurement Date:	09/30/2022		
Fair Market Value of Assets as of the SFA Measurement Date:	\$7,553,512	MPRA increasing assets method described in § 4262.4(a)(2)(i). MPRA present value method described in § 4262.4(a)(2)(ii).	
SFA Amount as of the SFA Measurement Date under the method calculated in this Sheet:	\$19,843,215		
Projected SFA exhaustion year:	01/01/2030		
Non-SFA Interest Rate:	5.58%	Per § 4262.4(a)(1), the lowest whole dollar amount (not less than \$0) for which, as of the last day of each plan year during the SFA coverage period, projected SFA assets and projected non-SFA assets are both greater than or equal to zero.	
SFA Interest Rate:	3.36%		

On this Sheet, show payments INTO the plan as positive amounts, and payments OUT of the plan as negative amounts.

TEMPLATE 5A

v20220802p

Baseline - for non-MPRA plans using the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

File name: *Template 5A Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (5) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

This Template 5A is not required if all assumptions and methods used to determine the requested SFA amount are identical to those used in the most recent actuarial certification of plan status completed before 1/1/2021 ("pre-2021 certification of plan status"), except the non-SFA and SFA interest rates, and except any assumptions that were changed in accordance with Section III, Acceptable Assumption Changes in PBGC's SFA assumptions guidance (other than the acceptable assumption change for "missing" terminated vested participants described in Section III.E. of PBGC's SFA assumptions guidance).

Provide a separate deterministic projection ("Baseline") using the same calculation methodology used to determine the requested SFA amount, in the same format as Template 4A (Sheets 4A-2, 4A-3, and either 4A-4 or 4A-5) that shows the amount of SFA that would be determined if all underlying assumptions and methods used in the projection were the same as those used in the pre-2021 certification of plan status, except the plan's non-SFA interest rate and SFA interest rate, which should be the same as used in Template 4A (Sheet 4A-1).

For purposes of this Template 5A, any assumption change made in accordance with Section III, Acceptable Assumption Changes, in PBGC's SFA assumptions guidance should be reflected in this Baseline calculation of the SFA amount and supporting projection information, except that an assumption change for "missing" terminated vested participants described in Section III.E of PBGC's SFA assumptions guidance should not be reflected in the Baseline projections. See examples in the SFA instructions for Section C, Item (5).

Additional instructions for each individual worksheet:

Sheet

5A-1 Baseline - Benefit Payments for the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

See Template 4A instructions for Sheet 4A-2, except provide the benefit payment projection used to determine the Baseline SFA amount.

5A-2 Baseline - Participant Count and Administrative Expenses for the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

See Template 4A instructions for Sheet 4A-3, except provide the projected total participant count and administrative expense projection used to determine the Baseline SFA amount.

5A-3 Baseline - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

For non-MPRA plans, see Template 4A instructions for Sheet 4A-4, except provide the projection used to determine the Baseline SFA amount under the "basic method" described in § 4262.4(a)(1). Unlike Sheet 4A-4, it is not necessary to explicitly identify the projected SFA exhaustion year in Sheet 5A-3.

For MPRA plans for which the requested amount of SFA is determined under the "increasing assets method", see Template 4A instructions for Sheet 4A-5, except provide the projection used to determine the Baseline SFA amount under the "increasing assets method" described in § 4262.4(a)(2)(i). Unlike Sheet 4A-5, it is not necessary to identify the projected SFA exhaustion year in Sheet 5A-3.

TEMPLATE 6A

v20220802p

Reconciliation - for non-MPRA plans using the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

File name: *Template 6A Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (6) of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

This Template 6A is not required if all assumptions and methods used to determine the requested SFA amount are identical to those used in the most recent actuarial certification of plan status completed before 1/1/2021 ("pre-2021 certification of plan status"), except the non-SFA and SFA interest rates, and except any assumptions changed in accordance with Section III, Acceptable Assumption Changes, in PBGC's SFA assumptions guidance (other than the acceptable assumption change for "missing" terminated vested participants described in Section III.E of PBGC's SFA assumptions guidance).

This Template 6A is also not required if the requested SFA amount from Template 4A is the same as the SFA amount shown in Template 5A (Baseline).

If the assumptions/methods used to determine the requested SFA amount differ from those in the "Baseline" projection in Template 5A, then provide a reconciliation of the change in the total amount of SFA due to each change in assumption/method from the Baseline to the requested SFA as shown in Template 4A.

For each assumption/method change from the Baseline through the requested SFA amount, provide a deterministic projection using the same calculation methodology used to determine the requested SFA amount, in the same format as Template 4A (either Sheet 4A-4 or Sheet 4A-5).

Additional instructions for each individual worksheet:

Sheet

6A-1 Reconciliation - Summary for the "basic method", or for MPRA plans for which the requested amount of SFA is determined under the "increasing assets method"

For Item number 1, show the SFA amount determined in Template 5A using the "Baseline" assumptions and methods. If there is only one change in assumptions/methods between the Baseline (Template 5A) and the requested SFA amount (Template 4A), then show on Item number 2 the requested SFA amount, and briefly identify the change in assumptions from the Baseline.

If there is more than one change in assumptions/methods from the Baseline, show each individual change as a separate Item number. Each Item number should reflect all changes already measured in the prior Item number. For example, the difference between the SFA amount shown for Item number 4 and Item number 5 should be the incremental change due to changing the identified single assumption/method. The Item numbers should show assumption/method changes in the order that they were incrementally measured.

6A-2 Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

For non-MPRA plans, see Template 4A instructions for Sheet 4A-4, except provide the projection used to determine the intermediate Item number 2 SFA amount from Sheet 6A-1 under the "basic method" described in § 4262.4(a)(1). Unlike Sheet 4A-4, it is not necessary to explicitly identify the projected SFA exhaustion year in Sheet 6A-2.

For MPRA plans for which the requested amount of SFA is determined under the "increasing assets method", see Template 4A instructions for Sheet 4A-5, except provide the projection used to determine each intermediate SFA amount from Sheet 6A-1 under the "increasing assets method" described in § 4262.4(a)(2)(i). Unlike Sheet 4A-5, it is not necessary to explicitly identify the projected SFA exhaustion year in Sheet 6A-2.

A Reconciliation Details sheet is not needed for the last Item number shown in the Sheet 6A-1 Reconciliation, since the information should be the same as shown in Template 4A. For example, if there is only one assumption change from the Baseline, then Item number 2 should identify what assumption changed between the Baseline and Item number 2, where Item number 2 is the requested SFA amount. Since details on the determination of the requested SFA amount are shown in Template 4A, a separate Sheet 6A-2 Reconciliation Details is not required here.

6A-3 Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

See instructions for 6A-2 Reconciliation Details, except for the intermediate Item number 3 SFA amount from Sheet 6A-1.

6A-4 Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

See instructions for 6A-2 Reconciliation Details, except for the intermediate Item number 4 SFA amount from Sheet 6A-1.

6A-5 Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

See instructions for 6A-2 Reconciliation Details, except for the intermediate Item number 5 SFA amount from Sheet 6A-1.

TEMPLATE 6A - Sheet 6A-2

Reconciliation - Details for the "basic method" under § 4262.4(a)(1) for non-MPRA plans, or for the "increasing assets method" under § 4262.4(a)(2)(i) for MPRA plans for which the requested amount of SFA is determined under that method

See Template 4A instructions for Sheet 4A-4 or Sheet 4A-5, except provide the projection used to determine the intermediate SFA amount.

7a - Assumption/Method Changes for SFA Eligibility

File name: *Template 7 Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (7)a. of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

Sheet 7a of Template 7 is not required if the plan is eligible for SFA under § 4262.3(a)(2) (MPRA suspensions) or § 4262.3(a)(4) (certain insolvent plans) of PBGC's special financial assistance regulation.

Sheet 7a of Template 7 is not required if the plan is eligible based on a certification of plan status completed before January 1, 2021.

Sheet 7a of Template 7 is not required if the plan is eligible based on a certification of plan status completed after December 31, 2020 but reflects the same assumptions as those in the pre-2021 certification of plan status.

Provide a table identifying which assumptions/methods used in determining the plan's eligibility for SFA differ from those used in the pre-2021 certification of plan status and brief explanations as to why using those assumptions/methods is no longer reasonable and why the changed assumptions/methods are reasonable.

This table should identify all changed assumptions/methods (including those that are reflected in the Baseline provided in Template 5A or Template 5B) and should be an abbreviated version of information provided in Section D, Item (6)a. of the SFA filing instructions.

For example, if the mortality assumption used in the pre-2021 certification of plan status is the RP-2000 mortality table, and the plan proposes to change to the Pri-2012(BC) table, complete one line of the table as follows:

	(A)	(B)	(C)
Assumption/Method That Has Changed From Assumption/Method Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption/method used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption/method used in showing the plan's eligibility for SFA (if different)	Brief explanation on why the assumption/method in (A) is no longer reasonable and why the assumption/method in (B) is reasonable
Base Mortality Assumption	RP-2000 mortality table	Pri-2012(BC) mortality table	Prior assumption is outdated. New assumption reflects more recently published experience for blue collar workers.

Add one line for each assumption/method that has changed from that used in the most recent certification of plan status completed prior to 1/1/2021.

Since this Template 7a is intended as an abbreviated version of more detailed information provided in Section D, Item (6)a. of the SFA filing instructions, it is not necessary to include full tables of rates at every age (e.g., for retirement, turnover, etc.). Instead, a high level description that focuses on what aspect of the assumption/method has changed is preferred.

7b - Assumption/Method Changes for SFA Amount

File name: *Template 7 Plan Name*, where "Plan Name" is an abbreviated version of the plan name.

Instructions for Section C, Item (7)b. of the Instructions for Filing Requirements for Multiemployer Plans Applying for Special Financial Assistance:

Provide a table identifying which assumptions/methods used in determining the amount of SFA differ from those used in the pre-2021 certification of plan status (except the non-SFA and SFA interest rates) and brief explanations as to why using those original assumptions/methods is no longer reasonable and why the changed assumptions/methods are reasonable.

Please state if the changed assumption is an extension of the CBU assumption or the administrative expenses assumption as described in Paragraph A "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions.

This table should identify all changed assumptions/methods except for the interest rates (including those that are reflected in the Baseline provided in Template 5A or Template 5B) and should be an abbreviated version of information provided in Section D, Item (6)b. of the SFA filing instructions.

For example, if the mortality assumption used in the pre-2021 certification of plan status is the RP-2000 mortality table, and the plan proposes to change to the Pri-2012(BC) table, complete one line of the table as follows:

	(A)	(B)	(C)
Assumption/Method That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption/method used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption/method used to determine the requested SFA amount (if different)	Brief explanation on why the assumption/method in (A) is no longer reasonable and why the assumption/method in (B) is reasonable
Base Mortality Assumption	RP-2000 mortality table	Pri-2012(BC) mortality table	Original assumption is outdated. New assumption reflects more recently published experience for blue collar workers.

For example, assume the plan is projected to be insolvent in 2029 in the pre-2021 certification of plan status. The plan changes its CBU assumption by extending the assumption to the later projection years as described in Paragraph A, "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions. Complete one line of the table as follows:

	(A)	(B)	(C)
Assumption/Method That Has Changed From Assumption Used in Most Recent Certification of Plan Status Completed Prior to 1/1/2021	Brief description of assumption/method used in the most recent certification of plan status completed prior to 1/1/2021	Brief description of assumption/method used to determine the requested SFA amount (if different)	Brief explanation on why the assumption/method in (A) is no longer reasonable and why the assumption/method in (B) is reasonable
CBU Assumption	Decrease from most recent plan year's actual number of CBUs by 2% per year to 2028	Same number of CBUs for each projection year to 2028 as shown in (A), then constant CBUs for all years after 2028.	Original assumption does not address years after original projected insolvency in 2029. Proposed assumption uses acceptable extension methodology.

Add one line for each assumption/method that has changed from that used in the most recent certification of plan status completed prior to 1/1/2021.

Since this Template 7b is intended as an abbreviated version of more detailed information provided in Section D, Item (6)b. of the SFA filing instructions, it is not necessary to include full tables of rates at every age (e.g., for retirement, turnover, etc.). Instead, a high level description that focuses on what aspect of the assumption/method has changed is preferred.

Base Mortality and Projection Scale assumption	108% of the RP2014 Blue Collar Tables with generational projection from 2014 using Scale SSA-2014	Pri-2012 Blue Collar Mortality Tables with generational projection from 2012 using Scale MP-2021	The prior assumption is no longer reasonable as the tables and scales were developed reflecting mortality experience measured through 2006 and the support for using 8% factor does not comply with credibility standards of 26 CFR 1.430(h)(3)-2. The new assumption is included as an Acceptable Assumption Change of PBGC's guidance on Special Financial Assistance Assumptions. Used for the baseline in Template 5a.
Administrative expenses	2% per year increase until insolvency	2% per year increases, plus an adjustment for the PBGC premium increase in 2031, and limited to 15% of benefit payments for post-certification projection years	This is simply an extension of the administrative expense assumption as described in Paragraph A "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions. Used for the baseline in Template 5a.
Administrative expenses	2% per year increase until insolvency	2% per year increases, plus an adjustment for the PBGC premium increase in 2031, and limited to 15% of benefit payments for post-certification projection years, but not to go below \$275,000. A one-time increase of \$85,000 to the administrative expenses in calendar year 2023 due to refiling the Revised Application.	This is a variation to the extension of the administrative expense assumption as described in Paragraph A "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions. The baseline assumption results in unreasonable administrative expenses during the post-certification projection period. The baseline does not account for known and estimated professional fees for the refiling of the Revised Application.
New Entrant Profile Assumption	No new entrants	Assumed distribution of new entrants based on the characteristics of new entrants and rehires to the plan in the five years preceding the most recently completed valuation date and age bands of five	Original assumption is not reasonable for projected benefits to 2051. Proposed assumption uses acceptable methodology.
Withdrawal Liability (currently withdrawn employers)	Actual payments through projected insolvency expected under payment schedules for employers already withdrawn	Actual payments through 2051 expected under payment schedules for employers already withdrawn	This is simply an extension of the assumption past the prior point of insolvency. Used for the baseline in Template 5a.
Withdrawal Liability (currently withdrawn employers)	Actual payments through projected insolvency expected under payment schedules for employers already withdrawn	Actual payments through 2051 expected under payment schedules for employers already withdrawn and additional outstanding withdrawal liability for withdrawn employers not in payment status as of September 30, 2022 is assumed to be recovered at a level based on information of already settled or negotiated settlements.	This is an adjustment to the baseline assumption to recognize information related to the recovery of outstanding withdrawal liability.
CBU assumption	6% decline from 2019 CBUs and then remain level	Level after 2021	This is simply an extension of the CBU assumption as described in Paragraph A "Adoption of assumptions not previously factored into pre-2021 certification of plan status" of Section III, Acceptable Assumption Changes of PBGC's guidance on Special Financial Assistance Assumptions. Used for the baseline in Template 5a.
CBU assumption	6% decline from 2019 CBUs and then remain level	0.55% annual decline from actual preliminary 2022 CBUs per year	Based on the Fund's history and the outlook of the industry, a level number of actives (and thus CBUs) after 2021 is not reasonable. The declines are based on the past 10 years of plan experience of current employers, excluding 2020 and 2021 (COVID years). The actual 2022 preliminary CBUs is a reasonable basis of plan CBUs as the first full year after the COVID years.
Wage growth assumption	None	3%	Original assumption is not reasonable for projecting contributions to 2051. New assumption is reasonable with other inflationary assumption used for administrative expenses. Real wage growth projected by forecasters (SSA and CBO) range from 0.5%-1.8%. This assumption is used in conjunction with the CBU assumption change in order to project reasonable headcounts to be consistent with an average wage growth.
Contribution Rates	Based on the census data as of January 1, 2019, 17.10% of gross wages	Based on census data as of January 1, 2022, 17.72% of gross wages	Original assumption is outdated. New assumption reflects the demographic mix of active participants as of January 1, 2022. Proposed assumption uses acceptable methodology.

Contribution and Withdrawal Liability Details

Provide details of the projected contributions and withdrawal liability payments used to calculate the requested SFA amount. This should include total contributions, contribution base units (including identification of the base unit used (i.e., hourly, weekly)), average contribution rate(s), reciprocity contributions (if applicable), additional contributions from the rehabilitation plan (if applicable), and any other identifiable contribution streams. For withdrawal liability, separately show amounts for currently withdrawn employers and for future assumed withdrawals. Also provide the projected number of active participants at the beginning of each plan year.

The first row in the projection period is for the period beginning on the SFA measurement date and ending on the last day of the plan year containing the SFA measurement date. For all other periods, provide the full plan year of information up to the plan year ending in 2051.
