**APPLICATION TO THE PENSION BENEFIT GUARANTY CORPORATION
FOR A PARTITION ORDER**

The following is a list of all employers that have contributed to the Plan in the Plan year ending April 30, 2019. We also have included an approximate number of employees. The number of employees is the rounded average for the twelve (12) months and is sometimes less than 1. Based on information from the Local's business agent, most employers are obligated to contribute to the Plan based on a statewide agreement. The use of statewide agreements generates no meaningful list of employers that might be obligated to contribute if they worked in the area. Therefore, the list only shows only those employers that performed work.
