Subject: Feedback for Regulatory Planning and Review of Existing Regulations
Date: Wednesday, July 26, 2017 12:11:44 PM

All rules should uphold and enforce agreements and contracts. If the facts or spirit of an agreement or contract is broken or infringed the penalty or remedy should be significantly higher than compliance with the agreement or contract. No delays or waivers in compliance should be permitted. Rules should not be watered down by money or those in power.
