Latest Filing Status of the Most Recently Edited Filing

- The Latest Filing Status Filter at the top of the Plan List Page allows users to select one or more available status to filter your plan view.
 - It is important to note that not all of the filing statuses may be listed in this filter. These are populated based on whether you have a filing associated with that status at the time of viewing your Plan List.
 - A plan's filing status field may be blank if:
 - It is a new plan, and it does not have any in process/submitted filings, or
 - A filing has been created, however, the Filing Preparer never arrived to the "Plan Year Details" page before exiting the interview (as a result, the PYC field will also be blank).
