<p>From June 1, 2023 through January 1, 2024, I request a sample of up to 10 completed FOIA case files from your office's FOIA tracking system where scope clarification occurred. Each case must have all of: (1) a written agency response seeking clarification about the scope of records sought; (2) a written requester response that clarified the request; (3) a final determination letter; and (4) a case closure date within the specified date range.□</p> <p>For each of these case files, I seek only: (1) the initial FOIA request; (2) the agency's scope clarification letter (or email or similar record); (3) the requester's clarification response or the request as it was ultimately processed; (4) and the final determination letter.□</p>			
11/27/2024	12/27/2024	Specifically, for a sample of requests where clarification was needed, I'm looking for the original request, the rationale for clarification, and the clarified request. I am studying how agencies and requesters work together to clarify and refine requests, so I need only the substance of these communications, not any personally identifying details.□	Granted/Denied in Part
PBGC-2025-000426		To reduce processing time and protect privacy: please exclude any Privacy Act requests, cases where clarification was sought solely about fees, and cases where the requester never responded with clarification. And please redact all personal information (names, addresses, emails, phone numbers). If your office does not track whether scope clarification occurred or if this request is technically difficult given your FOIA processing system, I request a sample of 10 completed FOIA case files from the timeframe regardless of whether scope clarification occurred.

PBGC FY 2025 FOIA Case Log

		The purpose of this request is to obtain certain single-employer premium payment information from the Pension Benefit Guaranty Corporation (PBGC) under the FOIA, in accordance with the steps listed on your website. Specifically, I am requesting data for all fields for each sponsor of a single employer pension plan who paid a premium for the 2024 Premium Payment Year through the most recent filing date (whether that date is yesterday or today). I understand I may not be able to receive all fields on the basis of privacy restriction, and I am willing to exclude such fields if I am able to obtain the information more quickly without them. I'm hoping that since this information is submitted electronically, it can be obtained fairly easily, but I am willing to pay up to \$290 for this information (based on 5 hours of data retrieval and review at \$14.50 per quarter-hour). Please contact me if this estimate is not reasonable and it will take more time to retrieve the information. The requested data can be sent to me in a spreadsheet or a text file. <p>They are doing nuclear war using the bluebeam war drone to attack veterans of all forces, children, police, and your members to force leukemia and eradicate the 2nd amendment and any supporters therin. Inform as many people as possible. No jurisdiction will open my case and take the evidence for 4 years straight with all forms of contact to all forms of government. Back this up immediately!□</p> <p>I have suffered a concentration camp in Alaska. I can prove international terrorism, war, and grand scale corruption at the highest levels of government. I have sent this and proof of everything to your governments secure inbox several times now. If its not in there that means they are waging war on you. I have suffered the worst illegal torture, war, terrorism, and a myriad of international/federal/state/local crime in world history. I have been trying to report to military/federal/state/local authority for years on end to personal lifelong overtime tax revenue and life investment of my people the Butterworths to America to before the Mayflower. I have emailed all world government, military, and media with evidence of war atrocities and they are hacking all world power systems to erase the evidence. I was illegally enslaved on half of a Malaysian sweat shop wage given cost of goods and services to be raped robbed and tortured militarily there. They have stopped me from warning the richest families and royalty of earth proving they are already trying to do this to them as well! They tried to kill me with police for trying to send my invocation of the Geneva Convention and Nuremburg trial to congress. It is on video with the palmar police and done militarily in domestic warfare of improper process. My priceless family heirlooms were destroyed and taken from me along with everything I could attain in life on all platforms of it start to finish now. They criminally injured me through an industrial accident in Connecticut to install a chip in my central nervous system to target me with war drones to torture me while healing several life altering injuries. Attacking a med tent I was forced into in a field of peace. I had to smell my own genocide radiating mutilation off of my genitalia in a private residence writhed in agony shooting pain through every cell in my body with my own tax revenue after a life of high profile not private sector work and overtime. I have clearance with the navy at Groton sub base, the naval academy, pratt & whitney, military and defense production, datacenters, wells fargo world headquarters, the un building in NYC, and Westpoint to name a choice few. They chased a plane they sabotaged the engines of through Canada with a war drone. They cooked the entire airport and passengers of all classes and age. They asphyxiated me several times in several different ways mimicking every human rights sufferage in history to still not even cover 50% of the atrocity and torture. I was taxed without goods and services often in several regions to tamper</p>
