Authority and Signature

This document was prepared under the direction of John Henshaw, Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue, NW, Washington, DC 20210.

Signed at Washington, D.C., this 3rd day of April, 2002.

John Henshaw, Assistant Secretary of Labor.

Part 1926 of Title 29 of the Code of Federal Regulations is hereby amended as set forth below:

PART 1926—[AMENDED]

1. The authority citation for Subpart G of Part 1926 is revised to read as follows:
   Authority: Sec. 107, Contract Work Hours and Safety Standards Act (Construction Safety Act) (40 U.S.C. 333); secs. 4, 6, 8, Occupational Safety and Health Act of 1970 (29 U.S.C. 653, 655, 657); Secretary of Labor’s Order No. 12–71 (36 FR 8754), 8–76 (41 FR 25059), 9–83 (48 FR 35736), or 3–2000 (65 FR 50017) as applicable, 29 CFR Part 1911.

Subpart G—[Amended]

2. Paragraph (g)(2) of § 1926.200 is revised to read as follows:

§ 1926.200 Accident prevention signs and tags
   (g) * * * * *

3. Paragraph (a) of § 1926.201 is revised to read as follows:

§ 1926.201 Signalizing.
   (a) Flaggers. Signalizing by flaggers and the use of flaggers, including warning garments worn by flaggers shall conform to Part VI of the Manual on Uniform Traffic Control Devices (1988 Edition, Revision 3 or the Millennium Edition), which are incorporated by reference in §1926.200(g)(2).

4. Section 1926.202 is revised to read as follows:

§ 1926.202 Barricades

5. Paragraph (c) of § 1926.203 is revised to read as follows:

§ 1926.203 Definitions applicable to this subpart.
   (c) Signals are moving signs, provided by workers, such as flaggers, or by devices, such as flashing lights, to warn of possible or existing hazards.

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Parts 4022 and 4044

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

EFFECTIVE DATE: May 1, 2002.

FOR FURTHER INFORMATION CONTACT: Harold J. Ashner, Assistant General Counsel, Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202–326–4024. (TTY/TDD users may call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4024.)

SUPPLEMENTARY INFORMATION: The PBGC’s regulations prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits of terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions are intended to reflect current conditions in the financial and annuity markets.

Three sets of interest assumptions are prescribed: (1) A set for the valuation of benefits for allocation purposes under section 4044 (found in Appendix B to Part 4044), (2) a set for the PBGC to use to determine whether a benefit is payable as a lump sum and to determine lump-sum amounts to be paid by the PBGC (found in Appendix B to Part 4022), and (3) a set for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC’s historical methodology (found in Appendix C to Part 4022).

Accordingly, this amendment (1) adds to Appendix B to Part 4044 the interest assumptions for valuing benefits for allocation purposes in plans with valuation dates during May 2002, (2)
adds to Appendix B to Part 4022 the interest assumptions for the PBGC to use for its own lump-sum payments in plans with valuation dates during May 2002, and (3) adds to Appendix C to Part 4022 the interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC’s historical methodology for valuation dates during May 2002.

For valuation of benefits for allocation purposes, the interest assumptions that the PBGC will use (set forth in Appendix B to part 4044) will be 5.90 percent for the first 25 years following the valuation date and 4.25 percent thereafter. These interest assumptions represent an increase (from those in effect for April 2002) of 0.40 percent for the first 25 years following the valuation date and are otherwise unchanged.

The interest assumptions that the PBGC will use for its own lump-sum payments (set forth in Appendix B to part 4022) will be 4.75 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit’s placement in pay status. These interest assumptions represent an increase (from those in effect for April 2002) of 0.50 percent for the period during which a benefit is in pay status and are otherwise unchanged.

Because of the need to provide immediate guidance for the valuation and payment of benefits in plans with valuation dates during May 2002, the PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

The PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect, as accurately as possible, current market conditions.

Because of the need to provide immediate guidance for the valuation and payment of benefits in plans with valuation dates during May 2002, the PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

I. Final Rule Provisions

A. Overview

This final rule implements a bonus payment, in addition to the amount normally paid under the allowable charge methodology, to physicians in medically underserved areas. For purposes of this rule, medically underserved areas are the same as those determined by the Secretary of Health and Human Services for the Medicare program. Such bonus payments shall be equal to the bonus payments authorized by Medicare, except as necessary to recognize any unique or distinct characteristics or requirements of the TRICARE program, and as described in instructions issued by the Executive Director, TRICARE Management Activity. This rule promotes a reimbursement enhancement to a limited number of physicians designated to increase TRICARE beneficiary access to care.

B. Medicare Underserved Areas

For Medicare, “medically underserved areas” are those HPSAs (Health Professional Shortage Areas) designated by the Bureau of Primary Health Care (BPHC) within the Health Resources and Services Administration (HRSA). HRSA defines the areas through a set of criteria and publishes lists which have names of the areas (sometimes by county, sometimes by census tract, or other descriptive definitions). The HPSAs are areas considered to have a shortage of primary care physicians, but Medicare pays the bonus payment for all physician services in these geographic areas. Medicare carriers are responsible for determining the boundaries of the HPSAs and qualifying physicians within these areas. Areas are to have a shortage of primary care health physicians; many are rural but that is not a criterion for inclusion; poor intercity geographic areas are often included.

C. Medicare Bonus Payments

The Medicare program pays physicians that provide services in medically underserved areas a bonus payment equal to ten percent of their Medicare payments, and the Medicare carriers calculate and pay these bonus payments quarterly by summing the amount of government payment from claims with a special modifier (QB or QU) which indicates that the service was provided in such an area (i.e., this is not an increase in the allowed amount nor does it produce a special fee schedule for this type of servicer, it is simply a bonus payment). The Medicare bonus payment is based on § 1833(b) of the Social Security Act.

II. Public Comments

A 60-day comment period was provided on the interim final rule. Comments were received from only two parties. Both the American Psychiatric Association and the Veterans Health Administration comments concerned the process that would be used to implement the bonus payment reimbursement system. The process that shall be used will pay physicians that provide services in health professional shortage areas the same additional payment that Medicare would pay in these areas. TRICARE contractors that administer and pay for physician services will inform physicians of the process that will be followed in order to receive the bonus payment from TRICARE. There was some confusion that occurred between the bonus
