than 24 hours (one day), additional or alternative labeling may be necessary. FDA would like comments regarding labeling, such as the following:

- How often to apply the product.
- The effect of bathing or showering before the duration of effect period ends, and
- Whether any other special labeling should apply to products with a duration of effect greater than 24 hours.

FDA also requests comments on whether there should be any limit on the enhanced duration claim and whether there are any potential safety issues if a product with enhanced duration of action is reapplied more frequently than directed (e.g., an antiperspirant labeled as providing 48 hours of sweat protection applied every 24 hours).

IV. Analysis of Impacts

The economic impact of the FM was discussed in the final rule (68 FR 34273 at 34289). This partial stay of the labeling claims for enhanced duration in §350.50(b)(3) and (b)(5) does not change the economic impact on industry described in the final rule. FDA has examined the impacts of this final rule under Executive Order 12866, the Regulatory Flexibility Act (5 U.S.C. 601–612), and the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1501 et seq.). Executive Order 12866 directs agencies to assess all costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity). Under the Regulatory Flexibility Act, if a rule has a significant economic impact on a substantial number of small entities, an agency must analyze regulatory options that would minimize any significant impact of the rule on small entities. Section 202(a) of the Unfunded Mandates Reform Act requires that agencies prepare a written statement of anticipated costs and benefits before proposing any rule that may result in an expenditure in any one year by State, local, and tribal governments, in the aggregate, or by the private sector, of $100 million (adjusted annually for inflation). The current inflation adjusted statutory threshold is about $110 million.

FDA concludes that this final rule is consistent with the regulatory philosophy and principles identified in the Executive order and in these two statutes. The final rule is not subject to review under the Executive order. FDA has determined that the final rule does not have a significant economic impact on a substantial number of small entities. The Unfunded Mandates Reform Act does not require FDA to prepare a statement of costs and benefits for this final rule, because this final rule is not expected to result in any 1-year expenditure that would exceed $100 million adjusted for inflation.

BILLING CODE 4160–01–S

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Parts 4022 and 4044

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

For further information contact: Harold J. Ashner, Assistant General Counsel, Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202–326–4024. (TTY/TDD users may call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4024.)

Supplementary information: The PBGC’s regulations prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits of terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions are intended to reflect current conditions in the financial and annuity markets.

Three sets of interest assumptions are prescribed: (1) A set for the valuation of benefits for allocation purposes under section 4044 (found in Appendix B to part 4044), (2) a set for the PBGC to use to determine whether a benefit is payable as a lump sum and to determine lump-sum amounts to be paid by the PBGC (found in Appendix B to part 4022), and (3) a set for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC’s historical methodology (found in Appendix C to part 4022).

Accordingly, this amendment (1) adds to Appendix B to part 4044 the interest assumptions for valuing benefits for allocation purposes in plans with valuation dates during November 2004, (2) adds to Appendix B to part 4022 the interest assumptions for the PBGC to use for its own lump-sum payments in plans with valuation dates during November 2004, and (3) adds to Appendix C to part 4022 the interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC’s historical methodology for valuation dates during November 2004.

For valuation of benefits for allocation purposes, the interest assumptions that the PBGC will use (set forth in Appendix B to part 4044) will be 3.80 percent for the first 20 years following the valuation date and 5.00 percent thereafter. These interest assumptions represent a decrease (from those in effect for October 2004) of 0.20 percent for the first 20 years following the valuation date and are otherwise unchanged.

The interest assumptions that the PBGC will use for its own lump-sum payments (set forth in Appendix B to part 4022) will be 2.75 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit’s placement in pay status. These interest assumptions represent a decrease (from those in effect for October 2004) of 0.25 percent for the period during which a benefit is in pay status and are otherwise unchanged.

For private-sector payments, the interest assumptions (set forth in Appendix C to part 4022) will be the same as those used by the PBGC for determining and paying lump sums (set forth in Appendix B to part 4022).

The PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect, as accurately as possible, current market conditions.

Because of the need to provide immediate guidance for the valuation and payment of benefits in plans with valuation dates during November 2004, the PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

The PBGC has determined that this action is not a “significant regulatory action” under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

### FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 64

[CC Docket No. 96–146; RM–8783; ENF–95–20; FCC 04–162]

**Policies and Rules Governing Interstate Pay-Per-Call and Other Information Services, and Toll-free Number Usage; Truth-in-Billing and Billing Format**

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rules.

**SUMMARY:** In this document, the Commission released an Order and Notice of Proposed Rulemaking that adopted new rules, incorporating much of the statute verbatim, and implemented the new provision of section 228. In the years since the rules took effect, the shape of the pay-per-call industry, technology in general, and regulatory perspectives have changed considerably. For reasons of administrative efficiency, the Commission now closes that docket. Furthermore, in this document, the Commission denies a related application for review, dismisses a petition to initiate a rulemaking, and corrects a word error in the existing rules.

**DATES:** Effective July 16, 2004.

**ADDRESSES:** Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554.

**FOR FURTHER INFORMATION CONTACT:** Ruth Yodaiken, of the Consumer & Governmental Affairs Bureau at (202) 418–2512 (voice), or e-mail ruth.yodaiken@fcc.gov.

**SUPPLEMENTARY INFORMATION:** This is a summary of the Commission’s Memorandum Opinion and Order (MO&O), Policies and Rules Governing Interstate Pay-Per-Call and Other Information Services Pursuant to the Telecommunications Act of 1996, Policies and Rules Implementing the Telephone Disclosure and Dispute Resolution Act, Florida Public Service Commission Petition to Initiate Rulemaking to Adopt Additional Safeguards; Application for Review of Advisory Ruling Regarding Directly Dialed Calls to International Information Services, CC Docket No. 96–146, RM 8783, ENF–95–20; FCC 04–162, adopted July 1, 2004, and released July 16, 2004. This MO&O document does not contain new or modified information collection requirements subject to the Paperwork Reduction Act of 1995 (PRA), Public Law 104–13. In addition, therefore, it does not contain any new or modified “information collection burden for small business concerns with fewer than 25 employees,” pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4). On July 16, 2004, the Commission also released a Notice of Proposed Rulemaking (NPRM), Policies and Rules Governing Interstate Pay-Per-Call and Other Information Services Pursuant to the Telecommunications Act of 1996; Policies and Rules Governing Interstate Pay-Per-Call and Other Information Services, and Toll-free Number Usage; Truth-in-Billing and Billing Format, CC Docket Nos. 96–146 and 98–170, CG Docket No. 04–244; FCC 04–162, that contains proposed information requirements.
