PENSION BENEFIT GUARANTY CORPORATION

Privacy Act of 1974; System of Records

AGENCY: Pension Benefit Guaranty Corporation.

SUMMARY: The Pension Benefit Guaranty Corporation (PBGC) is establishing a new system of records, PBGC–15, Emergency Notification Records—PBGC, subject to the Privacy Act of 1974, as amended. Emergency contact information from the new system of records will be used, in the event of an emergency, disaster, or other event that affects PBGC’s operations, to issue special instructions and announcements to PBGC employees and contractors through an automated calling and notification system, and for other related purposes.

DATES: Comments on the new system of records and proposed routine uses must be received on or before June 27, 2005. The new system of records will become effective July 11, 2005, without further notice, unless comments result in a contrary determination and a notice is published to that effect.

ADDRESSES: Comments may be mailed to the Office of the General Counsel, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005–4026, or delivered to Suite 340 at that address during normal business hours. Comments also may be submitted electronically through the PBGC’s Web site at http://www.pbgc.gov/privacyact, or by fax to 202–326–4112. The PBGC will make all comments available on its Web site, http://www.pbgc.gov. Copies of the comments may also be obtained by writing to the PBGC’s Communications and Public Affairs Department at Suite 240 at the above address or by visiting that office or calling 202–326–4040 during normal business hours. (TTY and TDD users may call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4040.)

FOR FURTHER INFORMATION CONTACT: D. Bruce Campbell, Attorney, Pension Benefit Guaranty Corporation, Office of the General Counsel, 1200 K Street, NW., Washington, DC 20005–4026; 202–326–4000 Ext. 3672. (For TTY/TDD users, call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4024.)

SUPPLEMENTARY INFORMATION: As part of its continuity of operations plan, the PBGC is implementing an automated messaging and notification system to disseminate special instructions and announcements to PBGC employees and contractors if an emergency, natural disaster, or other event occurs that affects PBGC’s operations. Employees and contractors will be assigned user IDs and passwords to access the system through the PBGC’s intranet website and instructed to input personal telephone, cell, or pager numbers, or personal electronic mail addresses where they can be reached during off-duty hours to receive information about PBGC’s operating status. When an emergency occurs, authorized PBGC officials will record telephone messages or write electronic mail messages for the automated messaging and notification system to disseminate to all or selected groups of PBGC employees and contractors at the telephone numbers or electronic mail addresses they provided. To ensure that emergency contact information remains current, employees and contractors will be periodically reminded to access the system using their password to make any necessary changes.

Under the PBGC’s continuity of operations plan, certain authorized PBGC employees will have access to paper printouts of all or relevant portions of the emergency contact information to use to make telephone calls or send e-mail messages to employees and contractors about the PBGC’s operations if the automated messaging and notification system is unavailable. The emergency contact information will also be used by authorized employees on an occasional basis to contact an employee or contractor who is out of the office on leave or after regular duty hours to obtain information necessary for official business, or to contact friends or family members if an employee or contractor experiences a medical emergency in the workplace.

PBGC general routine uses G1, Law Enforcement, G4, Disclosure in Litigation, G5, Disclosure to the Department of Justice in Litigation, and G7, Congressional Inquiries apply to this system of records. These routine uses were published as the PBGC’s Preatory Statement of General Routine Uses at 60 FR 57462, 57563 (Nov. 15, 1995).

Issued in Washington, DC this 19th day of May, 2005.

Bradley D. Belt,
Executive Director, Pension Benefit Guaranty Corporation.

Joint Industry Plan; Order Approving Joint Amendment No. 14 to the Plan for the Purpose of Creating and Operating an Intermarket Option Linkage Relating to the Limitation in Liability for Filling Satisfaction Orders Sent Through the Linkage at the End of the Trading Day

May 19, 2005.

I. Introduction

17 CFR 240.11Aa3–2.

II. Description of the Proposed Amendment

In Joint Amendment No 14, the Participants propose to extend the pilot contained in Section 8(c)(ii)(B)(2)(b) of the Linkage Plan, which limits Trade-Through liability at the end of the trading day for an additional year, until January 31, 2006, and to increase the limitation on liability from 25 contracts to 50 contracts, per Satisfaction Order for the period between five minutes prior to the close of trading in the underlying security and the close of trading in the option class.

III. Discussion and Commission Findings

When the Participants initially proposed the limitation on Trade-Through liability at the end of the trading day in Joint Amendment No. 4 to the Linkage Plan, the Participants represented to the Commission that the Participants’ members had expressed concerns regarding their obligations to fill Satisfaction Orders (which may be sent by a Participant’s member that is traded through) at the close of trading in the underlying security. Specifically, the Participants represented that their members were concerned that they may not have sufficient time to hedge the positions they acquire. The Participants stated that they believed that their proposal to limit liability at the end of the options trading day to the filling of 10 contracts per exchange, per transaction, would protect small customer orders, but still establish a reasonable limit for their members’ liability. The Participants further represented that the proposal should not affect a member’s potential liability under an exchange disciplinary rule for engaging in a pattern or practice of trading through other markets under Section 8(c)(1)(C) of the Linkage Plan. The Commission approved Joint Amendment No. 4 for a one-year pilot.

5 A “Trade Through” is defined as a transaction in an options series at a price that is inferior to the national best bid or offer. See Section 2(29) of the Linkage Plan.
6 A “Satisfaction Order” is defined as an order sent through the Intermarket Option Linkage to notify a Participant of a Trade-Through and to seek satisfaction of the liability arising from that Trade-Through. See Section 2(16)(c) of the Linkage Plan.
