PENSION BENEFIT GUARANTY CORPORATION

Required Interest Rate Assumption for Determining Variable-Rate Premium for Premium Payment Years Beginning in January Through August 2006

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Notice of interest rate assumptions.

SUMMARY: This notice informs the public of the interest rate assumptions to be used for determining the variable-rate premium under part 4006 of the Pension Benefit Guaranty Corporation regulations (the “required interest rate”) for premium payment years beginning in January through August 2006. It reflects changes made by the Pension Protection Act of 2006, which was signed into law on August 17, 2006, and extended the applicability of the PFEA required interest rate to plan years beginning in 2006 and 2007. Before PPA was signed into law, the required interest rate for plan years beginning in 2006 was 85 percent of the annual yield on 30-year Treasury securities. Accordingly, this was the required interest rate published each month by the PBGC for premium payment years beginning in January through August of 2006. This notice revises those published rates to reflect changes made by PPA.

On August 18, 2006, the Internal Revenue Service issued Notice 2006–75, announcing the corporate composite bond rates needed to determine the required interest rates for premium payment years beginning in January through August 2006.

SEcurities And ExChange COMMISSION

Proposed Collection; Comment Request

Upon written request, copies available from: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 1 the Securities and Exchange Commission (“Commission”) intends to submit to the Office of Management and Budget a request for extension of the previously approved collections of information discussed below. The Code of Federal Regulation citation to this collection of information is the following rule: 17 CFR 240.17i–6.

Section 231 of the Gramm-Leach-Bliley Act of 1999 2 (the “GLBA”) amended Section 17 of the Securities Exchange Act of 1934 to create a regulatory framework under which a holding company of a broker-dealer (“investment bank holding company” or “IBHC”) may voluntarily be supervised by the Commission as a supervised investment bank holding company (or “SIBHC”). 3 In 2004, the Commission promulgated rules, including Rule 17i–6, to create a framework for the Commission to supervise SIBHCs. 4 This framework includes qualification criteria for SIBHCs, as well as recordkeeping and reporting requirements. Among other things, this regulatory framework for SIBHCs is intended to provide a basis for non-U.S. financial regulators to treat the Commission as the principal U.S. consolidated, home-country supervisor for SIBHCs and their affiliated broker-dealers. 5

Pursuant to Section 17(i)(3)(A) of the Exchange Act, an SIBHC must make and keep records, furnish copies thereof, and make such reports as the Commission may require by rule. 6 Rule 17i–6 requires that an SIBHC file with the Commission certain monthly and quarterly reports and an annual audit report. The reports and notices required to be filed pursuant to Rule 17i–6 must be preserved for a period of not less than three years. 7

The collections of information required by Rule 17i–6 are necessary to allow the Commission adequately to supervise the activities of these SIBHCs and to effectively determine whether supervision of an IBHC as an SIBHC is necessary or appropriate in furtherance of the purposes of section 17 of the Act. Rule 17i–6s also enhances the Commission’s supervision of an SIBHCs’ subsidiary broker-dealers through collection of additional information and inspection of affiliates of those broker-dealers. Without these reports, the Commission would be unable to adequately supervise an SIBHC, nor would it be able to determine whether continued supervision of an IBHC as an SIBHC were necessary and appropriate in furtherance of the purposes of section 17 of the Act.

We estimate that three IBHCs will file Notices of Intention with the Commission to be supervised by the Commission as SIBHCs. An SIBHC will require about eight hours each month to prepare and file the monthly reports required by this rule (or approximately 96 hours per year). 8 On average, it will take an SIBHC about 16 hours each quarter (or 64 hours each year) 9 to prepare and file the quarterly reports required by this rule. An SIBHC will require about 200 hours to prepare and file the annual audit reports required by this rule. Consequently, the total annual
