DATES: The direct final rule published on December 14, 2007 (72 FR 71061) is effective March 13, 2008.

ADDRESSES: In compliance with 28 U.S.C. 2112(a), OSHA designates the Associate Solicitor for Occupational Safety and Health as the recipient of petitions for review of the final standard. Contact the Associate Solicitor at the Office of the Solicitor, Room S–4004, U.S. Department of Labor, 200 Constitution Avenue, NW., Washington, DC 20210, telephone (202) 693–5445.

SUPPLEMENTARY INFORMATION: The direct final rule, which applies to general industry, removes a number of references to national consensus standards that have requirements that duplicate, or are comparable to, other OSHA rules; this action includes correcting a paragraph citation in one of these OSHA rules. The direct final rule also removes a reference to American Welding Society standard A5.0–1969 (“Terms and Definitions”). On December 14, 2007, OSHA published the direct final rule in the Federal Register with a statement that the rule would become effective on March 13, 2008 unless the Agency received a significant adverse comment by January 14, 2008 (72 FR 71061). OSHA published simultaneously with the direct final rule a companion proposed rule (72 FR 71091). In both the direct final rule and the proposed rule, OSHA requested comment on any issues related to this action.

OSHA received six comments on the direct final rule. None of these comments was significantly adverse. Some commenters suggested that OSHA, instead of removing the duplicative and outdated references, update the references to the latest versions of the consensus standards. While OSHA will consider updating its rules to incorporate more recent versions of the consensus standards in the future, updating the references is outside the scope of this rulemaking. In addition, some commenters mistakenly believed that removing the duplicative references would diminish employee protection. As explained in the December 14, 2007 Federal Register notice, OSHA is removing references that essentially duplicate requirements found elsewhere in OSHA’s standards. For this reason, employee protection will not be diminished by the direct final rule. Therefore, the direct final rule will become effective on March 13, 2008.

Authority and Signature

Edwin G. Foulke, Jr., Assistant Secretary of Labor for Occupational Safety and Health, U.S. Department of Labor, 200 Constitution Avenue, NW., Washington, DC 20210, directed the preparation of this document. OSHA is issuing this document pursuant to Sections 4, 6, and 8 of the Occupational Safety and Health Act of 1970 (29 U.S.C. 653, 655, 657), Secretary of Labor’s Order 5–2007 (72 FR 31160); and 29 CFR part 1911.

Edwin G. Foulke, Jr.

Assistant Secretary of Labor for Occupational Safety and Health.

BILLY CODE 4510–26–P

PENSION BENEFIT GUARANTY CORPORATION

29 CFR Parts 4022 and 4044

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.

DATES: Effective April 1, 2008.

FOR FURTHER INFORMATION CONTACT: Catherine B. Klion, Manager, Regulatory and Policy Division, Legislative and Regulatory Department, Pension Benefit Guaranty Corporation, 1200 K Street, NW., Washington, DC 20005, 202–326–4024. (TTY/TDD users may call the Federal relay service toll-free at 1–800–877–8339 and ask to be connected to 202–326–4024.)

SUPPLEMENTARY INFORMATION: The PBGC’s regulations prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits of terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions are intended to reflect current conditions in the financial and annuity markets.

Three sets of interest assumptions are prescribed: (1) A set for the valuation of benefits for allocation purposes under section 4044 (found in Appendix B to Part 4044), (2) a set for the PBGC to use to determine whether a benefit is payable as a lump sum and to determine lump-sum amounts to be paid by the PBGC (found in Appendix B to Part 4022), and (3) a set for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC’s historical methodology (found in Appendix C to Part 4022).

This amendment (1) adds to Appendix B to Part 4044 the interest assumptions for valuing benefits for allocation purposes in plans with valuation dates during March 2008, (2) adds to Appendix B to Part 4022 the interest assumptions for the PBGC to use for its own lump-sum payments in plans with valuation dates during April 2008, and (3) adds to Appendix C to Part 4022 the interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using the PBGC’s historical methodology for valuation dates during April 2008.

For valuation of benefits for allocation purposes, the interest assumptions that the PBGC will use (set forth in Appendix B to part 4044) will be 5.64 percent for the first 20 years following the valuation date and 4.71 percent thereafter. These interest assumptions represent an increase (from those in effect for March 2008) of 0.10 percent for the first 20 years following the valuation date and 0.10 percent for all years thereafter.

The interest assumptions that the PBGC will use for its own lump-sum payments (set forth in Appendix B to part 4022) will be 3.25 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit’s placement in pay status. These interest assumptions represent an increase (from those in effect for March 2008) of 0.25% in the immediate annuity rate and are
otherwise unchanged. For private-sector payments, the interest assumptions (set forth in Appendix C to part 4022) will be the same as those used by the PBGC for determining and paying lump sums (set forth in Appendix B to part 4022).

The PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the valuation and payment of benefits in plans with valuation dates during April 2008, the PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

The PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

DEPARTMENT OF HOMELAND SECURITY
Coast Guard
33 CFR Part 117
[USCG–2008–0061]
RIN 1625–AA11
Regulated Navigation Areas: Cape Fear River, Wilmington, NC
AGENCY: Coast Guard, DHS.
ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a regulated navigation area (RNA) on the waters of the Cape Fear River, Wilmington, NC. This action is necessary to minimize the potential risk of allision to the USS NORTH CAROLINA, a United States Navy submarine, while moored at the North Carolina State Port, Wilmington, NC. This rule will enhance the safety of vessels transiting this area of the Cape Fear River during the period of reduced horizontal clearance.

DATES: This rule is effective from 8 a.m. on April 25, 2008, through 8 p.m. on May 7, 2008.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG–2008–0061 and are available online at http://www.regulations.gov. They are also available for inspection or copying at Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue, SE., Washington, DC 20590–0001, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202–366–9329.

For Further Information Contact: If you have questions concerning this rule, phone CWO4 Stephen Lyons, Waterways Management Division Chief, Sector North Carolina, at (252) 247–4525.

Regulatory Information: We did not publish a notice of proposed rulemaking (NPRM) for this regulation. The USS NORTH CAROLINA will be moored in the Cape Fear River, Wilmington, North Carolina for an official United States Navy commissioning ceremony. As the ceremony is a military function within the meaning of 5 U.S.C. 553(a)(1), the Coast Guard will not conduct a notice and comment period for this temporary final rule.
