transactions are between unrelated persons, and tax liabilities are disregarded. * * *

Example 1. * * *
(d) * * * Under section 301(d), P's basis in the T stock is $60. Under § 1.1502–13, and paragraph (b)(2) of this section, S's $160 gain from the distribution is deferred and taken into account in Year 5 as a result of P's sale of the T stock. * * *

Example 4. * * *
(b) Analysis. Under paragraph (c)(2) of this section, S is treated as disposing of each of its shares of T's stock immediately before T becomes a nonmember. * * *

Par. 6. Section 1.1502–20 is amended as follows: 1. In paragraph (b)(6), Example 5, (iii) is revised. 2. In paragraph (e)(3), Example 1, (i), the third sentence is revised. 3. In paragraph (e)(3), Example 1, (ii) is revised.

The revisions read as follows:

§ 1.1502–20 Disposition or deconsolidation of subsidiary stock.

* * *

(b) * * *

Example 5. * * *

(ii) T's issuance of additional shares to the public results in S's intercompany loss being taken into account under the acceleration rule of § 1.1502–13(d) because there is no difference between P's $100 basis in the T stock and the $100 basis the T stock would have had if P and S had been divisions of a single corporation. S's loss taken into account is disallowed under paragraph (a)(1) of this section.

(e) * * *

(3) * * *

Example 1. * * *(i) * * * With the view described in paragraph (e)(1) of this section, P transfers land with a $100 value and a basis of $100 to T in exchange for preferred stock and a $200 redemption price and liquidation preference. * * *

(ii) Under section 305, the redemption premium is treated as a distribution of property to which section 301 and § 1.1502–13(f)(2) apply. Under §§ 1.1502–13 and 1.1502–32, P's aggregate basis in the preferred and common stock is unaffected by the deemed distributions. * * *

Par. 7. Section 1.1502–32 is amended as follows: 1. In paragraph (b)(3)(i), (A), the second sentence is revised.

2. In paragraph (b)(3)(v), the last sentence is revised.

3. In paragraph (b)(5)(iii), Example 5, (c), the second sentence is revised.

4. In paragraph (b)(5), Example 6, (b) is revised.

5. In paragraph (f), a sentence is added after the second sentence.

The addition and revisions read as follows:

§ 1.1502–32 Investment adjustments.

* * * * *

(b) * * *

(3) * * * (A) * * * For example, S's dividend income to which § 1.1502–13(f)(2)(ii) applies, and its interest excluded from gross income under section 103, are treated as tax-exempt income. * * *

(v) * * * See § 1.1502–13(f)(2)(iv) for taking into account distributions to which section 301 applies (but not other distributions treated as dividends) under the entitlement rule.

* * *

Example 6. * * *

(b) Analysis. Under section 358, P's basis in the S stock is increased by its basis in the T stock. Under § 1.1502–13(f)(3) the money received is treated as being taken into account immediately after the transaction. Thus, the $10 is treated as a dividend distribution under section 301 and under paragraph (b)(3)(v) of this section, the $10 is a distribution to which paragraph (b)(2)(iv) of this section applies. Accordingly, P's basis in the S stock is $160 immediately after the merger, which is then decreased by the $10 distribution taken into account immediately after the transaction, resulting in a basis of $150.

* * *

Example 1. Items allocated between consolidated and separate returns. (a) Facts. P and S are the only members of the P group. P sells all of S's stock to individual A on June 30, and therefore S becomes a nonmember on July 1 of Year 2.

(c) Acquisition of another subsidiary before end of tax year. The facts are the same as in paragraph (a) of this Example 1, except that on July 31 P acquires all the stock of T (which filed a separate return for its year ending on November 30 of Year 1) and T therefore becomes a member on August 1 of Year 2.

Par. 10. Section 1.1502–80 is amended as follows: 1. Paragraph (b) is revised. 2. In paragraph (d)(1), a sentence is added to the end of the paragraph.

The addition and revision reads as follows:

§ 1.1502–80 Applicability of other provisions of law.

* * *

(b) Non-applicability of section 304. Section 304 does not apply to any acquisition of stock of a corporation in an intercompany transaction or to any intercompany item from such transaction occurring on or after July 24, 1991.

* * *

(d) * * *(1) * * * For purposes of this paragraph (d), any reference to a transferor or transferee includes, as the context may require, a reference to a successor or predecessor.

PENSION BENEFIT GUARANTY CORPORATION
29 CFR Part 4044

Allocation of Assets in Single-Employer Plans; Interest Assumptions for Valuing Benefits

AGENCY: Pension Benefit Guaranty Corporation.

ACTION: Final rule.
SUMMARY: The Pension Benefit Guaranty Corporation’s regulation on Allocation of Assets in Single-Employer Plans prescribes interest assumptions for valuing benefits under terminating single-employer plans. This final rule amends the regulation to adopt interest assumptions for plans with valuation dates in April 1997.

EFFECTIVE DATE: April 1, 1997.

FOR FURTHER INFORMATION CONTACT:

Among the actuarial assumptions prescribed in part 4044 are interest assumptions. These interest assumptions are intended to reflect current conditions in the financial and annuity markets.

Two sets of interest assumptions are prescribed, one set for the valuation of benefits to be paid as annuities and one set for the valuation of benefits to be paid as lump sums. This amendment adds to appendix B to part 4044 the annuity and lump sum interest assumptions for valuing benefits in plans with valuation dates during April 1997.

For annuity benefits, the interest assumptions will be 6.10 percent for the first 25 years following the valuation date and 5.00 percent thereafter. The annuity interest assumptions represent a decrease (from those in effect for March 1997) of 0.10 percent for the first 25 years following the valuation date and are otherwise unchanged. For benefits to be paid as lump sums, the interest assumptions to be used by the PBGC will be 4.75 percent for the period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit’s placement in pay status. The lump sum interest assumptions represent a decrease (from those in effect for March 1997) of 0.25 percent for the period during which a benefit is in pay status and for the seven years directly preceding that period; they are otherwise unchanged.

The PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect, as accurately as possible, current market conditions.

Because of the need to provide immediate guidance for the valuation of benefits in plans with valuation dates during April 1997, the PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

The PBGC has determined that this action is not a “significant regulatory action” under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).

SUMMARY: The State of Oklahoma has applied for Final authorization to revise its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). The EPA has reviewed Oklahoma's application and decided that its hazardous waste program revision satisfies all of the requirements necessary to qualify for final authorization. As such, EPA published an immediate final rule on October 9, 1996, for 30-day public review and comment period. The EPA did not receive comments by the close of business November 25, 1996. Today's publication is a technical correction to the State Analog chart, listing the State regulations that are equivalent to the Federal rules.

DATES: Effective date: March 14, 1997. This technical correction is in regard to final authorization for Oklahoma which affirms the immediate final decision previously published, and notifies the public that the final authorization was effective on December 23, 1996.

SUPPLEMENTARY INFORMATION:

A. Technical Corrections

The Oklahoma Department of Environmental Quality (ODEQ) submitted a comment containing technical corrections to the State Analog chart at 61 FR 52884-52886, listing the State regulations that are equivalent to the rules promulgated to the Federal RCRA implementing regulations in 40 CFR parts 124, 260-268, and 270 that were published on October 9, 1996. Many of the dates cited in that chart were incorrect and the following chart lists the correct dates of the State analogs that are being recognized as equivalent to the appropriate Federal requirements. The following chart replaces the previously published chart.
