just curious when our funds were under private sector "our employer" we could get our lump sum but because we were bought by another company and they didnt ensure our pension and PBGC (government), took it over know we cant. This is totally unfair to evey employee like myself that put in 37 years into the same place not to be able to get our money othe then a measly monthly payment in which is a joke because its based over a 20 period and i am only 57 and i just had a stroke (NOT MY CHOICE) that forced me to have to go on disability. So QUESTION IS DOES THIS NEW IFR CLEAR THE WAY FOR US TO RECEIVE OUR LUMP SUM??????????
THANK YOU
