  • Allocation of plan assets
  • Reductions in employer contribution rates
  • Diversion of contributions to, and allocation of expenses to, other benefit plans.
  • Withdrawal liability

  *Plans receiving SFA are required to amend plan documents to include a provision obligating the plan sponsor to follow the terms and conditions of ARP and the SFA rule.

• PBGC is prohibited from imposing conditions related to:
  • Prospective reductions in plan benefits
  • Plan governance, including selection of, removal of, and terms of contracts with trustees, actuaries, investment managers, or other service providers

When the application period opens to multiemployer pension plans, PBGC will accept as many applications as the agency estimates it can process in 120 days. Once the number of applications reaches that level, the application period will temporarily close until PBGC has capacity to process more applications. PBGC will update this page when the application period opens and closes, and will post information about the status of submitted applications. PBGC will also contact prospective applicants via email when new information is available.

At this time, multiemployer plans in Priority Group 1 can submit completed applications for Special Financial Assistance at https://efilings portal.pbgc.gov/arp/

Identification and supporting rationale for changed assumptions

- Identify assumption changes
- Quantify assumption changes, as applicable
- Summarize rationale for changes, as applicable
Same Information and Structure as Template 4

- Instructions, projected benefit payments, PV of projection of plan obligations and resources
- Use “Baseline” assumptions

Baseline Assumptions

- Pre-2021 zone certification assumptions except:
  - If plan proposed changed assumptions that are acceptable (see Section III of Assumptions Guidance), use the proposed acceptable assumptions
  - If plan’s proposed CBU assumption or administrative expenses assumption is not an “acceptable” extension, then use the acceptable extension in Template 5

Template 5 not required if SFA amount is determined using Baseline assumptions.

Template 7a – Assumption details on eligibility

• List assumptions that differ from those used in the pre-2021 zone certification:
  • Must include brief explanation as to why the original assumption is no longer reasonable
  • Must include brief explanation why the changed assumptions are reasonable

• Template 7a is not required if:
  • Plan is eligible based on pre-2021 zone certification
  • Plan had an approved MPRA suspension on or before 3/11/2021
  • Plan is insolvent on or after 12/16/2014 and not terminated
  • Plan is eligible based on certification of plan status completed after 12/31/2020 but reflects the same assumptions as the pre-2021 zone certification
Template 7b – Assumption details on SFA amount

- List assumptions that differ from those used in the pre-2021 zone certification

  - Must include brief explanation why the changed assumptions are reasonable
  - Full documentation of the rationale for the changes is provided in Section D, Item 6(b) of the instructions

Communications
Post-Submission
Application Process Communications

- **PBGC's Initial Confirmation of Receipt**: Within two weeks
- **PBGC's Clarifying Questions**: Pending approval
- **Plan Notification to PBGC that Application No Longer Accurate**: If necessary
- **PBGC Approval or Denial Determination**: By day 120
- **Communications After SFA Funds Transfer**: Infrequent, as needed, Plan Statement of Compliance to PBGC thereafter
• Payments will be made usually within 60 days of approval.

• Automated Clearing House (ACH) Vendor/Miscellaneous Payment Enrollment Form is required to be submitted for a complete application. This form is used to enable the plan to receive electronic transfer of funds.

• PBGC will use the ACH system for amounts up to $100 million and the Fedwire system for amounts over $100 million. If the plan is requesting SFA in an amount that is over $100 million, the filer should confirm the bank’s routing number for a Fedwire transfer and any other information necessary for the transfer.

• If a plan closes the bank account that it listed on this form before PBGC transfers the SFA, the plan must notify PBGC immediately and submit an updated form.
Treasury Guidance: Reinstatements / Make-Up Payments
§ 4262.15 provides that a plan with benefits that were suspended under MPRA or because of insolvency after December 2014 without terminating must:

• In accordance with IRS guidance
  • Reinstate any benefits that were suspended
  • Provide make-up payments of previously suspended benefits, and
• Issue a notice of reinstatement
  • The requirements for this notice are in the instructions for SFA submissions
  • Details will be covered at a later webinar
IRS Notice 2021-38 provides the details for the reinstatement requirement. It also covers:

- The individual income tax treatment of make-up payments

- PBGC will take care of submitting an application to treasury

- How a plan that receives SFA must treat the plan's SFA for purposes of the minimum funding requirements for multiemployer defined benefit plans (Details will be covered at a later webinar)
Reinstatement of Suspended Benefits

- Plans receiving SFA must be amended to reinstate previously suspended benefits, to be effective no later than the month in which SFA is paid.

- Reinstatement applies to individuals who are participants or beneficiaries as of the month SFA is paid.

- For insolvent plans:
  - Amendment requirement applies even if plan suspended benefits without adopting a plan amendment.
  - The reinstatement applies through the end of the plan year in which the effective date of the SFA occurs.
    - In subsequent plan years, the plan must apply Code § 418E by taking into account all plan assets, including the SFA.
Additional Considerations for MPRA Suspensions

- MPRA plans must reinstate all benefits suspended under the MPRA amendment, *regardless* of whether those benefits could have been reduced or eliminated in the absence of the MPRA suspension.

- MPRA plan sponsors can choose to reinstate benefits for participants in pay status before receiving SFA.
  - Under 26 CFR § 1.432(e)(9)-1(e)(3) a plan sponsor can amend the plan and increase plan liabilities by eliminating some or all of the suspension that applies to participants and beneficiaries in pay status as of the time of the amendment, subject to an equitability test.
    - If reinstatement is across the board for participants and beneficiaries in pay status, it will satisfy the equitability test.
    - A reinstatement under that provision is specifically carved out of the limitations on benefit improvements prior to submission for SFA.
Make-up Payments for Previously Suspended Benefits

- Plans must be amended to provide make-up payments to individuals who are participants or beneficiaries on (and who have commenced benefits by) the date SFA is paid.

- Make-up payments are equal to the total amount of benefits that were not paid to an individual due to the suspension, with no actuarial adjustments for interest.
  - Participant make-up payments = total amount of benefits not paid to the participant.
  - Beneficiary make-up payments = total amount of benefits that would have been paid to the beneficiary but for the suspension.

- Statute permits make-up payments in the form of either a lump sum or equal monthly installments for 5-years.

- Plan sponsor determines form of payment.

  - Make-up payments paid as installments will continue to be paid even if the individual dies before the end of the 5-year period.
